Answer: The District is looking for a lump sum proposal as well as hourly rates for all proposed consultants and subconsultants.

2. Are proposers to include supplemental topographic surveying in the fee proposal or is the District providing all topographic surveying?

Answer: Please refer to Addendum No.3, Question 1, posted on July 20, 2020.

3. Does the District possess the topographic survey included in the RFP in a CAD format? Addendum 3, response 15 appears specific to as-builts but not surveys.

Answer: The "160914-SCC-Topographic Survey" is available in CAD format and will be made available to the selected consultant.

4. Why wasn't the work in Exhibit I previously performed as a part of the Barrier Removal work designed in 2017-2018?
