Subject: 2016-17 May Revision Update for CCC

Colleagues,

The Governor just released his 2016-17 May Revision, which includes an update of his projections, policies, and priorities outlined in his Governor's Budget released in January. Below is a brief analysis of the May Revision as it relates to the California Community Colleges. Please note the adjustments are ongoing unless otherwise noted as one-time.

Proposition 98

The 2016-17 Proposition 98 Minimum Guarantee increased from \$71.6 billion at Governor's Budget to \$71.9 billion at May Revision, however, 2015-16 decreased from \$69.2 billion at Governor's Budget to \$69.1 billion, which is still greater than the 2015-16 Budget Act estimate of \$68.4 billion. 2014-15 increased from \$66.7 billion to \$67.2 billion.

The May Revision maintains our 10.93% split for 2014-15, 2015-16, and 2016-17.

Apportionments

A \$75 million increase is proposed for a base increase. These funds will help colleges make up for the purchasing power lost during the recent recession and to help mitigate other cost increases on the horizon (pension, health care, campus safety, technology, etc.).

A \$38.6 million increase is proposed to cover lower than initially estimated 2015-16 property taxes. To the extent our property tax deficit is less than this amount at P2, these remaining funds will be allocated as one-time mandated costs payments. (One-time)

A \$29.3 million decrease is proposed to reflect a 0% COLA. This is a technical adjustment that is consistent with the K-12's statutory apportionment adjustment.

The May Revision maintains enrollment growth funding of 2%.

A \$29.2 million increase to retire prior mandate claims, which brings the new total to \$108.5 million. While these funds are unrestricted, language encourages these funds to be used to promote campus security, technology, and professional development.

Facilities

A \$70.1 million decrease for the Deferred Maintenance and Instructional Equipment program to help support other priorities contained in the May Revision. This lowers the total amount for the program to \$219.4 million. In addition, the cap for seismic retrofit projects is proposed to increase to \$646,000. (One-time)

A \$4.1 million increase for Proposition 39 energy efficiency projects. This increases the total amount for the program to \$49.3 million for the fourth year of the program.

Trailer bill language will also increase the Division of State Architect minimum project cost thresholds to \$100,000 for structural and \$225,000 for nonstructural. This proposal will improve efficiency by allowing more projects to be exempt from Division of State Architect approval.

<u>Instructional</u>

A \$300,000 increase for the Academic Senate to, in part, support implementing the Workforce Taskforce recommendations. These funds will also help support the great work our Academic Senate has done on various initiatives in recent years.

A \$3 million increase for a new program to support digital content on e-readers in state correctional facilities. This is a new program that is attempting to eliminate a potential barrier of success for incarcerated students.

A \$5 million increase for statewide activities necessary to support the Adult Education Block Grant program. These funds will be used to continue providing webinars, trainings, convenings, professional development, and technical assistance over the next three years. (One-time)

There are no changes to the Basic Skills Initiative program; however, the \$30 million increase provided at the Governor's Budget remains in the May Revision.

Technology

A \$20 million increase for the Online Education Initiative to support the development of courses in the Online Course Exchange. (One-time)

A \$5 million increase (Ongoing) and \$7 million (One-time) for the Telecommunications and Technology Infrastructure Program to support of 10 Gig circuits throughout the system. These circuits will be procured for and managed centrally to take advantage of our systems economies of scale.

There are no dollar changes to the zero-textbook cost degree proposal; however, the following changes to the program propose: (1) award amounts are decreased from a maximum of \$500,000 to a maximum of \$200,000 per grant, (2) financial sustainability of the degree is now a factor for consideration in the grant process, (3) faculty purview and compliance with ADA are now specifically mentioned, and (4) a start date of 2018-19 for these degrees to be offered is included.

Workforce

There are no dollar changes to the Strong Workforce Program; however, the May Revision proposes the following changes: (1) requires the Chancellor's Office to provide options for course approval to be completed in a half a year and one year, (2) requires the Chancellor's Office to provide options for curriculum to be portable once approved, (3) requires a 60%/40% (college/region) split of funding allocated to regions, (4) allows up to 60% of the funding

received by the college to be used for ongoing purposes, and (5) makes maintenance of effort based on percent of CTE FTES to total FTES.

Other

The Compton Community College District's loans are proposed to be refinanced at 2.307%, which allows an opportunity for the district to reinvest in operation needs. The interest rate is the same as provided to two K-12 districts in the prior year's budget.

While the May Revision hasn't brought about a significant increase in resources to our system above the Governor's Budget, it's important to keep in mind we've still seen a significant increase above the 2015-16 Budget Act. As mentioned before, we are nearing the point when a normal economic expansion period should end; therefore, it's important to use the resources provided in this budget to position your college for the future.

Next steps in the budget process include a response by the Legislative Analyst's Office, review by the budget committees of each house, and a legislative conference committee to iron out differences between the two houses. It is expected that the budget will be approved and signed by the Governor prior to July 1, 2016. During this process, I'll continue to keep the system updated at key milestones.

May Revision Reflects Economic Slowdown, but Not for Proposition 98

As expected, Governor Jerry Brown's revision to his 2016-17 State Budget proposal reflected weakened revenues in the current and out years, saying "the surging tide of revenue is beginning to turn." The purpose of this article is to provide a quick overview of Governor Brown's assertions regarding the revised 2016-17 State Budget. We address topics highlighted by Governor Brown, but reserve our commentary for inclusion in our more detailed *Community College Update* article, to be released later today, May 13, 2016.

Governor Brown highlighted last month's lackluster personal income tax revenue and year-to-date weak sales tax receipts in his press conference, which he estimates at \$1.9 billion below January projections. But the Proposition 98 guarantee increased slightly in the budget year, decreased marginally in the current year, and increased slightly last year. Governor Brown projects the 2016-17 Proposition 98 minimum guarantee increased to \$71.9 billion compared to \$71.6 billion in January, while the 2015-16 minimum guarantee decreased from \$69.2 billion to \$69.1 billion at the May Revision; this however is still above the 2015-16 enacted State Budget of \$68.4 billion. Finally, the 2014-15 minimum guarantee increased from \$66.7 billion to \$67.2 billion.

For California Community Colleges, the most significant change is an additional \$75 million in base apportionment for "operating expenses in areas such as employee benefits, facilities, professional development, converting faculty from part time to full time, and other general expenses." Other significant changes include:

- \$29.3 million reduction in apportionments to reflect a change in the cost-of-living adjustment from 0.47% down to zero—growth remains at 2%
- \$41.5 million increase for a revised estimate of the City College of San Francisco's declining enrollment protection
- A decrease of \$65.8 million to Deferred Maintenance and Instructional Equipment—\$219.4 million remains
- \$5 million ongoing increase and \$7 million in one-time funds for the Telecommunications and Technology Infrastructure Program
- \$4.1 million increase for Proposition 39 energy efficiency projects
- An additional \$20 million one-time funds to expedite and enhance the adaptation and development of online courses that will be available through the online course exchange
- An increase of \$29.2 million, one-time, to pay for outstanding mandate debt on a per full-time equivalent student basis
- An additional \$5 million for Adult Education Block Grant technical assistance

No funding changes were proposed for the Strong Workforce Program, the Basic Skills Initiative program, or the zero-textbook cost degree proposal, though programmatic changes are proposed.

Page 6 of 49

Leaving the fate of additional spending in the hands of the voters, Governor Brown's press release stated, "Until the voters decide in November whether temporary taxes should be extended, the May Revision reflects the principle that no significant new ongoing spending commitments should be made." When asked by reporters about his stance on the school bond and Proposition 30 extension, regarding the Proposition 30 extension, Governor Brown said, "I'm leaving that to the people of California." Regarding the school bond, he was noncommittal, but said he could "write a lot of no arguments" for initiatives on the November ballot and that if the school bond did pass, he could "delay it," alluding to his power to not offer the bonds for sale.

More in-depth coverage of Governor Brown's revised proposals will be released in a comprehensive *Community College Update* article this evening.

The "Un-COLA" for 2016-17

Today, April 28, 2016, the United States Department of Commerce (USDOC) released the quarterly value of the Implicit Price Deflator for State and Local Government for the first quarter of the 2016 calendar year, which provides the last piece needed to calculate the 2016-17 statutory COLA for K-14 education. With this information, the year-over-year percentage change in the value of the Deflator is 0.0029%, which rounds to a COLA of zero. The January Governor's Budget estimate of the statutory COLA for 2016-17, a lowly 0.47%, now appears almost robust when viewed from the vantage point of no COLA.

For community colleges, the statutory COLA is intended to provide increases to per-FTES funding and numerous categoricals, in an attempt to keep up with the cost of doing business. For districts that are not growing or are declining in enrollment, the estimated 2016-17 COLA would have provided a meager—but critical—amount of ongoing discretionary funds. In the era of significant staffing cost increases for retirement benefits and the upcoming minimum wage increase, flat or declining colleges will be squeezed further with no COLA.

The full impact of the "Un-COLA" will become more apparent as the May Revision is released in the coming weeks. We expect the Governor's May Revision to reflect this updated COLA in the funding proposal for community colleges. Once the May Revision is released we will be updating the COLA and other factors in our Financial Projection Dartboard to reflect the latest information available.

COMMUNITY COLLEGE LEAGUE OF CALIFORNIA

13 May 2016

Dear Adam,

Governor Brown's just-released 2016-17 May Revision represents a cautious and pragmatic budget proposal that maintains earlier commitments to education while exercising restraint in light of a slow-growth economy and an uncertain revenue future.

The League extends its gratitude to the Governor for recognizing the critical nexus between base augmentation funding and maintaining educational quality. The May Revision includes a base augmentation of \$75 million, a clear recognition of the substantial fiscal challenges that districts face in coming years due to escalating operational costs, PERS and STRS increases, as well as the upcoming sunset of Proposition 30 revenues.

With this May Revision, Governor Brown is sending a clear message to the Legislature about the critical importance of holding the line on new and ongoing spending obligations. (See <u>Aesop's The</u> Ant and the Grasshopper.)

Economic Context

The May Revision reflects a stagnant state economy. In the current fiscal year, total state revenues of \$95.15 billion are off by \$680.5 million, or 0.7 percent. The personal income tax and the sales tax are falling short by \$1.16 billion and \$217.6 million, respectively. Corporate tax revenue for the fiscal year to date is surpassing expectations by \$476.3 million. The Governor advises extreme caution despite improved fiscal conditions by emphasizing that the state's primary goal should be to substantially increase the Rainy Day Fund.

Proposition 98 and Community Colleges

With the release of new data from the US Department of Commerce, the statutory COLA previously proposed at 0.47% is now reduced to a disappointing 0%. The Proposition 98 guarantee is up slightly from \$71.6 billion in January to a new total of \$71.9 billion. This growth continues the availability of one-time dollars, which the Governor proposes to spend on enhancing the Online Education Initiative, deferred maintenance, equipment, and projects that reduce energy costs and usage. For community colleges, the Governor's 2016-17 May Revision provides \$490.2 million in new ongoing Proposition 98 resources, and approximately \$380 million in one-time funds.

Notable Proposals in May Revision

The May Revision also reflects many policy priorities identified both by the Governor and Legislature. The proposal includes an increase of \$2.3 million for the Equal Employment Opportunity Program and boosts Full-Time Student Success Grants by \$2.2 million.

The Governor's revised budget maintains the robust investment of \$200 million in the Strong Workforce Initiative. This investment provides an exceptional opportunity to serve more Californians and support our colleges in offering programs that individuals seek when confronting unemployment or underemployment. The League will advocate for a regional approach that maintains and honors the Governor's commitment to subsidiarity – the organizing principle that matters are best handled by the least centralized competent authority – the colleges themselves.

Though a much-needed investment in the Cal Grant Program is still absent from this budget, the League will continue to advocate for college affordability and financial aid that recognizes non-tuition costs as significant barriers to access, persistence and completion.

The League's May Revision Summary chart illustrates the major components of the proposed budget for community colleges. The chart is <u>available here</u>.

By allocating crucial base augmentation dollars, the Governor's proposal acknowledges the quality and value community colleges provide to so many Californians and the imperative role we play in strengthening the economy, supporting democratic engagement, and sustaining our communities.

In the coming week, your League will release an analysis with more details on specific proposals as well as a budget position letter. You can also follow budget updates on the <u>League's Budget & Policy Center</u> or by contacting Lizette Navarette at <u>lizette@ccleague.org</u>.

I. State Revenue

2016/

A. Budgeting will continue to utilize the District's Budget Allocation Model (BAM) based on SB 361.

- b based on estimate of no growth earned as of 4/20/2016

The budget proposal includes 2% Restoration/Access/Growth funding, and 0.00% COLA.

Projected COLA of 0.00%	\$0
Projected Restoration/Access/Growth -0-	\$0
Continued Projected Deficit (Reduced to est. 0.70%)	\$461,255
Apportionment Base Increase for 2016/17	\$461,255
17 Potential Growth at 0.78% based on 2% system	29,134

- C. Education Protection Account (EPA) funding estimated at \$24,480,078 based on 2015/16 P1. These are not additional funds. The EPA is only a portion of general purpose funds that offsets what would otherwise be state aid in the apportionments. We intend to charge a portion of faculty salaries to this funding source in compliance with EPA requirements.
- D. Unrestricted lottery is projected at \$140 per FTES (\$4,200,032). Restricted lottery at \$41 per FTES (\$1,230,009). (2015/16 P1 of resident & nonresident factored FTES, 30,000.23 x 140 = \$4,200,032 unrestricted lottery; 30,000.23 x 41 = \$1,230,009.) With an slight increase in estimated FTES there is an increase in revenue.
- E. Estimated reimbursement for part-time faculty compensation is estimated at \$674,926 (2015/16 P1). Slight Increase.
- F. Categorical programs will continue to be budgeted separately; self-supporting, matching revenues and expenditures. COLA is being proposed on certain categorical programs. Without COLA, other categorical reductions would be required to remain in balance if settlements were reached with bargaining groups. The colleges will need to budget for any program match requirements using unrestricted funds.
- G. BOG fee waivers 2% administration funding estimated at 2015/16 advance apportionment of \$284,586. Unchanged.
- H. Mandates Block Grant estimated at a total budget of \$740,000. Unchanged. In addition, with a one-time \$76.3 million allocation statewide for past Mandated Cost reimbursement, we expect approximately \$1.9 million in one time funds. These funds can be used for any one-time purposes and will require additional discussion before allocation.

II. Other Revenue

- I. Non-Resident Tuition budgeted at \$2,600,000. Increase of \$600,000.
- J. Interest earnings estimated at \$225,000. Slight increase.
- K. Other miscellaneous income (includes fines, fees, rents, etc.) is estimated at approximately \$350,000. Unchanged.
- L. Apprenticeship revenue estimated at \$2,538,900 (2015/16 P1). Increase of approximately \$628,000. (Corresponding expenses related to this increase must be budgeted for additional apprenticeship course offerings)
- M Scheduled Maintenance/Instructional Equipment allocation estimated at \$7 million (no match required).
- N. Energy Efficiency/Prop 39 revenue estimated at \$1 million. Slight increase from 2015/16.

RANCHO SANTIAGO COMMUNITY COLLEGE DISTRICT UNRESTRICTED GENERAL FUND 2016-17 Tentative Budget Assumptions May 10, 2016

III. Appropriations and Expenditures

- A. As the District's budget model is a revenue allocation model, revenues flow through the model to the colleges as earned. The colleges have the responsibility, within their earned revenue, to budget for ALL necessary expenditures including but not limited to all full time and part time employees, utilities, instructional services agreements, multi-year maintenance and other contracts, supplies, equipment and other operating costs.
- B. The Cost of Living Allowance (COLA) estimated at 0.00%.
- C. Step and column movement is budgeted at an additional cost of approximately \$1.1 million including benefits.

 (FARSCCD approximate cost \$415,000, CSEA approximate cost \$340,000, Management/Other approximate cost \$345,000)
- D. Health and Welfare benefit premium cost increase is estimated at 5% (for half the year) for an additional cost of approximately \$455,000 for active employees and an additional cost of \$155,000 for retirees, for a combined increase of \$610,000. State Unemployment Insurance local experience charges are estimated at \$250,000 (2015/16 budgeted amount). Unchanged. CalPERS employer contribution rate will increase in 2016/17 from 11.847% to 13.888% for an increase of \$630,063. (Note: The cost of each 1% increase in the PERS rate is approximately \$350,000.)
 - CalSTRS employer contribution rate will increase in 2016/17 from 10.73% to 12.58% for an increase of \$1,161,452. (Note: The cost of each 1% increase in the STRS rate is approximately \$700,000.)
- E. The full-time faculty obligation (FON) for Fall 2016 is estimated at 364.99. The District is currently recruiting 48 faculty positions (11 of which do not count toward the FON) for an estimated total of 37 positions counting toward the obligation. The District expects to meet its obligation. Penalties for not meeting the obligation amount to approximately \$73,000 per FTE not filled.

The additional cost of new full-time faculty being hired for Fall 2016 is estimated at \$382,437 is being covered from special projects in Fund 12 with no new costs to the unrestricted general fund. SAC is filling 10 vacancies and adding 11 new positions. SCC is filling nine vacancies and adding six new positions. (The cost of the 17 new positions, along with shifts from categorical funding, is budgeted at Class VI, Step 10 at approximately \$127,000 each, including benefits.)

- F. The current rate per Lecture Hour Equivalent (LHE) effective since 1/1/15 for hourly faculty is \$1,243.
- G. Retiree Health Benefit Fund (OPEB/GASB 45 Obligation) The District will continue to contribute an amount to fund the total actuarially determined Annual Required Contribution (ARC). The actual ARC for 2016/17 is expected to be over \$8 million. We should have the latest actuarial report and the new ARC for the Adopted Budget.
- H. Estimated cost savings from new staff placement at lower salary levels and lesser cost benefit plans.
- I. Capital Outlay Fund In addition to the state allocation for Scheduled Maintenance/Instructional Equipment, the District will continue to budget \$1.5 million for capital outlay needs.
- J. Utilities cost increases of 5%, estimated at \$200,000.
- K. Information Technology licensing contract escalation cost of 7%, estimated at \$125,000.
- L. Property and Liability Insurance transfer estimated at \$1,940,000, unchanged. All risks insurance reducted \$203,033
- M. Other additional DS/Institutional Cost expenses:

Legal Expenses of \$250,000 (from one-time funds) Executive Recruitment Cost \$60,000 (from one-time funds)

N. Child Development Fund - The District will continue to budget \$250,000 as an interfund transfer from the unrestricted general fund as a contingency plan. (\$140,000 was transferred in 2014/15 and expected in 2015/16)

¹ The Governor's intent in his proposal is that community college districts prioritize the use of their discretionary funding for "professional development, campus security infrastructure, technology infrastructure, and developing open education resources and zero-textbook-cost degrees."

² Any new costs to attract and serve additional non-resident students would also need to be budgeted. (Estimated revenue totals \$2 million SAC and \$600,000 SCC)

Executive Conference Room – District Office 1:30 p.m. – 3:00 p.m.

Meeting Minutes for April 27, 2016

FRC Members Present: Michael Collins, John Zarske, Arleen Satele, Michael DeCarbo, Mary Mettler, Peter Hardash, Adam O'Connor, Lee Krichmar, Maria Gil and Steve Eastmond

Alternates/Guests Present: Esmeralda Abejar, Jim Kennedy, Richard Kudlik, Narges Rabii-Rakin and Jose Vargas

- 1. Welcome: Mr. Hardash called the meeting at 1:31 p.m.
- 2. State/District Budget Update Hardash
 - May Revise due out May 12th or 13th. No surprises expected.
 - COLA Expected to be closer to the .47% due to gas price increase, calculated on a March to March basis.
 - Growth System is struggling to grow. PERS rate increased from 13.02% to 13.88%, an additional \$300,000+ in cost to the budget
 - The email from Mario Rodriguez March 25th Update of 2014-15 R1 and 2015-16 P1: Updates were made to correct an over allocation of apportionment growth in 2014-15. Some districts will see a reduction, however, RSCCD was not reduced as the District did not grow. These numbers constantly change at the state level. The \$15 million that was taken away was due to a Chancellor's Office error. The \$15 million will be reallocated on a one-time basis in April to all districts, about \$418,000 one-time for RSCCD which will flow through the model as revenue, however, we have an apportionment deficit of \$1.9 million. The memo refers to Exhibit E, however, that is an error, should read Exhibit D. Exhibit D is Exhibit C closed out.
- 3. Follow up: 2016/17 RSCCD Tentative Budget, Memo from Chancellor Rodriguez Hardash At the last meeting of the FRC, the committee asked Mr. Hardash to forward the following questions to Dr. Rodríguez for response.
 - What is the plan to prioritize for cuts?
 - Will the cuts be based on the split: the colleges by FTES and the district services making a cut of 17.7%?
 - Will the \$2 million from the budget stabilization fund be used first then cuts at the budget centers? What is the timeline for the plan?
 - What is the Chancellor's plan for the budget stabilization fund? How long does the Chancellor foresee stretching out the budget stabilization fund?

Dr. Rodriguez responded, copies of memo were distributed for review and questions. There were no questions or comments from the committee.

4. P-2 FTES Update – Hardash

Mr. Hardash reviewed the FTES Comparison 2014-15 (P-3) Annual to 2015-16 (P-2) Estimated Actuals. Last column, better or worse compares last year's annual FTES to estimated annual, P-2. We are in stabilization, we didn't grow, instead declined. We will be funded for 28,908.08. We will be held harmless in the year we declined.

In order to keep us whole this year, we would need to borrow from summer FTES. We can borrow prior to June 30th so we are not in stabilization this year, but automatically fall into stabilization next year. BOG fee waiver implementation - thousands of students will be

dropped and many district's believe they will see a drop in funded FTES between 5-6%, some district's as much as a 12% drop.

- 5. Review of Budget Allocation Model (BAM) Report from Subcommittee O'Connor Half of the subcommittee members were able to meet and review the Budget Allocation Model and shared the findings with the rest. The subcommittee believes the BAM seems to be working as intended, therefore, they are not recommending changes for the next year, however, they plan to reconvene in October 2016 to review issues related to the budget stabilization fund, as it will be exhausted soon. Also for discussion will be the language on borrowing, which needs to be clear as well as comparisons of colleges' cost per FTES and staffing per FTES. As a reminder, the BAM must be evaluated yearly to update and document changes but also to demonstrate that the District is reviewing per accreditation guidelines.
- 6. Informational Handouts Hardash
 - District-wide expenditure report link: https://intranet.rsccd.edu
 - Vacant Funded Position List as of April 15, 2016
 - Measure "E" Project Cost Summary as of March 21, 2016
 - New members to the Measure Q Citizens' Bond Oversight Committee were appointed by the Board of Trustees at their last meeting, quorums has been an issue. The Measure E Citizens' Bond Oversight Committee will need to continue meeting as all of the funds have not been spent down yet. This committee will need new members, several terms will expire this coming December.
 - Measure "Q" Project Cost Summary as of March 21, 2016
 - Monthly Cash Flow Statement as of March 31, 2016

Mr. Hardash stated that we will begin noting the links to the Physical Resources Committee and the College Budget Committees on future FRC agendas, this helps with accreditation requirements. Mr. O'Connor asked the colleges to please update their websites.

8. Approval of the FRC Minutes – March 23, 2016 – Hardash Mr. Hardash asked for a motion to approve the Fiscal Resources Committee Minutes of the March 23, 2016 meeting. A motion was made by Dr. Mettler, seconded by Dr. Collins and approved unanimously.
