

**Rancho Santiago Community College District
Vision for Success: Progress of Santa Ana
College's and Santiago Canyon College's Goals**

September 2020

In July 2018, the Governor and the Legislature established a new funding formula for the California Community Colleges [AB 1809, Chapter 33, Statutes of 2018]. In that Statute, colleges/districts are required to establish the following:

1. Local goals that are aligned with the system-wide goals in the Vision for Success.
2. Local goals that are numerically measurable.
3. Local goals that specify the timeline for improvement.

The Chancellor's Office is requiring the submission of these goals, including the signatures of the Board President, CEO, and Academic Senate President, by May 31, 2019. This presentation process is intended to replace the annual Student Success Scorecard presentation to the Board of Trustees as well as the Institutional Effectiveness Partnership Initiative (IEPI) Goal Framework previously required.

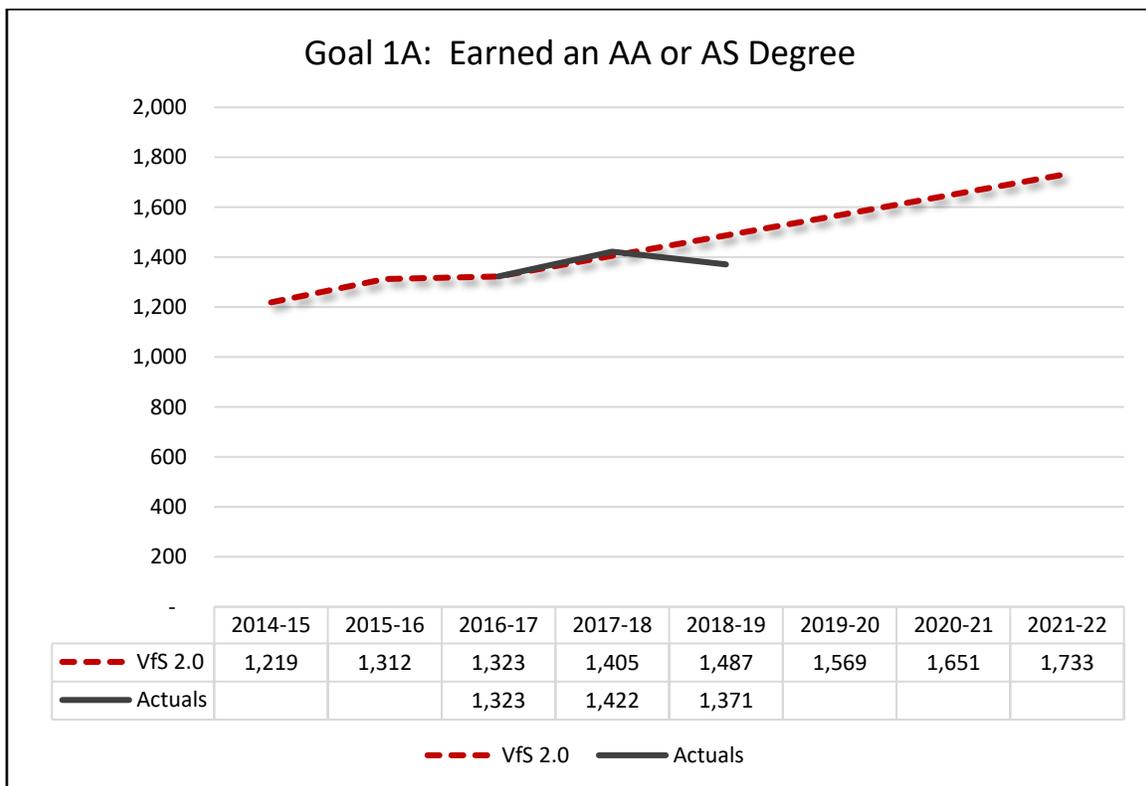

Using the Chancellor's Office directives, Santa Ana College and Santiago Canyon College conducted extensive data analysis on each of the Vision for Success metrics for which data was provided, developed local goals with a target year of 2021-2022, identified strategies to meet those goals, and vetted the local goals through their established governance committees for review and approval. At the April 29, 2020 meeting, staff presented the colleges' goals and strategies to accomplish them. The following tables and charts demonstrate the progress that the colleges have made since last year.
