## INDEPENDENT AUDITOR'S REPORT

Board of Trustees and Citizens' Oversight Committee  
Rancho Santiago Community College District  
Santa Ana, California

### Report on the Financial Statements

We have audited the accompanying financial statements of the Rancho Santiago Community College District (the District), Measure E Revenue Bond Construction Fund (Measure E), as of and for the year ended June 30, 2014, and the related notes to the financial statements, as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Measure E Revenue Bond Construction Fund (Measure E) of the District at June 30, 2014, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Emphasis of Matter**

As discussed in Note 1, the financial statements present only the Measure E Revenue Bond Construction Fund specific to Measure E, and are not intended to present fairly the financial position and changes in financial position of the District in accordance with accounting principles generally accepted in the United States of America.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 29, 2014, on our consideration of the District's Measure E Revenue Bond Construction Fund (Measure E) internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's Measure E Revenue Bond Construction Fund (Measure E) internal control over financial reporting and compliance. Accordingly, this communication is not suitable for any other purpose.

### ***NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES***

The accounting policies of the Measure E Revenue Bond Construction Fund (Measure E) conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

#### **Financial Reporting**

The audited financial statements include only the Measure E Revenue Bond Construction Fund of Rancho Santiago Community College District (the District). This Fund was established to account for the receipt of proceeds of general obligation bond issuances and the expenditures of the proceeds under the General Obligation Bond Election of November 2002. These financial statements are not intended to present fairly the financial position and the changes in financial position of the District in compliance with accounting principles generally accepted in the United States of America.

#### **Fund Accounting**

The operations of the Measure E Revenue Bond Construction Fund are accounted for in a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. Resources are allocated to, and accounted for, in the fund based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

#### **Basis of Accounting**

The Measure E Revenue Bond Construction Fund is accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures, and changes in fund balance reports on the sources (revenues and other financing sources) and uses (expenditures and other financing uses) of current financial resources. These fund financial statements do not include the adoption of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, as the District was not required to adopt GASB Statement No. 54 under the reporting requirements of GASB Statement No. 35.

#### **Budgets and Budgetary Accounting**

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds. The District's governing board adopts an operating budget in accordance with State law. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements. The Board revises this budget during the year to give consideration to unanticipated revenues and expenditures primarily resulting from events unknown at the time of budget adoption. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

---

### Encumbrances

The District utilizes an encumbrance accounting system under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Encumbrances are liquidated when the commitments are paid and all outstanding encumbrances are liquidated at June 30 since they do not constitute expenditures or liabilities.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

### Fund Balance - Governmental Funds

As of June 30, 2014, the fund balance of the Measure E Revenue Bond Construction Fund was classified as follows:

**Restricted** - amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation, or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

### NOTE 2 - INVESTMENTS

#### Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

**Investment in County Treasury** - The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit receipts and collections of monies with their County Treasurer (*Education Code* Section 41001). The fair value of the District's investment in the pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which are recorded on the amortized cost basis.

County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Joint Powers Authority Pools	N/A	None	None

**Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The District manages its exposure to interest rate risk by investing in the Orange County Investment Pool. The District maintains an investment of \$20,533,616 with the Orange County Investment Pool. The fair value of this investment is approximately \$20,541,994 with an weighted average maturity of 519 days.

**Credit Risk**

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investment in the Orange County Investment Pool is rated Aaa by Moody's Investor Service.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED  
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Trustees and Citizens' Oversight Committee  
Rancho Santiago Community College District  
Santa Ana, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the accompanying financial statements of the Rancho Santiago Community College District (the District) Measure E Revenue Bond Construction Fund (Measure E), as of and for the year ended June 30, 2014, and the related notes to the financial statements, and have issued our report thereon dated November 29, 2014.

As discussed in Note 1, the financial statements present only the Measure E Revenue Bond Construction Fund (Measure E), and are not intended to present fairly the financial position and changes in financial position of the District in accordance with accounting principles generally accepted in the United States of America.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the District's Measure E Revenue Bond Construction Fund (Measure E) internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's Measure E Revenue Bond Construction Fund (Measure E) internal control. Accordingly, we do not express an opinion on the effectiveness of the District's Measure E Revenue Bond Construction Fund (Measure E) internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's Measure E Revenue Bond Construction Fund (Measure E) financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Measure E Revenue Bond Construction Fund (Measure E) of the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's Measure E Revenue Bond Construction Fund (Measure E) internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's Measure E Revenue Bond Construction Fund (Measure E) internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON PERFORMANCE**

Board of Trustees and Citizens' Oversight Committee  
Rancho Santiago Community College District  
Santa Ana, California

We were engaged to conduct a performance audit of Rancho Santiago Community College District (the District) Measure E Revenue Bond Construction Fund (Measure E) for the year ended June 30, 2014.

We conducted this performance audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our conclusions based on our audit objectives.

Our audit was limited to the objectives listed within the report which includes determining the District's compliance with the performance requirements as referred to in Proposition 39 and outlined in Article XIII A, Section 1 (b)(3)(C) of the California Constitution. Management is responsible for the District's compliance with those requirements.

In planning and performing our performance audit, we obtained an understanding of the District's internal control in order to determine if the internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39 and outlined in Article XIII A, Section 1 (b)(3)(C) of the California Constitution. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

The results of our tests indicated that the District expended Measure E Revenue Bond Construction Fund (Measure E) only for the specific projects approved by the voters, in accordance with Proposition 39 and outlined in Article XIII A, Section 1 (b)(3)(C) of the California Constitution.

## ***AUTHORITY FOR ISSUANCE***

The Measure E Revenue Bond Construction Fund (the Bonds) were issued pursuant to the Constitution and laws of the State of California (the State), including the provisions of Chapters 1 and 1.5 of Part 10 of the California Education Code, and other applicable provisions of law. The District received authorization from an election held on November 5, 2002, to issue bonds of the District in an aggregate principal amount not to exceed \$337,000,000 to finance the acquisition, construction, and modernization of certain property and District facilities. The Measure required approval by at least 55 percent of the votes cast by eligible voters within the District.

In March 2003, the District issued General Obligation Bonds, Election of 2002, Series 2003A in the amount of \$96,125,000. The Series 2003A Bonds were authorized to be issued by a resolution adopted by the Board of Supervisors of the County on February 11, 2003, pursuant to a request of the District made by a resolution adopted by the Board of Trustees of the District on January 13, 2003. The Bonds represent the first series of bonds sold within the Authorization.

In February 2005, the District issued General Obligation Bonds, Election of 2002, Series B in the amount of \$119,999,867.25. The Series B Bonds were authorized to be issued by a resolution adopted by the Board of Supervisors of the County on January 11, 2005, pursuant to a request of the District made by a resolution adopted by the Board of Trustees of the District on December 13, 2004. The Bonds represent the second series of bonds sold within the Authorization.

In September 2006, the District issued General Obligation Bonds, Election of 2002, Series C in the amount of \$120,874,238.55. The Series C Bonds were authorized to be issued by a resolution adopted by the Board of Supervisors of the County on September 12, 2006, pursuant to a request of the District made by a resolution adopted by the Board of Trustees of the District on August 28, 2006. The Bonds represent the third series of bonds sold within the Authorization and will account for substantially all of the remaining amount of Authorization.

In August 2005, the District issued 2005 General Obligation Refunding Bonds, in the amount of \$53,559,298.50. The Refunding Bonds were authorized to be issued by a resolution adopted by the Board of Trustees of the District on March 8, 2005. The Bonds were issued to advance refund a portion of the General Obligation Bonds, Election of 2002, Series 2003A Bonds.

In November 2011, the District issued 2011 General Obligation Refunding Bonds, in the amount of \$10,300,000. The Refunding Bonds were authorized to be issued by a resolution adopted by the Board of Trustees of the District on October 10, 2011. The Bonds were issued to advance refund a portion of the General Obligation Bonds, Election of 2002, Series 2003A Bonds.

In March 2012, the District issued 2012 General Obligation Refunding Bonds, in the amount of \$62,985,000. The Refunding Bonds were authorized to be issued by a resolution adopted by the Board of Trustees of the District on February 27, 2012. The Bonds were issued to advance refund a portion of the General Obligation Bonds, Election of 2002, Series A and Series B Bonds.

In January 2013, the District issued 2013 General Obligation Refunding Bonds, in the amount of \$79,130,000. The Refunding Bonds were authorized to be issued by a resolution adopted by the Board of Trustees of the District on December 10, 2012. The Bonds were issued to advance refund a portion of the General Obligation Bonds, Election of 2002, Series B and Series C Bonds.

***PURPOSE OF ISSUANCE***

The net proceeds of the Bonds issued under the 2002 Authorization will be used for the purpose specified in the District bond proposition submitted at the Election, which include the purposes of improving safety and the quality of education in the District by helping to finance the acquisition, construction, and modernization of certain property and District facilities.

***AUTHORITY FOR THE AUDIT***

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school district, community college districts, or county offices of education for the following: "construction, reconstruction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of rental property for school facilities", upon approval by 55 percent of the electorate. In addition to reduction of the approval threshold from two-thirds to 55 percent, Proposition 39 and the enacting legislation (AB 1908 and AB 2659) requires the following accountability measures as codified in *Education Code* Sections 15278-15282:

1. Requires that the proceeds from the sale of the bonds be used only for the purposes specified in Article XIII A, Section 1(b)(3)(C) of the California Constitution, and not for any other purpose, including teacher and administrator salaries and other District operating expenses.
2. The District must list the specific facilities projects to be funded in the ballot measure, and must certify that the governing board has evaluated safety and information technology needs in developing the project list.
3. Requires the District to appoint a Citizens' Oversight Committee.
4. Requires the District to conduct an annual independent financial audit and performance audit in accordance with the *Government Auditing Standards* issued by the Comptroller General of the United States of the bond proceeds until after all of the proceeds have been expended.
5. Requires the District to conduct an annual independent performance audit to ensure that the funds have been expended only on the specific projects listed.

***OBJECTIVES OF THE AUDIT***

1. Determine whether expenditures charged to the Bond Funds have been made in accordance with the Bond project list approved by the voters through the approval of the Measure E.
2. Determine whether salary transactions charged to the Bond Funds were in support of Measure E and not for District general administration or operations.

**RANCHO SANTIAGO COMMUNITY COLLEGE DISTRICT

**JUNE 30, 2014**

---

***SCOPE OF THE AUDIT***

The scope of our performance audit covered the period of July 1, 2013 through June 30, 2014. The population of expenditures tested included all object and project codes associated with the bond projects. The propriety of expenditures for capital projects and maintenance projects funded through other State or local funding sources, other than proceeds of the Bonds, were not included within the scope of the audit. Expenditures incurred subsequent to June 30, 2014, were not reviewed or included within the scope of our audit or in this report.

***PROCEDURES PERFORMED***

We obtained the general ledger and the project expenditure reports prepared by the District for the fiscal year ended June 30, 2014, for the Measure E Revenue Bond Construction Fund. Within the fiscal year audited, we obtained the actual invoices and other supporting documentation for all expenditures to ensure compliance with the requirements of Article XIII A, Section 1(b)(3)(C) of the California Constitution and Measure E as to the approved bond projects list. We performed the following procedures:

1. Determine District procedures for disbursement of funds related to the voter approved Measure E General Obligation Bonds were applied in accordance with laws and regulations, as well as policies approved by the Board of Trustees. This will be accomplished through the inspection of specified documents evidencing certain types of transactions and detailed attributes thereof; including, but not limited to, the specific documents related to bid procedures for contracts and services, invoices for services rendered, and other appropriate documents deemed necessary to provide a basis for the results of our objective.
2. Review the detailed accounting of expenditures to determine if proceeds are being spent on administrative salaries or any other expense that would otherwise be the obligation of the General Fund.
3. From a sample of construction expenditures from the detailed accounting of expenditures, review expenditures to determine if proceeds expended are for specific projects as listed in the voter approved bond language. Expenditures from all projects will be included in the sample.

***CONCLUSION***

We reviewed construction expenditures totaling 44 percent of all expenditures and other uses from the detailed accounting of expenditures. Our sample included transactions totaling \$12,103,703 of the total expenditures and other uses of \$27,319,826. The results of our tests indicated that, in all significant respects, the District has properly accounted for the expenditures held in the Measure E Revenue Bond Construction Fund and that such expenditures were made for authorized Bond projects. There were no salaries of administrators charged to the Bond Funds for District general administration or operations. District procedures for disbursement of funds were applied in accordance with laws and regulations, as well as policies approved by the Board of Trustees.
