All members know that VCSA depends on its member to carry out these three pillars to further its growth.

WHAT IS FINANCIAL AID?

Simply put, financial aid is funding (money) provided to students by the federal and state governments to help pay for the costs of attending college. These costs include not only tuition and books, but also room and board, transportation, and personal necessities. This aid comes in the form of grants (gift-aid that doesn't need to be paid back), loans (borrowed money that does need to be paid back) and work study (money that is earned).

The SAC Financial Aid Office administers these programs for SAC students and determines who qualifies for which types of financial aid and how much. If you haven't applied for financial aid at SAC, you should. It doesn't cost anything to apply and you have nothing to lose.

FINANCIAL AID PROGRAMS

1. Federal Aid

- **Federal PELL Grant** – This grant is for students who have not yet attained a bachelor's degree. Annual grant amounts range from \$300 to \$6,000 per year.
- **Federal Supplemental Educational Opportunity Grant** – This grant is awarded to students with exceptional financial need and ranges from \$200 to \$400 per year.
- **Work Study** – This is "self-help" aid in which students are offered work opportunities during their period of enrollment at the College. Most of these assignments are working on the campus.
- **Loans** – Even if a student does not qualify for grants, he/she can usually receive a student loan. Loans must be repaid over a period of time after the student stops attending college. Some loans are "subsidized" meaning that the federal government will pay all of the interest on the loan while the student is enrolled in college. See the Financial Aid Office for information on the various loan programs and how much may be borrowed per year.

2. State Aid

Cal Grant B – This grant pays up to \$1,094 per year to community college students and can transfer over to a four-year college/university when the student transfers. Students will typically use two years of the grant at a community college and use the remaining two years of the grant at a four-year institution.

Cal Grant C – Pays up to \$1,097 per year for students enrolled at a community college in a vocational program.

California College Promise Grant (CCPG) Fee Waiver – Students who qualify for the CCPG Fee Waiver have their per-unit enrollment fees waived. The student does not receive cash with this award—they simply are not charged the enrollment fees. If a student has already paid enrollment fees before applying and qualifying for the CCPG Fee Waiver, they may receive a refund of these fees.

Chafee Grant – This is a grant for students who are foster youth and can pay up to \$5,000 per year.

3. SAC Scholarships

The SAC Scholarship Office provides a wide variety of scholarships (gift-aid) that you may apply for in addition to federal and state aid. You do not need a valid social security number for most of these. You may access information about SAC scholarships by going to sac.edu/scholarships.

WHO IS ELIGIBLE?

- Be a U.S. citizen or eligible non-citizen.*
- Non-citizen AB-540 students may be eligible for a Cal Grant and should complete the California Dream Act Application.
- Have a high school diploma or GED.
- Be enrolled in an eligible program leading to transfer, an associate degree, or certificate
- Maintain satisfactory academic progress requirements for financial aid.
- Have financial need (except in the case of unsubsidized loans).

HOW DO I APPLY?

Complete the online Free Application for Federal Student Aid, known as the FAFSA at fafsa.ed.gov. Make sure your FAFSA is sent to Santa Ana College by including SAC's federal school code: 001284. Non-citizen AB-540 students should complete the California Dream Act application at dream.csac.ca.gov instead of the FAFSA.

The SAC Financial Aid Office will contact you sometime after you submit your FAFSA. When you are contacted, please submit any documentation requested at that time.

To apply for the Cal Grant, you will need to have your FAFSA or Dream Act application submitted by March 2nd in the spring prior to the fall in which you will be attending. If you have already completed 24 degree applicable units at SAC, we will submit your GPA verification form to the state for you. If you have less than 24 degree applicable units, you must have the high school that you graduated from submit a GPA verification form for you.

APPLYING FOR THE CCPG

Every California resident or AB540 student should apply for this enrollment fee waiver. This is done automatically if you have filled out the FAFSA or Dream Act Application.

REVIEW OF THE FINANCIAL AID PROCESS

1. Application – See “HOW DO I APPLY?”
2. Once you have submitted your FAFSA, the Department of Education will send you a Student Aid Report (SAR). Review your SAR to make sure that all of the information is correct. If any corrections are needed, follow the instructions on how to submit corrections. At the same time that the Department of Education sends your SAR to you, we will receive the same information and use it to determine your eligibility for financial aid. We may notify you if we require additional documentation from you to complete your file. If we do, please provide it as quickly as possible, as we process completed files on a first-come-first-served basis.
3. Once we determine your eligibility, we will notify you. An award letter will be sent indicating all of the aid that you will receive, except for loans which you may request in addition to the aid in your award letter. If you do not qualify for need-based aid, we will notify you and you will have an option to apply for a student loan.
4. If you receive an award letter, you will also be notified of the dates that you will receive a disbursement. Most financial aid is awarded with two payments made in the fall and two more in the spring. Any amount due to you for one semester is split in half, with one half being paid to you at the beginning of the semester and the other half paid out about mid-way through the semester.
5. You must maintain satisfactory academic progress to continue to be eligible to receive your financial aid. NOTE: If you completely withdraw from all of your classes prior to completing 60% of the semester, you may have to pay back some of the financial aid that you received. If you must withdraw from all of your classes, please see the Financial Aid Office to find out the exact date that marks the 60% point. If you are able to stay in at least one course until after this date, you will not be subject to this required return of funds.

RSCCD has a reputation for maintaining safe campuses, where staff, students and faculty can work and study without fear for their personal safety or property. This is, in part, a result of everyone working together to create an atmosphere that is safe and conducive to learning. All crimes or serious incidents that occur on campus should be reported to the district safety and security department. Crime report logs for the district are maintained and available for review at the district safety office at Santa Ana College.

RSCCD also participates in the Orange County Crimestoppers Phone# 855-TIP-OCCS (855-847-6227) or occrimestoppers.org.

Besides providing general safety and security, District Safety Officers may perform the following services:

2. Respond to emergencies on campus.
3. Provide lost-and-found property services.
4. Assist in starting vehicles by jump starting dead batteries.

2. California Vehicle Code (section 21113A).

Safety Officers are instructed to issue citations based upon the regulations, copies of which are available at the District Safety Offices and at the Student Business Office. They are not authorized to grant any privileges deviating from the regulations.

Santa Ana College, like most all colleges, does not have sufficient parking for all students at peak periods; therefore, cannot guarantee parking, nor does the college assume liability for damage sustained to vehicles in the use of its parking facilities. Please remember that our regulations are for the purpose of protecting vehicles from damage and to ensure the safety of all. Irresponsibility regarding campus traffic and parking regulations may result in a citation, restriction, suspension, and/or vehicle tow-away at owner's expense. Your cooperation in adhering to the college's regulations will certainly reduce potential safety hazards and assist the Safety Officers in performing their duties.

Citations

Vehicles may be issued citations for illegal parking, failure to display a current permit, or any other violation of parking and traffic regulations.

Important – Citations are paid only by mailing the fine to the agency that processes our tickets in Santa Ana. Any person who feels a citation was issued in error may contest the notice with the Parking Administration in accordance with procedures on the citation. According to California law, disregard of citations will result in the filing of a Request to Withhold Renewal of Vehicle Registration at the California Department of Motor Vehicles (DMV) until the citation is paid.

Parking Permits

All vehicles parking on campus must display a current permit: available at the Student Business Office. Students driving vehicles without a permit should park off campus or purchase a one-day permit to avoid a citation. Daily permits may be purchased at dispensers. Dispensers in Lots 1, 6, 7, 9, 11 and 12 and must be displayed on the dashboard.

Motorcycles, Mopeds, Bicycles

No permit is required if parked in designated area. Use of vehicular stall requires a permit.

Replacement

Replacement authorization is not granted for lost or stolen permits, except at the full purchase price. Permits may be transferred and displayed on the owner's other vehicle(s).

Temporary Permits

Staff members or students who hold a permit, but must drive a different car to the campus, may with proper I.D., obtain a temporary (one-day) permit at a dispenser.

Disabled Parking Areas

Several areas on campus are designated for Disabled Parking. Vehicles in these areas are required to display a current permit as well as one of the following: State disabled placard, or special State license plate.

Only the Board of Trustees may expel a student. Expulsion shall be accompanied by a due process hearing as outlined in Section IV of this policy.

IV. DUE PROCESS HEARING

This section applies to due process hearings on conduct violations that are not addressed by the hearing process provided in AR 3425 Title IX (9) Sexual Harassment.

1. A student who is being considered for suspension or expulsion shall be afforded a due process hearing before a Disciplinary Hearing Board designated by the chancellor or the chancellor's designee. The chancellor or designee shall provide that a reasonable opportunity for a hearing is afforded the student within ten days.

2. The Disciplinary Hearing Board shall be composed of the following individuals appointed by the chancellor or designee:

- 1 RSCCD Student
- 1 Administrator
- 1 Faculty Member
- 1 Classified Staff

3. The student shall be notified in writing at least two school days before the hearing of the following:

- (a) The time, date, and place set for the hearing;
- (b) The charges to be brought;
- (c) Documentary evidence that will be introduced at the hearing;
- (d) The right of the student to appear in person and present his or her position;
- (e) The right to cross-examine the district's witnesses if the witness(es) elect(s) to be present;
- (f) The right to present evidence or witness(es) on own behalf.
- (g) In cases of alleged sexual assault, technical rules of evidence shall not apply; no past sexual history may be introduced as part of the testimony, except that the past sexual history of the alleged victim shall be permitted if offered as evidence of the character or trait of character of the victim for the purposes described in California Evidence Code 1103.

4. The hearing board shall hear evidence and witnesses presented by the district and by the student. In the event the student for whom the hearing is held, or other key parties, is not present at the hearing, the Hearing Board will proceed without the individual(s). The Hearing Board shall render its recommendation to the College President on the evidence presented within two school days of the close of the hearing. The College President will review the recommendation within three days and render a decision to the Vice President of Student Services. The Vice President of Student Services or their designee will notify the student by certified mail of the outcome. If the recommendation is for suspension or expulsion, the student will be notified in writing of their right to appeal the decision to the Board of Trustees.

Any request by the student to appeal the decision to the Board of Trustees must be made within forty-eight hours of receipt of the letter sent by the aforementioned administrator outlining the hearing board's decision. If the decision supports a recommendation for

expulsion, the suspension will continue until the Board of Trustees can hear the appeal. If the recommendation opposes suspension or expulsion, the recommendation shall be final, and, the chancellor or designee shall reinstate the student immediately to their status prior to the hearings.

The Board shall, unless a request has been made by the student for an open session, hold closed sessions under the following conditions:

- (a) If the Board is considering the suspension or expulsion of the student.
- (b) If a public hearing upon such question would lead to the giving of information concerning the student which would be in violation of Section 76243 of the Education Code.

5. Before calling such closed session, the chancellor or designee shall, in writing, by registered or certified mail, if the student is a minor notify the parent or guardian, or the student, if the student is an adult, of the intent of the Board to call and hold such closed session. Unless the student, or the student's parents (if the student is a minor) within forty-eight hours after receipt of such written notice, request in writing that the hearing be held in open session, the appeal shall be conducted in closed session. If such written request is served upon the clerk or secretary of the Board, the meeting shall be public except that any discussion at such meeting that might be in conflict with the right to privacy of any other student shall be in closed session. Whether the matter is considered at a closed session or open meeting, final action of the Board shall be taken at a public meeting and the result of such action shall be a public record of the district.

6. The appeal before the Board of Trustees shall be a review of the evidence presented to the Hearing Board, and an opportunity for both sides to present oral argument. No new evidence or witnesses will be heard unless the Board of Trustees so requests.

7. The decision of the Board of Trustees shall be final. Students expelled or suspended for more than one academic year from attendance at colleges or programs of the district shall be entitled to make an annual appeal to the Board of Trustees of the expulsion or suspension by written request directed to the Secretary of the Board that the matter be placed on the agenda of the Board of Trustees. Such appeals shall be conducted as provided in this policy.

Academic Honesty Policy Information

INTRODUCTION

Students at Rancho Santiago Community College District are expected to be honest and forthright in their academic endeavors. To falsify the results of one's research, to steal the words or ideas of another, or to cheat on an examination, corrupts the essential process by which knowledge is advanced. Academic dishonesty is seen as an intentional act of fraud, in which a student seeks to claim credit for the work or efforts of another without authorization, or uses unauthorized material or fabricated information in any academic exercise. We as an institution also consider academic dishonesty to include forgery of academic documents, intentionally impeding or damaging the academic work of others, assisting other students in acts of dishonesty or coercing students into acts of dishonesty.

In matters relating to academic honesty violations, the primary responsibility for disciplinary proceedings rests with the instructor and the academic division where the violation allegedly occurred.

Procedures for Student Grievances Regarding Grades

PROCEDURE

1. Student shall meet with the instructor to discuss the grade. If the issue is not resolved and the student believes that the grade is based on a mistake, fraud, bad faith, or incompetency (EC 76224), he/she may appeal in writing to the Division Dean. Such an appeal must be made within a one year period following the semester which the grade was assigned.
2. Forms for the written appeal may be found in any divisional Dean's office or the Office of the Chief Student Services Officer of the campus.
3. The student may be requested to set-up an appointment with the appropriate Division Dean to discuss the written grievance.
4. The appropriate Division Dean will review the allegations and consult with the instructor.
5. The Division Dean will review the issue and will notify the student and instructor in writing of his/her decision.
6. The decision of the Division Dean is final.

Nondiscrimination Policy

The District is committed to equal opportunity in educational programs, employment, and all access to institutional programs and activities.

The District, and each individual who represents the District, shall provide access to its services, classes, and programs without regard to national origin, religion, age, gender, gender identity, gender expression, race or ethnicity, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, pregnancy, or military and veteran status, or because he or she is perceived to have one or more of the foregoing characteristics, or based on association with a person or group with one or more of these actual or perceived characteristics.

The Chancellor shall establish administrative procedures that ensure all members of the college community can present complaints regarding alleged violations of this policy and have their complaints heard in accordance with the Title 5 regulations and those of other agencies that administer state and federal laws regarding nondiscrimination.

No District funds shall ever be used for membership, or for any participation involving financial payment or contribution on behalf of the District or any individual employed by or associated with it, to any private organization whose membership practices are

discriminatory on the basis of national origin, religion, age, gender, gender identity, gender expression, race, color, medical condition, genetic information, ancestry, sexual orientation, marital status, physical or mental disability, pregnancy, or military and veteran status, or because he or she is perceived to have one or more of the foregoing characteristics, or because of his or her association with a person or group with one or more of these actual or perceived characteristics. Inquiries regarding compliance and/or grievance procedures may be directed to RSCCD Title IX Officer and Section 504/ADA Coordinator: Tracie Green, 2323 N. Broadway, Santa Ana, CA 92706, 714-480-7489.

Prohibition of Harassment Policy

All forms of harassment are contrary to basic standards of conduct between individuals and are prohibited by state and federal law, as well as this policy, and will not be tolerated. The District is committed to providing an academic and work environment that respects the dignity of individuals and groups. The District shall be free of sexual harassment and all forms of sexual intimidation and exploitation including acts of sexual violence. It shall also be free of other unlawful harassment, including that which is based on any of the following statuses: race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, or sexual orientation of any person, or military and veteran status, or because he or she is perceived to have one or more of the foregoing characteristics.

The District seeks to foster an environment in which all employees and students feel free to report incidents of harassment without fear of retaliation or reprisal. Therefore, the District also strictly prohibits retaliation against any individual for filing a complaint of harassment or for participating in a harassment investigation. Such conduct is illegal and constitutes a violation of this policy. All allegations of retaliation will be swiftly and thoroughly investigated. If the District determines that retaliation has occurred, it will take all reasonable steps within its power to stop such conduct. Individuals who engage in retaliatory conduct are subject to disciplinary action, up to and including termination or expulsion.

Any student or employee who believes that he or she has been harassed or retaliated against in violation of this policy should immediately report such incidents by following the procedures described in AP 3435. Supervisors are mandated to report all incidents of harassment and retaliation that come to their attention.

This policy applies to all aspects of the academic environment, including but not limited to classroom conditions, grades, academic standing, employment opportunities, scholarships, recommendations, disciplinary actions, and participation in any community college activity. In addition, this policy applies to all terms and conditions of employment, including but not limited to hiring, placement, promotion, disciplinary action, layoff, recall, transfer, leave of absence, training opportunities and compensation.

To this end the Chancellor shall ensure that the institution undertakes education and training activities to counter discrimination and to prevent, minimize and/or eliminate any hostile environment that impairs access to equal education opportunity or impacts the terms and conditions of employment.

The Chancellor shall establish procedures that define harassment on campus. The Chancellor shall further establish procedures for employees, students, and other members of the campus community that provide for the investigation and resolution of complaints regarding harassment and discrimination, and procedures for students to resolve complaints of harassment and discrimination. All participants are protected from

retaliatory acts by the District, its employees, students, and agents.

This policy and related written procedures (including the procedure for making complaints) shall be widely published and publicized to administrators, faculty, staff, and students, particularly when they are new to the institution. They shall be available for students and employees in all administrative offices.

Employees who violate the policy and procedures may be subject to disciplinary action up to and including termination. Students who violate this policy and related procedures may be subject to disciplinary measures up to and including expulsion.

If you feel that you have been the victim of harassment please contact the Human Resources Dept. at 714-480-7489, or the Associate Dean of Student Development at Santa Ana College at 714-564-6211.

Student Resource and Reporting Options
For Sexual Assault and Relationship Violence

I think I have been experienced some type of sexual assault, but I'm not sure...

Sexual Violence

Sexual violence is defined as physical sexual acts engaged without the consent of the other person or when the other person is unable to consent to the activity. Sexual violence includes sexual assault, rape, battery, and sexual coercion; domestic violence; dating violence; and stalking.

Sexual Assault

Sexual assault occurs when physical sexual activity is engaged without the consent of the other person or when the other person is unable to consent to the activity. The activity or conduct may include physical force, violence, threat, or intimidation, ignoring the objections of the other person, causing the other person's intoxication or incapacitation through the use of drugs or alcohol, or taking advantage of the other person's incapacitation (including voluntary intoxication).

Dating Violence

Controlling, abusive, and aggressive behavior, which can include verbal, emotional, physical, or sexual abuse, or a combination of these during the dating process, in either heterosexual or same sex relationships. The existence of a romantic or intimate relationship will be determined based on the length of the relationship, the type of relationship and the frequency of interaction between the persons involved in the relationship.

Domestic Violence

Domestic violence is defined as abuse committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and includes felony or misdemeanor crimes of violence committed by:

- a current or former spouse of the victim;
- by a person with whom the victim shares a child in common;
- by a person who is cohabitating with or has cohabitated with the victim as a spouse;
- by a person similarly situated to a spouse of the victim under California law; or
- by any other person against an adult or youth victim who is protected from that person's acts under California law.

Stalking

Stalking is behavior in which a person willfully, maliciously, and repeatedly follows or willfully and maliciously harasses another person and who makes a credible threat with the intent to place that person in reasonable fear for his or her safety, or the safety of his or her immediate family.

Rape

Under California Penal Code 261, rape is summarized as sexual intercourse against an individual's will accomplished by force or threats of bodily injury; or fear that the victim or another will be injured if the victim does not submit to the intercourse; or where the victim is incapable of giving consent or prevented from resisting due to being intoxicated, drugged, or unconscious or asleep.

Consent

Consent is informed. Consent is an affirmative, unambiguous, and conscious decision by each participant to engage in mutually agreed-upon sexual activity.

- Consent is voluntary. It must be given without coercion, force, threats, or intimidation. Consent means positive cooperation in the act or expression of intent to engage in the act pursuant to an exercise of free will.
- Consent is revocable. Consent to some form sexual activity does not imply consent to other forms of sexual activity. Consent to sexual activity on one occasion is not consent to engage in sexual activity on another occasion. A current or previous dating or sexual relationship, by itself, is not sufficient to constitute consent. Even in the context of the relationship, there must be mutual consent to engage in sexual activity. Consent must be ongoing throughout a sexual encounter and can be revoked at any time. Once consent is withdrawn, the sexual activity must stop immediately.
- Consent cannot be given when a person is incapacitated. A person cannot consent if she/he is unconscious or coming in and out of consciousness. A person cannot consent if she/he is under the threat of violence, bodily injury or other forms of coercion. A person cannot consent if her/his understanding of the act is affected by a physical or mental impairment.

I WANT.....I NEED....

Emergency Assistance for my Safety Call 9-1-1 To Get Medical Help

Individuals in need of medical attention should go to the nearest emergency room, medical provider or the Student Health Center on campus. A Sexual Assault Nurse Examiner (SANE) at the local hospital will help ensure that you are healthy, provide options to prevent pregnancy or sexually transmitted infections, and collect valuable evidence that may be useful in the future, even if you are unsure about pursuing legal action now. Physical evidence can only be collected up to 72 hours after an assault

To Report a Concern to the College and Get Support

Students who wish to report a concern may seek assistance from staff listed as "non-confidential." These staff will protect your privacy by limiting the people with whom they share what you tell them; however, they cannot guarantee you confidentiality, as they must notify the Title IX coordinator. They also will explain your options and resources and attend to your immediate needs for safety and interim measures (e.g., no contact orders, academic accommodations, counseling, escort).

To Talk to Someone

You may not be ready to take action but want to speak with someone confidentially about what happened to you. The Psychologists at the Student Health Center are permitted by the nature of their profession to maintain your confidentiality. The only report they are required to make is a record that someone (no name will be disclosed) has reported sexual misconduct, domestic or dating violence, and/or child abuse to them. This information is disclosed in order for the colleges to appropriately report crimes in their annual crime reports. Community resources are also listed on the back of this pamphlet.

To Understand the District's Administrative/Disciplinary Process

You are encouraged to contact the Associated Dean of Student Development. They will contact the District's Title IX Coordinator who oversees the investigation of all reports of sexual assault and relationship violence, including the provision of interim measures and final administrative remedies.

In certain rare circumstances where it is necessary to ensure your safety and that of the campus community, the District may be obligated to investigate known incidents of sexual assault and relationship violence, even if you may not feel ready. Such a decision would be discussed with you in advance, however, and the District would ensure that you have a support person throughout the process.

To Report a Criminal Concern

Sexual assault and relationship violence also are crimes. The District encourages you to contact local law enforcement for more information about how to report a crime and the criminal process.

- Santa Ana Police (714-245-8665)
- Orange Police Department (714-744-7444)

A criminal investigation does not relieve the District of its obligation to respond under Title IX, and both a criminal and university investigation may proceed at the same time.

To Be Left Alone

This may be a confusing and difficult time. Remember that these resources are always available to you, and you can seek support at any time. Friends and family can offer support as well.

You can make a police report to:

- Santa Ana Police (714-245-8665) or the
- Orange Police Department (714-744-7444).
- If this is an emergency, call 911.

You can make a report to Campus Safety

- SAC 714-564-6330
- SCC 714-628-4730

Students may also report to Associated Dean of Student Development at:

- SAC 714-564-6211, Village VL-108
- SCC 714-628-4932, A Building

If the incident involves RSCCD faculty or staff, you can file a complaint with the Office of Human Resources (714-480-7488).

Community resources for victims of sexual assault include:

- Community Service Programs, Inc. (CSP): 24 hour hotline, 714-957-2737, and 949-831-9110

- The Rancho Santiago Community College District is committed to assuring that all persons may exercise the constitutionally protected rights of Free Expression, including but not limited to speech, peaceful assembly, worship, use of bulletin boards, the distribution of printed materials or petitions, and the wearing of buttons, badges and other insignia.
- The District recognizes that students, employees and members of the public are free to exercise their rights of Free Expression on its premises; the time, place, and manner of exercising the constitutionally protected rights of Free Expression is subject to the requirements of Administrative Regulation & Board Policy 3900, which are applied in a content-neutral, narrowly-tailored manner, designed to serve a significant public interest and is intended to ensure that Free Expression activities on District campuses are fostered, while at the same time preventing unreasonable interference or conflict with the educational and other functions of the District and its campuses.

- For more information on Free Expression at Santa Ana College, feel free to contact the Office of Student Life at (714) 564-6211 or VL-108.

Survival Instructions

Never cut class — Cutting class is easy and the temptation is great. But don't do it! College classes cover material in one semester that is covered in one year in high school and do it with about half the class meetings per week.

Concentrate in class — Sitting up front or in the middle section of the room makes it harder to be distracted.

Take copious notes — A result of a high level of concentration should be that you have taken detailed notes, not just of what was written on the chalkboard, but of what the

instructor said. These can always be rewritten and reorganized; in fact, they should be. It is much easier to later discard some of these notes than to reconstruct and remember what the instructor said weeks ago.

Re-read assignments before exams — The night before an exam is the time to be rereading your textbook and reviewing your notes. It should not be the time for reading assignments for the first time or the first time you have really studied your notes. If it is, you will probably not be well prepared for the exam and won't have time to clarify questions with your instructor.

Budget enough study time — Fill out a time management sheet each semester. Mark in the times for your class meetings, your work hours, commuting time, eating and sleeping, recreation, etc. Now mark in your study hours and see if you have 2-3 hours of study for every hour in class.

Avoid academic advisement from fellow students — Even veteran faculty and staff advisors find it necessary to be constantly verifying and updating their knowledge of academic policies and requirements. No student has a comparable base of information. Furthermore, your fellow students may be under a different catalog year with different requirements for the major and general education than those to which you will be held.

Use faculty office hours — Some faculty will ask you to see them during office hours if you seem to be having difficulty with the course, but most will leave this up to you. Don't interpret this as a lack of interest in you or that you would be "bothering" the instructor to show up during the office hours. However, you should come prepared with specific questions; the office hour is not an extended tutoring session. Your specific questions will impress the instructor that you are interested in and concerned about the course. Be sure to introduce yourself. Name recognition and a positive impression can only help you when it comes time to assign grades.

Take care of yourself — As we said before, your physical and emotional health is closely linked with your academic success. Abusing your body with a poor diet, smoking, too much alcohol or other depressants, too much caffeine or other stimulants, dangerous sexual practices, and other such behavior is bad for both your long-term health and your GPA. If you feel that you have an abuse problem, remember that free, confidential help is available in the Health and Wellness Center.

Student Success and Support Program

The Student Success and Support Program (3SP) is designed to support the transition of new students into the college by providing core services that promote academic achievement and successful completion of degrees, transfer preparation, career technical education certificates, or career advancement. **In an effort to promote student success, English and Math placement testing, orientation and advisement toward the development of an education plan are core services REQUIRED of all entering students, as mandated by the state (effective Fall 2014). Students must also declare a course of study (major), and receive advisement towards the development of a Comprehensive Education Plan no later than the semester after which the student completes 15 degree applicable units. Not completing these core services may result in the loss of priority registration.**

The first three requirements of the Student Success and Support Program can be easily accomplished by following the linked steps below:

- 1. Take the English and Math Placement Tests.** All Associate degree and transfer programs require English and Math. Even if your academic goal does not require English or Math, the placement test results are very helpful when it comes to selecting courses and ensuring that you will successfully pass the courses. Once you take the placement tests you will be scheduled for a group new student orientation and advisement. To schedule an English and Math Placement Test appointment go to: sac.edu/student-services/testing-center
- 2. Attend a New Student Orientation and Advisement Session** to receive valuable information to help you select and reach your academic goal, and learn about the many programs, certificates, degree pathways and student support services offered at Santa Ana College.
- 3. Create an Abbreviated Education Plan during the orientation and advisement session.** An Abbreviated Educational Plan states your academic goal and the first courses you need to reach your goal.

If you have completed a prerequisite course at another college, or if you took placement testing at another college, bring your transcripts and/or your English and Math placement results to the Counseling Center to determine if you are exempt from testing, and to develop your Abbreviated Education Plan. You may be referred to our online orientation or other alternate core services at that time to complete the 3SP requirements. The Counseling Center is located in the Administration (S) Building, or call 714-546-6100.

- 4. To complete the final Student Success and Support Program requirement for entering students, you must also declare a major course of study as soon as you can, and receive advisement towards the development of a Comprehensive Education Plan.** This can be accomplished by enrolling in a counseling course, attending an educational planning workshop, or by scheduling an appointment with a counselor. If you are undecided and having difficulty deciding on a major, counseling courses and Undecided Major Workshops, offered through the Career Development/CTE Student Success Center, may be particularly helpful.

Under certain circumstances you may be exempt from the requirements of completing an orientation, placement testing and an educational plan. However, you should be aware that while an exemption will mean you do not have to meet these requirements for core services, it will also mean that you do not receive priority registration (this will not apply if you are only exempt from placement testing due to alternate methods to place you, such as transcripts or assessment at another college). For more information, go to the Counseling Division Homepage on the SAC Website, under Student Success and Support Program (3SP) at sac.edu/StudentServices

Loss of Priority Registration Due to Probation Status

New state regulations of the Student Success and Support Program are also designed to encourage academic success by tying the loss of priority registration to being on academic or progress probation. **For students who are on either Academic Probation (cumulative GPA below 2.0) or Progress Probation (when coursework with an entry of “W”, “I”, “NP”, and “NC” reaches or exceeds fifty percent (50%) of the coursework attempted) for two consecutive semesters will lose priority registration for the next registration period. Their registration date will be after all new applicants.**

Loss of California College Promise Grant Due to Probation Status

Beginning Fall Semester 2016, the California College Promise Grant (CCPG) Fee Waiver eligibility will be tied to student academic progress in the same way as priority registration. Students who are on Academic Probation or Progress Probation for two consecutive semesters starting as early as Fall 2014 are at risk of losing BOTH their priority registration AND California College Promise Grant Fee Waiver eligibility for Fall Semester 2016.

Articulation Agreements/Transfer Agreements

Wondering what an articulation agreement is and what it has to do with you? If you plan to transfer to a four-year college or university, an articulation agreement can save you time and money as you pursue your baccalaureate degree. Articulation agreements list courses offered at Santa Ana College which are acceptable at a transfer college or university as equivalent in content (or as an acceptable substitute) to those courses offered at the four-year institution. In other words, if you are following one of these when planning your coursework you can be assured that your courses from SAC will “count” when you transfer. The most up-to-date agreements can be found at www.assist.org It is important that you meet with a counselor to best understand how each agreement works. SAC has articulation with colleges and universities throughout California. For example, agreements exist with institutions such as UC Berkeley, UC Irvine, UCLA, CSU Fullerton, CSU Long Beach, San Diego State, and USC just to name a few.

In addition to articulation agreements, SAC also has Transfer Agreements with some four-year colleges and universities. These are agreements that can either assure you priority admission or in some cases even guarantee you admission to a four-year college or university. Some of these programs are available only through the SAC honors program while others, with universities such as UC Riverside, are open to all students who meet program criteria. Please contact either the Transfer or Counseling Centers for more information about these valuable opportunities.
