EQUIPMENT, SUPPLIES AND SERVICES – QUOTATION AND BID INFORMATION

The acquisition of materials and/or services totaling \$15,000.00 or less (including sales tax) may be made by issuing a purchase order following competitive negotiations with one or more vendors. In many instances, negotiation with more than one vendor is preferable.

Unless waived for good cause, our policy is to obtain written quotations from two or three vendors for equipment, supplies, and services (except for public works projects) totaling more than \$15,000.00 and up to \$109,300 (including applicable sales tax).

Formal advertised bids are required for equipment, supplies, and services equal to or exceeding \$109,300* (including applicable sales tax) except for public works for which we have adopted the Informal Bidding Procedures for public works projects as explained in the following section.

All advertised bids for equipment, supplies and services will be received ONLY in the Purchasing Department in a sealed envelope identified with the bid name and number prior to the date and time specified in the bid instructions. Bids received after the scheduled bid closing time will be returned unopened to the bidder.

Presence at bid openings is not required, although vendors are welcome to attend.

The purchase of goods and/or services shall be let to the lowest responsible and responsive bidder meeting specifications, except for technology equipment, supporting software and related materials, goods, and services where the bid may be let to any one of the three lowest bidders meeting specifications.

After the bids have been reviewed and analyzed, a recommendation shall be made to the Board of Trustees at the next regularly scheduled Board meeting. Bids will be available for review in the Purchasing Department after the awards have been made.

*Annual inflation adjustment, Public Contract Code 20651(a)

PUBLIC WORKS PROJECT – QUOTATION AND BID INFORMATION

A “public works project” means any of the following:
(Public Contract Code 22002)

1. Construction, reconstruction, erection, alteration, renovation, improvement, demolition, and repair work involving any publicly owned, leased, or operated facility, any public structure, building, road or other public improvement of any kind.
2. Painting or repainting of any publicly owned, leased, or operated facility.

The district has adopted the alternative bidding and contracting procedures for public works projects under the Uniform Public Construction Cost Accounting Act as specified in Public Contract Code §22000 et seq.

Public works projects totaling \$15,000 or less (including sales tax) may be made by issuing a purchase order following competitive negotiations with one or more licensed contractors. In many instances, negotiation with more than one contractor is preferable.

Unless waived for good cause, our policy is to obtain written quotations from two or three contractors for public works projects totaling \$15,000 and up to \$59,999 (including applicable sales tax).

Public works projects totaling \$60,000 and up to \$200,000, are handled by informal bidding procedures per Public Contract Code §22003 et. seq. and our Board Policy #6603. These bids are handled the same as the formal bids with these exceptions:

1. Informal bid notices will be sent per project to applicable trade contractors on District’s qualified list.
2. Contracts may be awarded by the Chancellor or Vice Chancellor of Business Services and ratified at the next regularly scheduled Board meeting.

Public works projects exceeding \$200,000 (including applicable sales tax), are handled by formal bidding procedures, and are formally advertised.

Please see Board Policy 6332-Competitive Bidding and Board Policy 6603-Informal Bidding Procedures.

All advertised bids for public works projects will be received ONLY in the District Support Services Department in a sealed envelope identified with the bid name and number prior to the date and time specified in the bid instructions. Bids received after the scheduled bid closing time will be returned unopened to the bidder.

Presence at bid openings is not required, although vendors are welcome to attend.

The purchase of public works services shall be let to the lowest responsible and responsive bidder meeting specifications.

After bids (over \$200,000) have been reviewed and analyzed, a recommendation is made to the Board of Trustees at the next regularly scheduled Board meeting. Bids will be available for review in the Purchasing Department after the awards have been made.

OPPORTUNITIES FOR LOCAL HIRES AND LOCAL BUSINESSES

The District's Board of Trustees adopted requirements to increase participation of Local Hires and Local Businesses on the District's capital improvement, construction, and construction management projects. The participation goal is fifty percent (50%) of Local Hires and twenty-five (25%) participation of Local Businesses on projects awarded each year. These goals are reflective of the demographics of the community. It is the intent to not only meet the goals but to exceed them.

The District has defined "Local Hires" as individuals, veterans and current/former RSCCD students who reside in the cities of the Rancho Santiago Community College District (RSCCD) boundaries and can provide work on District construction projects. "Local Business" is defined as a business serving as a contractor or supplier that has its principal headquarters or permanently staffed regional office and has held a business license with one of the cities within RSCCD boundaries for a minimum of three months or a business certified at the state/national level as minority-owned, women-owned or veteran-owned and has performed work for the District or other public entity within the District boundaries during the past four years or will agree to participate in a District internship program for at least one semester to provide students opportunities in the particular business field.

COMMUNITY STUDENT WORKFORCE PROJECT AGREEMENT (CSWPA)

The District's construction and major rehabilitation projects for Santa Ana College are funded by Measure Q, a \$198 million bond. To utilize the most modern, efficient and effective procedures for construction, including assurances of skilled craft persons, and the elimination of disruptions or interference with project work, the District adopted CSWPA to meet the District's goal that the project work be completed on time and within budget. PRE-BID MEETINGS AND JOB WALKS

Vendors and contractors are strongly encouraged (and in some instances mandatory) to attend pre-bid meetings and job walks. These services are provided for your assistance in clearly understanding all specifications and requirements.

COMPLETING THE ORDER

Vendors must deliver the exact products or services upon which they bid. Failure to do so may constitute breach of contract and could impact a vendor's future ability to do business with the District. Vendors are advised to notify the Buyer immediately if they are unable to fulfill the requirements of a purchase order which has been issued to them.

BOARD RESOLUTION PERMITTING COOPERATIVE PURCHASING

Providing the agency with whom the District wants to do business has a reciprocal agreement, the Rancho Santiago Community College District Board may "piggyback" onto active bids for the acquisition of equipment, materials and services from other college or school districts, as well as state and other public agencies, in accordance with different education codes and public contract codes governing such activities.

HAZARDOUS PRODUCTS

Vendors are required to provide proper labeling and material safety data sheets on all products that are considered hazardous as defined by Title 8, California Code of Regulations. The MSDS is required when the merchandise is shipped.

CONTACT WITH DISTRICT PERSONNEL

Vendors may contact the college and/or individual departments; however, only the Purchasing Services is authorized to issue purchase orders. District employees are not to place orders for goods/services unless they have an approved purchase order. Vendors are not to accept orders or deliver any goods/services without an approved purchase order. Purchases made in the name of the District without an authorized purchase order shall be considered an obligation of the person making the purchase and *not* an obligation of the District.

Vendors will occasionally expend a considerable amount of time in presenting or designing a product in the hope of making a sale. If you do this, remember that the purchase will normally be made to the lowest responsible and responsive bidder meeting the specifications, terms, and conditions. Your investment of time and/or expenditures for design, demonstrations, layouts, etc., does not guarantee award to your company or preferential treatment of any kind, nor reimbursement.
