## 2.7 Informational Presentation on Student Success Scorecard

Ms. Janice Love, Director of College Research, SAC; and Mr. Aaron Voelcker, Dean of Institutional Effectiveness, Library and Learning Support Services, SCC; provided a report on the 2017 Student Success Scorecard for Santa Ana College and Santiago Canyon College. The annual report is based upon college data submitted to the state through the Chancellor's Office management information system. Mr. Voelcker reviewed the background of the report including Assembly Bill 1417 and legislation authorizing the California Community Colleges Chancellor's Office (CCCCO) to design and implement a performance measurement system. The outcomes of the report are for the system as a whole and for individual colleges, and are not designed to rank colleges but to provide a consistent set of data for colleges to evaluate its progress over time. The scorecard shows how colleges perform on metrics designed to identify achievement gaps in three primary areas of the community college mission: basic skills, career technical education, and transfer. The report is available to the public on the CCCCCO website. Mr. Voelcker reviewed the 2015-2016 institutional profile for each college including a description of the college; annual unduplicated headcount of students, gender, age, and ethnicity of students; full-time equivalent student (FTES) information; course sections (credit and non-credit); median credit section size; percentage of full-time faculty; percentage of first generation students; and student counseling ratio

Mr. Voelcker and Ms. Love reviewed SAC and SCC data compared to the state average of the following seven momentum points: (1) remedial, (2) transfer level, (3) persistence, (4) 30+ units, (5) completion, (6) career development and college preparation, and (7) career technical education, and data for each indicator as described according to those who are "prepared" and those who are "unprepared" for college work. Mr. Voelcker stated that it was important to be able to track the information included in the scorecard so the colleges could build better programs,

2.7 Informational Presentation on Student Success Scorecard (cont.)

but the data did have limitations and shouldn't be taken out of context. Mr. Voelcker shared the following limitations: Students who do not have social security numbers are not included in the cohort data and the scorecard report is not a good source of information to track a student's year-to-year success. He also stated that the cohorts were being tracked for a six-year period (2011-2012 through 2015-2016).

Ms. Alvarez thanked staff for providing additional information that was requested during last year's presentation. She indicated that the data provided showed some RSCCD student figures had improved and others had declined. Ms. Alvarez asked if there were procedures on the improved figures that might be followed to improve the declined figures. Mr. Voelcker indicated that there were many initiatives that may contribute to the increases in the report but it takes time to see the full benefit of the initiatives. He reported that the campuses evaluate the initiatives independently through the Student Equity and Success Committee and the Integrated Plan (previously known as the Student Equity Report). He explained that as a condition of funding for each of the initiatives, it is the duty of whoever is managing that particular initiative to evaluate the effectiveness of that initiative or activity. Staff track the figures to see what is working or not working so those funds are allocated to the programs that have the greatest impact for student success.

Ms. Alvarez asked if the individuals in charge of the program are the ones evaluating the programs. Mr. Voelcker indicated the individuals in charge of the program, along with the Office of Institutional Effectiveness and Research, evaluate the programs. He further stated that when an activity is proposed for funding, it has to be approved by the Office of Institutional Effectiveness and Research which validates the method of evaluation and also begins collecting data needed for the evaluations.

Ms. Love indicated that she also works with different programs at SAC and she recently attended an intensive training on the California Guided Pathways project which plans to rank the programs that are successful. She plans to begin a study to review SAC's programs to determine which programs are the most successful and what components may have contributed to the success of those programs.

Ms. Alvarez asked for the measures that staff is using to evaluate the programs, how often the results are provided, and what is being done with the results.

Mr. Voelcker stated that he uses research to analyze the data for the evaluations. He gave an example of a program that used a logic model when the program began that indicated the outcomes that would be reached.

Ms. Alvarez asked if the evaluations that occurred reconciled with the local data that was provided. She asked if research had provided data on the programs' success in

## 2.7 Informational Presentation on Student Success Scorecard (cont.)

offering students what is needed to assist them in their education endeavors. Ms. Alvarez asked if the district is making the necessary decisions to support the programs that are successful.

Mr. Voelcker explained that there are different perspectives with which to review programs. He explained that if you review a program from an equity perspective, there are some programs that are not doing well, but if you take that disaggregation by a demographic root and look at the program as a whole, the average is that it is a benefit to our students. He used the embedded tutoring program at SCC as an example of a program that was not funded again by the Student Equity and Success Committee because it did not achieve the expected results. Mr. Voelcker indicated that the Research Department now approves the programs' evaluations.

Ms. Alvarez indicated she is interested in the local evaluations at each college and will forward written questions to staff. She thanked Ms. Love and Mr. Voelcker for the presentation.

Dr. Rose stated that as a requirement of the California Guided Pathways project at SAC, staff have begun reviewing every program as part of a planning process which includes the colleges' accreditation, planning documents, etc.

Ms. Alvarez indicated that State Chancellor Eloy Oakley spoke regarding the California Guided Pathways project at the recent National Association of Latino Elected and Appointed Officials (NALEO) conference she attended. She asked if SCC is also participating in the California Guided Pathways project. Dr. Hernandez indicated that SCC did not apply for the California Guided Pathways project but plans to participate in obtaining information from the state on the project. Ms. Alvarez asked that SAC share with SCC the data obtained as a participant of the California Guided Pathways project.

Mr. Hanna asked that the campus presidents include in their October 9, 2017, report to the board which programs listed in the CTE Metric Skills Builder slide (in PowerPoint presentation) require a state-mandated license to practice that profession.

To: Board of Trustees	Date: October 23, 2017
Re: Approval of Renewal of Hope Builders Instructional Services Agreement for Construction Technology	
Action: Request for Approval - Renewal	

**BACKGROUND**

One of our newest state-approved certificate program is in Construction Technology which Santa Ana College School of Continuing Education started offering at Hope Builders in April 2015. This continuing partnership was established to fill a gap in entry level construction employment opportunities for at-risk youth who are no longer in school and unable to access existing programs due to life instability issues and low math skills (5th – 8th grade level). As a result of their participation in the Hope Builders/Santa Ana College coursework, students are more prepared to meet the requirements for participation in established industry programs. Santa Ana College School of Continuing Education would like to continue offering this program during the 2017-2018 fiscal year as this is an area of high employment potential in our community, and there is a high student demand for these courses. The Hope Builders Instructional Services Agreement SAC-17-054 is effective October 24, 2017, to June 30, 2018.

**ANALYSIS**

For 2017-2018, Santa Ana College proposes to contract with Hope Builders to provide 25,000 student attendance hours in Vocational Construction Technology at the rate of \$2.50 per attendance hour.

**RECOMMENDATION**

It is recommended that the Board of Trustees approve the renewal of the Hope Builders Instructional Services Agreement for program year 2017-2018.

## **SOUTHWEST CARPENTERS TRAINING**

### **MEMORANDUM OF UNDERSTANDING**

#### **Apprenticeship Direct Entry**

This Memorandum of Understanding (MOU) is entered into by and between Southwest Carpenters Training Fund (SWCTF) program in partnership with Santiago Canyon College and Hope Builders in collaboration with Santa Ana College School of Continuing Education.

#### **A. Purpose**

The purpose of this Agreement is to support the above mentioned Hope Builders effort to provide its participants with skills suitable for entry into various construction apprenticeship programs registered with the Division of Apprenticeship Standards (DAS) and administered by SWCTF, and to establish the conditions and procedures, herein agreed to, for the apprenticeship program referral and intake process.

This partnership may provide direct entry to successful completers in the Santiago Canyon College, Hope Builders, in collaboration with Santa Ana College School of Continuing Education meeting the qualifications set out in section C paragraphs 2 and 5 below.

#### **B. Roles and Responsibilities**

1. The role and responsibility of the Southwest Carpenters Training Fund (SWCTF) is to administer the day-to-day operations of the Joint Apprenticeship and Training Programs established by the Joint Apprenticeship and Training Committees (JATC). These duties include implementing the policy and procedures outlined in the approved program standards related to the intake of apprentices as found in Appendix D, Qualification and Selection Procedures, and to disseminate information on apprenticeship opportunities to organizations and agencies engaged in education and workforce development. Under this Agreement, SWCTF will establish direct entry provisions for participants meeting the requirements as stated below, and in accordance with the provisions of Section VII of Appendix D, and A-2 of Appendix A of the aforementioned standards.
2. The role and responsibility of Hope Builders (HB) in collaboration with Santa Ana College (SAC) shall be to provide the SWCTF with documentation describing the participant intake/vetting process, work readiness skills covered, curricula outline, training direction, and safety instruction conducted by the program. Pre-apprenticeship programs must meet the pre-apprentice hours listed in applicable contract bargaining agreement (CBA). Additionally, the program must provide the projected participation goal for the period covered under this Agreement. Under this Agreement, HB will work with SWCTF to determine the eligibility of program participants to receive direct entry status.

## **C. Procedures**

During the period covered by this Agreement:

1. SWCTF shall review for suitability the curricula of the HB program. In cases where there are possible skill deficiencies for entry level success, SWCTF may require the program to supplement training with recommended materials (Career Connections).
2. Program participants will be required to:
  - a. Perform satisfactorily on all soft skill components (i.e. technology, basic math, interview skills, communication)
  - b. Perform at the highest percentile for construction skill related subjects (i.e. 90-100% without a graded curve; includes both written and performance testing)
  - c. Complete all required program elements successfully
  - d. Maintain an attendance record of a minimum of 95% of total hours
3. SWCTF staff shall compare the active number of journeyman and apprentices in a registered program at the initial date and at least every six months thereafter, to determine and report to the JATC the number of apprenticeship slots available to direct entrants on a periodic (quarterly) basis. The minimum number of guaranteed slots available under this Agreement shall be six (6) per cohort over a twelve-month period.
4. HB shall report to SWCTF the names, contact information, trade interest, and performance status (score/grade as stated in C2 a-d) of interested participants and provide interested participants with the information regarding direct entry to the applicable trade program. The names reported shall be in descending order of the highest scores during report period.
5. SWCTF will provide instructions to successful candidates that meet the eligibility requirements listed above stating how to appear before the Joint Apprenticeship and Training Committee (JATC) and request consideration for direct entry. Hope Builders will provide all completers with information sheets on "How-to-Join" which list the process for apprenticeship application to the desired trade program.
6. Both parties agree that the partnership's success depends on the availability of job opportunities, and that, at times, job opportunities may be limited due to many variables including a downturn in construction or the economy. When these conditions exist, one or both parties may give a thirty-day notice to terminate this Agreement and each party shall be held harmless.

## **D. Reporting and Funding**

Each party to this Agreement will collect and disseminate reports on outcomes related to the roles and responsibilities described above and agree to share information as required or requested. Furthermore, each party will maintain separate funding.

**E. Timeframe**

This Memorandum of Understanding will commence on October 24, 2017, and will dissolve on June 30, 2018.

This Memorandum of Understanding is the complete Agreement between the parties signed below. The Agreement may only be amended by written agreement signed by each of the parties involved.

Re:	Approval of Reappointments for the Measure Q Citizens' Bond Oversight Committee	
Action:	Request for Approval	

**BACKGROUND**

One of the requirements for bonds that are approved under the auspices of Proposition 39 is the provision of a Citizens' Bond Oversight Committee comprised of residents of the district who satisfy various categories of membership. The Board approved the membership of the original committee in February of 2013 and acts upon the appointment, reappointment and reaffirmation of the committee each year.

**ANALYSIS**

The committee terms are based on the calendar year. Per section 5.4 – Citizens' Bond Oversight Committee Bylaws - Terms, committee members may serve up to three two-year terms. Therefore, the following is the recommended reappointments of committee members for the 2018 calendar year:

<b>Name</b>	<b>Membership Category</b>	<b>Recommended Action</b>
Erik Peterson	SAC Student	Reappoint (one-year term)
Jim Hossfeld	Community at Large #1	Reappoint (second two-year term)
Irma Avila Macias	Community at Large #2	Reappoint (third two-year term)
Kenneth Nguyen	Community at Large #3	Reappoint (third two-year term)
Manuel Peña	Community at Large #4	Reappoint (one-year term)
David Brandt	Community at Large #5	Reappoint (one-year term)
Vacant	Community at Large #6	

**RECOMMENDATION**

It is recommended that the Board of Trustees approve the reappointments of the Measure Q Citizens' Bond Oversight Committee for the 2018 calendar year as presented.

Re:	Award of Bid #1333 - Roof Replacement at District Operations Center		
Action:	Request for Approval		

**BACKGROUND:**

This is an approval for the award of Bid #1333 for roof replacement at the District Operations Center. This bid is for labor and installation costs only. The roof materials are owner furnished and have been purchased separately under California Multiple Award Schedules (CMAS) for a material cost of \$178,765.14. The existing roof system has deteriorated to its end of useful life and repairs and maintenance are ineffective. The roof is over 20 years old and several patches and repairs have occurred over the years. The roof continuously leaks with each rainfall inspite of repairs and needs to be replaced as it is becoming more costly to deal with leaks and damage. The project consists of a removing old roofing material and installation of a new roof system. The new roof consist of a two (2) ply modified membrane continuous roof system with an aggregate surface to mitigate ponding and premature deterioration.

**ANALYSIS:**

In accordance with the California Uniform Public Construction Cost Accounting Act (CUPCCAA), Bid #1333 for Roof Replacement at District Office Center was advertised on August 31, 2017, and a Notice Calling for Bids was sent to eight (8) contractors from the District's qualified contractors list on August 30, 2017.

A mandatory job walk was conducted on September 7, 2017. Bids were opened on September 27, 2017 as noted on the attached bid results form. The District received six (6) bids for the project. Chapman Coast Roof Company, Inc. (Fullerton) was deemed non-responsive due to failure to provide a material bidding requirement as they do not possess both a B and C-39 license classification as required for this project. Danny Letner Inc. dba Letner Roofing Company (Orange) submitted the lowest responsive bid in the amount of \$340,000. District staff requested legal review of the bids and the process. Legal counsel, Sherman Wong has reviewed the bids, letters and information received and concurs with the District recommendation of awarding Bid #1333 to Danny Letner Inc. dba Letner Roofing Company.

District staff conducted a due diligence review to ensure compliance with license and bid bond requirements. After review of the bids received, the District recommends approval of award of Bid #1333 to Danny Letner Inc. dba Letner Roofing Company for the installation of the roof.

The anticipated start date is November 13, 2017. The estimated construction duration is one hundred and seven (107) days.

The project is funded by Capital Outlay Funds.

**RECOMMENDATION:**

It is recommended that the Board of Trustees award Bid #1333 to Danny Letner, Inc. dba Letner Roofing Company for Roof Replacement at District Office Center as presented.

Re:	Approval of Agreement with Hammel, Green & Abrahamson, Inc. for Architectural Services - Russell Hall Replacement (Health Sciences Building) at Santa Ana College		
Action:	Request for Approval		

**BACKGROUND:**

This is a new agreement for architectural services for the Russell Hall Replacement (Health Sciences Building) project at Santa Ana College. This project received State funding at the end of July 2017 and the District has been authorized by the State Chancellor's Office to begin the preliminary planning phase. The project is eligible to receive approximately \$20.7 million in state funding with a 50% contribution in matching funding by the District. As part of the first phase (preliminary planning phase), the District can proceed to hire an architect for architectural design services for this new project. The District is only authorized to proceed in each phase with the approval of the State Chancellor's office. The state phases include preliminary plans, working drawings and construction. The project includes two major scopes of work: 1) construction of a new 3-story health sciences building and 2) demolition of the existing 3-story Russell Hall Building. Due to the State requirements for funding, the District must adhere and comply with all deadlines and program requirements. The first deadline by the State is for the District to submit preliminary plans in March 2018. Therefore, the District is in need of retaining an architect as quickly as possible to meet the schedule and begin to work on the project with College constituents.

**ANALYSIS:**

A Request for Qualifications (RFQ) / Request for Proposal (RFP) #1718-177 was advertised on September 13, 2017 on the District website with a response deadline of September 29, 2017. The District received thirteen (13) responses including Carrier Johnson + CULTURE (Los Angeles), Dougherty Architects (Costa Mesa), Hammel, Green & Abrahamson, Inc. (Santa Monica), HMC Architects (Ontario), HPI Architecture (Newport Beach), Johnson Favaro (Culver City), Lionakis (Newport Beach), Little Diversified Architectural Consulting, Inc. (Newport Beach), Lentz Morrissey Architecture, Inc. (Santa Ana), PBK Architects, Inc. (Costa Mesa), Steinberg Architects (Los Angeles), SVA Architects, Inc. (Santa Ana) and WLC Architects (Rancho Cucamonga). A screening committee convened on October 2, 2017 to review the proposals and interviewed six firms on October 2, 2017 and October 3, 2017; Carrier Johnson + CULTURE, Hammel, Green & Abrahamson, Inc., HMC Architects, HPI Architecture, Johnson Favaro, and Steinberg Architects. The selection and interview committee recommends Hammel, Green & Abrahamson, Inc. by consensus based upon a thorough review and the culmination of their response, experience, team members, reference checks, approach to the project, fee and interview performance. The selection was also based on consideration of the project schedule, familiarity with the scope of work, familiarity with the campus, and type of

inspection needed for the project. It is recommended that the District enter into an agreement with Hammel Green & Abrahamson, Inc. for architectural services for the Russell Hall Replacement (Health Sciences Building) project at Santa Ana College.

The services covered by this agreement shall commence October 24, 2017 and end June 30, 2023. The contract is a total not-to-exceed fee of \$2,835,000, including \$135,000 in reimbursable expenses. The District has reviewed the fee and it is reasonable and within industry standards.

This agreement is funded by Capital Outlay Funds and State Funding.

**BACKGROUND:**

This is a new agreement for project inspector services for the Science Center project at Santa Ana College. The Division of the State Architect (DSA) requires that all construction projects are overseen by a DSA certified project inspector to ensure the project is constructed in accordance with the DSA approved plans and specifications. This project has received DSA approval and is currently in the bidding proposal phase. The scope of this project requires, at a minimum, one full-time DSA Class 1 project inspector to oversee the project at all times.

**ANALYSIS:**

A Request for Proposal #1718-118 for Construction Inspection Services was solicited to seven pre-qualified firms on August 10, 2017 with a due date of September 8, 2017. (Norco), Knowland Construction Services (Rancho Palos Verdes), Martin Brothers Construction Services (Costa Mesa), Sandy Pringle Associates Inspection Consultants (Torrance) and Stephen Payte DSA Inspections, Inc. (Sierra Madre). A panel convened on September 12, 2017 to review the proposals and interviewed four firms on September 18, 2017; BPI Inspection Services, Independent Construction Inspection, Inc., Knowland Construction Services, and Sandy Pringle Associates Inspection Consultants. The selection committee recommends Knowland Construction Services by consensus after a thorough review based upon the culmination of their RFP response, experience, team members, reference checks, approach to the project, hourly rate, and interview performance. The selection was also based on consideration of the construction schedule, familiarity with the scope of work, familiarity with the campus, and type of inspection needed for the project. It is recommended that the District enter into an agreement with Knowland Construction Services for project inspector services for the Science Center project at Santa Ana College.

Re:	Rejection of Bid #1329 - Johnson Student Center Demolition at Santa Ana College	
Action:	Request for Approval	

**BACKGROUND:**

This is an approval for the rejection of Bid #1329 Johnson Student Center Demolition at Santa Ana College. This demolition of the building is in anticipation of the new Johnson Student Center which is anticipated to start construction in spring of 2019 and this is the first phase of demolition. There are two phases of demolition. The first phase is building and the second phase is underground piles and subsurface soil preparation. The second phase of demolition is referred to as Division of State Architect (DSA) Increment 1 because it is part of the DSA plan approval. The Increment 1 plans are not anticipated to be approved by DSA until June 2018. The schedule for these two phases of demolition are currently under review due to the proposed rejection of all bids.

**ANALYSIS:**

In accordance with the California Uniform Public Construction Cost Accounting Act (CUPCCAA), Bid #1329 for Johnson Student Center Demolition at Santa Ana College was advertised on July 1, 2017 and July 8, 2017, and a Notice Calling for Bids was sent to eighty-two (82) contractors from the District's qualified contractors list on July 3, 2017.

A mandatory job walk was conducted on July 13, 2017. Bids were opened on September 28, 2017. The District received seven (7) bids for the project as noted on the attached bid results form. The District recommends rejecting all bids.

**RECOMMENDATION:**

It is recommended that the Board of Trustees reject all bids for Bid #1329 - Johnson Student Center Demolition at Santa Ana College as presented.

Re:	Approval of Agreement with Ghatoade Bannon Architects, LLP - Professional Design Services for the new Safety & Security Offices at Santiago Canyon College	
Action:	Request for Approval	

**BACKGROUND:**

This is a new agreement for architectural design services related to the new campus Safety and Security offices at Santiago Canyon College. The District is in need of professional services for programming, design, and construction administration services to design new portable offices for the campus Safety/Security department. The portables will serve as the operations center for the department. The Safety/Security department does not have a permanent and adequate operations center and they are currently located in the U Village portables temporarily until new portables are constructed. In order to safely serve and protect the college and to provide a secure educational environment, the department requires an operations center that is more centrally located on campus with visibility. The department needs space to accommodate new offices and staff workstations, an emergency operation center with generator power backup, parking spaces, cart chargers, locker rooms with showers, appropriate storage for weapons and emergency supplies.

**ANALYSIS:**

A Request for Proposal (RFP) #1718-172 for professional design services for new Safety & Security Offices at Santiago Canyon College was advertised July 12, 2017 to twelve (12) pre-qualified firms with a due date of August 2, 2017. Due to a lack of responses received, the District re-advertised this RFP for a second time on the District website on August 3, 2017 with a due date of August 18, 2017 to increase the number of responses. The District received three (3) proposals from Architecture 9 PLLLP (Rancho Cucamonga), Ghatoade Bannon Architects, LLP (Costa Mesa) and Lentz Morrissey Architecture, Inc. (Santa Ana). A selection committee reviewed the proposals on August 22, 2017. The committee interviewed Lentz Morrissey Architecture, Inc. and Ghatoade Bannon Architects, LLP on September 6, 2017 and Architecture 9 PLLLP on September 11, 2017. The selection committee recommends Ghatoade Bannon Architects, LLP after a thorough review based upon the culmination of their RFP response and responsiveness, qualifications, interviews, experience, team members, reference checks, approach to the project, fee, schedule, knowledge, experience, and ability to meet the anticipated schedule.

The services covered by this agreement shall commence October 24, 2017 and end December 31, 2018. The contract is a not to exceed fee of \$30,000, which includes \$5,000 in reimbursables. The District has reviewed the fee and finds it reasonable and within industry standards.

This agreement is funded by Capital Outlay Funds.

**RECOMMENDATION:**

It is recommended that the Board of Trustees approve the agreement with Gatoade Bannon Architects, LLP for professional design services for the new Safety & Security Offices at Santiago Canyon College as presented.

Re:	Ratification of Award of Bid #1334 - S Portables Removal at Santiago Canyon College	
Action:	Request for Ratification	

**BACKGROUND:**

This is a ratification for the award of Bid #1334 for the removal of the S portables at Santiago Canyon College. The S portables are at the end of their useful life and were to be removed upon completion of Measure E projects. The staff and programs recently relocated from the S portables into U Village portables. Removal of the unoccupied portables will allow for the placement of future Safety/Security department portables that is currently in the planning phase and are temporarily located in the U Portable Village. The contractor scope of work includes portable removal, utility removal and capping, fire alarm decommissioning, and site restoration.

**ANALYSIS:**

In accordance with the California Uniform Public Construction Cost Accounting Act (CUPCCAA), Bid #1334 for S Portables Removal at Santiago Canyon College was advertised on August 31, 2017, and a Notice of Inviting Bids was sent to seventy-six (76) contractors from the District's qualified contractors list on August 31, 2017.

A mandatory job walk was conducted on September 11, 2017. Bids were opened on September 19, 2017, as noted on the attached bid result form. The District received four (4) bids for the project. J. L. Cobb Painting & Construction (Lake Forest) submitted the lowest responsive bid in the amount of \$45,200. District staff has completed a due diligence review of contract documents to ensure compliance with license and bid bond requirements. After review of the bid received, the District recommends approval of award of Bid #1334 to J. L. Cobb Painting & Construction.

The Vice Chancellor of Business Operations/Fiscal Services has authorized the award of the contract, under the authority of CUPCCAA to J. L. Cobb Painting & Construction. The anticipated start date is October 16, 2017. The estimated construction duration is forty-five (45) days.

The project is funded by Capital Outlay Funds.

**RECOMMENDATION:**

It is recommended that the Board of Trustees ratify the award of Bid #1334 - S Portables Removal at Santiago Canyon College as presented.

Re:	Approval of Change Order #1 - SJD & B, Inc., Bid #1328 for ADA Improvements at 1937 West Chapman Avenue, Orange for the Orange Education Center	
Action:	Request for Approval	

**BACKGROUND:**

On July 17, 2017, the Board of Trustees approved a contract with SJD & B, Inc. for Bid #1328 for American with Disabilities Act (ADA) Improvements at 1937 West Chapman Avenue, Orange. The Santiago Canyon College requested a review of accessibility into the leased building located at 1937 West Chapman Avenue in the City of Orange. An accessibility evaluation discovered multiple non-compliant barrier access problems that required corrections to provide the necessary access for students, staff and visitors. The proposed improvements included asphalt and concrete path of travel repairs from the existing accessible parking spaces to the entrance of the building, new exterior and interior signage, and desk counter modifications. According to the lease agreement with the building owner, the District is required to make the necessary accessibility improvements if deficiencies are discovered. These proposed improvements were submitted and approved by the City of Orange as a voluntary correction and were approved by the landlord.

**ANALYSIS:**

Change Order #1 increases the contract amount by \$1,973 and extends the contract duration by 10 days. The scope of work under this change order includes accommodating a late request by the building landlord/owner to change material from asphalt to concrete for an accessible parking location. The requested change required removal and replacement of the asphalt to concrete. This change order covers the cost for the material change from asphalt to concrete material only, as labor costs were already covered. The contractor needed additional time to complete this change. The change order covers the cost of the material change and provides a time extension of 10 days.

The costs indicated in the change order are considered fair, reasonable and within industry standards. The change order for the project is 4.04% of the construction cost. The increase to the contract amount associated with this change order is \$1,973. The contract amount has been increased from \$48,800 to \$50,773. Pursuant to Administrative Regulation 6600, staff has approved this change order.

If Change Order #1 is approved, a Notice of Completion is on the same agenda for approval to close out the contract.

The project is funded by Capital Outlay Funds.

**RECOMMENDATION:**

It is recommended that the Board of Trustees approve Change Order #1 - SJD & B, Inc., Bid #1328 for American with Disabilities Act (ADA) Improvements at 1937 West Chapman Avenue, Orange for the Orange Education Center as presented.

## Attachment "B"

### Technical/Project Approach

Our strategy for developing a project are as follows:

- **Agile Development Methodology**
  - The Agile development process is an alternative to traditional development processes. Agile development focuses on breaking down a large project into smaller pieces and developing the project one piece at a time, reviewing each completed piece with the LA/OCRC, and making changes as necessary.
- **Revisions**
  - We will remain in constant contact as we develop the project in order to ensure features align with the Los Angeles/Orange County Regional Consortiums vision and requirements.
- **Deliver Pre-Development**
  - Before the final launch of the newly designed LA/OCRC website, we will have a beta period where users can thoroughly test features. Having a beta period allows us to have users mimic regular use to ensure all requested and desired features are implemented and working as desired. The beta period also allows us to find and resolve any undesired side effects. Following the beta period, we will collect and evaluate feedback and make revisions to the design and functionality of the website if needed.
- **Optimization**
  - Using tools such as heat maps, recordings, polls, and analytics, we will optimize the website to better fit the needs of users.

### Tools

- Responsive Design using HTML5 and CSS3
- Bootstrap
- PHP 7.1
- Laravel 5.5 with MVC Pattern
- JavaScript/jQuery
- GitHub – Repository/Versioning Software

This successful campaign focused on real-life stories from OC residents. Formative research helped in the development of concepts, identification of personal stories and the

best channels of communication, community knowledge and practices regarding the campaigns slogan: Eat. Play. Breathe.

Nueva Vista Media produced PSAs, Radio Spots, and Print Collateral for Posters and Bus Shelters featuring inspirational and powerful stories from OC residents helped to communicate how to prevent chronic diseases and how these individuals now help their families prevent the same diseases.

### Rancho Santiago Community College District – STEM Novela

Nueva Vista Media worked closely with the Santa Ana College Digital Media Center to produce two original Novelas: "Soldando Mi Futuro" and "El Gran Reto" to help increase enrollment for STEM careers. After conducting a focus group of faculty, students, and industry experts scripts were developed to address two main issues: cultural barriers that prevented young women from enrolling into STEM-related classes (i.e. Welding) and the lack of awareness from Latino parents about the importance of math for

STEM careers. The Novelas helped to introduce the Career Academy Scholars Program (CASP) at Santa Ana College and STEM Career Pathways. Most importantly, the Novelas helped to inspire Latino parents and their children. The Novelas were produced in 2012 and are still being watched throughout the district.

### LA Community College District (LACCD) – Foster Youth Campaign

LACCD is the largest community college district in the nation with 230,000 students and Nueva Vista Media worked closely with their nine campuses to address the issue of foster youth not accessing resources to help transition into college and succeed. Nationally, 29% of former foster youth in community colleges are homeless, and only 2% obtain an academic degree. The film narrative "Unwanted" was based on the stories from LACCD students and how they overcame challenges with

assistance from community colleges. The film inspired students, yet also provided public awareness and helped education stakeholders understand the challenges foster youth encounter.

### California Endowment "StrikeOut" – Docudrama Film

Nueva Vista Media collaborated with the Dolores Huerta Foundation and The California Endowment to produce "StrikeOut" - a Docu-drama about the School-to-Prison Pipeline and a culture of extreme disciplining of young black and brown youth within the school system. Many of the disciplinary actions focus on people of color due to fear, misconceptions, and low

regard/value of their lives. "StrikeOut" provided a glimpse into the devastating reality of the students and families living in the school-to-prison pipeline. "StrikeOut" was produced to help raise awareness among administrators, law enforcement, parents, teachers, and policymakers. The film was screened in Bakersfield at Maya Cinema and over 400 students and their families attended the screening, including members of the media (newspaper and TV)-- leading to very high level of public awareness.

Re: Approval of Sub-Agreement between RSCCD and City of Santa Ana for the Community Colleges Basic Skills and Student Outcomes Transformation Program (#DO-17-2058-01)	
Action: Request for Approval	

**BACKGROUND**

Rancho Santiago Community College District on behalf of Santa Ana College received a grant award entitled, Community Colleges Basic Skills and Student Outcomes Transformation Program, grant award #15-068-035 from the California Community Colleges Chancellor's Office, Academic Affairs Division. The grant award amount is \$1,500,000, and the performance period is July 1, 2016 through July 30, 2019 (three-year implementation period). The purpose of the program is to improve the progression rate of basic skills students from remedial education to college level instruction. Colleges that receive funding will need to implement or expand evidence-based practices and principles that are innovative, sustainable and redesign in the areas of assessment, student services, and instruction that are geared toward improving basic skills students' progress toward college readiness at a faster rate. The intent of the program is to move a greater proportion of basic skills students from remedial instruction to college-level instruction in a shorter time period than what the college is currently achieving.

**CITY OF SANTA ANA  
SCOPE OF WORK**

**BACKGROUND**

For over 20 years, the City of Santa Ana's WORK Center has demonstrated its abilities in designing, implementing and managing a full array of workforce development programs to area residents. In 1996, the City of Santa Ana further expanded its services by opening the Santa Ana W/O/R/K Center and later partnering with various agencies, including the State Employment Development Department, Orange County Social Services Agency, Department of Rehabilitation, Rancho Santiago Community College District, Goodwill Industry and community-based organizations to ensure a comprehensive and integrated service delivery in a One-Stop environment. These services have benefited youth, adults, dislocated workers, and families on-aid.

In response to the Workforce Innovation and Opportunity Act's (WIOA) vision, the WORK Center is taking a leadership role by broadening and strengthening the current network of partnerships. WIOA's centerpiece to build a better aligned workforce system is a more holistic approach to the programs, especially the Title I programs and the Title II adult basic education program. There are numerous instances where WIOA either requires or facilitates better coordination between these programs. The WORK Center's primary role is to bridge gaps and coordinate services among such partners to ensure that job seekers are provided comprehensive services, including participant co-enrollment.

**PLANNED APPROACH**

The Santa Ana WORK Center, will assume the responsibility to insure that WIOA eligible students enrolled at Santa Ana College eligible participants receive needed WIOA services. These services may include one or more of the following services:

1. **Comprehensive Assessment:** This activity is designed to determine the skills, interests, abilities, educational requirements and supportive service needs for the participants. The assessment will be the basis for the development of an Individual Employment Plan (IEP) that will outline the strategies required for success in the program.
2. **Counseling/Case Management:** This activity will insure that each participant receives individualized attention during all aspects of the project. The Case Manager will act as liaison with the training provider, supportive services providers and other agencies to insure that the participant successfully completes training. The Case Manager will evaluate the, perhaps, differing needs of the incumbent workers and dislocated workers participating in this project.
3. **Supportive Services:** As part of the IEP, supportive services will be identified and the participant will receive assistance in those services. Supportive services include but not limited to, transportation assistance, clothing assistance, assistance with tool purchases or testing fees.
4. **Job Development/Job Creation:** The Employer Services team will interact, with the local business community. The goal is to insure that sufficient employment opportunities are created for WIOA eligible students who are co-enroll in this program.

To:	Board of Trustees	Date: October 23, 2017
Re:	Approval of First Amendment to Sub-Agreement between RSCCD and South Orange County Community College District for the Career Technical Education (CTE) Data Unlocked Initiative	
Action:	Request for Approval	

**BACKGROUND**

Rancho Santiago Community College District was selected to serve as the Fiscal Agent for the California Community College Chancellor’s Office’s Career Technical Education (CTE) Data Unlocked Initiative to support CTE program development and improvement efforts by providing a suite of tools, training, technical assistance and outcome and labor market data for the California community colleges. As the Fiscal Agent, RSCCD will develop sub-agreements with CTE Data Unlocked Initiative implementation partners selected by the California Community Colleges Chancellor’s Office.

**ANALYSIS**

To support colleges to build capacity to implement Strong Workforce Taskforce Recommendations and collect metrics for the Strong Workforce Program, the Chancellor’s Office allocated \$50,000 grant awards to all colleges and continuing education centers in the state. The timeline for the Fiscal Agent to disburse these awards was from 7/1/16 – 10/31/17. However, the Chancellor’s Office will allow colleges to use the funds for three years from the start date, 7/1/16. Irvine Valley College requested an amendment to their agreement to document the three-year period of performance allowed by the Chancellor’s Office. An amendment to the sub-agreement has been developed accordingly.

**Project Director:** Sarah Santoyo      **Project Administrator:** Enrique Perez

**RECOMMENDATION**

It is recommended that the Board approve the first amendment to the sub-agreement and that the Vice Chancellor, Business Operations/Fiscal Services or his designee be authorized to sign and enter into a related contractual agreement on behalf of the district.

**Year one:**

**Payment Schedule**

- An advance payment of 40% of the total amount of this Grant Agreement will be paid as soon as feasible after the Grant Agreement is fully executed.
- Grantee may submit request for progress payments at the time that year-to-date quarterly and expenditures reports are submitted pursuant to section 4 of this Article. Payment will be made after review and approval of the quarterly reports by the Chancellor's Office. Progress payment(s) can only be made up to 90% of the total grant amount as the last 10% is withheld pending satisfactory performance and submittal of final performance and expenditure reports.
- A final payment will be calculated based on the Final Performance and Expenditure Reports due by July 31, 2018. If the total expenditure of funds by that date is less than the advance payment, the Chancellor's Office may invoice the Grantee for the excess amount.

**Scope**

Finalize and deploy a process to integrate multiple measures outputs including the application of self-reported data, validated non-cognitive variables, and integration of Cal-PASS Plus K-12 data, placement algorithms for placement into the California Community College Chancellor's Office approved data warehouse. This includes integration and development of a research data warehouse, creation of analytic models, tool creation, and outreach to K-12 feeder districts.

**Objectives**

Utilizing the Cal-PASS Plus system of data, we will continue to support the 70+ pilot colleges for multiple measures for placement. We will also expand the research warehouses capacity for real time placement for students of all 114 California Community Colleges.

## **Tasks**

1. The MMAP data warehouse will be stored in The Lee Belarmino, Sr. District Data Center at San Joaquin Delta College. The data will be on separate hardware from the Cal-PASS Plus infrastructure with minimal data elements required from Cal-PASS Plus to place students. All data will be secured with SHA2-512 encryption practices and available via API with OAuth2.0 security, or secure FTP. Ongoing rebuilds of statewide and local placement models will continue to be generated with new data and new indicators for success. The MMAP data will also be available for overlay over the course/pathway mapper product to simulate course paths based off student's high school placement with removal of remedial coursework when deemed appropriate. Technical assistance will be provided to all current pilot colleges and prospective colleges when required.
2. In addition to the technical aspects of the project webinars and recruitment will run concurrently to migrate all colleges to MMAP for disjunctive placement. The outreach and recruitment of K-12 partners to their feeder colleges will happen regularly for more complete coverage of high school transcript data.
3. Bi-weekly security audits and intrusion protection/intrusion detection logs will be available to partners of the project.
4. Sr. Data Fellow embedded at the Chancellor's Office to serve as the instrument of communication between parties.

In such a case, the decision shall be reduced to writing and a copy thereof shall be mailed or otherwise furnished to SUBCONTRACTOR. The decision shall be final and conclusive unless within thirty (30) calendar days from the mailing or delivery of such copy, RSCCD receives from SUBCONTRACTOR a written request to appeal said decision. Pending final decision of the appeal, SUBCONTRACTOR shall act in accordance with the written decision of RSCCD or the PRIME SPONSOR, whichever is the final arbiter of the dispute. Chancellor's Office, California Community Colleges

### GRANT AGREEMENT

#### ARTICLE I

### The Workforce and Economic Development Program CTE Data Unlocked Grant

---

Program-Specific Legal Terms and Conditions  
(Effective January 15, 2016)

#### 1. Cost and Payments

In consideration of satisfactory performance of the services described in the Grantee's application, the California Community Colleges, Chancellor's Office (hereinafter Chancellor's Office) agrees to pay the Grantee a total amount not to exceed the "Grant Funds" amount stated on the fully executed Grant Agreement face sheet, which shall be used as set forth in the Application Budget.

Payment shall be made as follows:

- An advance payment of 40% of the total amount of this Grant Agreement will be paid as soon as feasible after the Grant Agreement is fully executed.
- Grantee may submit request for progress payments at the time that year-to-date quarterly and expenditures reports are submitted pursuant to section 4 of this Article. Payment will be made after review and approval of the quarterly reports by the Chancellor's Office. Progress payment(s) can only be made up to 90% of the total grant amount as the last 10% is withheld pending satisfactory performance and submittal of final performance and expenditure reports.
- A final payment will be calculated based on the Final Performance and Expenditure Reports due by July 31, 2018. If the total expenditure of funds by that date is less than the advance payment, the Chancellor's Office may invoice the Grantee for the excess amount.

Grantee agrees to expend matching funds at least equal to the match identified on the face sheet of this Grant Agreement. Payments shall be based on project costs reduced to the extent of required matching funds.

**2. Budget Changes**

- Grant recipient(s) may make changes to any budget category amounts without the approval of the Project Monitor so long as budget categories are not added or deleted, the total dollar amount of the Grant Agreement is not affected, and the outcomes of the Grant Agreement will not be materially affected.
- Adding or deleting budget categories are subject to the prior approval of the Project Monitor. Prior approval for these additions and/or deletions is made through the Chancellor’s Office on-line quarterly reporting system. Once the requested change is approved, the affected quarterly budget will be updated electronically.
- Grant amendments are required for budget changes when there are changes in the total dollar amount of the Grant Agreement and/or the outcome of the Grant Agreement is materially affected.

**3. Application Amendment Requests**

If circumstances occur during the performance period that would materially affect outcomes(s) of the approved Grant Application, the grant recipient is required to contact the Project Monitor for further instructions.

**4. Reporting**

The Recipient shall prepare and submit to the Division of Workforce and Economic Development quarterly “Year-to-Date Expenditure and Progress Reports” using the online reporting system at:

## ARTICLE II

### Standard Legal Terms and Conditions

(Revision 5/15/14)

#### 1. Work to be Performed

The Grantee shall complete the tasks described in the Grantee's application and funds shall be expended in compliance with the requirements for the funding source and category referenced in the Grant Agreement face sheet.

Grantee may request modifications to the work to be performed. All such requests must be submitted in writing to the Project Monitor prior to the modification being made. The Project Monitor may require that a Grant Amendment be processed, if the monitor determines that the change would materially affect the project outcomes or the term of this Grant Agreement.

Modifications or amendments to the Work to be Performed provisions of this Agreement involving an extension of time are subject to applicable program limitations. For grants funded under the Carl D. Perkins Career and Technical Education Improvement Act of 2006, extensions of time are not allowed beyond June 30th of the year in which the funds were awarded. For other programs, no modification or amendment may permit expenditures to be made after June 30th of the second year following the period for which the funds were appropriated. Any modification or amendment permitting funds to be spent beyond the year of appropriation shall ensure that Grantee does not receive funding for the same expense from more than one fiscal year.

#### 2. Amendments

An amendment of this Grant Agreement is required when the Grantee wishes to extend the completion date or materially change the work to be performed or the budget (see Article I section 2 and Article II section 1). The request must be made on the appropriate form provided by the Chancellor's Office and must be submitted to the Project Monitor prior to making the desired alteration in the performance or expenditures under the Grant Agreement. Requests for amendments should be received 60 days before the end of the performance period.

Amendments involving an extension of time are subject to applicable program limitations. For grants funded under the Carl D. Perkins Career and Technical Education Improvement Act of 2006, extensions of time are not allowed beyond June 30th of the year in which the funds were awarded. For other programs, no amendment may permit expenditures to be made after June 30th of the second year following the period for which the funds were appropriated. Any amendment permitting funds to be spent beyond

*Article II-Standard Legal Terms and Conditions*

the year of appropriation shall ensure that Grantee does not receive funding for the same expense from more than one fiscal year.

**3. Unenforceable Provision**

In the event that any provision of this Grant Agreement is unenforceable or held to be unenforceable, then the parties agree that all other provisions of this Grant Agreement remain in full force and effect and shall not be affected thereby.

**4. Dispute**

In the event of a dispute, Grantee agrees to file a "Notice of Dispute" with the Chancellor's Office, within ten (10) days of discovery of the problem. Within ten (10) days, the Chancellor or his or her designee shall meet with the Grantee, the Vice Chancellor for the division awarding the Grant Agreement, and the Project Monitor for purposes of resolving the dispute. The decision of the Chancellor shall be final.

In the event of a dispute, the language contained within this Grant Agreement shall prevail over any other language including that of the grant proposal.

Grantee shall continue with the responsibilities under this Grant Agreement during any dispute.

**5. Notice**

Either party may give notice to the other party by sending certified mail properly addressed, postage fully prepaid to the other party's business address. Notices to be sent to the Chancellor's Office shall be addressed to the Project Monitor at California Community Colleges, Chancellor's Office, 1102 Q Street, Suite 4554, Sacramento, CA 95811-6539. Notices to be sent to the Grantee shall be addressed to the Project Director at the Grantee's address as specified on the face sheet of this Grant Agreement. Such notice shall be effective when received, as indicated by post office records, or if deemed undeliverable by the post office, such notice shall be postponed 24 hours for each such intervening day.

**6. Interpretation**

In the interpretation of this Grant Agreement, any inconsistencies between the terms hereof and the Exhibits shall be resolved in favor of the terms hereof.

**7. Project Director and Key Personnel**

The Project Director is designated by the Grantee on the face sheet of the Grant Agreement, and the key personnel are identified in the application or proposal. The Grantee may change the Project Director or other key personnel, but the Grantee shall immediately notify the Project Monitor in writing of any such changes.

*Article II-Standard Legal Terms and Conditions***8. Project Monitor**

The Project Monitor is designated by the Chancellor's Office on the face sheet of the Grant Agreement. The Project Monitor is responsible for overseeing the project and any questions or problems relating to the project should be directed to the Project Monitor. If necessary, the Chancellor's Office may change the Project Monitor by written notice sent to the Grantee.

**9. Budget Concerns**

- a. It is mutually understood between the parties that this Grant Agreement may have been written before ascertaining the availability of state or federal funds, for the mutual benefit of both parties in order to avoid program and fiscal delays which would occur if this Grant Agreement were executed after the determination was made.
- b. It is mutually agreed that if the state or federal budget for the current year and/or any subsequent years covered under this Grant Agreement does not appropriate sufficient funds for the program, this Grant Agreement shall have no force and effect. In this event, the Chancellor's Office shall have no liability to pay any funds whatsoever to Grantee or to furnish any consideration under this Grant Agreement and Grantee shall not be obligated to perform any provisions of this Grant Agreement.
- c. Grantee shall inform any subcontractors and subgrantees that any work performed prior to approval of the state or federal budget, as applicable, will be rendered on a voluntary basis, and shall not be compensated unless and until funding is authorized.
- d. In no event may Grantee use Grant funds to pay any individual or organization for the work associated with preparing the Grant application. For breach or violation of this prohibition, the Chancellor's Office shall, in addition to other remedies provided by law, have the right to annul this Grant Agreement without liability, paying only for the value of the work actually performed, or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.
- e. In addition, this Grant Agreement is subject to any additional restrictions, funding reductions, limitations or conditions enacted in the state or federal budget, any amendments thereto, or in the laws and Executive Orders that may affect the provisions, term, or funding of this Grant Agreement in any manner. The parties hereby agree that the Chancellor's Office will notify Grantee of any such changes affecting the terms of this Grant Agreement, but need not execute an amendment to modify the Grant Agreement.

**10. Assignment**

Grantee may not transfer by assignment or novation the performance of this Grant Agreement or any part thereof except with the prior written approval of the Project Monitor. Nor may Grantee, without the prior written consent of the Project Monitor, assign any other right that Grantee may have under this Grant Agreement. Each assignment that is approved by the Project Monitor shall contain a provision prohibiting further assignments to any third or subsequent tier assignee without additional written approval by the Project Monitor. The Project Monitor's consent to one or more such assignments or novations shall not constitute a waiver or diminution of the absolute power to approve each and every subsequent assignment or novation.

**11. Subcontracts or Subgrants**

- a. Grantee agrees to obtain the written approval of the Project Monitor prior to the selection of subcontractors or subgrantees to perform services under this Grant Agreement, based upon a written request indicating compliance with the provisions set forth below. Except where prohibited by the Standards of Conduct provisions set forth in section 15 of this Article, subcontractors or subgrantees specifically identified in this Grant Agreement or the Exhibits attached hereto and which are secured in accordance with applicable legal requirements and the provisions set forth below are deemed approved upon execution of this Grant Agreement.
- b. In any event, if the Grantee wishes to enter into a subcontract or subgrant agreement for performance of any part of the activities under this Grant Agreement, Grantee shall disclose the intended purpose and amount of the subcontracting, identify the proposed subcontractor or subgrantee, and certify that the subcontractor or subgrantee was selected according to locally applicable competitive bidding processes which are reasonably calculated to ensure that cost shall be given substantial weight in the selection process, and that the selected subcontractor or subgrantee is the best qualified party available to provide the required services. Upon request, Grantee shall furnish evidence of compliance with this provision to the Project Monitor. Grantee shall immediately notify the Project Monitor in the event that any subcontract or subgrant is terminated.
- c. All subcontracts or subgrants shall contain a provision prohibiting any third or subsequent tier subcontracts or subgrants without additional written approval by the Project Monitor.
- d. The Project Monitor's consent to one or more subcontracts or subgrants shall not constitute a waiver or diminution of the absolute power to approve each and every subsequent subcontract or subgrant.

EXHIBIT C

*Article II-Standard Legal Terms and Conditions*

- e. Upon request, Grantee shall furnish any additional evidence the Project Monitor may deem appropriate concerning the competitive bidding procedures used or any other matter related to compliance with paragraphs (a) or (b).
- f. Grantee shall not enter into any subgrant or subcontract of the types described below and any such agreement which may be executed is null and void and of no force or effect.
  - 1. A former state employee (including a Chancellor's Office employee, or a district employee who worked for the Chancellor's Office on an Interjurisdictional Exchange (IJE)) cannot enter into a subcontract or subgrant under this Grant Agreement with the Grantee if that employee was engaged in the negotiations, transactions, planning, arrangements or any part of the decision-making process relevant to this Grant Agreement while employed by the state. (Gov. Code, §§ 1090, et seq., 87100, and 87400 et seq.; Cal.Code Regs. tit. 5, §§ 18741.1 and 18747.)
  - 2. A current state employee (including a current Chancellor's Office employee or district employee working for the Chancellor's Office on an Interjurisdictional Exchange (IJE)) cannot enter into a subcontract or subgrant with the Grantee, with the exception of rank-and-file employees of the California State University and the University of California. (Pub. Contr. Code, § 10410.)
  - 3. The spouse or a member of the immediate family of a current Chancellor's Office employee (including a current Chancellor's Office employee or district employee working for the Chancellor's Office on an Interjurisdictional Exchange (IJE)) may not enter into a subcontract or subgrant with the Grantee if the Chancellor's Office employee or person on an IJE was engaged in the negotiations, transactions, planning, arrangements or any part of the decision-making process relevant to this Grant Agreement, or the subcontract or subgrant, or had any influence whatsoever in the making of this Grant Agreement, or the subcontract or subgrant. (Gov. Code, §§ 1090, et seq.; and 87100.)
- g. Nothing contained in this Grant Agreement or otherwise, shall create any contractual relationship between the Chancellor's Office and any subcontractors or subgrantees, and no subcontract or subgrant shall relieve Grantee of its responsibilities and obligations hereunder. Grantee agrees to be as fully responsible to the Chancellor's Office for the acts and omissions of its subcontractors, subgrantees, and of persons either directly or indirectly employed by them, as it is for the acts and omissions of persons directly employed by Grantee. Grantee's obligation to pay its subcontractors and subgrantees is independent from the obligation of the Chancellor's Office to make payments to Grantee. As a result, the Chancellor's Office shall have no obligation to pay or enforce the payment of any moneys to any subcontractor.

*Article II-Standard Legal Terms and Conditions***12. Audit**

Grantee agrees that the Chancellor's Office, the Bureau of State Audits, any other appropriate state or federal oversight agency, or their designated representative(s), shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this Grant Agreement. Grantee agrees to maintain such records for possible audit for a minimum of three (3) years after final payment or until any audit findings have been resolved, unless a longer period of records retention is stipulated. Grantee agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. Further, Grantee agrees to include a similar right of the Chancellor's Office, the Bureau of State Audits, any other appropriate state or federal oversight agency, or their designated representative(s) to audit records and interview staff in any subcontract or subgrant related to performance of this Grant Agreement.

**13. Products and Deliverables**

- a. Each deliverable to be provided under this Grant Agreement shall be submitted to and approved by the Project Monitor. All products, documents and published materials, including multimedia presentations, shall be approved by the Project Monitor prior to distribution.
- b. Any document or written report prepared, in whole or in part by Grantee, or its subcontractors or subgrantees, shall contain the Grant number and dollar amount of the Grant and subcontracts or subgrants relating to the preparation of such document or written report. The Grant and subcontract or subgrant numbers and dollar amounts shall be contained in a separate section of such document or written report. (Gov. Code, § 7550(a).)
- c. When multiple documents or written reports are the subject or product of the Grant Agreement, the disclosure section must also contain a statement indicating that the total Grant amount represents compensation for multiple documents or written reports. (Gov. Code, § 7550(b).)
- d. All products resulting from this Grant Agreement or its subcontracts in whole or in part shall reference the California Community Colleges, Chancellor's Office and the specific funding source.
- e. All references to the project shall include the phrase, "funded in part by the California Community Colleges, Chancellor's Office."

*Article II-Standard Legal Terms and Conditions***14. Travel**

For travel necessary to the performance of this Grant Agreement, Grantee travel and other expense reimbursement claims shall be governed by the travel policy and procedures adopted by the Grantee's governing board. Travel and other expenses shall be limited to those necessary for the performance of this Grant Agreement. For grants involving federal funds, any out-of-state travel must be approved in advance by the Project Monitor.

In the event this Grant Agreement is terminated as provided herein, the Chancellor's Office shall be entitled to (1) pursue the same remedies against Grantee as it could pursue in the event of the breach of the Grant Agreement by the Grantee, and (2) exemplary damages in an amount which shall be not less than three nor more than ten times the cost incurred by Grantee in providing any such gratuities to any such officer or employee, as a penalty in addition to any other damages to which it may be entitled by law.

The rights and remedies provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Grant Agreement.

### **23. Waiver**

No waiver of any breach of this Grant Agreement shall be held to be a waiver of any other or subsequent breach. All remedies afforded in this Grant Agreement shall be taken and construed as cumulative; that is, in addition to every other remedy provided therein or by law. The failure of the Chancellor's Office to enforce at any time any of the provisions of this Grant Agreement, or to require at any time performance by Grantee of any of the provisions thereof, shall in no way be construed to be a waiver of such provisions nor in any way affect the validity of this Grant Agreement or any part thereof or the right of Chancellor's Office to thereafter enforce each and every such provision.

In the event that mentoring or counseling services are provided with funding provided by this Grant Agreement, students may not be paired with mentors or counselors based solely upon the race, color, national origin, ethnicity or gender of the students, mentors, or counselors. The Chancellor's Office may, by written approval of the Chancellor, grant an exception to the requirements of this paragraph where Grantee provides documentation clearly demonstrating that designing a program for a particular group of students is justified under applicable legal standards as a remedy for past discrimination.

The fact that the Chancellor's Office has awarded funding through this Grant Agreement to support the development of new curriculum shall not be construed to constitute endorsement or approval of the resulting curriculum or to guarantee or affect the outcome of the curriculum review and approval process.

**28. Eligibility for Noncitizens**

Funds provided under this Grant Agreement shall only be used to employ, contract with, or provide services to citizens of the United States or noncitizens who are eligible to receive public benefits pursuant to section 401 (with respect to federally funded activities) or section 411 (with respect to state funded activities) of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (P.L. 104-193, codified at 42 U.S.C. §§ 601 and 611, respectively). Re:	Approval of First Amendments to Sub-Agreements between RSCCD and Butte-Glenn, Chaffey, Compton, Coast, and San Bernardino Community College Districts for the CTE Data Unlocked Initiative	
Action:	Request for Approval	

**BACKGROUND**

Rancho Santiago Community College District was selected to serve as the Fiscal Agent for the California Community College Chancellor's Office's CTE Data Unlocked Initiative to support CTE program development and improvement efforts by providing a suite of tools, training, technical assistance and outcome and labor market data for the California community colleges. As the Fiscal Agent, RSCCD will develop sub-agreements with CTE Data Unlocked Initiative implementation partners.

**ANALYSIS**

As part of the CTE Data Unlocked Initiative the Chancellor's Office established \$50,000 grants available to the community colleges to implement projects to increase their capacity to improve data management and use on their campuses. Amendments to the agreements for the colleges below have been developed to extend the term by changing the end date from 10/31/17 to 3/30/18, in order to provide the colleges with more time to process their agreements and submit invoices to receive the awards.

Program-Specific Legal Terms and Conditions  
(Effective January 15, 2016)

#### 1. Cost and Payments

In consideration of satisfactory performance of the services described in the Grantee's application, the California Community Colleges, Chancellor's Office (hereinafter Chancellor's Office) agrees to pay the Grantee a total amount not to exceed the "Grant Funds" amount stated on the fully executed Grant Agreement face sheet, which shall be used as set forth in the Application Budget.

Payment shall be made as follows:

- An advance payment of 40% of the total amount of this Grant Agreement will be paid as soon as feasible after the Grant Agreement is fully executed.

- A final payment will be calculated based on the Final Performance and Expenditure Reports due by July 31, 2018. If the total expenditure of funds by that date is less than the advance payment, the Chancellor's Office may invoice the Grantee for the excess amount.

Grantee agrees to expend matching funds at least equal to the match identified on the face sheet of this Grant Agreement. Payments shall be based on project costs reduced to the extent of required matching funds.

## 2. Budget Changes

(Revision 5/15/14)

#### 1. Work to be Performed

The Grantee shall complete the tasks described in the Grantee's application and funds shall be expended in compliance with the requirements for the funding source and category referenced in the Grant Agreement face sheet.

Grantee may request modifications to the work to be performed. All such requests must be submitted in writing to the Project Monitor prior to the modification being made. The Project Monitor may require that a Grant Amendment be processed, if the monitor determines that the change would materially affect the project outcomes or the term of this Grant Agreement.

Modifications or amendments to the Work to be Performed provisions of this Agreement involving an extension of time are subject to applicable program limitations. For grants funded under the Carl D. Perkins Career and Technical Education Improvement Act of 2006, extensions of time are not allowed beyond June 30th of the year in which the funds were awarded. For other programs, no amendment may permit expenditures to be made after June 30th of the second year following the period for which the funds were appropriated. **4. Dispute**

In the event of a dispute, Grantee agrees to file a "Notice of Dispute" with the Chancellor's Office, within ten (10) days of discovery of the problem. Within ten (10) days, the Chancellor or his or her designee shall meet with the Grantee, the Vice Chancellor for the division awarding the Grant Agreement, and the Project Monitor for purposes of resolving the dispute. The decision of the Chancellor shall be final.

In the event of a dispute, the language contained within this Grant Agreement shall prevail over any other language including that of the grant proposal.

Grantee shall continue with the responsibilities under this Grant Agreement during any dispute.

**5. Notice**

Either party may give notice to the other party by sending certified mail properly addressed, postage fully prepaid to the other party's business address. **9. Budget Concerns**

- a. It is mutually understood between the parties that this Grant Agreement may have been written before ascertaining the availability of state or federal funds, for the mutual benefit of both parties in order to avoid program and fiscal delays which would occur if this Grant Agreement were executed after the determination was made.
- b. It is mutually agreed that if the state or federal budget for the current year and/or any subsequent years covered under this Grant Agreement does not appropriate sufficient funds for the program, this Grant Agreement shall have no force and effect. In this event, the Chancellor's Office shall have no liability to pay any funds whatsoever to Grantee or to furnish any consideration under this Grant Agreement and Grantee shall not be obligated to perform any provisions of this Grant Agreement.
- c. Grantee shall inform any subcontractors and subgrantees that any work performed prior to approval of the state or federal budget, as applicable, will be rendered on a voluntary basis, and shall not be compensated unless and until funding is authorized.
- d. In no event may Grantee use Grant funds to pay any individual or organization for the work associated with preparing the Grant application. For breach or violation of this prohibition, the Chancellor's Office shall, in addition to other remedies provided by law, have the right to annul this Grant Agreement without liability, paying only for the value of the work actually performed, or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.
- e. In addition, this Grant Agreement is subject to any additional restrictions, funding reductions, limitations or conditions enacted in the state or federal budget, any amendments thereto, or in the laws and Executive Orders that may affect the provisions, term, or funding of this Grant Agreement in any manner. The parties hereby agree that the Chancellor's Office will notify Grantee of any such changes affecting the terms of this Grant Agreement, but need not execute an amendment to modify the Grant Agreement.

*Article II-Standard Legal Terms and Conditions***10. Assignment**

Grantee may not transfer by assignment or novation the performance of this Grant Agreement or any part thereof except with the prior written approval of the Project Monitor. Nor may Grantee, without the prior written consent of the Project Monitor, assign any other right that Grantee may have under this Grant Agreement. Each assignment that is approved by the Project Monitor shall contain a provision prohibiting further assignments to any third or subsequent tier assignee without additional written approval by the Project Monitor. The Project Monitor's consent to one or more such assignments or novations shall not constitute a waiver or diminution of the absolute power to approve each and every subsequent assignment or novation.

**11. Subcontracts or Subgrants**

- a. Grantee agrees to obtain the written approval of the Project Monitor prior to the selection of subcontractors or subgrantees to perform services under this Grant Agreement, based upon a written request indicating compliance with the provisions set forth below. Except where prohibited by the Standards of Conduct provisions set forth in section 15 of this Article, subcontractors or subgrantees specifically identified in this Grant Agreement or the Exhibits attached hereto and which are secured in accordance with applicable legal requirements and the provisions set forth below are deemed approved upon execution of this Grant Agreement.
- b. In any event, if the Grantee wishes to enter into a subcontract or subgrant agreement for performance of any part of the activities under this Grant Agreement, Grantee shall disclose the intended purpose and amount of the subcontracting, identify the proposed subcontractor or subgrantee, and certify that the subcontractor or subgrantee was selected according to locally applicable competitive bidding processes which are reasonably calculated to ensure that cost shall be given substantial weight in the selection process, and that the selected subcontractor or subgrantee is the best qualified party available to provide the required services. Upon request, Grantee shall furnish evidence of compliance with this provision to the Project Monitor. Grantee shall immediately notify the Project Monitor in the event that any subcontract or subgrant is terminated.
- c. All subcontracts or subgrants shall contain a provision prohibiting any third or subsequent tier subcontracts or subgrants without additional written approval by the Project Monitor.
- d. The Project Monitor's consent to one or more subcontracts or subgrants shall not constitute a waiver or diminution of the absolute power to approve each and every subsequent subcontract or subgrant.

*Article II-Standard Legal Terms and Conditions*

- e. Upon request, Grantee shall furnish any additional evidence the Project Monitor may deem appropriate concerning the competitive bidding procedures used or any other matter related to compliance with paragraphs (a) or (b).
- f. Grantee shall not enter into any subgrant or subcontract of the types described below and any such agreement which may be executed is null and void and of no force or effect.
  - 1. A former state employee (including a Chancellor's Office employee, or a district employee who worked for the Chancellor's Office on an Interjurisdictional Exchange (IJE)) cannot enter into a subcontract or subgrant under this Grant Agreement with the Grantee if that employee was engaged in the negotiations, transactions, planning, arrangements or any part of the decision-making process relevant to this Grant Agreement while employed by the state.   - 2. A current state employee (including a current Chancellor's Office employee or district employee working for the Chancellor's Office on an Interjurisdictional Exchange (IJE)) cannot enter into a subcontract or subgrant with the Grantee, with the exception of rank-and-file employees of the California State University and the University of California.   - 3. The spouse or a member of the immediate family of a current Chancellor's Office employee (including a current Chancellor's Office employee or district employee working for the Chancellor's Office on an Interjurisdictional Exchange (IJE)) may not enter into a subcontract or subgrant with the Grantee if the Chancellor's Office employee or person on an IJE was engaged in the negotiations, transactions, planning, arrangements or any part of the decision-making process relevant to this Grant Agreement, or the subcontract or subgrant, or had any influence whatsoever in the making of this Grant Agreement, or the subcontract or subgrant. (Gov. Code, §§ 1090, et seq.; and 87100.)
- g. Nothing contained in this Grant Agreement or otherwise, shall create any contractual relationship between the Chancellor's Office and any subcontractors or subgrantees, and no subcontract or subgrant shall relieve Grantee of its responsibilities and obligations hereunder. Grantee agrees to be as fully responsible to the Chancellor's Office for the acts and omissions of its subcontractors, subgrantees, and of persons either directly or indirectly employed by them, as it is for the acts and omissions of persons directly employed by Grantee. Grantee's obligation to pay its subcontractors and subgrantees is independent from the obligation of the Chancellor's Office to make payments to Grantee. As a result, the Chancellor's Office shall have no obligation to pay or enforce the payment of any moneys to any subcontractor.

**12. Audit**

Grantee agrees that the Chancellor's Office, the Bureau of State Audits, any other appropriate state or federal oversight agency, or their designated representative(s), shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this Grant Agreement. Grantee agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. Further, Grantee agrees to include a similar right of the Chancellor's Office, the Bureau of State Audits, any other appropriate state or federal oversight agency, or their designated representative(s) to audit records and interview staff in any subcontract or subgrant related to performance of this Grant Agreement.

The Grant and subcontract or subgrant numbers and dollar amounts shall be contained in a separate section of such document or written report. (Gov. Code, § 7550(a).)
- c. When multiple documents or written reports are the subject or product of the Grant Agreement, the disclosure section must also contain a statement indicating that the total Grant amount represents compensation for multiple documents or written reports. (Gov. Code, § 7550(b).)
- d. All products resulting from this Grant Agreement or its subcontracts in whole or in part shall reference the California Community Colleges, Chancellor's Office and the specific funding source.

Travel and other expenses shall be limited to those necessary for the performance of this Grant Agreement. For grants involving federal funds, any out-of-state travel must be approved in advance by the Project Monitor.

The Grant Agreement will be administered in an impartial manner, free from personal, financial, or political gain. The Grantee, and its officers and employees, in administering the Grant Agreement, will avoid situations which give rise to a suggestion that any decision was influenced by prejudice, bias, special interest, or personal gain.
- b. Conducting Business with Relatives. No relative by blood, adoption, or marriage of any officer or employee of the Grantee, or of any member of its governing board, will receive favorable treatment in the award of subcontracts or subgrants or in educational or employment opportunities funded by this Grant Agreement.

Supplies, materials, equipment, or services purchased with Grant funds will be used solely for purposes allowed under this Grant Agreement.
  4. The governing board may not authorize the award of any subcontract or subgrant funded by this Grant Agreement, if that contract, subcontract or subgrant is for the provision of services or goods by any board member, or by any person or entity which is a source of income to a board member.
- e. In the interest of avoiding conflicts of interests involving friends or associates of Chancellor's Office employees, in administering this Grant Agreement, officers and employees of the Grantee will exercise due diligence to avoid situations which may give rise to an assertion that favorable treatment is being granted to friends and associates of Chancellor's Office employees.

In the event this Grant Agreement is terminated as provided herein, the Chancellor's Office shall be entitled to (1) pursue the same remedies against Grantee as it could pursue in the event of the breach of the Grant Agreement by the Grantee, and (2) exemplary damages in an amount which shall be not less than three nor more than ten times the cost incurred by Grantee in providing any such gratuities to any such officer or employee, as a penalty in addition to any other damages to which it may be entitled by law.

The rights and remedies provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Grant Agreement.

In the event that mentoring or counseling services are provided with funding provided by this Grant Agreement, students may not be paired with mentors or counselors based solely upon the race, color, national origin, ethnicity or gender of the students, mentors, or counselors. **Q50: Please describe the way you intend to use the \$50,000 (500 word maximum)**

As previously mentioned, we would like to receive in-depth training from the technical assistance workgroup and develop a team of local data and content experts who could then facilitate future/additional ongoing training with CTE administrators, faculty, and staff. Additionally, our local team could work within our local planning processes (Program and Services Review; College Planning Council; etc.) to identify potential uses for CTE data that might further inform and enhance evidence-based decision-making. It is anticipated that funds would primarily be used to support a lead CTE data trainer and potentially other trainers as the need dictated (we will have a better sense of the need for additional trainers as we utilize resources, engage in in-depth department/program level dialogue, and determine the support/training needs of each unit).

Re: Approval of Fourth Amendment to Sub-Agreement between RSCCD and Project Tomorrow for the California Career Pathways Trust Grant – Year 3	
Action: Request for Approval	

**BACKGROUND**

Rancho Santiago Community College District, on behalf of Santiago Canyon College, received a California Career Pathways Trust grant award from the California Department of Education for the Orange County Teacher Pathway Partnership (OC TPP) project. The partnership includes community colleges, a California State University, K-12 school districts, non-profit and community partners, WIBs, and business partners. The OC TPP will develop articulated pathways to postsecondary education and establish connections among businesses, K-12 schools, and community colleges to better prepare students for the 21<sup>st</sup> century workplace and provide real-world experience and hands-on learning. Students will build skills in an integrated, standards-based academic and career-relevant sequenced curriculum, be able to earn certificates and state-approved licenses for early entrance into employment as paraprofessionals, and will be in pathways that culminate in a post-baccalaureate teaching credential. The grant award is \$6 million and the grant term is July 1, 2014 through June 30, 2019 (five-year project cycle).

**ANALYSIS**

The enclosed fourth amendment represent an extension to the performance period of Grant year 3 from July 1, 2014 through June 30, 2017, to be extended to September 30, 2017 for project partner Project Tomorrow (#DO-14-2501-05.04).

The project administrator is Ruth Babeshoff and the project director is Janis Perry.

**RECOMMENDATION**

It is recommended that the Board approve this amendment to the sub-agreement and that the Vice Chancellor, Business Operations/Fiscal Services or his designee be authorized to sign and enter into a related contractual agreement on behalf of the district.

4. Matching Cost

SUBCONTRACTOR agrees to provide the match of **\$100,710**, detailed in the Budget and Budget Narrative, approved in the grant application, for the time period of this Agreement (refer to Article I.2. "Period of Performance").

5. Budget, Payment and Invoicing

(a) Budget. (c) Invoices. Invoices must be itemized, include the Agreement number (refer to footer), and include back-up documentation for expenditures submitted for payment (refer to Invoice Template, *Exhibit D*). 8. Modifications

The Parties hereto agree that program components and service levels detailed in the Scope of Work may be modified so long as the Total Cost under this Agreement is not increased and the Scope of Work and objectives of the program are not significantly altered. However, any such modification shall not be made without the prior written notification of RSCCD and acceptance by SUBCONTRACTOR. Any requests for changes in the Scope of Work and objectives require written approval and should be coordinated through RSCCD for submission to the PRIME SPONSOR.

9. Time Extensions. As the full term of the Grant is from July 1, 2014 to June 30, 2019, and agreements will be developed on an annual basis for the entire term of the Grant, extensions will be addressed through annual modifications to Agreements, including revised Scope of Works, Budgets and Budget Narratives, to extend the term and increase the total costs for work to be performed in the new project year: e.g., 2015/2016, 2016/2017 and 2017/2018. NOTE: As Grant funds are only available from July 1, 2014 to June 30, 2018, time extensions for use of Grant funds will be possible up to but not beyond June 30, 2018, and require approval by RSCCD.

10. Sub-Contract Assignment

Unless specifically noted in the Grant application (*Exhibit B*), none of the duties of, or work to be performed by, SUBCONTRACTOR under this Agreement shall be sub-contracted or assigned to any agency, consultant, or person without the prior written consent of RSCCD. No sub-contract or assignment shall terminate or alter the legal obligation of SUBCONTRACTOR pursuant to this Agreement.

SUBCONTRACTOR shall insure that all sub-contracts for services and contracted staff are procured in a manner consistent with SUBCONTRACTOR policies.

SUBCONTRACTOR shall itemize all sub-contractor and contracted staff costs in the budget so it is clear how the funds will be allocated and spent by SUBCONTRACTOR. By entering into this Agreement SUBCONTRACTOR agrees that it is the direct provider of intended services. Upon request, SUBCONTRACTOR shall submit to RSCCD copies of all sub-contracts for services and contracted staff, and other agreements, as well as documentation indicating the approving authority's approval, that relate to this Agreement.

11. Record Keeping

SUBCONTRACTOR agrees to maintain project records for possible audit for a minimum of three (3) years after final payment or until any audit findings have been resolved, unless a longer period of records retention is stipulated.

12. Audit

SUBCONTRACTOR agrees that RSCCD, the PRIME SPONSOR, Bureau of State Audits, any other appropriate state or federal oversight agency, or their designated representative(s), shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this Agreement. SUBCONTRACTOR agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. SUBCONTRACTOR agrees to include a similar right of RSCCD, the PRIME SPONSOR, the Bureau of State Audits, any other appropriate state or federal oversight agency, or their designated representative(s) to audit records and interview staff in any subcontract related to performance of this Agreement.

13. Mutual Indemnification

Both Parties to this Agreement shall agree to defend, indemnify, and hold harmless the other Party, its officers, agents, employees, and volunteers, from and against all loss, cost, and expense arising out of any liability or claim of liability, sustained or claimed to have been sustained, arising out of activities, or the performance or nonperformance of obligations under this Agreement, of the indemnifying Party, or those of any of its officers, agents, employees, or volunteers. The provisions of this Article do not apply to any damage or losses caused solely by the negligence of the non-indemnifying Party or any of its agents or employees.

14. Termination

Either Party may terminate this Agreement, with or without cause upon thirty (30) days prior written notice served upon the other Party. Notice shall be deemed served on the date of mailing. Upon termination, or notice thereof, the Parties agree to cooperate with one another in the orderly transfer of contract responsibilities, records, and pertinent documents.

The obligations of RSCCD under this Agreement are contingent upon the availability of State funds, as applicable, for the reimbursement of SUBCONTRACTOR expenditures, and inclusion of sufficient funds for the services hereunder in the budget approved by the RSCCD Board of Trustees each fiscal year this Agreement remains in effect. In the event that such funding is terminated or reduced, RSCCD shall provide SUBCONTRACTOR with written notification of such determination and RSCCD shall reimburse SUBCONTRACTOR for costs incurred for the completion of the work described in Scope of Work, *Exhibit A*.

15. Disputes

In the event of a dispute between the Parties, the aggrieved Party shall notify the other Party and provide a detailed description of the alleged problem. The Parties agree to use reasonable efforts to resolve such dispute by good faith negotiations and mutual agreement. In the event such informal resolution is not successful within a reasonable period of time, the Parties hereby agree that such dispute will be resolved in the manner specified below.

Except as otherwise provided in this Agreement, any dispute concerning any question arising under this Agreement shall be decided by RSCCD and/or the PRIME SPONSOR. In such a case, the decision shall be reduced to writing and a copy thereof shall be mailed or otherwise furnished to SUBCONTRACTOR. The decision shall be final and conclusive unless within

thirty (30) calendar days from the mailing or delivery of such copy, RSCCD receives from SUBCONTRACTOR a written request to appeal said decision. Pending final decision of the appeal, SUBCONTRACTOR shall act in accordance with the written decision of RSCCD or the PRIME SPONSOR, whichever is the final arbiter of the dispute. The handling of non-criminal complaints, including discrimination complaints, and complaints and reports of criminal fraud, waste and abuse shall be as prescribed by the State of California, and/or the PRIME SPONSOR, whichever is applicable, in accordance with applicable provisions of the Code of Federal Regulations.

2. **Period of Performance**

The Term for this Agreement of July 1, 2014, through June 30, 2015, shall be extended to June 30, 2016. NOTE: The entire term of the Grant is for five years from July 1, 2014 to June 30, 2019, with Grant funds available for four years, from July 1, 2014 – June 30, 2018. Action: Request for Approval	

**BACKGROUND**

Rancho Santiago Community College District, on behalf of Santiago Canyon College, received a California Career Pathways Trust grant award from the California Department of Education for the Orange County Teacher Pathway Partnership (OC TPP) project. The partnership includes community colleges, a California State University, K-12 school districts, non-profit and community partners, WIBs, and business partners. The OC TPP will develop articulated pathways to postsecondary education and establish connections among businesses, K-12 schools, and community colleges to better prepare students for the 21<sup>st</sup> century workplace and provide real-world experience and hands-on learning. ## Educational Services

To: Board of Trustees	Date: October 23, 2017
Re: Approval of Service Agreement with Economic Modeling, LLC aka Economic Modeling Specialists International (EMSI) for the Strong Workforce Program – Regional Funds Initiative (Project 1)	
Action: Request for Approval	

**BACKGROUND**

Through the Strong Workforce Program Trailer Bill, the state allocated funds to community colleges to support collaborative regional work to improve the quality of career technical education programs, and to increase the number of students who complete these programs, and enter industry sectors with high-wage occupations in the region. Rancho Santiago Community College District was selected to serve as the Fiscal Agent for the Los Angeles & Orange County Region’s Strong Workforce Program – Regional Funds, and is responsible for distributing funds to the region, ensuring that projects are compliant with the funding terms and conditions, providing status reports on the use of funds in the region, and developing and submitting program and expenditure reports to the Chancellor’s Office.

**ANALYSIS**

Strong Workforce Program regional funds will be allocated to the Economic Modeling, LLC, also known as Economic Modeling Specialists International (EMSI) to work collaboratively with RSCCD’s Los Angeles and Orange County Regional Consortium (LAOCRC) to support the development of economic impact studies for four community college districts in Orange County (Coastline, North Orange County, Rancho Santiago, and South Orange County). The enclosed service agreement outlines the terms of the project. The cost shall not exceed \$36,000 (includes four individual economic impact study reports at \$9,000 per study). The project performance period is 12 - 20 weeks upon execution of the service agreement.

The project director is Dr. Gustavo Chamorro, Interim Orange County Director, LAOCRC and the project administrator is Enrique Perez, Vice Chancellor of Educational Services.

**RECOMMENDATION**

It is recommended that the Board approve this agreement and that the Vice Chancellor, Business Operations/Fiscal Services or his designee be authorized to sign and enter into a related contractual agreement on behalf of the district.

This letter serves as a sole source document for Emsi's Economic Impact Study (EIS). Emsi has a fully developed model designed to quantify the impacts and value of colleges and universities. Emsi's EIS is the sole source available for the following:

- A rigorous methodology that employs various counterfactuals to ensure robust and defensible spending impacts. Most studies claim all the college spending and then use some predefined multiplier to calculate the total impact. This usually looks something like "for every \$1.00 spent by the college the economy grows by \$1.45." The problem with this is that large portions of the college's revenues are derived from local sources. If those local dollars had not been spent at the college, they would have been spent locally elsewhere in the economy and would have created an impact regardless. We account for this by simulating a scenario where in-region monies are instead spent on consumer goods and savings to estimate the impact they would have if not spent by the institution.
- An alumni impact that is informed through our proprietary CIP-SOC-NAICS mappings to understand where alumni are affecting the regional economy. Our model captures the interconnection of industries, government, and households in the economy for approximately 1,100 industry sectors at the highest level of detail available in the North American Industry Classification System (NAICS) and supplies the industry-specific multipliers required to determine the impacts associated with increased activity within a given economy.

## Scope of Work

### Economic Impact Analysis

**Operations spending impact:** Measures the direct, indirect, and induced (i.e., multiplier) employment and income effect of Client's payroll toward faculty, staff, work study students, and operations spending toward contractors and vendors on durable and non-durable goods.

**Student spending impact:** Measures the impact of new sales generated by out-of-region students and retained students who spend money on food, transportation, and other personal expenses while attending Client.

**Alumni impact:** Measures the impact of higher student earnings and the increased productivity of local businesses from human capital accumulation in the regional workforce.

### Investment Analysis

**Student perspective** – Analyzes whether students are better off attending Client than not. The analysis accounts for student costs (i.e., tuition and fees, books and supplies, and opportunity costs) and the benefits of education, measured in terms of higher earnings. Benefits are projected out into the future and discounted back to the present to derive a lifetime earnings trajectory used to estimate the students' return on investment.

**Taxpayer perspective** – Assesses the economic benefits accruing to the taxpayers that are created by Client and their students. Taxpayer benefits include the higher tax revenues and avoided social costs.

**Social perspective** – Measures the benefits to the public as whole in terms of increased earnings and a variety of external social benefits associated with increases in education, including improved health, reduced crime, and reduced welfare and unemployment claims.

Gustavo Chamorro,

Economic Modeling Specialists International (EMSI) is pleased to submit this proposal to LAOCRC DISTRICTS.

This proposal suggests that we do an aggregate regional Economic Impact Study(EIS) for the 4 colleges districts of OCRC. Along with the other LAOCRC EIS project.

We specialize in providing economic analysis and forecasting consulting services specifically designed for the higher education community colleges and universities throughout the US, Canada and the UK.

Many colleges throughout the country rely on our Economic Impact Study to tell a powerful story. The EIS provides you the results you need to communicate to your constituents the impact that your institutions bring into the region. Essentially the EIS report captures the impact your colleges have on your service region, in a very clear and defensible manner.

We are pleased to present you with this proposal and hope it can be of great use to your organization and welcome any questions or comments about the information presented in this proposal.

Sincerely,

Ralph Plaza

# 1 Economic Impact Study

EMSI has a fully developed model designed to quantify the impacts and value of colleges and universities. There are two sides to EMSI's economic impact study: an economic impact analysis and an investment analysis. A profile of LAOCRC DISTRICTS and the region will also be provided to place the impact and investment analyses in context.

The economic impact analysis examines the direct and indirect multiplier effects that occur as the colleges associated with LAOCRC DISTRICTS and its employees, visitors, and students spend money in the region, as well as the economic benefits generated by students who are living and working within the local economy.

EMSI's impact model utilizes a multi- regional social accounting matrix (MR-SAM) that represents the flow of all economic transactions in an economic area. Over 1,100 industries, 16 demographic cohorts, and 750 occupations are characterized. EMSI's MR-SAM supplies the industry-specific multipliers required to determine the impacts associated with economic activity within a region.

EMSI's investment analysis indicates the strength of LAOCRC DISTRICTS as investment from the perspectives of students, taxpayers, and society as a whole. This analysis projects various benefits into the future, discounts them to current dollars, and compares the present values with the costs of generating the benefits.

## 1.1 Economic Impact Analysis

The economic impact analysis measures the net income generated in the region as a result of the presence of LAOCRC DISTRICTS colleges. Results are informed by the direct spending of LAOCRC DISTRICTS and its students in the region. These spending inputs are then funneled through EMSI's MR-SAM to calculate the value added. The resulting value added figures represent the new income in the region solely attributable to LAOCRC DISTRICTS.

Results of the economic impact analysis are broken out according to the following measures:

***Operations effect:*** Measures the direct and indirect (i.e., multiplier) employment and income effect of LAOCRC DISTRICTS payroll toward faculty, staff, work study students, and operations spending toward contractors and vendors on durable and non-durable goods.

***Student spending effect:*** Measures the impact of new sales generated by out-of-region students and commuters who spend money on food, transportation, and other personal expenses while attending LAOCRC DISTRICTS colleges.

***Student productivity effect:*** Measures the impact of higher student earnings and the increased productivity of state and local businesses from human capital accumulation in the regional workforce. The results of the student productivity effect depend upon the number of former LAOCRC DISTRICTS students (completers and non-completers) who are still active in the regional workforce. As part of the analysis, EMSI will request data from LAOCRC DISTRICTS on the

number of students whom it has served over the past 30-year period, along with their associated credit production. Where data are not available, EMSI will work with LAOCRC DISTRICTS to make inferences to fill in any gaps.

***Qualitative case study (optional):*** The purpose of the qualitative case study is to identify and highlight points of pride that are central to LAOCRC DISTRICTS's mission. These may include LAOCRC DISTRICTS's extension activities as a whole or specific Career and Technical Education (CTE) programs. Throughout the case study the story and broader impacts on the regional communities will be described and highlighted. The broader impacts may not necessarily be quantitative in nature; they may be qualitative or functional in nature.

## **1.2 Investment Analysis**

The investment analysis weighs the benefits generated by LAOCRC DISTRICTS and its students against the associated costs of supporting and attending LAOCRC DISTRICTS. The investment analysis consists of three main components: the student, the taxpayer, and the societal perspective:

***Student perspective*** – Analyzes the benefits of students attending LAOCRC DISTRICTS colleges versus not attending LAOCRC DISTRICTS colleges. The analysis accounts for student costs (i.e., tuition and fees, books and supplies, and opportunity costs) and the benefits of education, measured in terms of higher earnings. Higher student earnings are based on up-to-date regional data embedded in the EMSI model to link earnings to education levels. Benefits are projected out into the future and discounted back to the present to derive a

lifetime earnings trajectory used to estimate the students' return on investment.

***Taxpayer perspective*** – Assesses the economic feasibility of taxpayer support for LAOCRC DISTRICTS colleges by weighing state and local costs against the higher tax revenues and avoided social costs that stem from the activities of LAOCRC DISTRICTS colleges and its students. Under the taxpayer perspective, only those benefits that result in actual dollars saved or added to state and local government treasuries are counted as benefits to the taxpayers.

***Societal perspective*** – Measures the benefits to the public as a whole in terms of added taxable income and a variety of external social benefits associated with increases in education, including improved health, reduced crime, and reduced welfare and unemployment claims. These benefits accrue to all state and local residents – students, employers, and taxpayers. Under the social perspective, all benefits – regardless of recipient – will be weighed against the state and local government costs of supporting LAOCRC DISTRICTS colleges.

### **1.3 Deliverables**

The analysis as a whole generates a wealth of information. The information is broken into a number of reports varying in target audience and scope. The following deliverables will be received by LAOCRC DISTRICTS:

***Main report*** – Presents all of the findings of the analysis in the context of clearly spelled-out assumptions, theory, and data sources, along with a glossary of terms. The report will be intended mostly for economists and researchers who need to be assured that the approach and documented data sources used are fully

credible and transparent.

**Executive summary** – Contains the major findings written in layperson’s terms.

This document is suitable for popular and media circulation. **Fact sheet** –

Summarizes the main results in bullet form. Also designed for a broad audience.

In our experience, this is one of the most utilized documents. **PowerPoint** –

Presents key findings in a manner accessible to a broad audience.

## **1.4 Timeline**

The project timeframe appears in the table below. Note that EMSI’s ability to complete the project within this timeframe is dependent upon the timely completion and submission of the data and feedback from LAOCRC DISTRICTS. If LAOCRC DISTRICTS determines that more or less time is needed for the data collection and review phases, EMSI and LAOCRC DISTRICTS can adjust the target dates accordingly.

**Data Collection Phase**

We would need to establish a single point of contact to act as a liaison between EMSI and LAOCRC DISTRICTS. This will improve communication across both parties and will streamline the data collection process. At the start of the data collection phase, EMSI will conduct a conference call or webinar with LAOCRC DISTRICTS representative(s) to identify the target dates and go over the data requirements. EMSI will work with LAOCRC DISTRICTS through the data collection phase to make any necessary adjustments to the survey to ensure that the variables and instructions are clear to the people gathering the information. EMSI staff will also be available to review financial statements and any other relevant documents that LAOCRC DISTRICTS provides.

At any time during the data collection phase, EMSI staff will be on hand to answer questions or resolve data issues as they come up. EMSI will also review the survey once it is complete to ensure that the data elements are reasonable and accurate. If there are any variables that appear to be incorrect or out of range, EMSI will work with assigned staff to resolve the issues.

**Draft Phase**

Upon completion of the data collection phase, EMSI will generate draft reports showing the preliminary results of the analyses. EMSI will post these reports on a secure site from which LAOCRC DISTRICTS representatives connected to the

project may download them. During the draft phase, EMSI will request that LAOCRC DISTRICTS staff review the draft reports to ensure that everything is in order or if any corrections are necessary.

### **Final Phase**

With feedback from LAOCRC DISTRICTS, EMSI will prepare the final written reports. The deliverables will include charts and graphs presenting the data and results in an easy-to-understand format in order to effectively communicate the economic impact and return on investment of LAOCRC DISTRICTS to different audiences.

After the final reports have been released, EMSI consultants can be made available for an optional on-site visit to present the key findings of the analysis to LAOCRC DISTRICTS administration and local constituents. EMSI is also available to present the results via webinar or conference call. In addition, EMSI can provide examples of press releases, websites, brochures, and other promotional materials that other colleges and universities have prepared based on the results on the analysis.

Re: Approval of Service Agreement with Economic Modeling, LLC aka Economic Modeling Specialists International (EMSI) for the Strong Workforce Program – Regional Funds Initiative (Project 2)	
Action: Request for Approval	

**BACKGROUND**

Through the Strong Workforce Program Trailer Bill, the state allocated funds to community colleges to support collaborative regional work to improve the quality of career technical education programs, and to increase the number of students who complete these programs, and enter industry sectors with high-wage occupations in the region. Rancho Santiago Community College District was selected to serve as the Fiscal Agent for the Los Angeles & Orange County Region's Strong Workforce Program – Regional Funds, and is responsible for distributing funds to the region, ensuring that projects are compliant with the funding terms and conditions, providing status reports on the use of funds in the region, and developing and submitting program and expenditure reports to the Chancellor's Office.

**ANALYSIS**

Strong Workforce Program regional funds will be allocated to the Economic Modeling, LLC, also known as Economic Modeling Specialists International (EMSI) to work collaboratively with RSCCD's Los Angeles and Orange County Regional Consortium (LAOCRC) to support the development of economic impact studies for nine community colleges in Orange County and North Orange County Community College District/School of Continuing Education, and to develop an aggregate economic impact study for the Orange County region. The enclosed service agreement outlines the terms of the project. The cost shall not exceed \$117,000 (includes \$27,000 for the regional aggregate economic impact study and \$90,000 for ten individual economic impact study reports at \$9,000 per study). The project performance period is 12 - 20 weeks upon execution of the service agreement.

The project director is Dr. Gustavo Chamorro, Interim Orange County Director, LAOCRC and the project administrator is Enrique Perez, Vice Chancellor of Educational Services.

**RECOMMENDATION**

It is recommended that the Board approve this agreement and that the Vice Chancellor, Business Operations/Fiscal Services or his designee be authorized to sign and enter into a related contractual agreement on behalf of the district.

This letter serves as a sole source document for Emsi's Economic Impact Study (EIS). Emsi has a fully developed model designed to quantify the impacts and value of colleges and universities. Emsi's EIS is the sole source available for the following:

- A rigorous methodology that employs various counterfactuals to ensure robust and defensible spending impacts. Most studies claim all the college spending and then use some predefined multiplier to calculate the total impact. This usually looks something like "for every \$1.00 spent by the college the economy grows by \$1.45." The problem with this is that large portions of the college's revenues are derived from local sources. If those local dollars had not been spent at the college, they would have been spent locally elsewhere in the economy and would have created an impact regardless. We account for this by simulating a scenario where in-region monies are instead spent on consumer goods and savings to estimate the impact they would have if not spent by the institution.
- An alumni impact that is informed through our proprietary CIP-SOC-NAICS mappings to understand where alumni are affecting the regional economy. Our model captures the interconnection of industries, government, and households in the economy for approximately 1,100 industry sectors at the highest level of detail available in the North American Industry Classification System (NAICS) and supplies the industry-specific multipliers required to determine the impacts associated with increased activity within a given economy.

## Economic Impact Study Proposal

September 19, 2017

Gustavo Chamorro,

Economic Modeling Specialists International (EMSI) is pleased to submit this proposal to LAOCRC.

This proposal suggests that we do an aggregate regional Economic Impact Study(EIS) for the 10 colleges of LAOCRC as well as individual studies for each college of the LAOCRC including the School of Continuing Education at NOCCCD. Along with the aggregate EIS for the LAOCRC each college will have a separate analysis of their specific service area impact with their own separate set of reports described in this proposal.

We specialize in providing economic analysis and forecasting consulting services specifically designed for the higher education community colleges and universities throughout the US, Canada and the UK.

Many colleges throughout the country rely on our Economic Impact Study to tell a powerful story. The EIS provides you the results you need to communicate to your constituents the impact that your institutions bring into the region. Essentially the EIS report captures the impact your colleges have on your service region, in a very clear and defensible manner.

We are pleased to present you with this proposal and hope it can be of great use to your organization and welcome any questions or comments about the information presented in this proposal.

Sincerely,

Ralph Plaza

# 1 Economic Impact Study

EMSI has a fully developed model designed to quantify the impacts and value of colleges and universities. There are two sides to EMSI's economic impact study: an economic impact analysis and an investment analysis. A profile of LAOCRC and the region will also be provided to place the impact and investment analyses in context.

The economic impact analysis examines the direct and indirect multiplier effects that occur as the colleges associated with LAOCRC and its employees, visitors, and students spend money in the region, as well as the economic benefits generated by students who are living and working within the local economy. EMSI's impact model utilizes a multi-regional social accounting matrix (MR-SAM) that represents the flow of all economic transactions in an economic area. Over 1,100 industries, 16 demographic cohorts, and 750 occupations are characterized. EMSI's MR-SAM supplies the industry-specific multipliers required to determine the impacts associated with economic activity within a region.

EMSI's investment analysis indicates the strength of LAOCRC as investment from the perspectives of students, taxpayers, and society as a whole. This analysis projects various benefits into the future, discounts them to current dollars, and compares the present values with the costs of generating the benefits.

## 1.1 Economic Impact Analysis

The economic impact analysis measures the net income generated in the region as a result of the presence of LAOCRC colleges. Results are informed by the direct spending of LAOCRC and its students in the region. These spending inputs are then funneled through EMSI's MR-SAM to calculate the value added. The resulting value added figures represent the new income in the region solely attributable to LAOCRC.

Results of the economic impact analysis are broken out according to the following measures:

***Operations effect:*** Measures the direct and indirect (i.e., multiplier) employment and income effect of LAOCRC payroll toward faculty, staff, work study students, and operations spending toward contractors and vendors on durable and non-durable goods.

***Student spending effect:*** Measures the impact of new sales generated by out-of-region students and commuters who spend money on food, transportation, and other personal expenses while attending LAOCRC colleges.

***Student productivity effect:*** Measures the impact of higher student earnings and the increased productivity of state and local businesses from human capital accumulation in the regional workforce. The results of the student productivity effect depend upon the number of former LAOCRC students (completers and non-completers) who are still active in the regional workforce. As part of the analysis, EMSI will request data from LAOCRC on the number of students whom it has

served over the past 30-year period, along with their associated credit production. Where data are not available, EMSI will work with LAOCRC to make inferences to fill in any gaps.

***Qualitative case study (optional):*** The purpose of the qualitative case study is to identify and highlight points of pride that are central to LAOCRC's mission. These may include LAOCRC's extension activities as a whole or specific Career and Technical Education (CTE) programs. Throughout the case study the story and broader impacts on the regional communities will be described and highlighted. The broader impacts may not necessarily be quantitative in nature; they may be qualitative or functional in nature.

## **1.2 Investment Analysis**

The investment analysis weighs the benefits generated by LAOCRC and its students against the associated costs of supporting and attending LAOCRC. The investment analysis consists of three main components: the student, the taxpayer, and the societal perspective:

***Student perspective*** – Analyzes the benefits of students attending LAOCRC colleges versus not attending LAOCRC colleges. The analysis accounts for student costs (i.e., tuition and fees, books and supplies, and opportunity costs) and the benefits of education, measured in terms of higher earnings. Higher student earnings are based on up-to-date regional data embedded in the EMSI model to link earnings to education levels. Benefits are projected out into the future and discounted back to the present to derive a lifetime earnings trajectory used to

estimate the students' return on investment.

***Taxpayer perspective*** – Assesses the economic feasibility of taxpayer support for LAOCRC colleges by weighing state and local costs against the higher tax revenues and avoided social costs that stem from the activities of LAOCRC colleges and its students. Under the taxpayer perspective, only those benefits that result in actual dollars saved or added to state and local government treasuries are counted as benefits to the taxpayers.

***Societal perspective*** – Measures the benefits to the public as a whole in terms of added taxable income and a variety of external social benefits associated with increases in education, including improved health, reduced crime, and reduced welfare and unemployment claims. These benefits accrue to all state and local residents – students, employers, and taxpayers. Under the social perspective, all benefits – regardless of recipient – will be weighed against the state and local government costs of supporting LAOCRC colleges.

### **1.3 Deliverables**

The analysis as a whole generates a wealth of information. The information is broken into a number of reports varying in target audience and scope. The following deliverables will be received by LAOCRC:

***Main report*** – Presents all of the findings of the analysis in the context of clearly spelled-out assumptions, theory, and data sources, along with a glossary of terms. The report will be intended mostly for economists and researchers who need to be assured that the approach and documented data sources used are fully

credible and transparent.

**Executive summary** – Contains the major findings written in layperson’s terms.

This document is suitable for popular and media circulation. **Fact sheet** –

Summarizes the main results in bullet form. Also designed for a broad audience.

In our experience, this is one of the most utilized documents. **PowerPoint** –

Presents key findings in a manner accessible to a broad audience.

## **1.4 Timeline**

The project timeframe appears in the table below. Note that EMSI’s ability to complete the project within this timeframe is dependent upon the timely completion and submission of the data and feedback from LAOCRC. If LAOCRC determines that more or less time is needed for the data collection and review phases, EMSI and LAOCRC can adjust the target dates accordingly.

## Task Time Frame

<b>Project kickoff</b>	.....
EMSI prepares and sends data survey to LAOCRC	.. ..
<b>Data collection phase</b>	....
LAOCRC complete data survey	.4-6 weeks
EMSI reviews data, works w/ LAOCRC to address data issues	2-4 weeks
<b>Draft phase</b>	.....
EMSI customizes model to reflect LAOCRC	1-2 weeks ..
EMSI prepares draft reports, sends to LAOCRC for review	.1-2 weeks ..
LAOCRC reviews draft reports, provides feedback	.2 weeks
<b>Final phase</b>	.....
EMSI incorporates final edits, formats reports, and sends finals to LAOCRC	.2-4 weeks ..
<b>Total</b>	.12-20 weeks ..

## **Data Collection Phase**

We would need to establish a single point of contact to act as a liaison between EMSI and LAOCRC. This will improve communication across both parties and will streamline the data collection process. At the start of the data collection phase, EMSI will conduct a conference call or webinar with LAOCRC representative(s) to identify the target dates and go over the data requirements. EMSI will work with LAOCRC through the data collection phase to make any necessary adjustments to the survey to ensure that the variables and instructions are clear to the people gathering the information. EMSI staff will also be available to review financial statements and any other relevant documents that LAOCRC provides.

At any time during the data collection phase, EMSI staff will be on hand to answer questions or resolve data issues as they come up. EMSI will also review the survey once it is complete to ensure that the data elements are reasonable and accurate. If there are any variables that appear to be incorrect or out of range, EMSI will work with assigned staff to resolve the issues.

## **Draft Phase**

Upon completion of the data collection phase, EMSI will generate draft reports showing the preliminary results of the analyses. EMSI will post these reports on a secure site from which LAOCRC representatives connected to the project may download them. During the draft phase, EMSI will request that LAOCRC staff review the draft reports to ensure that everything is in order or if any corrections are necessary.

## **Final Phase**

With feedback from LAOCRC, EMSI will prepare the final written reports. The deliverables will include charts and graphs presenting the data and results in an easy-to-understand format in order to effectively communicate the economic impact and return on investment of LAOCRC to different audiences.

After the final reports have been released, EMSI consultants can be made available for an optional on-site visit to present the key findings of the analysis to LAOCRC administration and local constituents. EMSI is also available to present the results via webinar or conference call. In addition, EMSI can provide examples of press releases, websites, brochures, and other promotional materials that other colleges and universities have prepared based on the results on the analysis.

## **Reference:**

Public Contract Code 20105 - 20113 and 20651 – 20654  
Government Contract Code 53060

A. Competitive bids are required for all public works (i.e., construction, alterations, repairs, or improvements) with costs of \$ 15,000 or more, and for all purchases of materials, supplies, ~~and~~ equipment and services with costs of \$88,300 or more (this dollar amount increases annually) including sales tax as per Public Contract Code 20651, ~~or more (sales taxes included)~~ with the following exceptions:

1. "Emergency Work" as defined by the Education Code, where time is of the essence. This is work necessary to permit the continuance of classes, and/or avoid danger to life or property.
2. "Sole Source" situations as defined by existing case law, in those instances where "competitive proposals would be unavailing or not produce an advantage."
3. Purchases through public corporations or agencies in those instances "when the Board has determined it to be in the best interests of the District, or via cooperative purchasing programs as described in BP 6330.
4. "Special Services and Advice" consulting as defined by the Government Contract Code, where persons specially trained in financial, economic, accounting, architectural, engineering, legal, or administrative matters are needed by the District.
5. Informal bidding procedures for public works projects under the Uniform Public Construction Cost Accounting Act as described in BP 6603.

B. When elements of both the "Services" and "Equipment/Supply" spending categories are combined (e.g. a printing project where the vendor provides a service and materials) the higher limit (as per Public Contract Code 20651) applies for bid requirement purposes.

C. Integral projects cannot be separated into separate components to circumvent the competitive bidding requirements.

D. Except for the items at A1-A3 above, requesting competitive quotations is preferable on those purchases which do require competitive bids, and is mandatory for those purchases over \$ 15,000 (unless the conditions at A1-A3 apply, or time is a critical constraint). Generally two (2) or three (3) quotes should be obtained. However, this will vary depending on the nature of the product, the urgency of need, and the responsiveness of vendors. The adequacy of competitive quotes shall be based on the Purchasing Director's judgment.

E. Regarding item A4, Government Contract Code Section 53060 allows for the award of contracts for Special Services and Advice without competitive bidding. However, it will be District practice that all purchases estimated to be \$ 15,000 or more will be subject to the procedure at section D above, unless that requirement is waived by the Chancellor or a Vice Chancellor in the Chancellor's absence. Purchases estimated to be greater than \$1 million will be subject to this policy without exception.

F. The Board delegates to the responsible managers authorization to make any "emergency work" purchases with cost below the amounts where competitive bids are required. Those "emergency work" purchases, with cost at or above the amounts where competitive bids are required, can be performed without competitive bidding as long as they are pre-approved by the Board and the Orange County Superintendent of Schools or executed in accordance with policy BP 6603.

# BP 6505 Inventory Order Quantity and Storage Controls

The District does not maintain a central store of inventory items, except for a small dollar office supply inventory managed by the Bookstore. District policy shall be to maintain only minimal central warehouse storage, primarily for emergency storage, and for departments to order inventory in a manner which will minimize inventory carrying costs and the risk of obsolescence.

Departments should not request orders for inventory needs beyond the current fiscal period, unless there is some substantial economic benefit. The Director of Purchasing Services shall be contacted regarding exceptions and is responsible for managing the District-wide coordination of inventory orders in an effort to reduce cost and adhere to all code regulations.

Items stored at college and district office locations should be minimal and under the ultimate responsibility of the college president, vice chancellor, or designee.

Items which are obsolete or temporarily out of service and excess inventory items are stored in ~~an off-site warehouse~~ a designated area of the warehouse facility. For security and segregation of duties, this warehouse is managed by the Director of Purchasing.

# BP 2745 - Board Self-Evaluation

## Reference:

ACCJC Accreditation Standard IV.C.10 (formerly IV.B.1.e & g)

Effective and efficient governing board operations are an integral part of sound policy making and broad oversight that lead to successful educational programs and student learning outcomes. The board is committed to assessing its own performance as a board in order to identify its strengths and areas in which it may improve its functioning in carrying out its responsibilities to the citizens of the Rancho Santiago Community College District.

For its self-evaluation the board shall be evaluated as a whole and not as individuals. The evaluation will focus on the internal board operations and performance. Board members shall develop goals which will be used in the self-evaluation process. A self-evaluation instrument will be based on these goals and not goals set for the district. The self-evaluation process shall include the establishment of strategies for improving board performance. Policies and goals will be reviewed and updated for the following year's self-evaluation. The student trustee will participate in the self-evaluation process.

No later than the end of September of every year the Board Policy Committee shall recommend to the full board a self-evaluation instrument and process to be used in board self-evaluation, as well as any changes to the list of individuals who will receive a copy of the instrument. The board shall promptly review and act on these recommendations. Any self-evaluation instrument shall incorporate criteria contained in these board policies regarding board operations, criteria defining board effectiveness as defined by recognized practitioners in the field and any other criteria the board determines would enhance the goal of identifying the board's strengths and areas in which it might improve its functioning.

The board is committed to having an annual self-evaluation meeting no later than December, at a date selected at the board's annual organizational meeting. All trustees will attend this self-evaluation meeting which will be open to the public, and district students, employees, and residents will be encouraged to attend and provide input to the board at the meeting.

Board members will be given the self-evaluation instrument prior to the annual self-evaluation meeting but shall not complete the self-evaluation instrument until after the meeting. The completed and signed instrument shall be submitted to an office designated by the Board President. The results will be tabulated and discussed at the next board meeting. The results will be widely communicated and maintained in the district office. The results will be used to identify accomplishments in the past year and goals for the following year that will be reviewed and updated annually.

Some district students, employees, and residents will, because of their position or regular attendance at board meetings, have some familiarity with internal board operations and performance so as to provide meaningful input to the board in their self-evaluation process. Therefore, prior to the board's self-evaluation meeting, the board shall make available the self-evaluation instrument to a list of individuals which will include but not be limited to the associated student government officers, officers of the academic senates, the college presidents, the chancellor, vice chancellors, assistant vice chancellors, officers of the district's employee unions, community members who serve on the district bond oversight committees or foundations, accreditation representatives at each college, Chief/District Safety & Security, Lieutenants/Safety & Security, ten community members, five part-time faculty members, five full-time faculty members, five administrators, five department chairs, five students, and ten members of the classified staff. Any input from these individuals shall be given and reviewed at the self-evaluation meeting.

In addition, any student, community member, or employee shall be entitled to provide input to the board at the board's self-evaluation meeting.

Re: Approval of Letter of Support for Legislation to Assist Deferred Action for Childhood Arrivals (DACA) Students	
Action: Request for Action	

**BACKGROUND**

The Board Legislative Committee met on October 12, 2017, and reviewed various legislation to secure a program to assist DACA students. Unfortunately, although some of the legislation discussed might be supportive of the criteria trustees have expressed as a priority, there is no guarantee that one or any of these bills will be approved as presented at the RSCCD Board Legislative Committee. In fact, it is likely that last minute changes will be made.

As such, Townsend Public Affairs recommended that in lieu of supporting specific legislation at this time, the board send a letter of support per the criteria identified and prioritized to be supportive of the district's DACA students. Such letter would request that the abovementioned criteria be included and protected in any legislation that is ultimately approved.

Chairperson Claudia C. Alvarez requested that a letter delineating district-prioritized criteria be drafted for the board's consideration and approval. In addition, she asked that a chart comparing the legislation be available to assist board members in understanding the benefits of each bill.

**RECOMMENDATION**

It is recommended that the board approve the letter of support for legislation to assist DACA students.

**Re: Rancho Santiago Community College District support for Dreamers**

Dear Congressman Lou Correa:

On behalf of the Rancho Santiago Community College District Board of Trustees, I write to express our support for legislation that will continue to defer deportation for those currently protected by the Deferred Action for Childhood Arrivals program, and will also create a path to citizenship for the population of undocumented immigrants who arrived in the United States as minors, known as Dreamers.

Over the past several decades, a large number of parents brought their children to the United States in search of a better life, and did not comply with existing immigration statutes. Although the parents may or may not have been cognizant of their actions, their children, being minors, had no opportunity to comply with immigration regulations.

In 2012, upon the creation of the Deferred Action for Childhood Arrivals (DACA) program, hundreds of thousands of childhood arrivals gained access to a renewable two-year period of deferred action and work permits, and by extension, received a renewed opportunity at the American Dream. A path to citizenship was still not available to these individuals, but Dreamers were allowed a temporary reprieve.

The Trump Administration has announced that it will allow the DACA program to lapse, and that it is up to Congress to pass a legislative replacement. If Congress fails to do so by March 2018, nearly 800,000 previously undocumented immigrants will be forced back to countries they never called home or back into a life of being undocumented, which prevents them from participating in the workforce and paying taxes. Furthermore, those young people who gave personal information to the federal government would be at risk of having their compliance used as a method of identifying them for expedited deportation.

Today, schools in the Rancho Santiago Community College District are home to a large number of childhood arrivals who are vital members of the community. A legislative path forward that defers deportation and creates a path to citizenship would be immeasurably beneficial to the Dreamers who contribute at an impressively high rate to the health and wellbeing of their communities and our nation.

BOARD OF TRUSTEES:

Claudia C. Álvarez • Arianna P. Barrios • John R. Hanna • Zeke Hernandez • Lawrence "Larry" R. Labrado • Nelida Mendoza • Phillip E. Yarbrough

CHANCELLOR:

Raúl Rodríguez, Ph.D.

Lastly, the District feels it is imperative that legislation be passed as soon as possible, without waiting until the deadline. If Congress waits to act until it is nearly too late, we as a nation will be creating massive upheaval in the lives of the very individuals we seek to protect.

We hope that you will work hard to pass a bill quickly that would offer protections and a path to citizenship, and we ask that you urge your colleagues in leadership to bring a legislative solution to the floor as soon as possible. Thank you for your continued work and attention to this issue.

Sincerely,

John Hanna  
President, Board of Trustees  
Rancho Santiago Community College District

Re:	Approval of Fringe Benefit Providers for Calendar Year 2018	
Action:	Request for Authorization	

**BACKGROUND**

The District joined the ASCIP insurance pool in 2015 for our medical, dental and vision benefits. The District has offered an Anthem Blue Cross HMO and PPO medical plans to our employees for a number of years. At a recent Joint Benefits Committee meeting, the Committee unanimously recommended that the District add Kaiser Permanente as a third medical plan option for our employees. Our other fringe benefit providers will remain the same as last year.

**ANALYSIS**

The renewal rates for the district-paid benefits through the insurance pool resulted in a combined increase to Anthem medical plans by 2.5%. PPO dental decreased by 3%, and there will be no change in HMO dental. Our vision benefit, VSP, will be decreasing by 3%. The Kaiser rates are slightly less than the Blue Cross HMO rates. Below are the recommended benefit providers for 2018:

<u>Company</u>	<u>Coverage</u>
Anthem BlueCross (PPO/HMO)	Health Care
Kaiser (HMO)	Health Care
Delta Dental (PPO/HMO)	Dental Care
MetLife Basic Life Insurance	District Paid Life Insurance
MetLife Voluntary Life Insurance	Voluntary Life Insurance
VSP Voluntary Vision	Voluntary Vision Plan
AFLAC	Voluntary - Cancer; Accident Insurance & Disability Insurance
MetLife	Auto/Home/Pet Insurance
American Fidelity	Hyatt Legal Plans
United Pet Care	Section 125 Plan Administrator
Health Advocate	Voluntary Cancer, Accident Insurance, & Disability Insurance.
	Voluntary veterinary discount plan.
	Employee Assistance Program

**RECOMMENDATION**

It is recommended that the Board of Trustees approve the renewal of these insurance programs at the negotiated rates and add Kaiser as an additional health benefit provider. It is also recommended to authorize the Chancellor, or his designee, to enter into the appropriate agreements with the above companies for January 1, 2018 – December 31, 2018.
