These positions have not been all hired and it is estimated that SAC will spend only \$179,710 in this obj. code from now to the end of the year, if all these new positions are hired. The \$125K difference in this particular object code is due to positions that have become vacated and have not been filled yet.

- 1. Welcome: Mr. Hardash called the meeting at 1:33 p.m.
- 2. State/District Budget Update Hardash
 - Governor's Proposed budget was released on January 10th and an update was provided to the Board of Trustees at their February meeting. The following were noted:
 - Governor advises to prepare for the next economic downturn as it is way past due
 - Prop 98 minimum funding guarantee for K-14 in 2017-18 is estimated to increase by \$2.1 billion. Community College funding shortfall of \$45 million is approximately a \$1.1 million loss for RSCCD
 - o COLA estimated at 1.48%
 - 1.34% in growth/access which is an opportunity to earn \$1.5 million for RSCCD, however, we are in stabilization, no growth opportunity until we restore.
 - There are one time funds for the Pathways program, scheduled maintenance and instructional equipment and Prop 39 Energy Efficiency program, not to be confused with the Prop 39 related to bond for construction.
 - Election cost came in under the budgeted amount, each year the District budgets \$250,000. Per the BAM, the unspent funds will go back to the campuses on the 70/30 split as one-time funds, the bills came in at just over \$100,000.
 - 2015/16 Apportionment Recalculation Until the end of February we won't know
 what the District's final funded FTES will be. Mr. Hardash reviewed the 2016/17
 FTES Target Comparison to P-1 Actual. We are down 2.74% for half a year, and a
 total of 4-5% for the year. The College Presidents stated that their half year
 projections were very optimistic. At the next meeting stabilization, restoration,
 decline and borrowing will be placed on the Chancellor's Cabinet agenda for
 discussion and will appear on the FRC agendas for discussion so that everyone
 understands these processes.
