

Santa Ana College Transfers to Four-Year Institutions by Degree-Earners

June 2015

In 2013-14, Santa Ana College (SAC) awarded 1,908 AA/AS degrees to their students. An unduplicated count of those students (some were awarded multiple degrees during Summer 2013, Fall 2013, Intersession 2014 and Spring 2014 sessions) results in 1,530. For those graduates:

- Transfer files (Summer 2013 through Spring 2014) were located at four-year institutions for 52% (803 out of 1,530) of the students who were awarded degrees by SAC.
- Nearly three-quarters (582 out of 803) of the transfers to four-year institutions by SAC graduates enroll in colleges in the California State University system.
- Over half (438 out of 803) of the transfers to four-year institutions by SAC graduates can be attributed to California State University, Fullerton.
- > The next highest numbers of transfers from SAC are to UC Irvine (6%) and CSU Long Beach (8%).
- Liberal arts graduates account for the highest number of transfers to four-year institutions followed by business, nursing and fire technology graduates.

The numbers presented in this report underestimate the true number of transfers due to limitations in tracking students once they leave our institution. Despite these limitations, the transfer activity captured in this report provides valuable insight on student transfer and college degree completion. Note that we do not have access to student course enrollment or performance at their new college destinations.

Detailed data is included on the next pages.
