4. **Budget Allocation Model Language Change**

The following recommendation is being made to District Council by the Fiscal Resources Committee (FRC) to change language in the Budget Allocation Model as outlined below:

**Budget Center Reserves and Deficits**

It is strongly recommended that each colleges and District Services budget centers set aside at least a 1% contingency reserve to handle unplanned and unforeseen expenses. If the contingency reserve is unspent by year end, this reserve falls into the college’s year-end balance and is included in the Budget Centers’ college’s beginning balance for the following fiscal year. The **District Services and Institutional Cost allocations are budgeted as defined in the model for the appropriate operation of the District and therefore are not subject to carryover. The Chancellor and Board of Trustees reserve the right to augment the budget as deemed necessary.**
5. **Use of One-Time Funds**

The following recommendation is being made to District Council by the Planning and Organizational Effectiveness Committee (POE) regarding the use of one-time funds:

POE recommends that a necessary sum of the state Mandated Cost reimbursement be set aside for ADA, OEC, and Marketing liabilities and that all remaining funds be distributed to the colleges based upon the FTES revenue model. Any unspent funds set aside for the previously stated district liabilities should also be distributed to the colleges based upon the FTES revenue model.
