8. Indemnification. Supplier, its heirs and/or its assigns (“Indemnitor”) will indemnify, defend and hold Foundation, and its directors, officers, employees, and agents (collectively “Indemnitees”) harmless from all losses, liabilities, claims, demands, costs, expenses and damages, including reasonable attorneys’ fees and costs, resulting from, arising out of, or connected with (a) the performance of its obligations under this Agreement or omissions relating to same by Indemnitor, Indemnitor’s employees, Indemnitor’s subcontractors, or any person or entity for whom Indemnitor is responsible; (b) any breach by Indemnitor of this Agreement; (c) Indemnitor’s or Indemnitees’ infringement or misappropriation of any intellectual property rights relating, in any way, to the performance of Services and/or (d) any willful or negligent act or omission by Indemnitor or any person or entity for whom Indemnitor is responsible. Indemnitor’s indemnification obligations will not be limited by any assertion or finding that (1) Indemnitees are liable by reason of non-delegable duty, or (2) losses were caused in part by the negligence, breach of contract, or violation of law by Indemnitees. Foundation must approve the extension of all settlement offers and approval will not be unreasonably withheld. The Indemnitor will furnish Indemnitees with all related evidence in its control regardless of any disputes. The duty to defend (including by counsel) shall arise regardless of any claim or assertion including, but not limited to, those claims or assertions that Indemnitees caused or contributed to the losses, liabilities, claims, demands, costs, expenses or damages. Nothing in this Agreement shall constitute a waiver or limitation of any rights which Indemnitees may have under applicable law, including without limitation, the right to implied/equitable indemnity.
9. Good Faith Cooperation. The parties to this Agreement shall cooperate fully in the execution of any and all other documents and in the completion of any additional actions that may be necessary or appropriate to give full force and effect to the terms and intent of this Agreement.

The Supplier shall make its existing public and private agency clients aware of its Foundation contract, and upon the public and private agency’s request, such agency will be transitioned to the Supplier’s Foundation contract.

Sales Commitment - A commitment that the Supplier will market Foundation contract and that the sales force will be trained, engaged and committed to offering Foundation agreement to Participating Agencies nationwide, with a further commitment that all Foundation sales be accurately and timely reported.

Service Commitment - A commitment that the Supplier will provide at minimum the level of service defined in the agreement to any and all Participating Agencies purchasing through Foundation’s contract.

Communication and Information Commitment - Establish the following communication links to facilitate customer access and communication:

- ❑ A toll-free national telephone for inquiries and orders
- ❑ Regional or toll-free fax number for inquiries and orders
- ❑ An email address for general inquiries
- ❑ Provide the following for Foundation website use:

Supplier Program Promotion

The Foundation recognizes that each Supplier has a successful business and may choose to meet its commitments to Foundation purchasing programs in a variety of ways that best suit the supplier’s business model, organization and market approach. The following are Program Standards intended to assist the supplier in successfully implementing the Foundation contract:

Account Management Team – The Supplier shall provide an Account manager with the authority and responsibility for the overall success of the Foundation contract within the Supplier’s organization. The Supplier shall also designate a Lead Referral Contact Person, responsible for receiving communications

from Foundation concerning new public agency registrations, and for ensuring timely follow up by the Supplier's staff to requests for contact from public school districts. Additionally, Foundation suggests the Supplier implement and support a Supplier-based internet web page dedicated to the Supplier's Foundation program and linked to the CollegeBuys website.

Quarterly Review – Upon request, Foundation will schedule a quarterly review with the Supplier to evaluate the Supplier's performance of Supplier Commitments and Program Standards outlined herein.

Foundation Purchasing Program Awareness – Foundation is responsible for marketing the overall Foundation purchasing program concept and programs to Participating Agencies. Foundation marketing is intended to supplement and enhance the direct sales effort of the Supplier. The Supplier assists by providing promotional material such as logos and by participating in related trade shows and conferences. Foundation employs a marketing team, a web-based lead referral system, a network of partner associations, direct mail, the Internet and newsletters and other publications to increase CollegeBuys awareness.

Supplier Sales - Supplier is responsible for proactive direct sales of Supplier's goods and services to Participating Agencies and the timely follow up to leads established by Foundation. Use of product catalogs, targeted advertising, direct mail and other sales initiatives are encouraged. All sales materials are to use the CollegeBuys logo. Foundation will provide each Supplier with its logo and the standards to be employed in the use of the logo. At a minimum, the Supplier's sales initiatives should communicate:

(Master Services Agreement)

Additional Terms and Conditions

The following Additional Terms and Conditions shall modify, delete, and/or add to the Terms and Conditions (“Exhibit B”), Special Terms and Conditions (“Exhibit C”), and General Provisions (“Exhibit E”) of the Agreement this is Appended to. Where any article, paragraph, or subparagraph in Exhibit B, Exhibit C, and Exhibit E of this Agreement is supplemented by one of the following paragraphs, the provisions of such article, paragraph, or subparagraph shall remain in effect and the Additional Terms and Conditions shall be considered as added thereto. Where any article, paragraph, or subparagraph in the Exhibit B, Exhibit C, or Exhibit E of the Agreement is amended, voided, or superseded by any of the following paragraphs, the provisions of such article, paragraph, or subparagraph not so amended, voided, or superseded shall remain in effect.

If Participating Agency has entered into a sub-award/contract/grant with either the U.S. Government, or another entity who has itself entered into a contract or received a grant with the U.S. Government, that sub-award/contract/grant requires that certain federal grant provisions be made a part of any subsequent Agreement issued by Participating Agency related to furthering the performance or deliverables required under that sub-award/contract/grant.

Performance by FoundationCCC/Participating Agency’s Supplier under the Agreement constitutes certification that the recipient is presently in compliance with and will continue to comply with, the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352) and Executive Orders Numbers 12549 and 12689, all as described below.

FoundationCCC will not negotiate these provisions. If a clause is not applicable or is not required by the prime contract to be flowed down to a particular sub-award/service, it will not be applied.

Supplier who supplies Goods and/or Services certifies and represents its compliance with the following clauses as applicable. Supplier shall promptly notify FoundationCCC of any change of status with regard to these certifications and representations. These certifications and representations are material statements upon which FoundationCCC will rely.

1. For commercial transactions involving a federal contract (federal awards governed by the FAR), the following provisions apply, as applicable:
 - a. FAR 52.203-13, Contractor Code of Business Ethics and Conduct;
 - b. FAR 52.203-17, Contractor Employee Whistleblower Rights and Requirement to Inform Employees of Whistleblower Rights;

PROFESSIONAL AND MANUFACTURER PROVIDED SERVICES AND REQUIREMENTS

1. Prevailing Wage Rates. Pursuant to California Labor Code 1773, the Director of the Department of Industrial Relations of the State of California has determined the generally prevailing rates of wages in the locality in which the work is to be performed. Copies of these determinations, entitled “PREVAILING WAGE SCALE” are available for review on the internet at http://www.dir.ca.gov/dlsr/statistics_research.html. Supplier shall post a copy of all applicable prevailing wage rates for the work at conspicuous locations at the worksite. Supplier and all Subcontractors performing any portion of the work shall pay not less than the applicable prevailing wage rate for the classification of labor provided by their respective workers in prosecution and execution of the work. During the work and pursuant to Labor Code 771.4(a)(4), the Department of Industrial Relations shall monitor compliance with prevailing wage rate requirements and enforce the Supplier’s prevailing wage rate obligations.
2. Contractors’ License. Supplier certifies that: (i) it possesses a valid and in good standing Contractors’ License, in the necessary class(es), for performing the work; (ii) that such license shall be in full force and effect throughout the duration of the performance of the work; and (iii) that all Subcontractors providing or performing any portion of the work are properly licensed to perform their respective portions of the work and will remain so properly licensed at all times during their performance of the work.
3. DIR Registered Contractor Status. Pursuant to and in accordance with Labor Code 1771.1, Supplier must be a DIR Registered Contractor. All Subcontractors must be DIR Registered contractors.
4. Regulatory Requirements: Supplier agrees to comply with all regulatory requirements associated with the performance of work for Participating Agency, including but not limited to the Division of the State Architect, Title 24, CCR, California Building Code, et al., as adopted.
5. Bonding Requirements: Supplier agrees to provide the Participating Agency with a Performance Bond, *if required in the terms of the Purchase Order or other similar instrument*, for services with the Participating Agency.

Listed below are additional **mandatory** installation services and requirements. Each requirement includes a specific explanation of its value to the Participating Agencies and is considered mandatory to provide.

Criterion/ Description	Item	Requirement	Justification
-A- Additional Installation and Warranty Services Requirements	1	Conduct a pre-installation walk-through with the Participating Agency Project Manager; schedule prior to installation to determine condition of site and to agree to the level of site protection required.	Assures all parties that the requirements to facilitate the installation are met, reducing potential delays.
	2	Provide a single point-of-contact person for on-site Project Management for the duration of the project. Representative shall have all product and contract documents in his/her possession at all times during installation process.	Assures prompt resolution of issues during critical project timeframe, reducing costs.
	3	Installation shall render all products fully commissioned and operational in accordance with the manufacturer's recommendations. Remove all extraneous packaging; provide manufacturer's operating manuals and any required user training in accordance with the contract.	Assures all products will function well from the first day of installation and will reduce potential for time lost due to lack of utilization.
	4	Remove all "installation generated" waste or trash from site and leave all workspaces broom clean; perform waste removal daily. Recycle all containers as appropriate.	Increases partnership with local Service Providers in achieving both district and state requirements for waste reduction; reduces the Participating Agency cleaning and recycling expense.
	5	Assume all financial responsibility for damage to the site resulting from work performed by the installation team. Repair any damage to the Participating Agency's satisfaction within ten (10) business days. Provide documentation of issue, costs and repair solution to Participating Agency for their records.	Minimizes buyer cost for damage by others; assigns accountability to the Service Providers of responsibility of the installation team.
	6	Respond to warranty claims brought forth by the Participating Agency with (10) business days. Provide documentation of the issue and repair solution to Participating Agency for their records.	Minimizes buyer down-time and reduces the overall total cost of ownership.

-A- Additional Installation and Warranty Services Requirements (continued)	7	Conduct Post-Installation review with the Participating Agency representative and Purchasing contact to determine effectiveness and areas of improvement for future projects.	Strengthens partnership in the Participating Agency's success with the Service Providers, increases their knowledge of issues less obvious, relative to the learning environment.
	8	Provide complete project documentation package to Participating Agency representative, in electronic format, including PDF, AutoCAD and REVIT drawings as defined by pricing category, written warranty documentation, MSDS sheets, and part diagrams for items provided.	Provides client with detailed record of project requirements, and organizes future reference information into one succinct package, reducing staff time required to locate information in the future.
	9	Provide warranty service response within forty-eight (48) hours of the Participating Agency request. Provide service or product requirements within ten (10) business days of determination of need. Schedule all services so as not to interfere with activities within space, at no charge to the Participating Agency.	Reduces impact of failures on Participating Agency personnel and staff, increasing their ability to focus on primary responsibilities.
