1. REQUEST FOR QUALIFICATIONS

1.1. Purpose

By way of this Request for Qualifications (“RFQ”), the Rancho Santiago Community College District (“District”) is requesting Statements of Qualifications (“Responses”) to provide land surveying services (“Services”). The District intends to prequalify a limited number of firms (“Consultant”) that can provide comprehensive land surveying and traffic consulting services for the Rancho Santiago Community College District.

The District is seeking to both refresh and update the current list of prequalified consultants. All **existing** prequalified firms and **interested** firms are required to submit a response, according to Section 1.5 “Response Format” to be considered for inclusion on the updated list of prequalified firms.

1.2. RFQ Schedule

Deadline for Consultants to submit questions regarding this RFQ	October 26, 2021
Deadline for Consultants to submit Responses	November 15, 2021 by 2:00pm
District to interview Consultant(s) (Estimated)	TBD

The District has set the above RFQ schedule that all Consultants must adhere to. The District reserves the right to modify this RFQ schedule as needed and will issue an addendum if it modifies the schedule.

1.3. Qualified Consultant

All Consultants submitting a Response to this RFQ and seeking to become a prequalified consultant for the District should be extremely familiar with all applicable regulations and industry guidelines especially as they apply to community college projects, and be capable of providing work product that will enable the District to strictly comply with said requirements. Consultants must demonstrate a minimum of eight (8) years of relevant experience and professional success with similar services for education projects. All licensed professionals in charge of the work must be directly employed by the Consultant and not employed as a Sub-Consultant. Pre-qualified consultants are in no way guaranteed to receive any work from the District.

1.4. Submission

If your Firm is interested in performing Services for the District, please submit to the District a Response in accordance with this RFQ. Responses must be emailed to FacilitiesRFP@RSCCD.edu and must be submitted no later than the date indicated in the RFQ schedule included in Section 1.2. Delivery of Responses is the sole responsibility of the Consultant. All Responses must be signed (electronic signatures accepted) and become the property of the District.

1.5 Response Format

Each Consultant is required to submit a Response they deem appropriate to the following request. Submittals should be brief and concise, but provide sufficient clarity to meet the criteria in the evaluation process. Each Response must be organized in order and include all sections and information as stated in Part 3, Statement of Qualification. Each Consultant shall submit **one (1)** electronic submittal, in PDF format with bookmarks, of the Response. The District will evaluate the Responses based on the responsiveness to District requirements listed.

NOTE for Exhibits: All Exhibits should be tabbed, labeled and included as part of the appendix. It is at the Firm's discretion to determine how to reference, in the body of the Response, the location of the Exhibits in the appendix. All Exhibits may be recreated in another program as long as the formatting and information requested mirrors the PDF forms attached to this RFQ. The intent of the PDF forms is to keep all the requested information in a uniform format.

NOTE for Firms teaming with Sub-Consultants: Each responding Firm shall select their proposed sub-consultants based on their own criteria. However, RSCCD reserves the right to approve and request additional information or substitutions for sub-consultants proposed for any projects that may be awarded. Sub-Consultants do not need to complete all the Exhibits in this RFQ. Carefully read each section to determine which forms the Sub-consultants need to submit.

1.6 Questions

Consultants must carefully read the entire RFQ prior to submitting questions as most questions will be answered in this RFQ. If, however, you should have questions regarding this RFQ, please email FacilitiesRFP@RSCCD.edu, referencing RFQ #2122-308 in the subject line. The question deadline for this RFQ is included in Section 1.2. After this deadline, the District will not answer, address, and/or review any questions interested Consultants might submit. Responses to all questions received prior to the deadline will be provided to all Consultants via addendum. Addenda, if issued, to this RFQ will not be distributed by the District to any Respondent. Respondents are required and responsible to check the District's "Bid Opportunities" webpage to access any addenda to this RFQ.

1.7 Request for Proposals

Prequalified Consultants are in no way guaranteed to receive any work from the District. However, it is the District's intent to look to the pool of prequalified Consultants when choosing a Consultant to perform land surveying services. The District, on an "as-needed" basis, will issue Request for Proposals ("RFP") to one or more prequalified Consultants to provide services on behalf of the District for a particular site/project. Each Proposal shall describe the Consultant's experience and expertise with respect to the services, if any, which are unique to the property or project that is the subject of the Proposal. In addition, the Proposal shall set forth a detailed scope of services, a completion schedule, a schedule of professionals that will be used to supervise and staff the project, and a not-to-exceed dollar amount for the services to be performed. The District will allocate work to said prequalified Consultants.

2. SCOPE OF SERVICES

The District is seeking Consultants to provide Services for a variety of facility improvement projects relative to the implementation of the Facility Master Plan ("FMP") and on-going capital facility projects, including but not limited to new construction, renovations,

reconstruction, program-wide projects, infrastructure projects and/or maintenance projects at various sites.

2.1. Scope of Services

Each Land Surveyor must be prepared to provide the necessary surveying services. The scope of such services could include, but are not limited to confirming information such as title, size, location, topography, easements, and the location of public utilities surrounding the District's campus sites and other services as required to ensure that campus facilities meet State standards. The District may look to acquire properties within the District's boundaries that may be suitable for acquisition and development of Community Colleges. The District must consider numerous factors in deciding which sites to pursue, the majority of which factors are prescribed by the California Education Code (the "Code") and any other pertinent codes. In addition to such factors such as size, location, topography, and availability that lead the District to preliminarily determine that a site might be suitable for District purposes, the District must take into consideration title, boundary, encroachment, entitlement and other information that a complete and accurate ALTA survey (together with a complete and accurate title report) can provide.

Each Survey Work should be conducted pursuant to all applicable ALTA/ACSM Land Title Survey requirements and "Land Survey Standards" outlined below. Two Land Survey Standards have been developed for two different project improvement scenarios. One or all may be applicable for each project site depending on the status of the facilities improvements. One standard is for a land survey of an existing site with built facilities. The second standard is for a land survey of a focus area of a project site. The survey requirements and standards set forth in this Section are herein referred to collectively as the "Survey Criteria".

Land Survey

The land survey shall include, but not be limited to the necessary site investigations, contact with governing agencies and utilities serving the site, etc., as necessary for preparing the land survey documents for the referenced project. The following list of minimum standards are those items which should be included in the land survey:

Aerial Photogrammetry

Incorporate site record data: Research and/or review available site record data and represent such record data in survey drawings.

Identify property topography: Record the topography throughout the project site or in specific areas designated by the District.

Perform boundary survey; set monuments: Consultant shall perform boundary surveys and shall, if necessary:

- Set permanent monuments
- Set property corner and/or offsets and describe same on the drawings
- Prepare a Record of Survey in accordance with governmental requirements and all applicable survey criteria

Geophysical survey: Perform geophysical survey to verify the presence of underground utilities, and incorporate utility information into land surveys.

Field surveys: Conduct field surveys to record information needed for various site improvement projects, such as off-site topographic information, building elevations, locations and invert elevations of clean-outs, manholes, etc.

Legal descriptions: Review and provide comments on existing or proposed legal descriptions, or create new legal descriptions for District property or easements. Create or review exhibits that accompany the legal descriptions.

Update existing land surveys: Update information on existing land surveys to reflect changes in site conditions or to provide additional information required for a project.

Construction staking or verification of Contractor-provided construction staking

Coordinate survey activities with District, City, and or owners, and neighbors as needed: In carrying out Services, Consultant shall coordinate site activities and all access with the District, the City, the owner(s) and lessee(s) of the property(ies) in question, and all neighbors and other entities that may be impacted.

Additional requirements are as follows;

1. The Consultant's survey crew should be available within a 48 hour notice.
2. The Consultant's survey crew should be experienced with the tasks listed above.
3. The Consultant's survey party should consist of two or three persons per crew. Ideally, at least one survey party member shall be a Professional Land Surveyor registered in the State of California or a Registered Civil Engineer authorized to practice land surveying in the State of California. Alternatively, the Consultant may propose an experienced but non-licensed surveyor to serve as party chief under the direction and "responsible charge" (as defined in the Professional Land Surveyor's Act) of a Professional Land Surveyor registered in the State of California or a Registered Civil Engineer authorized to practice land surveying in the State of California. The proposal shall consist of a resume of the party chief for the District's review and approval prior to the start of any field work. The District reserves the right to reject any proposals.
4. All supplies, such as, but not limited to, stakes, flagging, nails, spikes, ties, paint, etc. shall be included in the hourly rate for the survey party.

For additional detail on district Land Survey Standards applicable to any future Request for Proposal, refer to Exhibit I.

2.3 Compliance with Applicable Laws

Consultant's Response must set forth Consultant's understanding of all applicable laws, guidelines, and requirements, including the Education Code, Division of the State Architect (DSA), California Community Colleges Chancellors Office (CCCCO) and local ordinances and/or other applicable guidelines applicable to the Services to be undertaken, as well as Consultant's ability and methodology to comply with the same. Consultant's Response must confirm that the proposed Services will meet all the aforementioned requirements as set by the applicable codes, regulations and guidelines.

2.4 Working Conditions

Each Consultant shall be capable of working indoors and outdoors, as required, in all weather and site conditions including, but not limited to, rain, dirt, mud, and ice. The Consultant's activities may require kneeling, bending, climbing ladders, stepping over trenches, etc.

2.5 Deadlines

Each Consultant must be prepared to provide turnkey services for such cost estimating consulting services as the District may hereafter require. Each Consultant must be prepared and equipped to provide such services in an expeditious and timely manner and on relatively short notice to enable the District to meet critical, and at times unpredictable, time deadlines and schedules.

The District shall not be responsible in any manner for the costs associated with the preparation or submission of Consultant's Response. The Response, including all drawings, plans, photos, and narrative materials, shall become the property of the District. The District shall have the right to copy, reproduce, publicize and/or dispose of each Response in any way that the District may choose.

The commencement and completion of mediation proceedings pursuant to the foregoing is a condition precedent to either the DISTRICT or the CONSULTANT commencing arbitration proceedings pursuant to Paragraph 3 below.

3. Arbitration. All claims, disputes or other matters in controversy between CONSULTANT and DISTRICT arising out of or pertaining to this Agreement which are not fully resolved through the mandatory mediation set forth in Paragraph 2 above shall be settled and resolved by binding arbitration before one (1) retired judge conducted under the auspices of the JAMS or other mutually agreeable dispute resolution service. Any arbitration hereunder shall be conducted in the JAMS' Regional Office or other ADR service's office closest to the Site. The award rendered by the Arbitrator(s) shall be final and binding upon the DISTRICT and the CONSULTANT and shall be supported by law and substantial evidence pursuant to California Code of Civil Procedure §1296. Any written arbitration award that does not include findings of fact and conclusions of law in conformity with California Code of Civil Procedure §1296 shall be invalid and unenforceable. The DISTRICT and CONSULTANT hereby expressly agree that the Court shall, subject to California Code of Civil Procedure §§1286.4 and 1296, vacate the award if, after review of the award, the Court determines either that the award is not supported by substantial evidence or that it is based on an error of law. In connection with any arbitration proceeding commenced hereunder, the discovery rights and procedures provided for in California Code of Civil Procedure §1283.05 shall be applicable, and the same shall be deemed incorporated herein by this reference. Furthermore, if any claim or dispute is asserted by the Project Architect, Construction Manager if any, the Contractor and/or the DISTRICT relating to the Project and arising in whole or in part out of this Agreement, the services provided by or through the CONSULTANT hereunder or the Instruments of Service prepared by or through the CONSULTANT, CONSULTANT and DISTRICT agree that any arbitration proceedings initiated between CONSULTANT and DISTRICT hereunder shall, without the need for an order of the Court, be consolidated with any arbitration proceedings initiated in connection with such other claim or dispute by and between the aforementioned parties, regardless of the dispute resolution service selected. <delete the highlighted section if not applicable>.

4. Compliance with Government Code §900 et seq. The foregoing provisions relating to dispute resolution procedures notwithstanding, neither this Agreement nor such provisions shall be deemed to waive, limit or modify any requirements under Government Code §900 et seq. relating to the CONSULTANT's submission of claims to the DISTRICT as a express condition precedent and prerequisite to filing a Demand for Arbitration, which shall be deemed a "claim" for money or damages under Government Code §900 et seq. The CONSULTANT's strict compliance with all applicable provisions of Government Code §900 et seq. in connection with any claim, dispute or other disagreement arising hereunder shall be an express condition precedent to the CONSULTANT's initiation of the binding arbitration procedures under Article IV, Paragraph 3, above.

5. Limitation on Arbitrator's Authority. Notwithstanding any other provision of this Article, the Superior Court for the State of California for the County of Orange, shall have sole and exclusive jurisdiction, and an arbitrator shall have no authority, to hear and/or determine: (i) a challenge to the institution or maintenance of a proceeding in arbitration of a claim on the grounds that the claim is barred by the applicable statute of limitations, (ii) the claim is barred by a provision of the California Tort Claims Act, (iii) claimant has failed to satisfy any and all conditions precedent to arbitration, (iv) the right to compel

arbitration has been waived by the petitioner, (v) grounds exist for the revocation of the arbitration agreement, and/or (vi) there is the prospect that a ruling in arbitration would conflict with a ruling in a pending proceeding regarding the Project on a common issue of law or fact.

Local Business shall also mean any business supplying services or supplies for the Project that has its principal headquarters or permanently staffed regional office and that has held a business license within the zip codes listed above for Local Hire for a minimum of three months prior to the date the entity signs a contract or proposal for the Project. Local Business shall also mean any state or nationally certified minority-owned, women-owned, or disabled veteran business that has performed work for the District or other public agency within the zip codes listed above for Local Hire during the past four years.
