### Step 3

**NOTE:** If you are signing in for the first time, you need to verify your identity by phone. Otherwise, skip to Step 4.

Under Identity Verification by phone, choose a Country code (e.g., United states +1), and provide your phone number. Then click “Text me” or “Call me”.

Enter the Verification Code when you receive it, then click “Verify code”.

The screenshot shows the 'Identity Verification by phone' form. It includes a dropdown for 'Country code' (United States (+1)), a text input for 'Phone number' (714) 673-7, and buttons for 'Text me' and 'Call me'. Below these is a 'Verification code' input field containing '127667' and a 'Verify code' button. A red box highlights the verification code field and button. An orange callout box on the right, titled 'Step 4', contains the text: 'Under "Identity Verification by phone", choose a Country code (e.g., United States +1), and provide your phone number. Then click "Text me" or "Call me" . Enter the Verification Code when you receive it, then click "Verify code".' A red arrow points from the callout box to the verification code field.

### Step 4

After verifying by phone, proceed to Student Verification and choose school email address as verification method.

### Step 5

After student verification using school email address, click the **‘I agree to the subscription agreement, Azure Dev Tools for Teaching agreement and privacy statement.**

Then click **‘Verify academic status and accept terms’.**
