**AR 3502 Networked Video Cameras (NEW)**

**Reference(s)**

Education Code Section 32280

The Rancho Santiago Community College District operates a public safety video camera system for the purpose of creating a safer environment for all District students, employees and visitors. The purpose of this document is to provide a district wide policy for the use of video security cameras. All recordings shall be done with recognition of the reasonable expectation of privacy among members of the college community. Public safety video security cameras may be used in conjunction with campus access control and two-way communications to enhance access to buildings and emergency notification.

District Safety & Security and Information Technology Services personnel involved in management of the video monitoring system will be appropriately trained and supervised.

Video monitoring will be conducted in a professional, ethical, and legal manner. The public safety camera system will not be used to invade the privacy of individuals, nor to look into private areas or areas where the reasonable expectation of privacy exists. This camera system is not intended for use in classrooms or private offices. Video monitoring shall not be used to harass, intimidate, or discriminate against any individual or group. Personnel are prohibited from viewing or distributing images unless authorized to do so by the Chief of District Safety.

Public areas that are covered by public safety cameras shall be marked in a conspicuous manner with appropriate signs to inform the public that the college has video surveillance. Signs shall be well lit to ensure visibility. Confidential investigations may require the use of unmarked camera locations; however, use will be limited to the duration of the investigation.

All media will be stored in a secure area with access restricted to authorized persons. Recordings not otherwise needed for official reasons shall be retained for a period not more than sixty days and thereafter shall be automatically erased with the video recording system. Any recordings needed as evidence in a criminal or civil proceeding shall only be copied by authorized campus safety personnel to a suitable medium and secured in accordance with current procedures.

The review or the release of video images shall be done only with the authorization of the Chief of District Safety & Security or his/her designee and only with a properly documented request.

Requests for recorded video images from other government agencies or by the submission of a court order or subpoena shall be promptly submitted to the Chief of District Safety & Security and Human Resources, who will submit to District legal counsel for further handling. Every reasonable effort will be made to preserve the data requested until the request has been fully processed by District legal counsel. Video images captured by public safety cameras that are requested by the public or media will be made available only to the extent required by law. Except as required by a valid court order or other lawful process, video images requested under the Public Records Act will generally not be disclosed to the public when such video images are evidence in an ongoing criminal investigation in which a disposition has not been reached.

The Chief of District Safety & Security or designee will conduct an annual review of the public safety camera system. The annual review will include an inventory of video monitoring installations, date of installation, summary of the purpose, adherence to this AR and any proposed policy or AR changes. The results of each review will be documented and maintained by the Chief of District Safety & Security or designee and other applicable advisory bodies. Any concerns or deviations from this regulation will be addressed promptly and effectively.

### **EMERGENCY RESPONSE AND EVACUATION PROCEDURES**

The District shall have emergency response and evacuation procedures for notifying the campus community in the event of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.

The Chancellor shall establish procedures that ensure that the District implements a plan to be activated in the event of an emergency or the occurrence of a natural disaster or hazardous condition. This plan must comply with the National Incident Management System (NIMS), the Standardized Emergency Management Systems (SEMS) and should incorporate the functions and principles of the Incident Command Systems (ICS), the Master Mutual Aid Agreement (MMAA), and any other relevant programs. The plan must incorporate NIMS and SEMS to facilitate the coordination between and among agencies in the event of an emergency or natural disaster.

General information about the emergency response and evacuation procedures for the District are publicized each year as part of the District's Clery Act compliance efforts and that information is available on the District web site at [www.rscdd.edu](http://www.rscdd.edu) and on the employee intranet at the following link: <https://intranet.rscdd.edu/Safety-Risk-Management/Emergency-Operations-Plan/Pages/default.aspx> .

All members of the campus community are notified on an annual basis that they should call 9-1-1 or the District Safety & Security Department of any incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or ongoing threat to the health and safety of students or employees on campus. The District Safety & Security Department has the responsibility of responding to, and summoning the necessary resources, to mitigate, investigate, and document these types of incidents and to determine if the situation does in fact, pose a threat to the community. If so, federal law requires that the institution immediately notify the campus community or the appropriate segments of the community that may be affected by the situation.

The District will determine the content of the message and will use some or all of the systems described below to communicate the threat to the appropriate segments of the campus community, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: District Safety & Security Department compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The District has various systems in place for communicating emergency information quickly. These methods of communication include; e-mail, text messaging, phone announcements, public address system, and social media platforms such as Facebook and Twitter. The District will post updates during a critical incident on the District web site, and via the other forms of emergency notifications. The District uses ~~BlackBoard-Connect~~ RAVE Guardian for the issuing of emergency messages. ~~and~~ All staff, faculty and currently enrolled students are automatically included in any emergency messages.

The District's ~~Director Communications and Publications,~~ Chief Communications Officer will be responsible for the dissemination of emergency information to the larger community through press releases, website updates, and social media updates.

## **TESTING EMERGENCY RESPONSE AND EVACUATION PROCEDURES**

An evacuation drill is coordinated by the District Safety & Security Department at least twice a year for all facilities on campus. These drills are scheduled to take place in the Fall and Spring semesters. Students and staff learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. Each campus has pre-designated locations for evacuation and publishes these on their website and in other emergency plans. These locations can be affected by time of day, location of the building being evacuated, and other factors such as the location and nature of the threat. In both cases, the District Safety & Security Department and District staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes.

Evacuation drills are monitored by the District Safety & Security Department and District administration to evaluate egress and behavioral patterns. Reports are prepared by participating departments which identify deficient equipment so that repairs can be made immediately. Recommendations for improvements are also submitted to the appropriate departments and offices for consideration.

## **PURPOSE**

The Emergency Response Plan is the District's planned response to all hazards on or affecting the campus or surrounding community. The plan will be activated by the District Chancellor or his/her their delegated representative. The emergency response plan details actions and responsibilities for all employees of the District including those on the Emergency Operations Center (EOC) staff.

## **RESPONSIBILITY**

Government Code Sections 3100-3101 state that all employees of the District are declared Disaster Service Workers during emergencies, subject to such activities as may be assigned to them. Federal and state regulations further state that all employees of the District must be trained and qualified in specified Federal Emergency Management Agency (FEMA) courses depending on an employee's emergency response responsibilities.

## **EMERGENCY OPERATIONS CENTER (EOC)**

Each campus has an Emergency Operations Center (EOC) that can be activated during emergency situations. The EOC may be staffed by one or more key administrators, depending on the situation, and the EOC staff will direct the campus response to the emergency, coordinating with first responders for outside support. The Campus EOC's will communicate directly with the District EOC and the District EOC will be responsible to update the County EOC of the status of our emergency and to coordinate with them with requests for outside support.

The EOC is composed of key administrators and their function is to coordinate emergency efforts including:

- Assess the overall disaster based on reports from area managers
- Initiate the emergency notification chain (call back of employees)
- Mobilize any additional staff to heavily damaged areas
- Determine the "All-Clear" when the disaster is over

All press releases will be prepared by the ~~Director Communications and Publications~~ Chief Communications Officer. In absence of this person, the key administrator will designate an individual responsible for this function.

## **PREPAREDNESS**

The District's preparedness is based on pre-staged supplies, training and awareness, emergency drills, and support agreements with outside agencies. All employees of the District ~~will~~ receive training in responding to and managing emergency situations according to federal and state laws and regulations. The best response to emergency situations is preparedness.

## **EMERGENCY CHAIN OF COMMAND**

All emergency situations should be notified to District Safety & Security who will make the notifications necessary to the key administrators. District Safety & Security is available 24-hours a day/seven days a week at 714 564 6330.

## **INSTRUCTORS: RESPONSIBILITIES**

1. Assess overall situation in classroom
2. Coordinate evacuation with assistance from Building Captains and Floor Wardens from classroom if necessary.
3. Assist disabled individuals out of buildings without use of elevators.
4. Initiate first aid if qualified individual is available.
5. Take a roll call once your students are out of the building and report, to the Floor Wardens or Building Captains.
6. Assist area managers as necessary.

Remember, in the event of a major disaster, **every** community college employee automatically becomes a Disaster Service Worker under Government Code Sections 3100-3101.

## **OTHER EMPLOYEES: RESPONSIBILITIES**

1. Follow survival instructions.
2. Evacuate area if necessary.
3. Assess immediate problems if possible.
4. Report to area assembly point when safe.
5. Assist area manager, as needed:
  - a. Performing first aid (if qualified)

- b. Serving as a communication runner, etc.
- c. Conducting record keeping and note taking

## **EARTHQUAKE: RESPONSIBILITIES IN CASE OF EARTHQUAKE**

### **Earthquake Survival Instructions – Drop, Cover and Hold On!**

During the earthquake:

- Keep calm—do not run or panic.
- Remain where you are - indoors or outdoors.
- If indoors, stay indoors. Take cover under desk, table, or bench or in doorways, halls, or against inside walls. Stay away from glass windows or sky lights. Do not use elevators. Do not run outdoors! You may be hit by falling debris or live electrical wires. Be aware that furniture moves in an earthquake.
- If outdoors, get away from buildings. Go to clear areas and stay away from walls, utility poles, and downed wires that could cause serious injury or death.
- Do not run through or outside buildings. The greatest point of danger is just outside doorways and close to outer walls.
- Protect yourself FIRST, then after shaking stops protect and/or help others.

After the earthquake

- If qualified, give first aid to anyone who is injured. If not, assure that first aid is given by qualified person.
- Wear shoes (flat heeled, preferable) in areas near fallen debris and broken glass.
- Clean up debris, glass, and spilled medicines as well as any flammable liquids, bleaches, and gasoline.
- Restrict phone use to emergencies only.
- Be prepared for aftershocks. These are usually smaller than the main quake, but some may be large enough to do additional damage to structures weakened during the main shock.

## **EXPLOSIONS: RESPONSIBILITIES IN CASE OF EXPLOSION**

In the event of an explosion in the building, employees should:

- Take cover under tables, desks, or other such objects that will give protection against flying glass and debris.
- Set off fire alarm. Stay at the fire alarm, if safe to do so.
- Call for help. Dial 9-1-1, 714 564 6330 or dialing 333 from campus phone.
- After the effects of the explosion have subsided, determine if evacuations are necessary.
- If evacuation is necessary, exit building as directed. Seek out any disabled persons and provide assistance. Assign blind students a guide. Assist wheelchair students or assign them a guide to get them to lobby near elevator.
- Upon leaving the building, proceed to designated emergency assembly areas and await further instructions.

## **FIRE: RESPONSIBILITIES IN CASE OF FIRE.**

- Pull the Fire Alarm.
- Call for help. Dial 911
- If fire can be easily extinguished, attempt to do so if you have been trained, you have called for help, people have started evacuating and it is safe to do so.
- Seek out and assist disabled persons in the area.
- Evacuate the building if necessary, closing fire doors.
- If evacuated, proceed to designated emergency area for further instructions.

## **EVACUATION: RESPONSIBILITIES IN CASE OF EVACUATION**

The purpose of any evacuation will be to empty a building or area of all occupants as quickly and safely as possible.

- Building Evacuation: Occupants should proceed to a clear or safe area near the evacuated building as shown on emergency evacuation route posted in classrooms.
- Key administrators, building captains, floor wardens or other emergency personnel will be available to direct evacuees to clear or safe areas.
- Evacuation of disabled persons will be given the highest priority. They should be evacuated by the most expeditious and safe means available. Turn lights on and off to alert hard of hearing to the emergency. Assign a guide to blind students. Carry pencil and paper to write messages, if necessary.
- Wheelchair students should be assisted to safe area, such as the top of the stairs, Notifications should be made to District Safety & Security, building captains or floor wardens to make arrangements to have the individual safely evacuated.
- When evacuating building, occupants should walk, remain quiet, grasp handrails, and follow all other emergency instructions.
- Occupants will gather in the emergency assembly area and await further instructions.
- Do not re-enter the building until instructed to do so by Command Post personnel.

## **BOMB THREATS: RESPONSIBILITIES IN CASE OF BOMB THREATS**

Employees receiving a bomb threat or discovering a bomb or similar device should immediately notify District Safety & Security at 714 564 6330 or 911.

- Take the caller seriously, but remain calm,
- Get as much information from the caller as possible,
- Tell a nearby co-worker, to contact District Safety & Security at 714 564 6330,
- Do not discuss the threat in public,
- If a bomb threat is received by phone, ask lots of questions, such as:
  - When is the bomb going to explode?
  - Where is the bomb right now?
  - What kind of bomb is it?
  - What does it look like?
  - Why did you place the bomb?
- Keep the caller on the phone as long as possible. Record the following information for emergency personnel:
  - Time of call
  - Date of call
  - Exact words of person
  - Sex, age
  - Speech pattern
  - Background noises
- If a bomb threat is received by mail, employees should:
  - Not handle the envelope or package
  - Leave the immediate area
  - Notify the District Safety & Security at 714 564 6330 or 911 and stop anyone from entering the area or handling the written note.
- If a suspicious object is discovered, the employee should:
  - Not attempt to touch or move the object or use any radio equipment.

- Evacuate immediate area only.
- Notify District Safety & Security at 714 564 6330 or 911 and await further instructions from operator.

### **CHEMICAL SPILL: RESPONSIBILITIES IN CASE OF CHEMICAL SPILL**

- If this is an emergency or if anyone is in danger CALL 9-1-1 or Campus Safety.
- Notify Campus Safety for any spills over 5-gallons, or if the spill is from an unknown chemical, or a spill of any quantity of a highly toxic substance.
- If possible and it is safe to do so, stop the spill, warn others, isolate the area, and minimize exposure.
- Follow the instructions of emergency personnel.
- Notify emergency personnel if you have been exposed or if you have information about the release.
- Attempt to clean the spill only if you feel safe, the spill is small, you are familiar with the properties of the chemical, you have had proper training, and you have the proper personal protective equipment (PPE) such as gloves and goggles.
- If directed to evacuate the building, once outside, move to a clear area at least 50 feet away from the affected building. If fumes are present, move cross wind, not upwind. Keep the walkways clear for emergency vehicles.
- Do not return to a building until told to do so or until it is announced that all is clear.

### **ACTIVE SHOOTER – RUN, HIDE, OR FIGHT!**

- If outdoors, **RUN** away from gunshots and find a place of safety.
- If you are in a classroom or office, assess the closeness of the shots. Run away from the shots if safe.
- If not safe to run, **HIDE**. Remain in location and secure all doors. Throw Place furniture or other heavy objects in front of door(s) to form a barricade if possible. Turn off the lights and silence your phones. Stay quiet and stay put until police officers give further Instructions.
- As a last resort, **Fight!**
- You may choose to fight back instead of being a passive target. An individual must use his/her their own discretion about when he or she they must engage a shooter for survival.

### **REPORTING EMERGENCIES NOT PREVIOUSLY COVERED:**

- The quickest and easiest way to obtain professional help for any type of emergency not specifically covered by these procedures is to phone the operator for assistance. Dial District Safety & Security at 714 564 6330 or 911.
- When calling, stay calm and carefully explain the problem and location to the dispatcher or Safety Officer.
- Quickly notify the dean or immediate supervisor of the emergency and begin to take the appropriate action warranted by the situation.
- If a sign language interpreter is needed to facilitate communication between off-campus hospital personnel and an injured deaf person, arrangements can be made by calling District Safety & Security at 714 564 6330 or COMMEND - Communication Medical Emergency Network for the deaf at 1-800-422-7444 or LIFESIGNS at 1-800-633-8883.

Campus Security Act of 1990

Individuals who are witnesses or victims of a crime, should immediately report the crime to the District Safety & Security Department.

In the event anyone is assaulted, attacked, or menaced by another person on district property, a supervisor or instructor shall be notified as soon as practical after the incident. The supervisor/instructor shall assist the victim to promptly report the incident to District Safety & Security and/or to the local police department. The supervisor/instructor shall make the report if the victim is unwilling or unable to do so. ~~an employee is assaulted, attacked or menaced by a student, the employee shall notify his or her supervisor as soon as practical after the incident. The supervisor of any employee who is attacked, assaulted or menaced shall assist the employee to promptly report the attack or assault to the District Safety & Security Department and /or local police department depending on site location. The supervisor himself or herself shall make the report if the employee is unable or unwilling to do so.~~

The District, in accordance with Clery Act requirements, shall publish timely warnings to the campus community about crimes that are considered to represent a continuing threat to other students and employees in a manner that is timely and will aid in the prevention of similar crimes. The information shall be disseminated by the Director Chief of District Safety & Security, in a manner that aids the prevention of similar crimes.

Depending on the circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, the Director Chief of Safety & Security may also post notices on the RSCCD websites, send out mass communication via text message, email or on social media, providing the community with a more emergency notification. This should be immediately accessible by all faculty, staff and students. Anyone with information warranting a timely warning should report the circumstances to the District's Safety & Security Department, by phone (714 564 6330) or in person at the District's Safety & Security Department's office.

The District shall not be required to provide a timely warning with respect to crimes reported to a pastoral or professional counselor.

If there is an immediate threat to the health and safety of students or employees occurring on campus, the District shall follow its emergency notification procedures.

The District shall annually collect and distribute statistics concerning crimes on campus. All college staff with significant responsibility for student and campus activities are considered campus security officials under the federal Clery Act and shall report crimes about which they receive information.

The District shall publish an Annual Security Report every year by October 1 that contains statistics regarding crimes committed on campus and at affiliated locations for the previous three years. The Annual Security Report shall also include policies pertaining to campus security; alcohol and drug use; crime awareness and prevention; crime alerts and timely warnings; the reporting of crimes; sexual assault and victims' assistance program; and emergency response and evacuation procedures. The District shall make the report available to all current students and employees. The District will also provide prospective students and employees with a copy of the Annual Security Report upon request. A copy of the Annual Security Report can be obtained by contacting the District Safety & Security Department or by accessing it on the District website:

<https://rscdd.edu/Departments/BusinessServices/Security-and-Public-Safety/Pages/crime-statistics.aspx>

The District may disclose the final results of disciplinary proceedings to a victim of an alleged a crime of violence or a non-forcible sex offense, regardless of the outcome. The District may also disclose to anyone, the final results of a disciplinary proceeding in which it concludes that a student violated school policy with respect to a crime of violence or non-forcible sex offense. The offenses that apply to this permissible disclosure are:

- Arson;
- Assault offenses;
- Burglary;
- Criminal homicide – manslaughter by negligence;
- Criminal homicide – murder and non-negligent manslaughter;
- Destruction, damage, or vandalism of property;
- Kidnapping or abduction;
- Robbery;
- Forcible sex offenses

The disclosure may only include the final result of the disciplinary proceeding with respect to the alleged criminal offense. The District shall not disclose the name of any other student, including a victim or witness, unless the victim or witness has waived his or her right to confidentiality.

## **TO REPORT A CRIME**

Contact District Safety & Security department at (714) 564 6330 or 333 from a campus landline, emergency blue phone or in the event of an emergency dial 911. Any suspicious activity or person seen in the parking lots or loitering around vehicles or inside buildings should be reported to the District Safety & Security Dept. In addition, you may report crime to any

administrator on campus through the RAVE Guardian app.

The District Safety & Security Department encourages anyone who is the victim or witness to any crime to promptly report the incident to them or police. If you are the victim of a crime and do not want to pursue action within the District's system or the criminal justice system, you may still want to consider making a confidential report. With your permission the ~~Director~~ Chief of District Safety & Security or his appointee can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety ~~of~~ of yourself and others. With such information, the District can keep an accurate record of the number of incidents involving students; determine where there is a pattern of crime with regard to particular locations, method, or assailant, and alert campus community to potential danger. Reports files in this manner are counted and disclosed in the annual campus statistics for the institution. Because police records are public records under state law, the police cannot hold reports of crime in confidence.

### **REQUIRED REPORTS TO LOCAL LAW ENFORCEMENT AGENCY**

Any report of willful homicide, forcible rape, robbery, aggravated assault, sexual assault (rape, forced sodomy, forced oral copulation, rape by a foreign object, sexual battery, or the threat of any of these), or hate crime (means any offense as described in Section 422.55 of the CA Penal Code), committed on or off campus, that is received by a campus security authority and made by the victim for the purposes of notifying the institution or law enforcement must be immediately, or as soon as practicably possible, disclosed to the local law enforcement agency. The report shall not identify the victim, unless the victim consents to being identified after the victim has been informed of ~~his/her~~ their right to have ~~his/her~~ personally identifying information withheld. If the victim does not consent to being identified, the alleged assailant shall not be identified in the information disclosed to the local law enforcement agency unless otherwise required by law. Because the District does not have a campus law enforcement agency, the report shall be forwarded to the appropriate local law enforcement agency.

The District shall include in its Annual Security Report a statement advising the campus community where information pertaining to registered sex offenders may be obtained.

Sex offenders are required to register with the police in the jurisdiction in which they reside and at the local police agency having jurisdiction over the campus and at institutions of higher learning if they are students there or if they work there as employees, contractors, or volunteers. ~~Sex offenders who are required to register should do so at the Santa Ana Police Department if attending Santa Ana College or Centennial Education Center and at the Orange Police Department if attending Santiago Canyon College or Orange Education Center.~~

Santa Ana Police Department: 60 Civic Center Plaza, Santa Ana, CA 92701 (714) 245-8665

Orange Police Department: 1107 N. Batavia Street, Orange, CA 92867 (714) 744-7444

A sex offender who applies for or who accepts a position as is an employee or volunteer in the District must disclose his/her their status as a registrant upon his/her their application or acceptance of the position if he/she they:

- 1) would be working directly and in an unaccompanied setting with minor children on more than an incidental and occasional basis or have supervision or disciplinary power over minor children or
- 2) would be working directly and in an accompanied setting with minor children and his/her their work would require touching minor children on more than an incidental basis.

A sex offender who must register for committing a crime against a minor victim under the age of 16 is prohibited from serving as an employer, employee, contractor, or volunteer in any capacity in which the sex offender would be working directly and in an unaccompanied setting with minor children on more than an incidental and occasional basis or involving having supervision or disciplinary power over minor children.

Information concerning registered sex offenders can be obtained from the Santa Ana Police Department and the Orange Police Department.

A campus police department is a POST-certified police department that is staffed by peace officers. California State Universities, University of California, and community colleges are authorized by statute to maintain campus police departments. (See Ed. Code 72330, 89560, 92600; see also Penal Code 13507). Additionally, other institutions of higher learning within California may contract with local law enforcement agencies to provide sworn officers who provide campus police services. If these institutions of higher learning have an on-campus police department, the registration form may be sent to the campus police department. If the institution of higher learning does not have a campus police department, you must submit this form to the local law enforcement agency having jurisdiction over the campus. Campus police departments do not include contracted security services. **Security Officers are not authorized to conduct registration or to accept registration forms.**

## AR 6200 Budget Preparation

### Reference(s)

Education Code Section 70902(b)(5)  
Title 5 Sections 58300 et seq.  
ACCJC Accreditation Standard III.D

Budget planning supports institutional goals and is linked to other institutional planning efforts. The budget is a financial plan for the operation of the District for the fiscal year, developed in accordance with Board-adopted educational goals and objectives and fiscal standards.

In accordance with Title 5 Sections 58305 ~~subdivision~~ (a) and 58305 ~~subdivision~~ (c), the Chancellor shall have prepared and shall submit to the Board of Trustees by no later than July 1 a tentative budget for the ensuing fiscal year and the proposed Adopted Budget no later than September 15. ~~Two copies of the adopted budget will be submitted to the State Chancellor's Office on or before September 30.~~ In accordance with Title 5 Section 58305 ~~subdivision~~ (d), on or before the 30th day of September, each district shall complete the preparation of its adopted annual financial and budget report. Once completed, this report and its supporting documentation is considered a public record pursuant to Section 6250 et seq. of the Government Code. On or before the 10th day of October, each district shall submit a copy of its adopted annual financial and budget report to the California Community College Chancellor's Office. The district shall also file copies of the report with the appropriate county officers for information and review.

Development of the subsequent year budget shall begin early in the calendar year in order to provide ample opportunities for the Board, staff and constituencies to consider all relevant data, parameters, and issues in accordance with state law, the district Planning Design Manual, Board Policies and Administrative Regulations prior to Board adoption. The district-wide participatory governance committee charged with developing the district budget process calendar, reviewing and evaluating the district Budget Allocation Model, and developing budget assumptions is the Fiscal Resources Committee (FRC). The FRC website at <https://www.rscdd.edu/Departments/Business-Operations/Pages/Fiscal-Resources-Committee.aspx> <https://www.rscdd.edu/Departments/BusinessServices/Pages/Fiscal-Resources-Committee.aspx> includes the committee responsibilities, calendar, membership along with agendas and minutes. The District Council serves as the primary participatory governance body responsible for district-wide planning and final budgetary recommendations to the Chancellor. The District Council website is found at <https://www.rscdd.edu/Discover-RSCCD/Pages/District-Council.aspx>. ~~The District's Budget Allocation Model (BAM) documents the District's budgeting and revenue allocation process and can be found at the Budget Summary website at~~ <https://www.rscdd.edu/Departments/BusinessServices/Pages/Budget.aspx>.

In accordance with Title 5 regulations, the budget shall include estimated income and proposed expenditures in sufficient detail to permit comparisons between the proposed budget and the

actual revenues and expenses in the current year. In addition, the Board shall be presented with a quarterly report showing the financial and budgetary conditions of the District. These quarterly reports will be submitted on form CCFS-311 to the State Chancellor's Office.

The accounting system and procedures related to revenue and expenditure classification, chart of accounts and general ledger maintenance, financial record keeping and reporting shall be in accordance with **the** Budget and Accounting Manual for California Community Colleges and are updated by changes brought about by new Governmental Accounting Standards Board (GASB) statements and legislative action.

The Orange County Department of Education, Rancho Santiago Community College District Board of Trustees, Chancellor's Office of the California Community Colleges, and other federal, state and local agencies for the categorical and specially funded programs set reporting requirements and timelines which directly affect the accounting system and procedures.

The District is committed to principles of sound fiscal management and to provide for responsible stewardship of available resources. The District adheres to commonly accepted accounting and auditing standards as criteria for fiscal management to:

- Provide for safeguarding and managing District assets to ensure ongoing effective operations; maintenance of adequate cash reserves; implementation and maintenance of effective internal controls; determination of sources of revenues prior to making short-term and long-term commitments; establishment of a plan for the repair and replacement of equipment and facilities.
- Provide for an organizational structure that incorporates a clear delineation of fiscal responsibilities and staff accountability.
- Provide that appropriate administrators keep the Board current on the fiscal condition of the District as an integral part of policy and decision-making.
- Provide for development and communication of fiscal policies, objectives and constraints to the board, staff and students.
- Provide for an adequate management information system that gives timely, accurate and reliable fiscal information for planning, decision making and budgetary control.
- Provide for appropriate fiscal policies and procedures and adequate controls to ensure that established fiscal objectives are met.
- Provide a process to evaluate significant changes in the fiscal environment and make necessary, timely, financial and educational adjustments.

- Provide both short-term and long-term goals and objectives, utilizing multi-year projections of revenues and expenditures, and broad-based input coordinated with District educational planning.
- Provide a method for determining allowability of costs in accordance with ~~EDGAR Second Edition-2~~ CFR Part 200 Subpart E Cost Principles.
- Implement the requirements of 2 Code of Federal Regulations Part 200.305 governing payments.

As approved by California law, and in accordance with the California Community Colleges Budget and Accounting Manual, the district shall have a Revolving Cash Fund at the maximum level of one hundred thousand dollars (\$100,000).

The Vice Chancellor, ~~of Business Operations/Fiscal~~ Services and the Assistant Vice Chancellor, ~~of Fiscal~~ Services are the designated custodians of said fund. The signature of one of the custodians is required on claims for replenishment of said fund.

The Vice Chancellor, Business ~~Operations/Fiscal~~ Services and staff are responsible for the development, implementation, and review of Rancho Santiago Community College District's accounting system and procedures.

## **AR 6305 Reserves**

Per the Board of Trustees and Board Policy 6250, the district has established a goal for its fund balance to be maintained at a minimum two months of total general fund operating expenditures reserve for contingencies which may occur in the course of the fiscal year. This reserve shall be known as the Board Policy Contingency.

Once this goal is met, the Vice Chancellor, ~~of~~ Business Services and the Assistant Vice Chancellor, ~~of~~ Fiscal Services shall monitor the reserves so that it maintains a minimum two months of total general fund operating expenditures, but in no case will the reserve become less than 12.5%.

In the event the Board of Trustees determine a need to allocate a portion of the Board Policy Contingency and this reserve becomes less than two months of total general fund operating expenditures, the Chancellor shall, within 120 days, present a plan to replenish the one-time draw down of the reserve to at least two months of total general fund operating expenditures. This replenishment plan will be discussed through the normal participatory governance process and will include details on the amount required and timeline for replenishing the reserve.

The Board of Trustees must approve utilization of monies from the reserve for contingencies (Board Policy Contingency) by a two-third majority vote.

## AR 6320 Investments

### Reference(s):

Government Code Sections 53600 et seq.

The Vice Chancellor, Business ~~Operations/Fiscal~~ Services is responsible for investing the funds of the District that are not required for the immediate needs of the District. Funds so invested shall follow the investment policy approved by the Governing Board in accordance with the Government Code Sections cited above and the following:

- Funds that are not required for the immediate needs of the District shall be prudently invested in order to earn a return on such investment.
- The preservation of principal is of primary importance. Each transaction shall seek to ensure that capital losses are avoided, whether from securities or erosion of market value.
- The investment program should remain sufficiently flexible to enable the District to meet all operating requirements that may be reasonably anticipated in any fund. After preservation of principal, liquidity is the objective.
- In managing District investments, District officials should avoid any transactions that might impair public confidence.
- Investments should be made with precision and care, considering the probable safety of the capital as well as the probable income to be derived. (See Government Code Section 53600.6 regarding solvency and creditworthiness.)

District funds maintained by the County Treasurer that are not required for the immediate needs of the District may be invested as follows:

- County Treasurer's Investment Pool. Investment of District funds may be delegated to the County Treasurer. In accordance with county procedures, District funds may be pooled with other local agencies and invested by the County Treasurer in accordance with the investment guidelines specified by Government Code Section 53635 and investment policies adopted by the County Board of Supervisors.
- State's Local Agency Investment Fund (Government Code Sections 16429.1-16429.3). District funds not required for immediate needs of the District may be remitted to the State Local Agency Investment Fund (LAIF) for the purpose of investment (Government Code Section 16429.1). District funds deposited with the LAIF shall be invested by the State Treasurer in securities prescribed by Government Code Section 16430, or the Surplus Money Investment Fund and as determined by the Local Investment Advisory Board (Government Code Section 16429.2).

- Other Investments - Other investments as permitted by Government Code Sections 53600 et seq., and in particular Government Code Sections 53601, 53601.8, 53635, and 53635.8 may be made by the Vice Chancellor, Business ~~Operations/Fiscal~~ Services subject to prior approval of the Governing Board. (**NOTE:** Government Code Sections 53601, 53601.8, 53605, and 53635.8 permit many very specific investments. Questions should be referred to financial advisors or legal counsel.)

Vehicle Code Sections 12810.3, 23123, and 23124;  
26 U.S. Code Sections 274(d)(4) and 280F(d)(4)

The Chancellor shall determine if it is in the best interests of the District to provide a cellular or wireless telephone to employees at District expense.

Cellular telephones provided by the District for compensatory reasons are classified by the Internal Revenue Service as a fringe benefit, the value of which must be included in an employee's gross income.

The value of a cellular telephone provided by the District primarily for non-compensatory business purposes is excludable from an employee's income. Employees will generally not be required to keep notes of business and personal use of District-issued cellular telephones when the telephones are issued for non-compensatory business reasons.

The value of the business use of a District-provided cellular telephone is excludable from an employee's income as a working condition fringe benefit to the extent that, if the employee paid for the use of the cellular telephone themselves, such payment would be allowable as a deduction under Income Tax Regulations Section 162 for the employee.

The District will be considered to have provided an employee with a cellular telephone primarily for non-compensatory business purposes if there are substantial reasons relating to the District's business, other than providing compensation to the employee, for providing the employee with a cellular telephone.

When the District provides an employee with a cellular telephone primarily for non-compensatory business reasons, the IRS will treat the employee's use of the cellular telephone for reasons related to the employer's trade or business as a working condition fringe benefit, the value of which is excludable from the employee's income and, will treat the value of any personal use of a cellular telephone provided by the employer primarily for non-compensatory business purposes as excludable from the employee's income as a de minimis fringe benefit.

These rules do not apply to wireless or cellular telephones owned by employees. Any reimbursements to employees for use of their own wireless or cellular telephones may be excluded from wages if the employee accounts for the expense pursuant to the Internal Revenue Service regulations.

Motor vehicle drivers may not use wireless or cellular telephones while operating their vehicles without a hands-free listening device. Drivers may use a wireless or cellular telephone to

contact a law enforcement agency or public safety entity for emergency purposes. Drivers of motor trucks or truck-tractors, tow trucks, or a commercial vehicle, used in commercial agricultural operations may use a digital two-way radio service that utilizes a wireless or cellular telephone.

There is no expectation of privacy when using a District-issued cellular telephone for District business.

4. The speed limit of vehicles used in areas other than roads and parking lots is 15 MPH.
5. All persons have the right-of-way over vehicles. Drivers shall use extreme care in operation of vehicles on the property and not operate the vehicle in any manner that may cause personal or property damage.
6. Vendors parking vehicles on the premises to provide service shall first obtain specific permission to do so. The Administrative Services Office and ~~Campus~~ District Safety & Security staff shall provide the vehicle operator direction on best path and acceptable parking locations.
7. All vehicles other than those owned and operated by the District shall have an appropriate parking permit ~~displayed~~. All students, visitors and employees, except non-credit students at the non-credit centers and part-time non-credit faculty, ~~must~~ pay parking fees. District parking permits are virtual and registered by a vehicle's license plate number. Annual and semester permits are available online for staff and students. Also available online are daily, weekly, monthly, and 16-week guest passes. Daily parking permits are available for purchase at ~~the~~ any parking permit dispenser located in the parking lots of each campus. In some certain instances, a parking permit can be paid for at the cashier's office ~~on~~ of each campus. Vehicles not ~~displaying registered with~~ a current permit may be cited and/or towed from the property at the owner's expense.
8. The driver and/or owner of a vehicle operated on District property shall be responsible for any personal and/or property damage caused by such operation. The District accepts no liability for any loss or damage caused to a vehicle when it is parked on District property.

9. The current citation bail amounts are as follows:
  - \$45 for most violations
  - \$100 for red curb violation
  - \$350 for Disabled Parking (R204) violation
10. The District Safety and Security Department will enforce parking regulations 24/7 on District property, pursuant to California Vehicle Code section 21113, and may issue parking citations to vehicles parked in violation of these regulations.
11. Motorcycles may park for free in designated motorcycle parking zones. Motorcycles parked in regular spaces on campus must ~~pay and display~~ purchase a valid permit.

### PARKING REGULATIONS

The District parking regulations are as follows:

**R101:** No person shall fail to obey any sign or signal erected to carry out these regulations or the California Vehicle Code.

**R102:** No person shall operate a vehicle, motorcycle, bicycle or any other mechanical vehicle on District property at a speed greater than 15 MILES PER HOUR, except for emergency vehicles.

**R103:** The driver of a vehicle, motorcycle, bicycle or any other mechanical vehicle shall yield the right of way to a pedestrian crossing any roadway or parking areas or walkways.

**R104:** No person shall operate a vehicle, motorcycle, bicycle or any other mechanical vehicle on any walkway, field, or landscaped area. Authorized Service vehicles are exempt.

**R201:** All vehicles parked on ~~Campus shall clearly display a current parking permit, with the number of the permit clearly visible, on the driver's side of the windshield. Daily parking permits shall be displayed on the driver's side dashboard so the information on the permit is clearly visible. A permit or receipt in any other area of the vehicle is a violation and subject to citation.~~ District property must purchase a valid permit and the vehicle license plate number must be registered in the system. See the Campus Safety & Security Department for further details.

**R202:** No parking is allowed in any area that does not have a clearly marked parking stall.

**R203:** Vehicles parked within a parking stall shall not overlap the lines that designate the parking stall. No vehicle shall be parked outside of the designated parking stall. ~~Doing so negatively impacts other vehicles around you. Any vehicle that impinges negatively on the adjacent stall or is parked excessively outside the boundary lines of the parking stall will be cited.~~

**R204:** No person shall park in an area posted or marked for "Disabled Parking Only" unless that person has with them a valid Department of Motor Vehicles issued Disabled Persons placard or displays a valid Disabled Person's license plate which refers to the occupant of the vehicle. The vehicle must also display a valid college parking permit.

**R205:** No student or staff member or visitor shall park a vehicle in an area posted “Visitors” or “Vendors” for more than the 30 minute posted time. Exceptions are persons with disabilities as referenced in Education Code 67301.

**R206:** No ~~student or visitor person~~ shall park in an area posted or marked “Staff Parking” unless a valid staff permit was issued to the vehicle. ~~a vehicle or motorcycle in parking lots, parking areas or parking spaces designated for “Staff Only” except as posted. Violators will be cited immediately.~~

**R207:** When signs or markings prohibiting or limiting parking are posted, no person shall park or leave standing a vehicle in violation of such sign or marking. This includes reserved parking spaces, or temporary parking restrictions for an event or construction.

**R208:** No person shall park or leave standing a vehicle on any walkway, landscaped area, driveway, road, or field without prior approval of the District Safety and Security Department ~~and display of a valid Temporary Parking Permit.~~ Authorized service vehicles are exempt.

**R209:** Motorcycles must be parked in designated motorcycle parking areas, and are exempt from the required parking permit, if parked in designated areas. Motorcycles that park in a normal stall must display purchase a valid parking permit.

**R210:** Painted curbs are an indication of restricted parking and the color denotes the type of parking allowed per California Vehicle Code 21458(a):

RED – indicates no stopping, standing or parking, whether the vehicle is attended or unattended, except that a bus may stop in a red zone marked or signposted as a bus loading zone.

YELLOW – indicates stopping only for the purposes of loading and unloading passengers or freight for the time as may be specified by local ordinance.

GREEN – Indicates time limit parking specified by local ordinance.

BLUE – indicates parking limited exclusively to the vehicles of disabled persons and disabled veterans.

**R211:** All vehicles parked in the Auto-Diesel Complex must display a valid work order.

**R212:** All vehicles parked in the Auto-Diesel Complex over 24 hours must display purchase a current parking permit.

**R213:** All vehicles shall be parked heading into a slanted / diagonal parking stall. Maneuvering into a slanted / diagonal parking stall so that the front-end of the vehicle is at the stall opening can disrupt the flow of traffic in parking aisles and can cause accidents or inconvenience to other road users. In parking lots or on sites (like District Office) where the parking stalls are at 90 degrees to each other, vehicles can park either head in or head out.

**R214:** No person shall park or leave unattended a motor vehicle or motorcycle blocking traffic lanes on Campus or any other District properties.

**R215:** No person shall sleep in, or remain overnight in any vehicle parked on Campus or any other District properties.

**R216:** No person shall leave any animals or minor children unattended in a vehicle on Campus or any other District properties.

**R217:** No person shall abandon, or leave standing, any vehicle or motorcycle on the District premises for 72 or more consecutive hours without advanced permission of the District Safety and Security Department. Violations will result in vehicle removal and storage under authority of Section 21113 of the California Vehicle Code.

### SKATEBOARDS, SCOOTERS AND BICYCLES

No person except authorized District personnel shall drive or ride a motor driven scooter, motorcycle, bicycle or similar devices on any District property sidewalk or landscaped area.

No person except authorized District personnel shall ride a skateboard, roller blades, self-propelled scooter, hover-board or similar devices on any District property sidewalk or landscaped area. These devices shall be stored in areas that do not obstruct pathways of travel.

Persons utilizing electric powered devices designed to assist with mobility are ~~not~~ to be operated in ~~an unsafe~~ a safe manner ~~or and~~ at speeds no greater than the speed of pedestrian traffic.

Bicycles shall be parked in designated bike racks throughout ~~campus and~~ District property so as not to obstruct pathways of travel.

Unattended items above may be confiscated by District Safety & Security if they present a hazard to ~~the campus or~~ District property.

### OVERNIGHT DISTRICT PROPERTY PARKING/FACILITY USE

Overnight parking between 11:00 p.m. and 6:00 a.m. is prohibited on all district property unless approved by District Safety & Security. Only authorized personnel assigned to work a schedule shift for District related business may park a vehicle or remain on District property when facilities are closed.

### CITATIONS

Consistent with California Vehicle Code, the procedures for contesting or paying an RSSCD parking citation are:

1. To pay a parking citation send payment to the RSSCD parking administration (address below), OR pay for the citation online at [www.paymycite.com/rscdd](http://www.paymycite.com/rscdd) [https://.citationportal.com](https://citationportal.com) You may also pay by phone at 877-800-1901

Address for payment by mail:

Enforcement Solution Center

P.O. Box 610188

San Jose, CA 95161-0188

2. ~~To contest a citation, request an Initial Review by telephone (888) 300-9915 or online at [www.paymycite.com/rscdd](http://www.paymycite.com/rscdd) or by mail as described on the citation. You may contest a citation online within 21 calendar days of issuance or 14 calendar days from the Notice of Parking Violation mailing date by visiting <https://rscdd.citationportal.com/>. You must provide the reason you feel the citation was issued in error and attach applicable documentation relating to your appeal.~~ There is no charge for this hearing and you do not pay the citation penalty prior to this hearing.
3. The Parking Administration forwards the Initial Review ~~form~~ to Chief, District Safety & Security or their designee.
4. The Chief, District Safety and Security or their designee reviews the ~~form~~ information and either upholds or dismisses the citation based upon available information. The result is updated online and a ~~results~~ letter is forwarded to the person notifying them of the disposition.
5. A dismissed citation requires no further action. An upheld citation requires the person to forward a deposit in the amount of the citation penalty to the Parking Administration. ~~RSCDD fee schedule is set at \$45 (\$100 for Red curb violations and \$350 for violation of Disabled Persons regulations).~~
6. If the person is dissatisfied with the results of the Initial Review, the person may request an Administrative Hearing no later than 21 calendar days following the results of the issuing agency's review. The person requesting the Administrative Hearing shall pay the amount of the parking penalty. ~~A person can request an Administrative Hearing without payment of the parking penalty upon satisfactory proof of an inability to pay the amount due (you must complete the form online at [www.paymycite.com/rscdd](http://www.paymycite.com/rscdd) to qualify).~~
- ~~7. A college Hearing Examination Committee will meet for in-person hearings and reviews. This committee will be managed by an external parking processing company. Within 90 days an in-person hearing or written declaration is scheduled.~~
7. A Hearing Administrator will meet for in-person hearings and reviews. The parking processing company manages the hearing. Per California Vehicle Code 40230(a), within 30 calendar days after the mailing or personal deliver of the final decision, the person may seek review by filing an appeal to be heard by the Superior Court.
8. A parking citation payment plan is available for individuals with multiple unpaid parking citations pursuant to Vehicle Code Sections 4760, 21107-8, 40215 and 40220.
9. Address for parking administration is:  
Request for Citation Review Hearing  
Parking Citation Service Center  
Post Office Box 11923  
Santa Ana, CA 92711

## ELECTRIC VEHICLE CHARGING ZONE

The Electric Vehicle Charging Zone identifies restricted use of electric parking/charging at each college. Parking in the Electric Vehicle Charging Zone is restricted to electric vehicles actively charging. Charging time is not to exceed four hours maximum per day. Charging stations are not to be used as parking locations. Valid parking permits are required for vehicles in the Electric Vehicle Charging Zone. Parking citations will be issued for violations.

The colleges may establish fees for electric vehicle charging stations to recover the costs of vendor services, electricity services, periodic maintenance and other costs. Individuals may contact the District Safety and Security Department for information and locations to these charging stations.

### ENFORCEMENT

The Board of Trustees authorizes the Rancho Santiago Community College District - District Safety and Security Department to issue traffic and parking citations within the boundaries of District properties pursuant to:

1. Traffic and parking regulations established by the Board of Trustees of the District.
2. California Vehicle Code, California Education Code and California Penal Code.

The ultimate goal of enforcement is to gain voluntary compliance with this regulation, through fair, equitable, and consistent enforcement of the policy itself. Safety & Security staff charged with enforcing this regulation are encouraged to gain compliance through verbal and written warnings, citations, and whatever other tools available to encourage students, employees, and visitors to comply with these regulations.

Penal Code Sections 832 et seq.

Title 5 Sections 51028, 51100, 51102, and 59700 et seq.

The Chancellor has established the District Safety & Security department under the supervision of the Chief of District Safety & Security, who shall report directly to the Vice Chancellor, Business Services. The purpose of the department is to deter and/or report criminal activity while providing safety and security on or near the campuses and other grounds or properties owned, operated, controlled or administered by the District, acting on behalf of the District. Their duties include, but are not limited to protecting persons or property, preventing the theft of District property, and reporting any unlawful activity to the District and local law enforcement.

Campus Safety officers shall be employed as members of the classified service but shall also be licensed by the Bureau of Security and Investigative Services (BSIS) of the Department of Consumer Affairs as required by Education Code Sections 72330.5. Prior to employment, they shall also satisfy the training requirements set out in Penal Code Sections 830 et seq and comply with the following:

- Submission of one copy of his or her fingerprints which shall be forwarded to the Federal Bureau of Investigation.
- A Department of Justice inquiry and background to determine that the employee is not a person prohibited from employment by a California community college district; and
- If the employee is required to carry a firearm, is not a person prohibited from possessing a firearm.

The Vice Chancellor, Business Services, in cooperation with the Chief of District Safety & Security, shall issue such other regulations as may be necessary for the administration of the District Safety & Security Department.

The Chief of District Safety & Security shall issue all regulations as may be necessary for the administration of District Safety & Security.

- Schedules and shifts
- Weapons practices, and qualifications
- Use of Force
- Use of vehicles
- Training

The District recognizes that Campus Safety officers play a particularly important role in fostering inclusion, forging cultural awareness, and promoting mutual understanding and respect. The District is committed to employing and supporting qualified Campus Safety officers who are dedicated to eradicating racism, discrimination, and biases from our campuses.

The District Safety & Security Department personnel must adhere to principles of diversity, equity, inclusion, and accessibility. The District Safety & Security Department must advance access to education, educational equity, and opportunities for student success by creating safe, secure, peaceful, and inclusive campus environments in which all persons may fully develop their individual potential without fear or undue risk of physical or emotional harm.

District Safety & Security personnel shall also comply with new regulations applicable to Title 5 of the California Code of Regulations that are commonly referred to as the Campus Climate and Public Safety Regulations.

These regulations require Campus Safety personnel to participate in training on community policing principles including anti-bias, cultural responsibility, conflict avoidance, and de-escalation. It also requires Campus Safety to revise their hiring and promotion practices to ensure officers exhibit a “guardian v. warrior” mentality as set forth in California Code of Regulations (“CCR”) sections 59700-59704 (formally sections 51028, 51100, 51102 and 59700).

## Message from Chancellor Martinez

I am thrilled to share the exciting developments within the Rancho Santiago Community College District (RSCCD) as we embark on a transformative journey with our new Comprehensive Master Plan. Representing the Board of Trustees' Strategic Directions, this eight-year plan is designed to shape the future of RSCCD, outlining our commitment to serving the region and beyond in the most impactful and meaningful ways.

Our master plan is more than a roadmap; it is a manifestation of our commitment to the community. It unveils the Board of Trustees' Strategic Directions that will guide RSCCD through its next era of service to the region.

Rooted in opportunities, our plan is dedicated to realizing educational pursuits, fostering career advancement, and enhancing the quality of life for the residents of the RSCCD region and beyond. We believe in the power of education to transform lives.

The plan is not just a vision; it is a product of in-depth analysis. Through a comprehensive review of national, state, regional, and local data, we have examined trends to make informed decisions that will shape the educational landscape for the next eight years and beyond.

Our journey involved engaging in over 100 conversations and "listening sessions." We connected with students, RSCCD trustees, faculty, staff, administrators, and external education partners, government, the community, and business and industry. Your insights have been invaluable in shaping our collective vision.

Recognizing our multiple roles, the plan envisions RSCCD as a leader in economic and workforce development, a provider of local opportunities for bachelor's degrees and university transfers, and a contributor to the enhanced quality of life for the region.

To bring our vision to life, the Comprehensive Master Plan is operationalized through three new plans for Santa Ana College, Santiago Canyon College, and the District's Services and Operations. These plans are crafted to accomplish the mission and vision of RSCCD, ensuring a holistic approach to our educational services.

As we unveil this Comprehensive Master Plan, I extend my gratitude for your continued support and partnership. Together, we can build a future where education stands as a symbol of hope, and the RSCCD community thrives. Thank you for being a vital part of this transformative journey.

Sincerely,

Marvin Martinez  
Chancellor  
Rancho Santiago Community College District

## Message from Vice Chancellor Perez

As the Vice Chancellor of Educational Services, I am pleased to share with you the new Comprehensive Master Plan—a pivotal strategy that reflects our commitment to excellence at the Rancho Santiago Community College District (RSCCD). Aligned with the Board of Trustees' Strategic Directions, this plan signifies a purposeful evolution in our collective pursuit of community-driven education.

This comprehensive effort is complemented by the inaugural long-range plan for the District Services and Operations (DSO) Unit, working in tandem with the long-range Educational Master Plans of Santa Ana College and Santiago Canyon College. Together, these plans unfold as a synchronized initiative, shaping Higher Education services that extend beyond the confines of the RSCCD region.

The integrated approach of these plans, aligned with the Comprehensive master Plan as a guidepost, serve to fulfill the mission and vision of RSCCD. As a collective, these four plans provide educational services to the community, position us as leaders in Economic and Workforce Development for the Orange County Region, and emphasize RSCCD's role in providing leadership and fiscal oversight for statewide initiatives, recognized by the California State Community College Chancellor's Office.

Developed through a meticulous analysis of District needs and the long-range plans of RSCCD's Colleges and their respective centers, this plan reflects our commitment to foresight and adaptability. It forms a crucial component of our overarching strategy, ensuring our educational services remain responsive to both present needs and future dynamics.

As we embark on this journey, I invite each member of our community to engage actively, contributing to the ongoing narrative that defines RSCCD's role as a steadfast leader in education, workforce development, and community enrichment. Together, we will shape the future of RSCCD.

Thank you for being an essential part of our journey.

Sincerely,

Enrique Perez, J.D.  
Vice Chancellor of Educational Services  
Rancho Santiago Community College District

## Executive Summary

In October 2023, the Rancho Santiago Community College District embarked upon an ambitious effort to revise its planning process by developing an eight-year integrated planning cycle. In addition, and to inaugurate this new planning process, four plans were developed and adopted by the Board of Trustees by the end of Spring 2024: The RSCCD Comprehensive Master Plan (CMP), which sets broad strategic directions for the District; Educational Master Plans (EMPs) for both Santa Ana College and Santiago Canyon College, mapping out goals and objectives in support of student success and to operationalize the Strategic Directions outlined in the CMP; and the first ever RSCCD District Services and Operations (DSO) Plan, delineating goals and objectives to operationalize the district Strategic Directions and in support for the colleges’ respective EMPs and the Districtwide CMP.

The first step was development of the districtwide Comprehensive Master Plan, setting the strategic direction for the district. After conducting an extensive Discovery Phase, where national, state, regional, and local data and trends were analyzed and listening sessions were held with nearly 700 internal and external stakeholders, the Planning & Organizational Effectiveness (POE) Committee, a districtwide participatory governance group, met with the Chancellor’s Cabinet to draft districtwide Strategic Directions. These Strategic Directions were then reviewed and endorsed by the Board Institutional Effectiveness Committee and the District Council, and finally, presented to the Board of Trustees for its consideration and adoption. Once adopted, the Strategic Directions were used by the two colleges as the guiding framework for their Educational Master Plans, and by District Services and Operations to inform their goals and objectives in support of the colleges and district operations.

On February 12, 2024, the Rancho Santiago Community College District Board of Trustees adopted the following 2024-2032 Strategic Directions:

Rancho Santiago Community College District	
Strategic Directions	
<b>Strategic Direction 1</b>	Advance the Rancho Santiago Community College District as a proactive and future-focused institution of educational excellence that is equitable, student-centered, and outcomes-focused for the student of today and tomorrow.
<b>Strategic Direction 2</b>	Forge strategic partnerships to create innovative pathways, ensuring relevance, equity, and quality of life enhancement for students through intentional outreach and collaborative initiatives.
<b>Strategic Direction 3</b>	Develop streamlined, data-informed, innovative systems and processes that utilize cutting-edge technology and collaboration to support both the employee experience and student access and success.
<b>Strategic Direction 4</b>	Leverage diverse funding streams, provide comprehensive professional development, and support accessible virtual spaces and physical facilities to increase student success in an ever-changing educational environment.

## Rancho Santiago Community College District Overview

The Rancho Santiago Community College District (RSCCD) is part of the California Community College system — the largest system of higher education in the US, with 116 colleges organized into 73 districts serving a total of 1.9 million students.

This multi-college district is in Orange County, an urban county of 793 square miles in Southern California. Orange County is surrounded by the ocean to the west, Los Angeles County to the north, San Bernardino and Riverside Counties to the east, and San Diego County to the south. In 2020, Orange County had a population of 3,186,989.

RSCCD is surrounded by five other community college districts: Coast Community College District to the west, South Orange County Community College District to the south, Riverside Community College District to the east, Chaffey Community College District to the northeast, and North Orange County Community College District to the north. Given the proximity of these six districts, there is considerable free flow because students have many community college options within a reasonable driving distance.

Today RSCCD is one of the largest community college districts in California. RSCCD includes two colleges, one of the state's oldest community colleges, Santa Ana College, and one of its newest, Santiago Canyon College.

### History

In 1915, Santa Ana College began as a department of Santa Ana High School with 26 students and 11 teaching faculty. It was the second junior college founded in Orange County and is the fourth oldest in all of California.

The earthquake of 1933 forced the college to relocate to a site on North Main Street, where it served 803 students with thirty-four teaching faculty. In 1947, it moved to a permanent campus at 17th and Bristol. The college continued to expand at this site and added sites across the community to increase student access. In 1971, Santa Ana College formally separated from the Santa Ana Unified School District. Shortly thereafter, the territory of the Orange Unified School District and portions of the Garden Grove Unified School District were added, and the new organization was named the Rancho Santiago Community College District (RSCCD).

In 1980, RSCCD began the development of a center on 30 acres in East Orange, and in the fall of 1985, the Orange Campus began its first semester, offering a variety of general education, transfer, and vocational education courses to more than 2,500 students. By 1996, enrollment at the Orange Campus had more than doubled. In 1997, the Board voted unanimously to change the name of the Orange Campus to Santiago Canyon College. The college was independently accredited in 2000, thereby resulting in RSCCD becoming a multi-college district.

As a multi-college district, RSCCD now comprises the District Office (District Services and Operations), Santa Ana College, and Santiago Canyon College. This conversion created numerous changes for the District. Three of the most important of these changes were: (1) a new organizational structure and accompanying participatory governance structure for the District, (2) a different funding model from the State Chancellor's Office and the need for a Budget Allocation Model among the three District components, and (3) a Delineation of Functions map, required by the accrediting commission, identifying centralized, decentralized, and shared functions across the District with designations of primary, secondary, and shared functions assigned to each District component.

In 2022-23, RSCCD increased enrollments to over 172,000 and reached a headcount of over 52,000. Centered in a growing and dynamic area, the District boundaries encompass 193 square miles, or 24% of Orange County. The portion of Orange County that includes RSCCD is densely populated. A little over one million residents live within RSCCD boundaries in the cities of Anaheim, Garden Grove, Orange, Santa Ana, and Tustin.

## District Mission

*The Rancho Santiago Community College District aspires to provide equitable, exemplary educational programs and services in safe, inclusive, and supportive learning environments that empower our diverse students and communities to achieve their personal, professional, and academic goals.*

Approved by the Board of Trustees on June 13, 2022

## Districtwide Integrated Planning

This Comprehensive Master Plan is one of four plans developed as part of an integrated planning project in the Rancho Santiago Community College District (RSCCD). In September, 2023, RSCCD embarked on a robust and complex Integrated Planning project to develop and align the following four plans across the District:

- RSCCD Comprehensive Master Plan (CMP) 2024-2032
- Santa Ana College Educational Master Plan (EMP) 2024-2028
- Santiago Canyon College Educational Master Plan (EMP) 2024-2032
- District Services and Operations Plan (DSO) 2024-2028

It was determined that goal-related language needed to be clarified to avoid confusion among the plans. As the Comprehensive Master Plan establishes the Board's direction for the District, "Strategic Directions" are identified in the CMP. Goals and objectives to operationalize the districtwide Strategic Directions are included in the DSO Plan and the Colleges' EMPs. Greater detail about RSCCD's new planning process will be posted on the [District's Research website](#) and should be included in a revised district planning manual.

The relationship of the four plans is illustrated below.

All four plans (CMP, DSO Plan, and Colleges' EMPs) followed the same development process, divided into three phases:

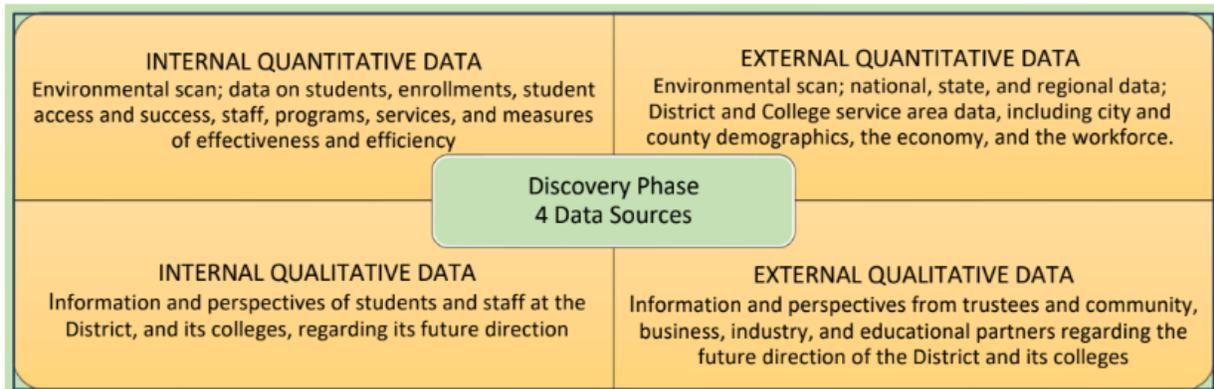

Phase I: Discovery (Data Collection, Analysis, and Synthesis)

Phase II: Comprehensive District Data Profile Development and Planning Assumptions

Phase III: Goal-Setting – Strategic Directions (CMP) and Goals and Objectives (DSO Plan and College EMPs)

The project involved an extensive Discovery Phase in Fall 2023 during which internal and external scans were conducted, along with analyses of workforce data and planning documents across the region to formulate a Comprehensive Data Profile for the District. Additionally, an extensive set of 122 interviews and listening sessions were held with internal and external stakeholders, including students and trustees, to provide important qualitative data to support development of the plans.

The infographic below displays the four data sources for these first two project Phases:

Following the Discovery Phase, trends and planning assumptions were identified, listening session themes that emerged were examined, and challenges and opportunities for the District and its colleges were explored. The trends and planning assumptions and challenges and opportunities are presented later in this report.

For the Comprehensive Master Plan, the Chancellor’s Cabinet and districtwide Planning & Organizational Effectiveness (POE) committee drafted Strategic Directions which were then sent to the Board Institutional Effectiveness Committee, District Council, and then the Board of Trustees for consideration and adoption. For the DSO Plan and college EMPs, they met with their respective planning groups to draft goals and objectives to operationalize the district’s Strategic Directions and advance ongoing initiatives.

## Ongoing Planning Efforts

Each service area of the district has a wide array of planning efforts that are ongoing, as well as new initiatives that emerge each year to meet the changing needs of the region. These ongoing efforts and emerging priorities are integrated into each of the plans in order to align activities and provide a singular, effective and efficient approach to meeting regional needs.

The new districtwide eight-year planning cycle allows for all major plans to be developed in a sequence that supports the overall planning cycle. For example, Program Review precedes Educational Master Plans (EMPs), as EMPs should draw upon the information from Program Review. Similarly, plans such as Facilities, Technology, and other plans follow EMPs, as the EMPs should set the priorities for their development. Appendix B presents the new RSCCD 8-Year Planning Cycle Alignment Chart, illustrating how the timing of plan development supports overall district planning.

## Development of the RSCCD Comprehensive Master Plan

The districtwide, eight-year Comprehensive Master Plan was developed to set the strategic direction for Rancho Santiago Community College District as a whole, including Santa Ana College, Santiago Canyon College, and District Services and Operations. Each developed its own plan to operationalize the district’s Strategic Directions. In other words, the RSCCD Strategic Directions are operationalized in the DSO Plan

and the College Educational Master Plans through their respective high priority Goals and Objectives. The development of all four plans followed the same three-phase process: Discovery, Data Profile Development and Planning Assumptions, and Goal-Setting.

To inform the development of RSCCD Strategic Directions, various information and input was gathered, including national, state, and regional trends, information on California State Community College Initiatives, internal data on students and programs, and input from internal and external stakeholders. The Comprehensive Districtwide Data Portfolio available online at: <https://www.rsccd.edu/Departments/Research/Pages/Environmental-Scans.aspx> and is summarized in Appendix C.

## National Higher Education Context

Nationally, college enrollment declined during the Covid-19 Pandemic but began to rebound in 2023. According to the Research Center at the National Student Clearinghouse ([reported October 26, 2023](#)) students are gravitating to shorter-term credentials rather than longer-term degrees. Enrollment growth is attributed to increased dual enrollment and increased enrollment by Black, Latinx and Asian students. White student enrollment continues to decrease.

EDUCAUSE, whose mission is to advance higher education focusing on technology, has identified these current national trends in their [2023 Horizon Report: Teaching and Learning](#).

### Social

- Student demand for more flexible and convenient learning modalities is increasing
- The focus on equitable and inclusive teaching and learning has expanded and intensified
- Microcredentialing programs are gaining momentum and maturity

### Technological

- The potential for AI (Artificial Intelligence) to become mainstream is growing
- The online versus face-to-face dichotomy is being disrupted
- Low- and no-code technologies that simplify complex processes are enabling more people to create digital content

### Economic

- Affordability and “Return on Investment” are impacting potential students’ decisions to enroll in postsecondary education
- As funding for public education declines, institutions are expected to do more with less
- The needs and demand for lifelong, workplace learning are increasing

### Environmental

- Climate Change is increasingly impacting our daily lives
- Environmental issues are being integrated into academic programs and institutional operations

## California Community Colleges Context

The California Community Colleges have a long-standing history of working to meet the needs of their students and communities, while partnering with businesses and industries to deliver a prepared workforce. In 1907, Fresno Junior College opened its doors as California’s first community college and

second in the nation.<sup>1</sup> In 1915, Santa Ana College opened its doors, marking a significant milestone in the region's educational history. Later, in 1971, the Rancho Santiago Community College District was established. In 1997, the Rancho Santiago Community College District Board of Trustees made the pivotal decision to transition into a multi-college district, expanding educational opportunities for the community.<sup>2</sup>

Pursuant to [Board Policy 1100](#),<sup>3</sup> the Rancho Santiago Community College District comprises:

- 1) Santa Ana College
- 2) Santa Ana College Centennial Education Center
- 3) Santa Ana College/Orange County Sheriff's Regional Training Academy
- 4) Santa Ana College Digital Media Center
- 5) Santiago Canyon College
- 6) Santiago Canyon College Orange Education Center

Today, the California Community College system of higher education consists of [73 Districts and 116 community colleges](#), each governed by a locally elected Board of Trustees. Collectively, these institutions serve 1.9 million students, making it the largest system of higher education in the country. California community colleges remain dedicated to advancing the state's economic growth and global competitiveness through education, training, and services that enhance workforce development.<sup>4</sup>

California's community colleges are also notable for attracting the most diverse student body in public higher education, with 69% of students representing varied ethnic backgrounds. Furthermore, 51% of California State University graduates and 29% of University of California graduates embarked on their academic journey at a community college.<sup>5</sup> The Rancho Santiago Community College District significantly contributes to these statistics, emphasizing its commitment to serving its communities. Through its open admission policy, and focus on affordability and accessibility, the District provides opportunities for academic and career technical education, facilitates seamless transfer pathways, engages with the community, and fosters lifelong learning.<sup>6</sup>

## Participation in Local Decision Making

This section provides an abbreviated historical perspective on the impact of [Assembly Bill AB 1725](#), Vasconcellos. California Community Colleges. In 1988, Governor George Deukmejian signed Assembly Bill AB 1725 authored by Assemblymember John Vasconcellos. This landmark legislation made California the

only state in the United States to statutorily mandate participatory governance for its public community colleges.<sup>7</sup> The bill encompassed provisions addressing the community college mission, finances, programs and services, employment, accountability, affirmative action, and appropriations.

The passage of AB 1725 introduced marked changes by adding, amending, and repealing sections of the [California Education Code](#) and thereby impacting the Board of Governors adopted [California Code of Regulations](#). It is important to note that provisions of AB 1725 concerning the governance structure and the roles of the statewide and local academic senates continues to draw significant attention.<sup>8</sup>

AB 1725 introduced California Education Code, [Section 70901 \(b\)\(1\)\(E\)](#), and mandated for the first time that local governing boards adopt minimum standards for governing procedures to ensure faculty, staff, and student participation in district and college governance:

*California Education Code, Section 70901 (b)(1)(E) reads: Minimum standards governing procedures established by governing boards of community college districts to ensure **faculty, staff, and students** the right to participate effectively in district and college governance, and the opportunity to express their opinions at the campus level and to ensure that these opinions are given every reasonable consideration, and the right of academic senates to assume primary responsibility for making recommendations in the areas of curriculum and academic standards.*

While the term “participatory governance” is not mentioned in law or regulation, AB 1725 underscores the importance of faculty, staff, and student involvement and delineates their respective responsibilities within the governance structure. As noted by Boggs and Galizio (2021), in practice, AB 1725, “provide[s] the sector the means for effective leadership, management, and accountability. Governance responsibilities were identified and designated, and governance processes were defined with specific roles given to the state board, locally elected boards, CEOs, faculty, staff, and students” (p. 8).<sup>9</sup>

## **Role of the Academic Senate – Title 5, Section [53200](#)**

AB 1725, Section 61 (a), directs the Board of Governors to, “Develop policies and guidelines for strengthening the role of the academic senate with regard to the determination and administration of academic and professional standards, course approval and curricula and other academic matters. In 1990, the Board of Governors adopted Title 5, Sections [53200-53204](#) that requires district governing boards to adopt policies for the appropriate delegation of authority to its college and/or district senates.<sup>10</sup>

The Board or its designee will engage in collegial consultation with the duly constituted Academic Senate(s) of the District regarding academic and professional matters as defined by law. In Title 5, Section [53200](#), Academic Senate means an organization whose primary function is to make recommendations with respect to academic and professional matters. Furthermore, Title 5, Section 53200 (c) states that “Academic and professional matters” means the following policy development and implementation matters also referred to as the “10+1”:

1. Curriculum, including established prerequisites and placing courses within disciplines

8. Policies for faculty professional development activities
9. Processes for program review
10. Processes for institutional planning and budget development
11. Other academic and professional matters as mutually agreed upon between the governing board and the academic senate

The Academic Senate for California Community Colleges (ASCCC) states that it is the “official voice of California community college faculty in academic and professional matters” and additional information is accessible at [link](#). ASCCC provides a “10 + 1 carrying card,” depicted below, for faculty and others to easily recall the role of the Academic Senate as described in Title 5 per the authorization of AB 1725.

## The Role of Staff – Title 5, Section 51023.5

Pursuant to Title 5, Section 51023.5, “the governing board of a community college shall adopt policies and procedures that provide district and colleges staff the opportunity to participate effectively in district and college governance.”<sup>11</sup> District and college staff includes classified, confidential, supervisory, and management professionals, and AB 1725 specifies that their opinions and recommendations shall be extended at every reasonable consideration in decision-making processes.

## The Role of Students – Title 5, Section 51023.7

Title 5, Section 51023.7, mandates that community college districts must establish policies and procedures enabling students to engage meaningfully in district and college governance. This provision ensures that students have a voice in shaping policies and procedures that affect them. According to Title 5, Section 51023.7 (b), policies and procedures deemed to have “significant effect on students” Include:

1. Grading policies
2. Codes of student conduct
3. Academic disciplinary policies
4. Curriculum development
5. Courses or programs which should be initiated or discontinued
6. Processes for institutional planning and budget development
7. Standards and policies regarding student preparation and success
8. Student services planning and development
9. Student fees within the authority of the district to adopt
10. Any other district and college policy, procedure, or related matter that the district governing board determines will have a significant effect on students

## RSCCD Board of Trustees – Board Policy 2410

The Rancho Santiago Community College District (RSCCD) locally elected Board of Trustees (Board) holds ultimate decision-making authority in areas designated by state and federal laws and regulations. In fulfilling this responsibility, the Board is dedicated to ensuring that faculty, staff, and students within the District actively participate in the formulation of proposed policies for Board consideration and administrative regulations for Chancellor oversight, which govern and manage the District's affairs. The Board's internal governance processes are accessible through the RSCCD website [link](#), and Board Policies (BP) and Administrative Regulations (AR), which are organized across seven chapters as noted below are available at [BP/AR link](#).

Board Policies and Administrative Regulation Chapters

Chapter	Board Policies and Administrative Regulations
1	The District
2	Board of Trustees
3	General Institution

---

<sup>11</sup> [T5, Section 51023.5](#)

4	Academic Affairs
5	Student Services
6	Business and Fiscal Affairs
7	Human Resources

The meaningful engagement of faculty, staff, and students in the development of policies and procedures in these BP and AR chapters promotes transparency, inclusivity, and participatory governance within educational institutions. It is essential for fostering a collaborative and supportive campus environment where all stakeholders feel valued and empowered to contribute to institutional success.

The Rancho Santiago Community College District Office steadfastly champions the role of the locally elected Board of Trustees, unwavering in its support and commitment to upholding compliance with directives outlined in California Education Code and Title 5, Code of Regulations, as well as pertinent federal and state laws. This unwavering dedication seeks to strengthen and enhance support for its colleges and centers, directly impacting the student journey and the District’s employee experience.

## Vision 2030 – Guided by the Vision for Success and the Governor’s Roadmap

The [Vision 2030](#) plan for California’s community colleges, released by the California Community College Chancellor’s Office as approved by the Board of Governors, extends the principles set forth in the [Vision for Success](#), [Vision for Success Update](#), and the [Governor’s Roadmap](#) plans. Together, these plans establish systemwide community college priorities and stipulate that, “every college should make sure they have goals that address systemwide priorities.”<sup>12</sup>

### Vision for Success and Guided Pathways

The [Vision for Success](#), launched in 2017, focused on a commitment to ensure, “that students from all backgrounds succeed in reaching their goals and improving their families and communities, eliminating gaps once and for all.”<sup>13</sup> In 2021, the California Community College Chancellor’s Office renewed its dedication to the *Vision for Success* plan through the issuance of the [Vision for Success – Reaffirming Equity in a Time of Recovery Update](#). The report emphasized that the overarching goal for the state’s community colleges remains unchanged: to achieve the systemwide targets outlined in the *Vision for Success*, including completion, transfer, efficiency, workforce attainment, and, most importantly, equity. It underscored the critical importance of Goal 5, Equity, especially considering the disproportionate impact of the multiple pandemics on communities of color.<sup>14</sup>

It is important to highlight that *Vision for Success* utilizes the *Guided Pathways* framework to enhance student access, persistence, retention, and goal completion. Districts and colleges can seize the opportunity to integrate and align key plans encompassing diverse student learning programs such as Adult Education, Student Equity and Achievement Program, College and Career Access Pathways,

<sup>12</sup> Vision for Success plan, pg. 3

<sup>13</sup> Vision for Success, <https://www.cccco.edu/About-Us/Vision-for-Success>

learning communities, categorical programs and services, among others. This integration within the *Guided Pathways* framework aims to address the diverse needs of current and prospective students.

The Guided Pathways framework is grounded in four pillars of the student experience, described in part as follows:

Guided Pathway Pillars	
1. Clarify the Path	Create clear curricular program of study pathway maps to employment or transfer, simplify student choices, and establish detailed transfer pathways and expected learning outcomes with transfer institutions
2. Enter the Path	Help students choose and select a pathway, redesign developmental education, and course placement
3. Stay on the Path	Support students through strong advising and counseling, embed proactive support services throughout the student journey, strengthen clarity about transfer and career opportunities, ensure academic planning with predictable course scheduling
4. Ensure Learning	Ensure learning is occurring with intentional outcomes, establish program of study level of outcomes in employment or transfer, integrate group projects, internships, and other applied learning experiences to enhance instruction and improve student success

*Source: American Association of Community Colleges (2015), Redesigning America’s Community Colleges (2015)*

Guided Pathways aims to:

**Advance Equity:** Removing barriers that today’s students face, particularly students of color, first-generation students, students from low-income backgrounds, and working adults.

**Transform Institutions:** A highly structured, comprehensive approach to systemic change to improve students’ attainment of skills, credentials, and socioeconomic mobility. It is founded on the principle that everything can and should change.

**Redefine Readiness:** Fundamentally shifting the conversation about what it means to put students first, encouraging colleges to focus on their readiness for students rather than students’ readiness for college.

**Redesign Supports:** Recognizing that students need more than financial support and resources to be successful. It allows colleges to recognize and holistically support students’ academic and non-academic needs.

It is critical to emphasize that both the [Vision for Success](#) and the [Guided Pathways](#) frameworks are not merely plans, but are codified in law. Guided Pathways is further codified in the [Student Equity and Achievement Program](#) mandate.

## Governor’s Roadmap and California Community College System

The [Governor’s Roadmap](#), released in 2022, is an agreement with the California Community College system and builds upon the system’s *Vision for Success* goals to close equity gaps and to promote student success; expand opportunities for transfer students; increase intersegmental collaboration to benefit students; and support workforce preparedness and high-demand career pipelines. The

“roadmap” includes new goals and expectations and “represents an unwavering commitment to continue to increase support and socialize existing reforms such as Guided Pathways, equitable [student] placement, the Student Centered-Funding Formula, and competency-based education, among others – aimed at improving student success and making sure that success equitable for all students served by the CCCs .”<sup>15</sup>

Additionally, the roadmap outlines essential goals and expectations, such as fostering increased collaboration across segments and sectors to facilitate timely transfer, enhancing completion rates with a reduction in excess units, addressing equity gaps, and aligning the system more effectively with K-12 and workforce needs.<sup>16</sup>

The *Governor's Roadmap* mandates an annual systemwide progress report. This report encompasses college-level data showcasing progress achieved for each performance metric, a summary of crucial implementation strategies and contributions to advancing performance outcomes, as well as a synopsis of strategic collaborations with intersegmental partners. Annual reporting also includes a systemwide budget request aimed at supporting the achievement of the goals outlined in the roadmap based on systemwide progress.<sup>17</sup>

## Vision 2030 – a Roadmap for California Community Colleges

*Vision 2030*, a roadmap for California Community Colleges, envisions a more inclusive higher education system for all Californians. The vision aims to provide access points for every learner, regardless of race, ethnicity, region, class, or gender. It emphasizes tailored support and exit points, allowing students to transition to transfer programs, complete a community college baccalaureate, or secure employment with family-sustaining wages.<sup>18</sup> Furthermore, *Vision 2030* serves as a framework for urgent action in the field. It provides guidance for practice, the development of systems to eliminate barriers, resource development for fiscal sustainability, and policy reform aimed at unlocking potential.<sup>19</sup>

Dr. Sonya Christian, Chancellor, California Community Colleges, explains that *Vision 2030* affirms, “...the drive to improve completion, transfer, and employment, and to make equity gains has not changed. *Vision 2030* incorporates critical data-informed updates to meet the needs of today’s students and to double down on innovative and promising strategies.”<sup>20</sup> *Vision 2030* is centered on prioritizing the well-being of our students, communities, and the planet.<sup>21</sup>

### **Vision 2030 Alignment with the Vision for Success, Vision for Success Reaffirmed, and the Governor's Roadmap**

As noted, *Vision 2030* extends and builds upon the Vision for Success, Vision for Success Update, and the Governor's Roadmap plans. It further incorporates and extends the principles outlined in these planning documents to guide community college practices towards meeting systemwide goals. The illustration below depicts key directives and demonstrates the uniformity of statewide adopted plans.

## Statement on Diversity, Equity, and Inclusion in the California Community Colleges

A primary emphasis throughout the statewide adopted plans is equity. *Vision 2030* centers around three primary goals: Equity in Success, Equity in Access, and Equity in Support. The *Equity in Higher Education Act* (EDC, Sections [66250-66293](#)) contains various provisions focused on fostering diversity, equity, and inclusion among students, faculty, and staff. Furthermore, Title 5, Section [51201](#), Statement on Diversity, Equity, and Inclusion reflects a comprehensive commitment by the California Community Colleges to actively work towards creating an educational environment that values and respects diversity, equity and inclusion among students, faculty and staff. The focus on equity underscores the recognition that every individual deserves fair and equal access to opportunities, resources, and support necessary for their success. By prioritizing equity, educational institutions strive to dismantle systemic barriers, address disparities, and create environments where all learners can thrive and reach their full potential.

## Title 5, Section 51201

### **§51201. Statement on Diversity, Equity, and Inclusion in the California Community Colleges.**

(a) With the goal of ensuring the equal educational opportunity of all students, the California Community Colleges embrace diversity among students, faculty, staff and the communities we serve as an integral part of our history, a recognition of the complexity of our present state, and a call to action for a better future.

(b) Embracing diversity means that we must intentionally practice acceptance, anti-racism, and respect towards one another and understand that racism, discrimination, and prejudices create and sustain privileges for some while creating and sustaining disadvantages for others.

(c) In order to embrace diversity, we also acknowledge that institutional racism, discrimination, and biases exist and that our goal is to eradicate these from our system. Our commitment to diversity requires that we strive to eliminate those barriers to equity and that we act deliberately to create a safe, inclusive, and anti-racist environment where individual and group differences are valued and leveraged for our growth and understanding as an educational community.

(d) To advance our goals of diversity, equity, inclusion, and social justice for the success of students and employees, we must honor that each individual is unique and that our individual differences contribute to the ability of the colleges to prepare students on their educational journeys. This requires that we develop and implement policies and procedures, encourage individual and systemic change, continually reflect on our efforts, and hold ourselves accountable for the results of our efforts in accomplishing our goals. In service of these goals, the California Community Colleges are committed to fostering an anti-racist environment that offers equal opportunity for all.

(e) As a collective community of individual colleges, we are invested in cultivating and maintaining a climate where equity, anti-racism, and mutual respect are both intrinsic and explicit by valuing individuals and groups from all backgrounds, demographics, and experiences. Individual and group differences can include, but are not limited to the following dimensions: race, ethnicity, national origin or ancestry, citizenship, immigration status, sex, gender, sexual orientation, physical or mental disability, medical condition, genetic information, marital status, registered domestic partner status, age, political beliefs, religion, creed, military or veteran status, socioeconomic status, and any other basis protected by federal, state or local law or ordinance or regulation.

## Student-Centered Funding Formula

The [Student-Centered Funding Formula](#) (SCFF) was included in the 2018-19 state budget as an innovative method to allocate funding to community college districts. As outlined by the California Community College Chancellor's Office, the formula is designed to support the goals and commitment set by the *Vision for Success* plan and is aligned with the *Guided Pathways* student success metrics. SCFF is based on three primary calculations:<sup>22</sup>

- A base allocation – largely reflects enrollment.
- A supplemental allocation based on the numbers of students receiving a College Promise Grant, students receiving a Pell Grant and students covered by AB 540.

---

<sup>22</sup> Student-Centered Funding Formula: <https://www.cccco.edu/About-Us/Chancellors-Office/Divisions/College-Finance-and-Facilities-Planning/Student-Centered-Funding-Formula>

- A student success allocation based on outcomes that include:
  - the number of students earning associate degrees and credit certificates.
  - the number of students transferring to four-year colleges and universities.
  - the number of students who complete transfer-level math and English within their first year.
  - the number of students who complete nine or more career education units.
  - the number of students who have attained a regional living wage.

Of note, the California Community College Chancellor’s Office has developed Student Centered Funding Formula ([CCCCO SCFF Dashboards](#)) dashboards, enabling Districts to analyze key performance metrics and SCFF implications. Additionally, a SCFF estimator is available. Please note that these resources may require a passcode for access and require coordination with District and college Chief Business Officers.

## Regional Trends and Planning Assumptions

Below is a listing of the highlights gleaned from data presented in Appendix C, and available in more detail in the comprehensive Districtwide Data Profile, located at:

<https://www.rscdd.edu/Departments/Research/Pages/Environmental-Scans.aspx>

Demographic (Source: US Census and California Department of Education)

- The population of Orange County is expected to increase slightly in the next decade, but the growth will come from older adults (aged 50+) with the population of typical college-aged students (20-35) shrinking slightly
- Enrollment in local K-12 school districts has been trending downward over the past five years, and the number of high school graduates is projected to decrease in the next decade
- Approximately 40% of the population of Orange County has less than “some college or Associate Degree”
- While Orange County is relatively affluent compared to the state, nation, and neighboring counties, the cost of living is higher and per capita income is below the Living Wage
- Within Orange County, there is great variation by city in terms of demographics and income & poverty, with RSCCD serving some of the largest cities with the lowest socioeconomic status

Economic (Source: Orange County Community Services Division)

- Technological advances are disrupting many traditional industries
- Surging housing market indicates economic growth while simultaneously creating affordability concerns for many residents
- Very low unemployment rates and significant employment growth in traditional and emerging industries

Labor Market Trends: Five emerging technology industries (Source: Orange County Business Council)

- Cybersecurity
- Artificial Intelligence
- Computer and Video Gaming
- Ophthalmic/Vision
- Drones

Labor Market Trends: Four Priority Industries (Source: CCCC and the Orange County Regional Consortium)

- Advanced Manufacturing
- Health Care
- Information Technology
- Hospitality & Tourism

## Districtwide Trends and Planning Assumptions

A review of extensive data for RSCCD was conducted, which is available in greater detail in the comprehensive Districtwide Data Profile, located here:

<https://www.rscdd.edu/Departments/Research/Pages/Environmental-Scans.aspx>

The following emerged as the key data trends and highlights.

### **Students** (Source: RSCCD Internal Data, CCCC LaunchBoard)

- RSCCD has much larger than average apprenticeship programs (at SCC) and Academy/Public Safety programs (at SAC). Due to enrollment in these programs, the majority of students enrolled in the RSCCD are male (59%, compared to 45% statewide)
- Noncredit students are predominantly female (61%)
- Male students earn the majority of Certificates of Achievement (52%)
- Female students earn the majority of Associate degrees (59%)
- Female students are also the majority of Bachelor degree earners (81% of the 13 degrees awarded to date)
- Awards are distributed roughly equally by ethnicity
- In metrics important to the Student-Centered Funding Formula, RSCCD, compared to all other Orange County community college districts, enrolls a higher number of AB540 students, but a lower number of Promise Grant recipients and a much lower number of Pell Grant recipients

### **Special Populations** (Source: CCCC DataMart)

- The largest special populations enrolled in the RSCCD are first generation college students, CCAP (College and Career Access Pathways), Special Admit, Incarcerated, and work-based learning participants

### **Enrollment** (Source: RSCCD Internal Data)

- In recent years, FTES (Full Time Equivalent Students) peaked in 2015-2016, then slowly trended downward with a noticeable drop during the Covid-19 Pandemic, but increased in 2022-2023
- In 2023 41% of courses were offered online

### **Outcomes -- Student Success Metrics** (Source: CCCC LaunchBoard)

- Outcomes are lower than average for RSCCD with some exceptions, primarily in noncredit/ESL and post-enrollment earnings
- Areas of concern (low outcomes) include:
  - Transfer
  - Average number of units accumulated by degree earners
  - Associate degree completion
  - Completing transfer level math and English in the first year (at SAC)

## Districtwide Listening Sessions and Themes

During the Discovery Phase, listening sessions were held by CBT with individuals and groups of internal and external stakeholders, including students and Trustees, throughout the Rancho Santiago Community College District. A summary of the listening sessions and emerging themes is provided below.

### Districtwide Listening Sessions Summary

Nearly 700 individuals provided input at the 122 listening sessions held in Fall 2023. A summary showing the individual and group listening sessions is provided in the chart below.

### **Districtwide Listening Session Themes**

A wide array of themes emerged from the listening sessions held across the District to inform the Integrated Planning Project, where individuals and groups provided their perspectives and viewpoints about the future direction of the Rancho Santiago Community College District and its colleges in serving the Orange County service region.

These districtwide themes informed development of the broad Strategic Directions for the District as a whole for the RSCCD Comprehensive Master Plan 2024-2032. Overall, the districtwide themes fell into two major categories:

- Those themes that reflect a public-facing, external, future focus on programs, services, and approaches in higher education that meet the needs of today’s and tomorrow’s students, communities and employers in the RSCCD service region.
- Those themes that reflect attention to the internal RSCCD environment to strive for quality, effectiveness, and efficiency in support of employees, systems, processes, technologies, and fiscal and physical resources to further strengthen District services, operations, and the two colleges and their respective educational delivery sites.

Examining the districtwide themes in more depth revealed the following four overall areas of focus essential for consideration by the District. High priority, districtwide perspectives expressed during internal and external listening sessions are delineated under each focus area. They helped to inform the development of Strategic Directions for the Comprehensive Master Plan.

### Focus Area 1: Core higher education services, future direction, and how RSCCD will be viewed

*RSCCD is an institution of academic excellence: student-centered; outcomes-focused - achieving Vision 2030 goals; future-focused; flexible; nimble; providing programs and services to meet regional needs*

- RSCCD is a higher education institution of academic excellence
- Forward-thinking and nimble to meet current and future needs
- Align plans with California’s Vision 2030, serving the Orange County region and beyond
- Continue to improve student success indicators outlined in California’s Vision 2030 not only for student success, but also for increased funding
- Embrace change; serve all populations; do the work other colleges are not doing
- Provide exemplary, student-centered programs and services
- Expand dual enrollment, apprenticeship, transfer, and RSCCD bachelor’s degrees
- Expand noncredit and improve bridges from noncredit to credit
- Expand educational opportunities for new immigrants, returning adults, and those impacted by the justice system
- Expand microcredentials, stacked credentials, internships and workplace learning
- Provide more online options; embrace change; develop “digital dexterity” and pursue emerging technologies (e.g., AI)
- Strengthen collaboration between and among the various RSCCD sites (both colleges, DSO, Continuing Education Centers, Child Development, etc.)

### Focus Area 2: Community outreach and strategic partnerships

*Engage in strategic and intentional outreach and partnerships to support economic and workforce development, be relevant, and enhance quality of life in the region*

- Expand community outreach and strategic engagements with K-12 and university partners; business and industry; and public, private, community-based, and philanthropic organizations.
- Leverage strategic partnerships to increase educational opportunities, support economic and workforce development for the region and beyond, and contribute to enhanced quality of life for the region
- Actively engage in the community, including disadvantaged populations and ethnic communities (Latino, Asian, Arab, etc.); be known and be relevant
- Increase the “ease of doing business” for students and the community; improve

marketing, web site, and use of social media

- Be the place one can always come back to for advancement, career change, improving wage earnings and/or quality of life

### Focus Area 3: Districtwide systems and processes

*Strengthen systems, processes, and technology solutions across the district; pursue emerging and future technologies in all operations; exercise “digital dexterity”*

- Improve communication and collaboration across the district
- Strengthen systems and processes: clarity, training, consistency, and collegial dialogue and collaboration for refining timelines and resolving compliance issues between DSO and the Colleges
- Streamline and align systems, processes, and technology across the district; eliminate redundancy and duplication of systems, and those that don’t work well together; consider “total cost of ownership” when purchasing technology
- Automate manual processes; employ technology solutions and minimize the inefficiency of duplicative systems which require more training and support and don’t interface well
- Consider outsourcing some processes (e.g., schedule production, marketing, etc.)
- Pursue emerging and future technologies (e.g., AI) to strengthen systems and processes
- Continue efforts to align and integrate planning, and streamline work processes
- Data Integrity is an issue; need uniform, standardized data dictionary (i.e., data definitions), and then ensure data accuracy internally and in MIS reporting; also need more disaggregated data for better-informed decision making

### Focus Area 4: Human, fiscal, and physical assets of the district

*Invest in human capital; develop institutional core values; maximize acquisition and use of fiscal and physical resources; strengthen organizational quality, effectiveness, and efficiency.*

- Advance organizational culture; develop a set of districtwide core values, including DEIA, and create a more respectful culture/tone across the district; consider a districtwide culture and climate survey for continuous improvement
- Develop consistent leadership for RSCCD
- Design a long-range staffing plan to support effective, efficient District services and operations, and the long-range plans of the district and its colleges
- Support timely recruitment, onboarding, retention, and professional development of a talented RSCCD workforce with the competencies needed for the future; include technology and DEIA training and professional development
- Improve Human Resources processes – especially job descriptions, classifications, timely hiring, and employee evaluation and continuous improvement plans
- Procure and align resources with short and long-range plans; optimize fiscal operations and resources; design a new budget allocation model
- Support effective and efficient use of existing and expanded facilities for contemporary and future needs; ensure campus safety and ADA compliance and security of facilities

## Districtwide Challenges and Opportunities

Following a review of trends and planning assumptions derived from the analysis of quantitative data, and themes that emerged from qualitative data in the project, challenges and opportunities for the Rancho Santiago Community College District for the next eight years were identified, and are delineated in the sections below.

### Challenges

#### External Environmental and Economic Challenges

- Changing economic and political landscape at state and national level
- Environmental issues; issues related to climate change and sustainability
- Rapid change and advancements in technology; AI becoming mainstream
- Financial uncertainty and constraints that impact staffing, services, technology, and facilities
- Student Centered Funding Formula (SCFF), fully implemented, and its ongoing / future transition
- Unfunded mandates, with institutions expected to do more with less
- The vast number (and changing landscape) of California Initiatives requiring time and institutional capacity for effective implementation (e.g., new SCFF, Guided Pathways, Vision for Success, Governor’s Roadmap for Community Colleges, Vision 2030, etc.)
- RSCCD serves some of the largest cities with the lowest socioeconomic indicators
- Very low unemployment rates, with many fast-growing industries offering low-wage jobs
- Decline in student enrollment in postsecondary education coupled with a new societal belief that education is neither worth the cost nor a value-added asset to gainful employment

#### Districtwide Operational Challenges

- Lack of an articulated, common set of core values districtwide
- Leadership turnover and additional employee turnover at all levels; inadequate staffing levels in key support areas (e.g., IT, public safety, Human Resources, etc.)
- Lack of consistent, reliable data (i.e., data integrity); lack of uniform, standardized data definitions; incomplete/inaccurate data uploaded to the Chancellor’s Office MIS
- Lack of a cohesive, systems-thinking approach across RSCCD sites; outdated and inconsistent processes, procedures, and job descriptions; need for a new RSCCD resource allocation model
- Lack of consistent and effective internal communication
- Rapid change and advancements in technology impacting RSCCD operations at all sites

#### Student Success

- Full implementation of Vision for Success initiatives (Student Equity, Guided Pathways, etc.) amidst the new California Vision 2030 goals (equity in access, success, and support) and directions
- Low degree completion and transfer rates at RSCCD compared to statewide average
- Pursuing enrollment growth in a planned, intentional, and efficient manner (vs. “chasing FTES”) to achieve access, success, and equity goals with efficient resource management

#### Enrollment, Program, and Service Challenges

- The projected decrease in the next decade of the traditionally-aged, college-going population in Orange County, coupled with modest growth in the 50+ age group

- Rapid change and advancements in technology impacting programs and services
- Managing dual enrollment to address K-12 students' needs while balancing with other District priorities for achieving California Vision 2030 goals and achieving outcomes for funding
- Balancing online, hybrid, and in-person delivery methods in course scheduling to meet student demand while maintaining productivity/efficiency and achieving student success metrics
- Outreach and provision of appropriate services to non-traditional students who are more likely to be Adult Ed/English Language Learners (ELL) and have short-term career goals

## Opportunities

### District Operational Opportunities

- Continued focus on shared vision, the development of core values, and the adoption of a “synergy in practice” approach to RSCCD’s work across colleges and the DSO will benefit all areas
- Strengthened recruitment, onboarding, and investing in employee training, professional development, and career advancement can enhance a more stable RSCCD workforce
- The recently convened RSCCD data solutions task force with its plan to address data integrity issues and provide disaggregated data is positive; a districtwide commitment will be needed to create and sustain accurate, usable data to inform decisions at various organizational levels
- Efficiencies can be gained by strengthened intra-district communication and collaboration; the elimination of manual and duplicative processes; and investing in technology solutions

### Enrollment Growth Opportunities

RSCCD could realize enrollment growth via:

- Providing relevant courses, microcredentials, and lifelong learning to more older adults
- Increasing dual enrollment, noncredit training, work-based learning, and credit for prior learning
- Outreach to the 40% of Orange County residents who have less than an associate degree
- Creating nimble programs to address changing technology and labor market demands in Information Technology, Cybersecurity, Drones and Artificial Intelligence (AI)
- Intentional recruitment for achieving program-level gender equity
- Expanding apprenticeship and RSCCD bachelor’s degrees where appropriate
- Expanding university partnerships for increased transfer agreements (and transfer rates)
- Developing more stackable credentials and programs based on high wage, high growth jobs
- Integrating environmental / sustainability issues into microcredentials and programs

### Funding Opportunities

- RSCCD could realize additional funding by increasing outcomes in the below areas:
  - Pell Grant and California Promise Grant recipients (especially since RSCCD serves some of the lowest socioeconomic areas of Orange County)
  - Students who complete transfer level math and English (at SAC)
  - Students who earn an Associate degree
  - Students who transfer
- There is strong support from area partners and the three District Foundations for funding
- The demographics and socioeconomic status of RSCCD’s students and the service area, as well as the district’s reputation as a strong state fiscal agent, support the acquisition of grants and other funding streams

## Partnership and Workforce Opportunities

- Enhanced educational partnerships can ensure clear pathways high school to college completion
- There is a desire by business and industry to expand partnerships, internships, workplace learning, and apprenticeship programs
- Strong emerging technology industries exist in the region
- There is significant employment growth in traditional and emerging industries; RSCCD has academic programs supporting high priority growth industries in the region: Advanced Manufacturing, Health Care, Informa/on Technology, and Hospitality and Tourism
- RSCCD has name recognition as a leader in Regional Economic and Workforce Development

## District Strategic Directions

On January 17, 2024, the RSCCD Planning & Organizational Effectiveness Committee and the Chancellor’s Cabinet held a joint retreat to collaboratively develop Strategic Directions to guide the District into the future. The final Strategic Directions were crafted after the group collectively reviewed the trends, planning assumptions, themes from listening sessions, and the challenges and opportunities presented in this report. Below are the four broad Strategic Directions identified by the participants at the session.

Rancho Santiago Community College District	
Strategic Directions	
<b>Strategic Direction 1</b>	Advance the Rancho Santiago Community College District as a proactive and future-focused institution of educational excellence that is equitable, student-centered, and outcomes-focused for the student of today and tomorrow.
<b>Strategic Direction 2</b>	Forge strategic partnerships to create innovative pathways, ensuring relevance, equity, and quality of life enhancement for students through intentional outreach and collaborative initiatives.
<b>Strategic Direction 3</b>	Develop streamlined, data-informed, innovative systems and processes that utilize cutting-edge technology and collaboration to support both the employee experience and student access and success.
<b>Strategic Direction 4</b>	Leverage diverse funding streams, provide comprehensive professional development, and support accessible virtual spaces and physical facilities to increase student success in an ever-changing educational environment.

These Strategic Directions were reviewed by the Board Institutional Effectiveness Committee (BIEC) and the District Council, and were then approved by the Board of Trustees on February 12, 2024.

## Districtwide Considerations

During the Integrated Planning project, several districtwide considerations were recommended to be addressed as the eight-year Comprehensive Master Plan is initiated. These include the following:

- Review and revise the Budget Allocation Model (BAM); the current model, while being implemented with fidelity, allows for neither the alignment of resources with industry standards

for effectiveness and efficiency, nor with the Goals and Objectives of the new College EMPs and DSO Plan. An exploration of alternative allocation models that ensure equitable and predictable resources is critical for aligning resources with districtwide planning efforts.

- Update Board Policies, Administrative Regulations, organizational structures, job descriptions, websites, and the RSCCD Planning Design Manual consistent with the new eight-year Comprehensive Master Plan, DSO Plan, and College Educational Master Plans.
- Review and revise the Delineation of Functions map collaboratively among DSO, SAC, and SCC leadership to clarify primary, secondary and shared areas of responsibility and to streamline the document to be more concise and user-friendly.
- Collaboratively develop a set of RSCCD Core Values within which all employees work and to which all new employees are oriented.
- Implement formal onboarding for all new employees, a comprehensive districtwide professional development and training plan for existing employees, and a process for regulatory updates and training for the Management Council.
- Develop a long-range staffing plan and data-informed prioritization process, utilizing industry standards, that gives DSO accountable managers authority over the staffing of their respective areas of responsibility for existing functions, emerging needs, and new initiatives consistent with the new plans.
- Collaboratively streamline systems and processes among DSO, SAC, and SCC leadership to eliminate duplicative systems and establish shared timelines that meet regulatory requirements. Consider convening small project-specific work groups, with DSO and College representatives, to resolve issues and proactively address local, regional, and state initiatives.
- Update the recently developed Facilities Plan as needed to support the four new plans.

## RSCCD Integrated Planning Framework

Following completion of all the goal-setting sessions for the Integrated Planning Project, the DSO Leadership Team, and a team of eight from each college’s EMP Task Force met in a five-hour joint session. Participants shared their respective plans to ensure the Goals and Objectives of the three, as a collective, effectively and efficiently operationalize the four broad Strategic Directions adopted by the Board of Trustees, and support the State’s Vision 2030 over the next eight years. The following chart displays the alignment of college mission statements, DSO roles and functions and all four plans’ goals with the Board-adopted RSCCD Mission Statement and Strategic Directions 2024 – 2032.

The District Services and Operations and the Colleges affirmed that to achieve their respective and aligned goals and objectives, they would collaborate to maximize opportunities to serve the needs of diverse students, employees, and community partners across the Orange County region. Together, this set of RSCCD Strategic Directions, and the aligned Goals and Objectives outlined in the DSO Plan and two College EMPs, provide a Blueprint for Action for RSCCD in fulfilling its mission in serving the Orange County region and beyond.

### District Map

- The Rancho Santiago Community College District service area includes Santa Ana, Orange, Garden Grove, Villa Park, parts of Anaheim and Tustin, and unincorporated areas of Orange County.
- Fewer than half of RSCCD students reside within the designated service area, but approximately 80% reside within Orange County (*Source: RSCCD Research Data Warehouse*)

## Orange County

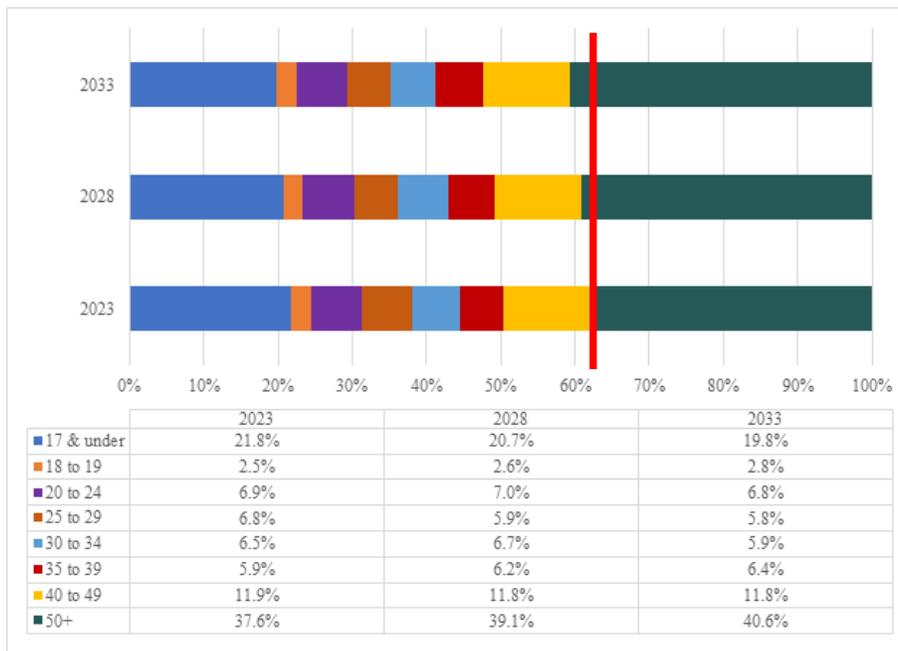

### Orange County Population Projections, 2020-2030

Source: California Department of Finance

- The population of Orange County is expected to increase slightly (3%) in the next decade

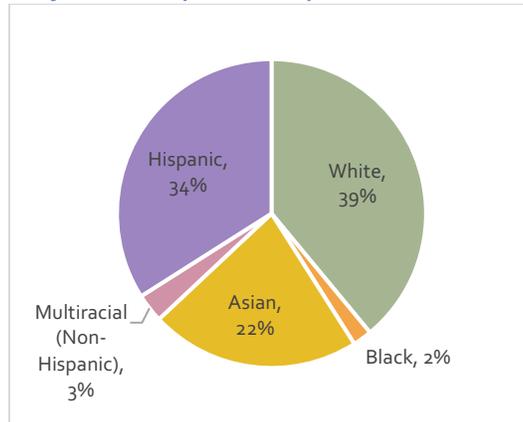

### Orange County Population Projections by Age, 2020-2030

Source: California Department of Finance

- The 3% projected population growth in Orange County (referenced in the prior chart) will come from Older Adults
- The proportion of typical college-aged students (20-35) is projected to slightly shrink

### Orange County Population Projections by Ethnicity, 2020-2030

Source: California Department of Finance

- In Orange County, the proportion of various ethnic groups is projected to remain the same over the next decade
- There is no majority ethnic group in Orange County

## Message from the Vice Chancellor for Educational Services

I am pleased to introduce the inaugural long-range plan for the District Services and Operations (DSO) Unit at Rancho Santiago Community College District (RSCCD). As the Vice Chancellor of Educational Services and Project Lead for the DSO, I am excited to share how this plan aligns seamlessly with the new long-range Educational Master Plans of Santa Ana College and Santiago Canyon College, marking a significant step forward in providing Higher Education services to the RSCCD region and beyond. This plan, being the first of its kind, works hand in hand with the long-range Educational Master Plans of Santa Ana College and Santiago Canyon College. Together, these three plans provide an integrated approach to fulfilling the Mission and Vision of RSCCD, positioning us as a leader in Economic and Workforce Development for the Orange County Region.

The DSO Plan not only focuses on local needs but also reflects the leadership role played by RSCCD in providing fiscal oversight for various statewide initiatives through the California State Community College Chancellor's Office. This recognition underscores our commitment to statewide educational excellence.

Developed through a comprehensive analysis of District needs and the long-range plans of RSCCD's Colleges and their respective centers, the DSO Plan is a result of thorough consideration of both internal and external factors shaping our educational landscape. The DSO Goals and Objectives are not just aspirations; they are data-informed and crafted with the engagement, expertise, and talents of DSO Leadership and staff. Collaborative sessions with teams from both colleges have strengthened the DSO Plan, ensuring it aligns seamlessly with their Educational Master Plans.

The DSO Plan addresses three critical areas: (a) Operations to support RSCCD and its Board of Trustees in fiscal accountability, asset protection, compliance with State and Federal regulations, and remaining current and relevant to regional needs; (b) Services to support the Colleges and their centers in fulfilling their long-range Educational Master Plans; and (c) Regional and Statewide Leadership for Economic and Workforce Development, statewide initiatives, and ongoing and future-focused regional projects and grants.

As you read and engage in these plans, we recognize the importance of everyone's continued support and collaboration. Together, we will shape the future of RSCCD, ensuring that our District Services and Operations play a pivotal role in advancing our mission and vision.

Thank you for being an essential part of our journey.

Sincerely,

Enrique Perez, J.D.  
Vice Chancellor of Educational Services  
Rancho Santiago Community College District

## Acknowledgements

## Executive Summary

In September 2023, the Rancho Santiago Community College District embarked on an ambitious effort to revise and enhance its planning process by creating an eight-year integrated planning cycle. As part of this endeavor, four key plans were developed and approved by the Board of Trustees by the conclusion of Spring 2024:

- The RSCCD Comprehensive Master Plan (CMP): This plan encompasses the Strategic Directions adopted by the Board of Trustees at its February 12, 2024 meeting, and serves as the foundational framework for districtwide planning.
- Educational Master Plans (EMPs) for Santa Ana College and Santiago Canyon College: These plans outline specific goals and objectives to operationalize the Strategic Directions set forth in the CMP for each college's service region.
- The inaugural RSCCD District Services & Operations (DSO) Plan: This plan works in concert with the two college EMPs to operationalize the Strategic Directions set forth in the CMP. The DSO divisions and departments ensure federal, state, and local compliance mandates through their four key roles and functions: Centralized Services; District Operations; Board of Trustees and Board Committee Support; and Regional, State, and External Roles.

The development of the district's four plans commenced with the Comprehensive Master Plan (CMP). The CMP involved an extensive review and analysis of national, state, regional, and local data and trends, along with hosting 122 listening sessions involving nearly 700 internal and external stakeholders. Subsequently, the Planning and Organizational Effectiveness Committee, representing a districtwide participatory governance group, collaborated with the Chancellor's Cabinet to formulate the CMP Strategic Directions. These Strategic Directions were reviewed by the District Council and the Board Institutional Effectiveness Committee, and later adopted by the Board of Trustees on February 12, 2024.

The District Services and Operations (DSO) Plan included three phases of development. Phases I and II comprised 47 listening sessions with 140 participants structured around a Strengths, Weaknesses, Opportunities, and Threats (SWOT) model, coupled with a comprehensive examination of the District Office Division Planning Portfolios and District Services Satisfaction Surveys. The listening sessions consisted of Board of Trustee members, RSCCD Foundation members, the Office of the Chancellor, the Vice Chancellors representing the four divisions of the District Office, as well as departmental colleagues, District governance committees, and campus leadership. The quantitative and qualitative data obtained were analyzed and synthesized, leading to the identification of emergent themes, challenges, and opportunities.

During Phase III of the project, the DSO Leadership Team had the opportunity to review DSO division and department priorities, services, and operations; districtwide trends and planning assumptions; and the five overarching listening session themes: *Roles and Functions of the DSO; Collaboration, Communication and Marketing; Community Connections and Partnerships; Systems and Processes; and Human, Fiscal and Physical Assets of the District*. Synthesizing this information, and working with division and department colleagues, the DSO Leadership Team developed the below set of goals to frame the DSO's plan of work for the next four years.

## District Services and Operations (DSO) Plan Goals

The resulting six goals below serve as a framework for the work of the DSO over the next four years. These goals align with the Board-adopted *RSCCD Strategic Directions 2024 – 2032* and work in tandem with the two colleges' Educational Master Plans to fulfill the mission of the Rancho Santiago Community College District. The objectives under each goal are provided later in this plan, along with information about next steps for plan implementation.

### **DSO Plan Goal 1**

Ensure collaborative, integrated, and effective institutional planning.

### **DSO Plan Goal 2**

Support a values-based, equitable Rancho Santiago Community College District environment that is conducive to innovation and flexibility.

### **DSO Plan Goal 3**

Promote successful programs and pathways to elevate Rancho Santiago Community College District's reputation as a leader in regional economic and workforce development to attract students, employers, employees, and community members.

### **DSO Plan Goal 4**

Develop an integrated data system to be utilized for operational evaluation to maximize efficiency and effectiveness.

### **DSO Plan Goal 5**

Maximize revenue streams and demonstrate resilient financial stability and stewardship of District fiscal, facility, and technology resources.

### **DSO Plan Goal 6**

Create an administrative infrastructure to support new Rancho Santiago Community College District programs and initiatives and develop processes that facilitate executive decisions.

Following the development of goals and objectives for the DSO Plan and both colleges' EMPs, the DSO Leadership Team joined a team of eight representatives from each college's EMP Task Force in a five-hour session to review all three plans and gain insight into how the three plans could work in concert. Throughout the process, a significant insight emerged: the power of synergy in the District's planning processes. It became evident that by working collaboratively, the combined efforts of all District employees could yield outcomes greater than the sum of individual endeavors. This underscores how a unified and collaborative approach can significantly enhance the achievement of the District's Strategic Directions and fulfillment of its mission to the RSCCD region and beyond.

## Rancho Santiago Community College District Overview

The Rancho Santiago Community College District (RSCCD) is part of the California Community College system — the largest system of higher education in the US, with 116 colleges organized into 73 districts serving a total of 1.9 million students.

This multi-college district is in Orange County, an urban county of 793 square miles in Southern California, with one of the densest populations in the State. Orange County is surrounded by the ocean to the west, Los Angeles County to the north, San Bernardino and Riverside Counties to the east, and San Diego County to the south. In 2020, Orange County had a population of 3,186,989.

RSCCD is surrounded by five other community college districts: Coast Community College District to the west, South Orange County Community College District to the south, Riverside Community College District to the east, Chaffey Community College District to the northeast, and North Orange County Community College District to the north. Given the proximity of these six districts, there is considerable free flow because students have many community college options within a reasonable driving distance.

Today RSCCD is one of the largest community college districts in California. RSCCD includes two colleges, one of the state's oldest community colleges, Santa Ana College, and one of its newest, Santiago Canyon College.

### History

In 1915, Santa Ana College began as a department of Santa Ana High School with 26 students and 11 teaching faculty. It was the second junior college founded in Orange County and is the fourth oldest in all of California.

The earthquake of 1933 forced the college to relocate to a site on North Main Street, where it served 803 students with thirty-four teaching faculty. In 1947, it moved to a permanent campus at 17<sup>th</sup> and Bristol. The college continued to expand at this site and added sites across the community to increase student access. In 1971, Santa Ana College formally separated from the Santa Ana Unified School District. Shortly thereafter, the territory of the Orange Unified School District and portions of the Garden Grove Unified School District were added, and the new organization was named the Rancho Santiago Community College District (RSCCD).

In 1980, RSCCD began the development of a center on 30 acres in East Orange, and in the fall of 1985, the Orange Campus began its first semester, offering a variety of general education, transfer, and vocational education courses to more than 2,500 students. By 1996, enrollment at the Orange Campus had more than doubled. In 1997, the Board voted unanimously to change the name of the Orange Campus to Santiago Canyon College. The college was independently accredited in 2000, thereby resulting in RSCCD becoming a multi-college district.

As a multi-college district, RSCCD now comprises the District Office (District Services and Operations), Santa Ana College, and Santiago Canyon College. This conversion created numerous changes for the District. Three of the most important of these changes were: (1) a new organizational structure and accompanying participatory governance structure for the District, (2) a different funding model from the State Chancellor's Office and the need for a Budget Allocation Model among the three District components, and (3) a Delineation of Functions map, required by the accrediting commission, identifying centralized, decentralized, and shared functions across the District with designations of primary, secondary, and shared functions assigned to each District component.

In 2022-23, RSCCD increased enrollments to over 172,000 and reached a headcount of over 50,000 students. Centered in a growing and dynamic area, the district boundaries encompass 193 square miles, or 24% of Orange County. The portion of Orange County that includes RSCCD is densely populated. A little over one million residents live within RSCCD boundaries in the cities of Anaheim, Garden Grove, Orange, Santa Ana, and Tustin.

### District Mission

The mission of the District is reviewed on a regular basis. The current mission statement was approved by the Board of Trustees on June 13, 2022 and states:

*The Rancho Santiago Community College District aspires to provide equitable, exemplary educational programs and services in safe, inclusive, and supportive learning environments that empower our diverse students and communities to achieve their personal, professional, and academic goals.*

### District Strategic Directions 2024-2032

The four Strategic Directions outlined below were officially adopted by the Rancho Santiago Community College District Board of Trustees at its meeting on [February 12, 2024](#). These broad statements provide long-range vision and direction for the District as a whole and are operationalized through the Goals and Objectives of the two colleges' Educational Master Plans (EMPs), and the District Services and Operations (DSO) Plan.

Rancho Santiago Community College District	
Strategic Directions	
<b>Strategic Direction 1</b>	Advance the Rancho Santiago Community College District as a proactive and future-focused institution of educational excellence that is equitable, student-centered, and outcomes-focused for the student of today and tomorrow.
<b>Strategic Direction 2</b>	Forge strategic partnerships to create innovative pathways, ensuring relevance, equity, and quality of life enhancement for students through intentional outreach and collaborative initiatives.
<b>Strategic Direction 3</b>	Develop streamlined, data-informed, innovative systems and processes that utilize cutting-edge technology and collaboration to support both the employee experience and student access and success.
<b>Strategic Direction 4</b>	Leverage diverse funding streams, provide comprehensive professional development, and support accessible virtual spaces and physical facilities to increase student success in an ever-changing educational environment.

## National Higher Education Context

Nationally, college enrollment declined during the COVID-19 pandemic but began to rebound in 2023. According to the Research Center at the National Student Clearinghouse ([reported October 26, 2023](#)) students are gravitating to shorter-term credentials rather than longer-term degrees. Enrollment growth is attributed to increased dual enrollment and increased enrollment by Black, Latinx and Asian students. White student enrollment continues to decrease.

EDUCAUSE, whose mission is to advance higher education focusing on technology, has identified these current national trends in their [2023 Horizon Report: Teaching and Learning](#).

### Social

- Student demand for more flexible and convenient learning modalities is increasing
- The focus on equitable and inclusive teaching and learning has expanded and intensified
- Microcredentialing programs are gaining momentum and maturity

### Technological

- The potential for AI to become mainstream is growing
- The online versus face-to-face dichotomy is being disrupted
- Low- and no-code technologies that simplify complex processes are enabling more people to create digital content

### Economic

- Affordability and “Return on Investment” are impacting potential students’ decisions to enroll in postsecondary education
- As funding for public education declines, institutions are expected to do more with less
- The needs and demand for lifelong, workplace learning are increasing

### Environmental

- Climate Change is increasingly impacting our daily lives
- Environmental issues are being integrated into academic programs and institutional operations

## California Community Colleges Context

The California Community Colleges have a long-standing history of working to meet the needs of their students and communities, while partnering with businesses and industries to deliver a prepared workforce. In 1907, Fresno Junior College opened its doors as California's first community college and second in the nation.<sup>1</sup> In 1915, Santa Ana College opened its doors, marking a significant milestone in the region's educational history. Later, in 1971, the Rancho Santiago Community College District was established. In 1997, the Rancho Santiago Community College District Board of Trustees made the pivotal decision to transition into a multi-college district, expanding educational opportunities for the community.<sup>2</sup>

Pursuant to [Board Policy 1100](#),<sup>3</sup> the Rancho Santiago Community College District comprises:

- 1) Santa Ana College
- 2) Santa Ana College Centennial Education Center
- 3) Santa Ana College/Orange County Sheriff's Regional Training Academy
- 4) Santa Ana College Digital Media Center
- 5) Santiago Canyon College
- 6) Santiago Canyon College Orange Education Center

Today, the California Community College system of higher education consists of [73 Districts and 116 community colleges](#), each governed by a locally elected Board of Trustees. Collectively, these institutions serve 1.9 million students, making it the largest system of higher education in the country. California community colleges remain dedicated to advancing the state's economic growth and global competitiveness through education, training, and services that enhance workforce development.<sup>4</sup>

California's community colleges are also notable for attracting the most diverse student body in public higher education, with 69% of students representing varied ethnic backgrounds. Furthermore, 51% of California State University graduates and 29% of University of California graduates embarked on their academic journey at a community college.<sup>5</sup> The Rancho Santiago Community College District significantly contributes to these statistics, emphasizing its commitment to serving its communities. Through its open admission policy, focus on affordability, and accessibility, the District provides opportunities for career technical education, facilitates seamless transfer pathways, engages with the community, and fosters lifelong learning.<sup>6</sup>

## Participation in Local Decision Making

This section provides an abbreviated historical perspective on the impact of [Assembly Bill AB 1725](#), Vasconcellos. California Community Colleges. In 1988, Governor George Deukmejian signed Assembly Bill AB 1725 authored by Assemblymember John Vasconcellos. This landmark legislation made California the only state in the United States to statutorily mandate participatory governance for its public community colleges.<sup>7</sup> The bill encompassed provisions addressing the community college mission, finances, programs and services, employment, accountability, affirmative action, and appropriations.

The passage of AB 1725 introduced marked changes by adding, amending, and repealing sections of the [California Education Code](#) and thereby impacting the Board of Governors adopted [California Code of Regulations](#). It is important to note that provisions of AB 1725 concerning the governance structure and the roles of the statewide and local academic senates continues to draw significant attention.<sup>8</sup>

AB 1725 introduced California Education Code, [Section 70901 \(b\)\(1\)\(E\)](#), and mandated for the first time that local governing boards adopt minimum standards governing procedures to ensure faculty, staff, and student participation in district and college governance:

*California Education Code, Section 70901 (b)(1)(E) reads: Minimum standards governing procedures established by governing boards of community college districts to ensure **faculty, staff, and students** the right to participate effectively in district and college governance, and the opportunity to express their opinions at the campus level and to ensure that these opinions are given every reasonable consideration, and the right of academic senates to assume primary responsibility for making recommendations in the areas of curriculum and academic standards.*

While the term “participatory governance” is not mentioned in law or regulation, AB 1725 underscores the importance of faculty, staff, and student involvement and delineates their respective responsibilities within the governance structure. As noted by Boggs and Galizio (2021), in practice, AB 1725 “provide[s] the sector the means for effective leadership, management, and accountability. Governance responsibilities were identified and designated, and governance processes were defined with specific roles given to the state board, locally elected boards, CEOs, faculty, staff, and students” (p. 8)<sup>9</sup>

## The Role of the Academic Senate – Title 5, Section 53200

AB 1725, Section 61 (a), directs the Board of Governors to, “Develop policies and guidelines for strengthening the role of the academic senate with regard to the determination and administration of academic and professional standards, course approval and curricula and other academic matters. In 1990, the Board of Governors adopted Title 5, Sections [53200-53204](#) that requires district governing boards to adopt policies for the appropriate delegation of authority to its college and/or district senates.<sup>10</sup>

The Board or its designee will engage in collegial consultation with the District’s duly constituted Academic Senate(s) regarding academic and professional matters as defined by law. In Title 5, Section [53200](#), Academic Senate means an organization whose primary function is to make recommendations with respect to academic and professional matters.

Furthermore, Title 5, Section 53200 (c) states that “Academic and professional matters” means the following policy development and implementation matters, also referred to as the “10+1”:

1. Curriculum, including established prerequisites and placing courses within disciplines
2. Degree and certificate requirements
3. Grading policies
4. Educational program development
5. Standards or policies regarding student preparation and success
6. District and college governance structures, as related to faculty roles
7. Faculty roles and involvement in the accreditation processes, including self-study and annual reports
8. Policies for faculty professional development activities
9. Processes for program review
10. Processes for institutional planning and budget development
11. Other academic and professional matters as mutually agreed upon between the governing board and the academic senate

The Academic Senate for California Community Colleges (ASCCC) states that it is the “official voice of California community college faculty in academic and professional matters” and additional information is accessible at [link](#). ASCCC provides a “10 + 1 carrying card,” depicted below, for faculty and others to easily recall the role of the Academic Senate as described in Title 5 per the authorization of AB 1725.

#### Academic Senate for California Community Colleges (ASCCC) “10 + 1 Carrying Card”

### The Role of Staff – Title 5, Section 51023.5

Pursuant to Title 5, Section 51023.5, “the governing board of a community college shall adopt policies and procedures that provide district and colleges staff the opportunity to participate effectively in district and college governance.”<sup>11</sup> District and college staff includes classified, confidential, supervisory, and management professionals, and AB 1725 specifies that their opinions and recommendations shall be extended at every reasonable consideration in decision-making processes.

### The Role of Students – Title 5, Section 51023.7

Title 5, Section 51023.7, mandates that community college districts must establish policies and procedures enabling students to engage meaningfully in district and college governance. This provision ensures that students have a voice in shaping policies and procedures that affect them. According to Title 5, Section 51023.7 (b), policies and procedures deemed to have a "significant effect on students" include:

1. Grading policies
2. Codes of student conduct
3. Academic disciplinary policies
4. Curriculum development
5. Courses or programs which should be initiated or discontinued
6. Processes for institutional planning and budget development
7. Standards and policies regarding student preparation and success
8. Student services planning and development
9. Student fees within the authority of the district to adopt
10. Any other district and college policy, procedure, or related matter that the district governing board determines will have a significant effect on students

### RSCCD Board of Trustees – Board Policy 2410

The Rancho Santiago Community College District (RSCCD) locally elected Board of Trustees (Board) holds ultimate decision-making authority in areas designated by state and federal laws and regulations. In fulfilling this responsibility, the Board is dedicated to ensuring that faculty, staff, and students within the District actively participate in the formulation of proposed policies for Board consideration and administrative regulations for Chancellor oversight, which govern and manage the District's affairs. The Board's internal governance processes are accessible through the RSCCD website [link](#), and Board Policies (BP) and Administrative Regulations (AR), which are organized across seven chapters as noted below are available at [BP/AR link](#).

---

<sup>11</sup> [T5, Section 51023.5](#)

### Board Policies and Administrative Regulation Chapters

Chapter	Board Policies and Administrative Regulations
1	The District
2	Board of Trustees
3	General Institution
4	Academic Affairs
5	Student Services
6	Business and Fiscal Affairs
7	Human Resources

The meaningful engagement of faculty, staff, and students in the development of policies and procedures in these BP and AR chapters promotes transparency, inclusivity, and participatory governance within educational institutions. It is essential for fostering a collaborative and supportive campus environment where all stakeholders feel valued and empowered to contribute to institutional success.

The Rancho Santiago Community College District Office steadfastly champions the role of the locally elected Board of Trustees, unwavering in its support and commitment to upholding compliance with directives outlined in California Education Code and Title 5, Code of Regulations, as well as pertinent federal and state laws. This unwavering dedication seeks to strengthen and enhance support for its colleges and centers, directly impacting the student journey and the District’s employee experience.

## Vision 2030 – Guided by the Vision for Success and the Governor’s Roadmap

The [Vision 2030](#) plan for California's community colleges, released by the California Community College Chancellor's Office as approved by the Board of Governors, extends the principles set forth in the [Vision for Success](#), [Vision for Success Update](#), and the [Governor's Roadmap](#) plans. Together, these plans establish systemwide community college priorities and stipulate that, “every college should make sure they have goals that address systemwide priorities.”<sup>12</sup>

### Vision for Success and Guided Pathways

The [Vision for Success](#), launched in 2017, focused on a commitment to ensure, “that students from all backgrounds succeed in reaching their goals and improving their families and communities, eliminating gaps once and for all.”<sup>13</sup> In 2021, the California Community College Chancellor’s Office renewed its dedication to the *Vision for Success* plan through the issuance of the [Vision for Success – Reaffirming Equity in a Time of Recovery Update](#). The report emphasized that the overarching goal for the state's community colleges remains unchanged: to achieve the systemwide targets outlined in the *Vision for Success*, including completion, transfer, efficiency, workforce attainment, and, most importantly, equity. It underscored the critical importance of Goal 5, Equity, especially considering the disproportionate impact of the multiple pandemics on communities of color.<sup>14</sup>

It is important to highlight that *Vision for Success* utilizes the *Guided Pathways* framework to enhance student access, persistence, retention, and goal completion. Districts and colleges can seize the opportunity to integrate and align key plans encompassing diverse student learning programs such as Adult Education, Student Equity and Achievement Program, College and Career Access Pathways,

<sup>12</sup> Vision for Success plan, pg. 3

<sup>13</sup> Vision for Success, <https://www.cccco.edu/About-Us/Vision-for-Success>

<sup>14</sup> Vision for Success – Reaffirming Equity in a Time of Recovery <https://www.cccco.edu/-/media/CCCCO-Website/docs/report/vision-for-success-update-2021-a11y.pdf>

learning communities, categorical programs and services, among others. This integration within the *Guided Pathways* framework aims to address the diverse needs of current and prospective students.

The Guided Pathways framework is grounded in four pillars of the student experience, described in part as follows:

Guided Pathway Pillars	
1. Clarify the Path	Create clear curricular program of study pathway maps to employment or transfer, simplify student choices, and establish detailed transfer pathways and expected learning outcomes with transfer institutions
2. Enter the Path	Help students choose and select a pathway, redesign developmental education, and course placement
3. Stay on the Path	Support students through strong advising and counseling, embed proactive support services throughout the student journey, strengthen clarity about transfer and career opportunities, ensure academic planning with predictable course scheduling
4. Ensure Learning	Ensure learning is occurring with intentional outcomes, establish program of study level of outcomes in employment or transfer, integrate group projects, internships, and other applied learning experiences to enhance instruction and improve student success

*Source: American Association of Community Colleges (2015), Redesigning America’s Community Colleges (2015)*

Guided Pathways aims to:

**Advance Equity:** Removing barriers that today’s students face, particularly students of color, first-generation students, students from low-income backgrounds, and working adults.

**Transform Institutions:** A highly structured, comprehensive approach to systemic change to improve students’ attainment of skills, credentials, and socioeconomic mobility. It is founded on the principle that everything can and should change.

**Redefine Readiness:** Fundamentally shifting the conversation about what it means to put students first, encouraging colleges to focus on their readiness for students rather than students’ readiness for college.

**Redesign Supports:** Recognizing that students need more than financial support and resources to be successful. It allows colleges to recognize and holistically support students’ academic and non-academic needs.

It is critical to emphasize that both the [Vision for Success](#) and the [Guided Pathways](#) frameworks are not merely plans, but are codified in law. Guided Pathways is further codified in the [Student Equity and Achievement Program](#) mandate.

### Governor’s Roadmap and California Community College System

The [Governor’s Roadmap](#), released in 2022, is an agreement with the California Community College system and builds upon the system’s *Vision for Success* goals to close equity gaps and to promote student success, expand opportunities for transfer students, increase intersegmental collaboration to benefit students, and support workforce preparedness and high-demand career pipelines. The “roadmap” includes new goals and expectations and “represents an unwavering commitment to continue to increase support and socialize existing reforms such as Guided Pathways, equitable [student] placement, the Student Centered-Funding Formula, and competency-based education, among others –

aimed at improving student success and making sure that success equitable for all students served by the CCCs .”<sup>15</sup>

Additionally, the roadmap outlines essential goals and expectations, such as fostering increased collaboration across segments and sectors to facilitate timely transfer, enhancing completion rates with a reduction in excess units, addressing equity gaps, and aligning the system more effectively with K-12 and workforce needs.<sup>16</sup>

The *Governor's Roadmap* mandates an annual systemwide progress report. This report encompasses college-level data showcasing progress achieved for each performance metric, a summary of crucial implementation strategies and contributions to advancing performance outcomes, as well as a synopsis of strategic collaborations with intersegmental partners. Annual reporting also includes a systemwide budget request aimed at supporting the achievement of the goals outlined in the roadmap based on systemwide progress.<sup>17</sup>

### Vision 2030 – a Roadmap for California Community Colleges

*Vision 2030*, a roadmap for California Community Colleges, envisions a more inclusive higher education system for all Californians. The vision aims to provide access points for every learner, regardless of race, ethnicity, region, class, or gender. It emphasizes tailored support and exit points, allowing students to transition to transfer programs, complete a community college baccalaureate, or secure employment with family-sustaining wages.<sup>18</sup> Furthermore, *Vision 2030* serves as a framework for urgent action in the field. It provides guidance for practice, the development of systems to eliminate barriers, resource development for fiscal sustainability, and policy reform aimed at unlocking potential.<sup>19</sup>

Dr. Sonya Christian, Chancellor, California Community Colleges, explains that *Vision 2030* affirms, “...the drive to improve completion, transfer, and employment, and to make equity gains has not changed. *Vision 2030* incorporates critical data-informed updates to meet the needs of today’s students and to double down on innovative and promising strategies.”<sup>20</sup> *Vision 2030* is centered on prioritizing the well-being of our students, communities, and the planet.<sup>21</sup>

### Vision 2030 Alignment with the Vision for Success, Vision for Success Reaffirmed, and the Governor's Roadmap

As noted, *Vision 2030* extends and builds upon the Vision for Success, Vision for Success Update, and the Governor's Roadmap plans. It further incorporates and extends the principles outlined in these planning documents to guide community college practices towards meeting systemwide goals. The illustration below depicts key directives and demonstrates the uniformity of statewide adopted plans.

## Statement on Diversity, Equity, and Inclusion in the California Community Colleges

A primary emphasis throughout the statewide adopted plans is equity. *Vision 2030* centers around three primary goals: Equity in Success, Equity in Access, and Equity in Support. The *Equity in Higher Education Act* (EDC, Sections [66250-66293](#)) contains various provisions focused on fostering diversity, equity, and inclusion among students, faculty, and staff. Furthermore, Title 5, Section [51201](#), Statement on Diversity, Equity, and Inclusion reflects a comprehensive commitment by the California Community Colleges to actively work towards creating an educational environment that values and respects diversity, equity and inclusion among students, faculty and staff. The focus on equity underscores the recognition that every individual deserves fair and equal access to opportunities, resources, and support necessary for their success. By prioritizing equity, educational institutions strive to dismantle systemic barriers, address disparities, and create environments where all learners can thrive and reach their full potential.

### Title 5, Section [51201](#)

#### **§51201. Statement on Diversity, Equity, and Inclusion in the California Community Colleges.**

(a) With the goal of ensuring the equal educational opportunity of all students, the California Community Colleges embrace diversity among students, faculty, staff and the communities we serve as an integral part of our history, a recognition of the complexity of our present state, and a call to action for a better future.

(b) Embracing diversity means that we must intentionally practice acceptance, anti-racism, and respect towards one another and understand that racism, discrimination, and prejudices create and sustain privileges for some while creating and sustaining disadvantages for others.

(c) In order to embrace diversity, we also acknowledge that institutional racism, discrimination, and biases exist and that our goal is to eradicate these from our system. Our commitment to diversity requires that we strive to eliminate those barriers to equity and that we act deliberately to create a safe, inclusive, and anti-racist environment where individual and group differences are valued and leveraged for our growth and understanding as an educational community.

(d) To advance our goals of diversity, equity, inclusion, and social justice for the success of students and employees, we must honor that each individual is unique and that our individual differences contribute to the ability of the colleges to prepare students on their educational journeys. This requires that we develop and implement policies and procedures, encourage individual and systemic change, continually reflect on our efforts, and hold ourselves accountable for the results of our efforts in accomplishing our goals. In service of these goals, the California Community Colleges are committed to fostering an anti-racist environment that offers equal opportunity for all.

(e) As a collective community of individual colleges, we are invested in cultivating and maintaining a climate where equity, anti-racism, and mutual respect are both intrinsic and explicit by valuing individuals and groups from all backgrounds, demographics, and experiences. Individual and group differences can include, but are not limited to the following dimensions: race, ethnicity, national origin or ancestry, citizenship, immigration status, sex, gender, sexual orientation, physical or mental disability, medical condition, genetic information, marital status, registered domestic partner status, age, political beliefs, religion, creed, military or veteran status, socioeconomic status, and any other basis protected by federal, state or local law or ordinance or regulation.

## Student-Centered Funding Formula

The [Student-Centered Funding Formula](#) (SCFF) was included in the 2018-19 state budget as an innovative method to allocate funding to community college districts. Based on the California Community College Chancellor's Office, the formula is designed to support the goals and commitment set by the *Vision for Success* plan and is aligned with the *Guided Pathways* student success metrics. SCFF is based on three primary calculations:<sup>22</sup>

- A base allocation – largely reflects enrollment.
- A supplemental allocation based on the numbers of students receiving a College Promise Grant, students receiving a Pell Grant and students covered by AB 540.
- A student success allocation based on outcomes that include:
  - the number of students earning associate degrees and credit certificates.
  - the number of students transferring to four-year colleges and universities.
  - the number of students who complete transfer-level math and English within their first year.
  - the number of students who complete nine or more career education units.
  - the number of students who have attained a regional living wage.

Of note, the California Community College Chancellor's Office has developed Student Centered Funding Formula ([CCCCO SCFF Dashboards](#)) dashboards, enabling Districts to analyze key performance metrics and SCFF implications. Additionally, a SCFF estimator is available. Please note that these resources may require a passcode for access and require coordination with District and college Chief Business Officers.

## Regional Trends and Planning Assumptions

During the Integrated Planning Project, data were gathered to compile the following key highlights of regional trends and planning assumptions. For more detailed information, please refer to the comprehensive Districtwide Data Profile, accessible at

<https://www.rscsd.edu/Departments/Research/Pages/Environmental-Scans.aspx>.

### Demographic (Source: US Census and California Department of Education)

- The population of Orange County is expected to increase slightly in the next decade, but the growth will come from older adults (aged 50+) with the population of typical college-aged students (20-35) shrinking slightly
- Enrollment in local K-12 school districts has been trending downward over the past five years, and the number of high school graduates is projected to decrease in the next decade
- Approximately 40% of the population of Orange County has less than “some college or Associate Degree”
- While Orange County is relatively affluent compared to the state, nation, and neighboring counties, the cost of living is higher and per capita income is below the Living Wage
- Within Orange County, there is great variation by city in terms of demographics and income & poverty, with RSCCD serving some of the largest cities with the lowest socioeconomic status

### Economic (Source: Orange County Community Services Division)

- Technological advances are disrupting many traditional industries
- Surging housing market indicates economic growth while simultaneously creating affordability concerns for many residents
- Very low unemployment rates and significant employment growth in traditional and emerging industries

### Labor Market Trends: Five emerging technology industries (Source: Orange County Business Council)

- Cybersecurity
- Artificial Intelligence
- Computer and Video Gaming
- Ophthalmic/Vision
- Drones

### Labor Market Trends: Four Priority Industries (Source: CCCC and the Orange County Regional Consortium)

- Advanced Manufacturing
- Health Care
- Information Technology
- Hospitality & Tourism

## Districtwide Trends and Planning Assumptions

During the Integrated Planning Project, data were gathered to compile the following key data trends and planning assumptions for the Rancho Santiago Community College District as a whole. For more detailed information, please refer to the comprehensive Districtwide Data Profile, accessible at <https://www.rscgd.edu/Departments/Research/Pages/Environmental-Scans.aspx>.

### **Students** (Source: RSCGD Internal Data, CCCC LaunchBoard)

- RSCGD has much larger than average apprenticeship programs (at SCC) and Academy/Public Safety programs (at SAC). Due to enrollment in these programs, the majority of students enrolled in the RSCGD are male (59%, compared to 45% statewide)
- Noncredit students are predominantly female (61%)
- Male students earn the majority of Certificates of Achievement (52%)
- Female students earn the majority of Associate degrees (59%)
- Female students are also the majority of Bachelor degree earners (81% of the 13 degrees awarded to date)
- Awards are distributed roughly equally by ethnicity
- In metrics important to the Student-Centered Funding Formula, RSCGD, compared to all other Orange County community college districts, enrolls a higher number of AB540 students, but a lower number of Promise Grant recipients and a much lower number of Pell Grant recipients

### **Special Populations** (Source: CCCC DataMart)

- The largest special populations enrolled in the RSCGD are first generation college students, CCAP (College and Career Access Pathways), Special Admit, Incarcerated, and work-based learning participants

### **Enrollment** (Source: RSCGD Internal Data)

- In recent years, FTES peaked in 2015-2016, then slowly trended downward with a noticeable drop during the COVID-19 pandemic, but increased in 2022-2023
- The COVID-19 pandemic, which peaked in 2020-2021, forced most all courses to be taught online; in 2022-2023 41% of courses were online

### **Outcomes -- Student Success Metrics** (Source: CCCC LaunchBoard)

- Outcomes are lower than average for RSCGD with some exceptions, primarily in noncredit/ESL and post-enrollment earnings
- Areas of concern (low outcomes) include:
  - Transfer
  - Average number of units accumulated by degree earners
  - Associate degree completion
  - Completing transfer level math and English in the first year (at SAC)

## Rancho Santiago Community College District Office Overview

The RSCCD District Office is composed of both District Services and Operations (DSO). The DSO is structured into four distinct Divisions, and carries out four distinct roles and functions integral to supporting the Board of Trustees, the District, and its colleges (Santa Ana College and Santiago Canyon College), including their respective centers. An overview of both the DSO Structure and its roles and functions is provided in the sections that follow.

### District Services and Operations (DSO) Divisions and Departments

The RSCCD comprises four Divisions: Executive Division, Business Services Division, Educational Services Division, and Human Resources Division. The Executive Division is overseen by the Office of the Chancellor, which also provides support for and is accountable to the Board of Trustees. Each of the other three divisions is overseen by its respective Office of the Vice Chancellor, accountable to the Chancellor. The diagram below displays the list of Divisions along with their corresponding departments.

The following section provides a concise overview of the four DSO divisions. For a more comprehensive review of each division and its departments' priorities, services, and operations, please refer to Appendix B: *Comprehensive District Office DSO Plan Division and Department Priorities, Services and Operations*.

#### Executive Division - Office of the Chancellor and Support for the Board of Trustees

The Office of the Chancellor supports the Board of Trustees and oversees major operations of the District. This office also serves in a liaison function with the community.

#### Business Services Division

This division provides central business services for transactions between the district, its constituents and vendors. It is also responsible for fiscal planning, establishing annual budgets, and assuring safe, accessible environments conducive to learning and work.

### Educational Services Division

To ensure that the college district's services and operations are responsive to the needs of its students and community, this division provides leadership and assistance to staff throughout the district and to the businesses throughout the region. Among its services are:

- Assisting the Board of Trustees to plan for future education needs.
- Securing additional funding to implement programs.
- Facilitating accreditation of the colleges.
- Conducting research about the success of our students.
- Addressing the needs of the local economic development.
- Supporting districtwide technology and protecting the District's digital assets.

### Human Resources Division

The mission of the Human Resources Division is to provide high-quality professional assistance and human resources services to our colleges and district in the areas of employee relations, recruitment, compliance and professional development opportunities. A goal is to effectively develop, implement, and communicate sound and principled policies and procedures that contribute to the well-being and core values of the District, which include fair and equitable treatment of all our employees, open and transparent communications, trust, integrity, and mutual respect.

### **District Services and Operations (DSO) Roles and Functions**

The DSO serves as the administrative backbone of the District, providing both operational and support services to the Board, all RSCCD sites, and the District as a whole to ensure an effective and efficient organization. The roles and functions of the DSO significantly influence districtwide initiatives aimed at bolstering the student journey and enhancing the employee experience. Additionally, the DSO provides services to the greater Orange County region and beyond, providing leadership in numerous areas, such as workforce development, apprenticeship, and serving as the fiscal agent for many statewide initiatives. An analysis of all the services and operations of the DSO revealed that they serve four key Roles and Functions at RSCCD. These four roles and functions, along with examples of many of the key activities, are displayed in the chart below, and include the following:

- Board of Trustees and Board Committee Support
- District Operations
- Centralized District Services for all RSCCD Sites
- Regional, State, and External Roles

## District Services and Operations (DSO) Roles and Functions

## People, Systems, Policy, and Resources

The state Chancellor's Office is prioritizing the recognition of the intricate interplay among people, systems, resources, and policies in planning to drive organizational effectiveness, innovation, and sustainability. To that end, an implementation protocol for the DSO Plan should include the following components: an analysis and investment in employees and staffing needs; optimization of systems and processes driving services and operations; robust policy development and compliance measures; and the establishment of a predictable resource allocation model that provides stability and resource alignment that empowers proactive and effective planning.

## Integrated Districtwide Planning

In September 2023, RSCCD embarked on a robust and complex Integrated Planning project to develop and align the following four plans across the District:

- RSCCD Comprehensive Master Plan (CMP) 2024-2032
- Santa Ana College Educational Master Plan (EMP) 2024-2028
- Santiago Canyon College Educational Master Plan (EMP) 2024-2032
- District Services and Operations (DSO) Plan 2024-2028

The project encompassed an in-depth Discovery Phase in Fall 2023, during which internal and external scans were conducted, along with the analysis of workforce data and planning documents across the region, to craft a Comprehensive Data Profile for the District. In addition, a comprehensive set of 122 interviews and listening sessions were held districtwide with nearly 700 participants to provide important qualitative data to complement the Data Profile. The Comprehensive Data Profile and accompanying qualitative data provided a foundation for the development of all four plans.

## DSO Plan Development Process

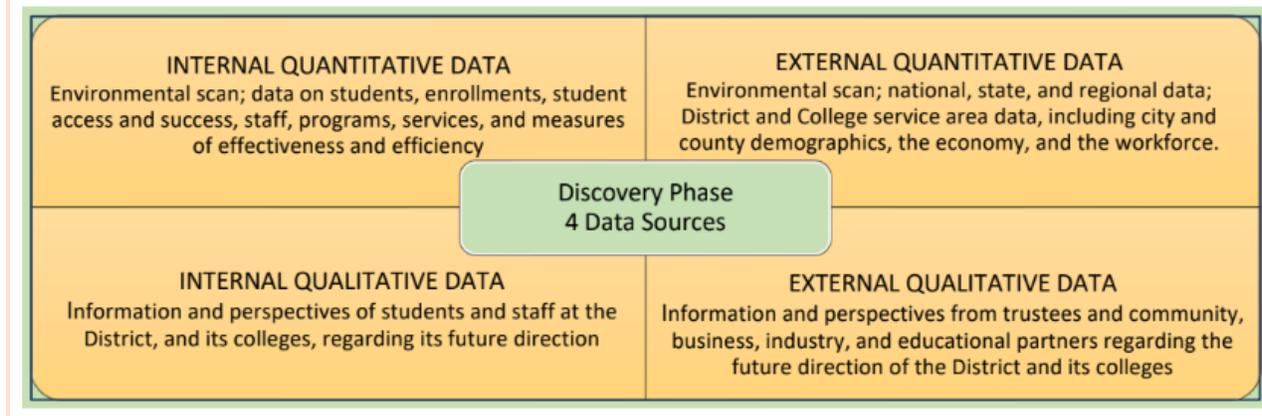

This inaugural District Services and Operations (DSO) Plan was developed in conjunction with the RSCCD Comprehensive Master Plan (CMP). The CMP is an eight-year plan which contains the Board-adopted Strategic Directions for the District. The DSO Plan and the two college Educational Master Plans (EMPs) operationalize the CMP Strategic Directions through their respective Goals and Objectives.

### Phases I and II: Discovery Phase, Data Collection, Analysis, and Synthesis

For development of the DSO Plan, Phases I and II comprised an extensive analysis of internal and external data, resulting in a set of trends and planning assumptions. Specifically for the development of the DSO Plan, the listening session process involved 47 sessions engaging 140 participants, including members of the Board of Trustees, RSCCD Foundation members, the Chancellor, Vice Chancellors, and departmental colleagues from across the District Office's four divisions: Executive, Business Services, Educational Services, and Human Resource Services. Results from the listening sessions were synthesized, and emergent themes identified.

Analysis was structured around a Strengths, Weaknesses, Opportunities, and Threats (SWOT) model. These analyses were coupled with a comprehensive examination of the DSO Planning Portfolios and District Services Satisfaction Surveys, as well as a review of centralized and decentralized services. An examination of the trends, planning assumptions, and emergent listening session themes revealed a set of districtwide challenges and opportunities for planning.

The infographic below displays the four data sources for these first two project Phases:

The implications of Phases I and II were substantive, represented extensive data analysis, and reflected the many voices of internal and external stakeholders. The results informed the DSO Phase III Goal Setting process.

### Phase III: Goal Setting- Establishing Goals and Objectives

During Phase III of the project, the DSO Leadership Team had the opportunity to review the districtwide trends and planning assumptions, themes that emerged from the listening sessions; and challenges and opportunities facing RSCCD for the future. Priorities, services and operations identified by DSO Divisions and departments were also examined. From this extensive, rich information and dialogue with departmental colleagues, the DSO Leadership Team identified a set of long-range goals and objectives, aligned with the RSCCD Board-adopted Strategic Directions, to serve as the framework for the *RSCCD DSO Plan 2024-2028*.

### DSO Listening Sessions and Themes

As described previously, during the Discovery Phase, the Collaborative Brain Trust team conducted listening sessions with both internal and external stakeholders of the District Office. These sessions were well-attended and provided robust and informative insights. Results from these sessions, as well as sessions held at the Colleges and in the community, were reviewed and emerging themes were identified. A summary of the sessions and emergent themes are provided in the next sections.

## DSO Listening Sessions Participation Summary

The listening sessions encompassed Board of Trustee and RSCCD Foundation members, the Chancellor, Vice Chancellors, and department staff representing the four divisions of the District Office, as summarized below.

## DSO Listening Session Themes

Five overarching themes emerged from the listening sessions. The input provided was instrumental in shaping the development of the DSO Plan's prioritized goals and objectives and is summarized below, grouped into the five identified themes.

### Roles and Functions of the DSO

- Employees of the District are not fully aware of the multiple roles of the District offices and departments; the perception is that the District Office's sole role is "to serve the colleges"; while this is an important role, it is not the only role
- The title "District Services and Operations (DSO)" more appropriately reflects the variety of roles of the various divisions and departments
- DSO provides centralized services to *all* sites across RSCCD, including the colleges
- DSO provides the infrastructure and framework for operating the Rancho Santiago CCD across 4 divisions and approximately 15-20 departments
- DSO leadership provides support for the Board of Trustees and its subcommittees; ensures implementation of and compliance with state and federal regulations; and assists the Board with policy development
- DSO also serves as the fiscal agent for several State of California initiatives from the California Community College Chancellor's Office

- DSO plays a critical role in workforce development, overseeing the Orange County Regional Consortium
- DSO provides leadership for the Orange County region in a variety of areas, including Child Development Services, apprenticeship, educational pathways K-12 to higher education, noncredit and continuing education, and expanded educational opportunities for new immigrants, returning adults, and those impacted by the justice system, to name a few
- Strengthen the cohesion among entities by acknowledging the District as a unified entity, inclusive of the District Office, SAC and its Centers, SCC and its Centers - shared objective is to collaboratively support both current and future students and surrounding communities

### Collaboration, Communication, and Marketing

- More collaboration is needed between and among the various RSCCD sites (both colleges, DSO, Continuing Education Centers, Child Development, etc.)
- Communication across the District has been lacking; community outreach and marketing to the external public and prospective students needs improvement; the website is out of date in some areas and inconsistencies in terminology, etc. exist across website pages; with the addition of a Chief Communications Officer, it is hoped these areas will be strengthened
- Community outreach to various service area populations needs improvement

### Community Connections and Partnerships

- DSO leadership works with many other leaders, local elected officials (LEOs), Chambers of Commerce, etc. ensuring that RSCCD is a recognized leader in the region and state
- Feedback from the public is generally very positive; community awareness of all that RSCCD does, all it has to offer, and the role it can play in improving quality of life in the region could be expanded
- RSCCD needs to increase the “ease of doing business” for students and the community; improve marketing, web site, and use of social media
- RSCCD needs to expand active engagement in the community, including disadvantaged populations and ethnic communities (Latino, Asian, Arab, etc.); be known and be relevant; to be known as the place one can always come back to for advancement, career change, improving wage earnings and/or quality of life
- Additional opportunities exist for partnerships with local business and industry, and philanthropic organizations

### Systems and Processes

- There is a need to strengthen systems, processes, and practices: clarity, training, consistency, and collegial dialogue and collaboration for refining timelines and resolving compliance issues between DSO and the Colleges
- Streamline and align systems, processes, and technology across the district; eliminate redundancy and duplication of systems, and those that don’t work well together; consider “total cost of ownership” when purchasing technology
- Automate manual processes; employ technology solutions and minimize the inefficiency of duplicative systems which require more training, support, and the ability to interface
- Consider outsourcing some processes (e.g., schedule production, marketing, etc.)
- Pursue emerging and future technologies (e.g., AI) to strengthen systems and processes
- Continue efforts to align and integrate planning, and streamline work processes

- Data Integrity is an issue; need uniform, standardized data dictionary (i.e., data definitions), and then ensure data accuracy internally and in MIS reporting; also need more disaggregated data for better-informed decision making

### Human, Fiscal, and Physical Assets of the District

- Assessment of the Budget Allocation Model (BAM) to determine what changes, if any, are needed to meet the CMP Strategic Directions
- RSCCD needs to invest more in human capital: stronger recruitment and retention through onboarding and ongoing professional development
- Support timely recruitment, onboarding, retention, and professional development of a talented RSCCD workforce with the competencies needed for the future; include technology and DEI professional development training
- Improve Human Resources processes – especially job descriptions, classifications, timely hiring, and employee evaluation and continuous improvement plans
- Management meetings need to return to an agenda of updates on regulations and procedures, training on new and upgraded technologies and technology systems, etc. vs. college reports/updates
- RSCCD needs to develop a districtwide set of core values, including DEI, and provide orientation and professional development around these values and DEI content
- Include core values and DEI statement on job announcements and webpages – public facing documents
- Organizational culture needs work to create a more respectful culture and tone across the district; consider a districtwide culture/climate survey for continuous improvement and training in professional conduct in the workplace – “lead by example”
- Long-range staffing plans (as opposed to annual prioritization processes) are needed that align with planning efforts of the new four plans under development, and that support effective, efficient District services and operations
- Consistent DSO leadership is important for the DSO to be effective
- Procure and align resources with short and long-range plans; optimize fiscal operations and resources; design a new budget allocation model
- Support effective and efficient use of existing and expanded facilities for contemporary and future needs; ensure campus safety and ADA compliance and security of facilities; align facilities’ plans with the new EMPs and DSO Plan

### Districtwide Listening Sessions and Emerging Themes

Similar to the DSO listening sessions, listening sessions were held also at both colleges with individuals and groups of internal and external stakeholders, including students, throughout the Rancho Santiago Community College District. A summary of the *districtwide* listening sessions and themes that emerged is provided below.

## Districtwide Listening Sessions Summary

Districtwide, nearly 700 individuals provided input at the 122 listening sessions held in 2023 for development of the four plans, as summarized in the chart below.

### Districtwide Listening Session Themes

A wide array of themes emerged from the listening sessions held across the entire District to inform the Integrated Planning Project, where individuals and groups provided their perspectives and viewpoints about the future direction of the Rancho Santiago Community College District and its colleges in serving the Orange County region.

These districtwide themes informed development of the broad Strategic Directions for the District as a whole for the *RSCCD Comprehensive Master Plan 2024-2032*. Overall, the districtwide themes fell into two major categories:

- Those themes that reflect a public-facing, external, future focus on programs, services, and approaches in higher education that meet the needs of today’s and tomorrow’s students, communities and employers in the RSCCD service region.
- Those themes that reflect attention to the internal RSCCD environment to strive for quality, effectiveness, and efficiency in support of employees, systems, processes, technologies, and fiscal and physical resources to further strengthen District services, operations, and the two colleges and their respective educational delivery sites.

Examining the districtwide themes in more depth revealed the following four overall areas of focus essential for consideration by the District. High-priority, districtwide perspectives expressed during internal and external listening sessions are delineated under each focus area.

### Focus Area 1: Core Higher Education Services, Future Direction, and How RSCCD Will Be Viewed

*RSCCD is an institution of academic excellence: student-centered; outcomes-focused – achieving Vision 2030 goals; future-focused; flexible; nimble; providing programs and services to meet regional needs*

- RSCCD is a higher education institution of academic excellence
- Forward-thinking and nimble to meet current and future needs
- Align plans with California’s Vision 2030, serving the Orange County region and beyond
- Continue to improve student success indicators outlined in California’s Vision 2030 not only for student success, but also for increased funding
- Embrace change; serve all populations; do the work other colleges are not doing
- Provide exemplary, student-centered programs and services
- Expand dual enrollment, apprenticeship, transfer, and RSCCD bachelor’s degrees
- Expand noncredit and improve bridges from noncredit to credit
- Expand educational opportunities for new immigrants, returning adults, and those impacted by the justice system
- Expand microcredentials, stacked credentials, internships and workplace learning
- Provide more online options; embrace change; develop “digital dexterity” and pursue emerging technologies (e.g., AI)
- Strengthen collaboration between and among the various RSCCD sites (both colleges, DSO, Continuing Education Centers, Child Development, etc.)

### Focus Area 2: Community Outreach and Strategic Partnerships

*Engage in strategic and intentional outreach and partnerships to support economic and workforce development, be relevant, and enhance quality of life in the region*

- Expand community outreach and strategic engagements with K-12 and university partners; business and industry; and public, private, community-based, and philanthropic organizations.
- Leverage strategic partnerships to increase educational opportunities, support economic and workforce development for the region and beyond, and contribute to enhanced quality of life for the region
- Actively engage in the community, including disadvantaged populations and ethnic communities (Latino, Asian, Arab, etc.); be known and be relevant
- Increase the “ease of doing business” for students and the community; improve marketing, web site, and use of social media
- Be the place one can always come back to for advancement, career change, improving wage earnings and/or quality of life

### Focus Area 3: Districtwide Systems and Processes

*Strengthen systems, processes, and technology solutions across the district; pursue emerging and future technologies in all operations; exercise “digital dexterity”*

- Improve communication and collaboration across the district
- Strengthen systems and processes: clarity, training, consistency, and collegial dialogue and collaboration for refining timelines and resolving compliance issues between DSO and the Colleges
- Streamline and align systems, processes, and technology across the district; eliminate redundancy and duplication of systems, and those that don’t work well together; consider “total cost of ownership” when purchasing technology
- Automate manual processes; employ technology solutions and minimize the inefficiency of duplicative systems which require more training and support and don’t interface well
- Consider outsourcing some processes (e.g., schedule production, marketing, etc.)
- Pursue emerging and future technologies (e.g., AI) to strengthen systems and processes
- Continue efforts to align and integrate planning, and streamline work processes
- Data Integrity is an issue; need uniform, standardized data dictionary (i.e., data definitions), and then ensure data accuracy internally and in MIS reporting; also need more disaggregated data for better-informed decision making

### Focus Area 4: Human, Fiscal, and Physical Assets of the District

*Invest in human capital; develop institutional core values; maximize acquisition and use of fiscal and physical resources; strengthen organizational quality, effectiveness, and efficiency*

- Advance organizational culture; develop a set of districtwide core values, including DEIA, and create a more respectful culture/tone across the district; consider a districtwide culture and climate survey for continuous improvement
- Develop consistent leadership for RSCCD
- Design a long-range staffing plan to support effective, efficient District services and operations, and the long-range plans of the district and its colleges
- Support timely recruitment, onboarding, retention, and professional development of a talented RSCCD workforce with the competencies needed for the future; include technology and DEIA training and professional development
- Improve Human Resources processes – especially job descriptions, classifications, timely hiring, and employee evaluation and continuous improvement plans
- Procure and align resources with short and long-range plans; optimize fiscal operations and resources; design a new budget allocation model
- Support effective and efficient use of existing and expanded facilities for contemporary and future needs; ensure campus safety and ADA compliance and security of facilities

## Districtwide Challenges and Opportunities

A review of all four planning processes underway in the Integrated Planning Project revealed a set of *districtwide* challenges and opportunities for RSCCD for the next eight years and beyond. This set of challenges and opportunities, delineated below, informed the Comprehensive Master Plan's Strategic Directions, as well as the Goals and Objectives of the two colleges' EMPs and the DSO Plan.

### Challenges

#### External Environmental and Economic Challenges

- Changing economic and political landscape at state and national level
- Environmental issues; issues related to climate change and sustainability
- Rapid change and advancements in technology; AI becoming mainstream
- Financial uncertainty and constraints that impact staffing, services, technology, and facilities
- Student Centered Funding Formula (SCFF), fully implemented, and its ongoing / future transition
- Unfunded mandates, with institutions expected to do more with less
- The vast number (and changing landscape) of California Initiatives requiring time and institutional capacity for effective implementation (e.g., new SCFF, Guided Pathways, Vision for Success, Governor's Roadmap for Community Colleges, Vision 2030, etc.)
- RSCCD serves some of the largest cities with the lowest socioeconomic indicators
- Very low unemployment rates, with many fast-growing industries offering low-wage jobs
- Decline in student enrollment in postsecondary education coupled with a new societal belief that education is neither worth the cost, nor a value-added asset to gainful employment

#### Districtwide Operational Challenges

- Lack of an articulated, common set of core values districtwide
- Leadership turnover and additional employee turnover at all levels; inadequate staffing levels in key support areas (e.g., IT, public safety, Human Resources, etc.)
- Lack of consistent, reliable data (i.e., data integrity); lack of uniform, standardized data definitions; incomplete/inaccurate data uploaded to the Chancellor's Office MIS
- Lack of a cohesive, systems-thinking approach across RSCCD sites; outdated and inconsistent processes, procedures, and job descriptions; need for a new RSCCD resource allocation model
- Lack of consistent and effective internal communication
- Rapid change and advancements in technology impacting RSCCD operations at all sites

#### Student Success

- Full implementation of Vision for Success initiatives (Student Equity, Guided Pathways, etc.) amidst the new Vision 2030 goals (equity in access, success, and support) and Directions
- Low degree completion and transfer rates at RSCCD compared to statewide average
- Pursuing enrollment growth in a planned, intentional, and efficient manner (vs. "chasing FTES") to achieve access, success, and equity goals with efficient resource management

### Enrollment, Program, and Service Challenges

- The projected decrease in the next decade of the traditionally-aged, college-going population in Orange County, coupled with modest growth in the 50+ age group
- Rapid change and advancements in technology impacting programs and services
- Managing dual enrollment to address K-12 students' needs while balancing with other District priorities for achieving Vision 2030 goals and achieving outcomes for funding
- Balancing online, hybrid, and in-person delivery methods in course scheduling to meet student demand while maintaining productivity/efficiency and achieving student success metrics
- Outreach and provision of appropriate services to non-traditional students who are more likely to be Adult Ed/English Language Learners (ELL) and have short-term career goals

## Opportunities

### District Operational Opportunities

- Continued focus on shared vision, the development of core values, and the adoption of a “synergy in practice” approach to RSCCD’s work across colleges and the DSO will benefit all areas
- Strengthened recruitment, onboarding, and investing in employee training, professional development, and career advancement can enhance a more stable RSCCD workforce
- The recently convened RSCCD data solutions task force with its plan to address data integrity issues and provide disaggregated data is positive; a districtwide commitment will be needed to create and sustain accurate, usable data to inform decisions at various organizational levels
- Efficiencies can be gained by strengthened intra-district communication and collaboration; the elimination of manual and duplicative processes; and investing in technology solutions

### Enrollment Growth Opportunities

RSCCD could realize enrollment growth via:

- Providing relevant courses, microcredentials, and lifelong learning to more older adults
- Increasing dual enrollment; noncredit training; work-based learning; and credit for prior learning
- Outreach to the 40% of Orange County residents who have less than an associate degree
- Creating nimble programs to address changing technology and labor market demands in Information Technology, Cybersecurity, Drones and Artificial Intelligence (AI)
- Intentional recruitment for achieving program-level gender equity
- Expanding apprenticeship and RSCCD bachelor’s degrees where appropriate
- Expanding university partnerships for increased transfer agreements (and transfer rates)
- Developing more stackable credentials and programs based on high wage, high growth jobs
- Integrating environmental / sustainability issues into microcredentials and programs

### Funding Opportunities

- RSCCD could realize additional funding by increasing outcomes in the below areas:
- Pell Grant and California Promise Grant recipients (especially since RSCCD serves some of the lowest socioeconomic areas of Orange County)
- Students who complete transfer level math and English (at SAC)
- Students who earn an Associate degree
- Students who transfer
- There is strong support from area partners and the three District Foundations for funding

- The demographics and socioeconomic status of RSCCD's students and the service area, as well as the district's reputation as a strong state fiscal agent, support the acquisition of grants and other funding streams

#### Partnership and Workforce Opportunities

- Enhanced educational partnerships can ensure clear pathways high school to college completion
- There is a desire by business and industry to expand partnerships, internships, workplace learning, and apprenticeship programs
- Strong emerging technology industries exist in the region
- There is significant employment growth in traditional and emerging industries; RSCCD has academic programs supporting high priority growth industries in the region: Advanced Manufacturing, Health Care, Informa/on Technology, and Hospitality and Tourism
- RSCCD has name recognition as a leader in Regional Economic and Workforce Development

## RSCCD Strategic Directions

A districtwide, eight-year Comprehensive Master Plan was developed, outlining four Strategic Directions for RSCCD to meet the needs of students, communities and employers across the District’s Orange County service region as follows:

Rancho Santiago Community College District	
Strategic Directions	
<b>Strategic Direction 1</b>	Advance the Rancho Santiago Community College District as a proactive and future-focused institution of educational excellence that is equitable, student-centered, and outcomes-focused for the student of today and tomorrow.
<b>Strategic Direction 2</b>	Forge strategic partnerships to create innovative pathways, ensuring relevance, equity, and quality of life enhancement for students through intentional outreach and collaborative initiatives.
<b>Strategic Direction 3</b>	Develop streamlined, data-informed, innovative systems and processes that utilize cutting-edge technology and collaboration to support both the employee experience and student access and success.
<b>Strategic Direction 4</b>	Leverage diverse funding streams, provide comprehensive professional development, and support accessible virtual spaces and physical facilities to increase student success in an ever-changing educational environment.

These Strategic Directions provide a framework for the *RSCCD Comprehensive Master Plan 2024 - 2032* and are operationalized in the DSO Plan and Colleges’ Educational Master Plans through their respective Goals and Objectives. As a collective, these four plans are designed to fulfill the RSCCD Mission.

The relationship of the four plans is illustrated below.

## Ongoing Planning Efforts and New Initiatives

Each service area of the District has a wide array of planning efforts that are ongoing, as well as new initiatives that emerge each year to meet the changing needs of the region. These ongoing efforts and emerging priorities are integrated into each of the plans in order to align activities and provide a collective, effective and efficient approach to meeting regional needs.

The new districtwide eight-year planning cycle allows for all major plans to be developed in a sequence that supports the overall planning cycle. For example, Program Review precedes Educational Master Plans (EMPs), as EMPs should draw upon the information from Program Review. Similarly, plans such as Facilities, Technology, and other plans follow EMPs, as the EMPs should set the priorities for their development. Appendix C presents the new *RSCCD Eight-Year Integrated Planning Cycle and Timetable*, illustrating how the timing of plan development supports overall district planning.

## District Services and Operations Framework

The District Services and Operations (DSO) Leadership Team met in a half-day session to review DSO division and department priorities, services, and operations; districtwide trends and planning assumptions; listening session themes; and the identified challenges and opportunities for RSCCD. A set of DSO Goals and Objectives were then developed in alignment with the Board-adopted Strategic Directions. These goals and objectives provide a framework for the DSO to develop action plans for carrying out its plan of work over the next four years in alignment with the Comprehensive Master Plan's Strategic Directions.

Follow-up Implementation Plans at the division and department level will be needed to translate these goals and objectives into action-oriented activities with timelines, outcomes, targets, and measures, and with responsible individuals identified. Additionally, the District Services and Operations and the two colleges have affirmed that to achieve their respective and aligned goals and objectives, they will collaborate to maximize opportunities to serve the needs of RSCCD's diverse students, employees, community partners, and the Orange County region as a whole. The DSO four-year goals and objectives are outlined in the chart below.

Rancho Santiago Community College District – Strategic Directions	
District Services and Operations (DSO) Goals and Objectives	
<b>Strategic Direction 1</b>	Advance the Rancho Santiago Community College District as a proactive and future-focused institution of educational excellence that is equitable, student-centered, and outcomes-focused for the student of today and tomorrow.

**Goal 1. Ensure collaborative, integrated, and effective institutional planning**

**Objectives**

- 1.1 Implement a process to assess the total cost of ownership and give equal consideration and weight to the fiscal, physical and human resource consequences of decisions.
- 1.2 Include all DSO service areas in institutional planning with colleges.
- 1.3 Implement a technology solution to monitor progress on the RSCCD Comprehensive Master Plan (CMP) and the three plans (DSO Plan and two College EMPs) that collectively operationalize the CMP Strategic Directions.
- 1.4 Develop and implement a districtwide strategic enrollment management plan.
- 1.5 Guide legislative direction and direct legislative advocacy in support of the District’s Strategic Directions.

**Goal 2. Support a values-based, equitable RSCCD environment that is conducive to innovation and flexibility.**

**Objectives**

- 2.1 Implement a new Communications Plan and strategy for promoting RSCCD’s innovative and flexible options for students and stakeholders
- 2.2 Implement strategies to inspire innovative ideas.
- 2.3 Explore and procure alternative sources of funding and partnerships in support of RSCCD’s programs and initiatives.
- 2.4 Create a set of RSCCD core values through an inclusive, collaborative process; align with Board Policies on Code of Ethics (BP 7001) and Civility (BP 7002).
- 2.5 Foster a districtwide collaborative and equitable environment through employee education and training.

<b>Strategic Direction 4</b>	Leverage diverse funding streams, provide comprehensive professional development, and support accessible virtual spaces and physical facilities to increase student success in an ever-changing educational environment.

**Goal 5. Maximize revenue streams and demonstrate resilient financial stability and stewardship of District fiscal, facility, and technology resources.**

**Objectives**

- 5.1 Maintain required compliance in all areas of fiscal management and build a six-month cash flow reserve.
- 5.2 Support a General Obligation bond for state-of-the-art facilities.
- 5.3 Align grant seeking efforts with RSCCD’s Strategic Directions and the goals and objectives of the College EMPs and DSO Plan and provide grant management training.

**Goal 6. Create an administrative infrastructure to support new RSCCD programs and initiatives and develop processes that facilitate executive decisions.**

**Objectives**

- 6.1 Institutionalize a process to support decisions that impact operations by reassessing the Budget Allocation Model (BAM) and implementing an equitable and predictable model that aligns resource allocations with districtwide planning efforts.
- 6.2 Create an administrative structure to support the consistent implementation of national, state, and regional initiatives across the District.
- 6.3 Expand capacity to effectively track and report on the broader impact of grant awards beyond total funds received.
- 6.4 Standardize documents and develop consistent, streamlined, and user-friendly RSCCD human resources operations and processes.
- 6.5 Promote professional development programs across all employee groups to expand and enhance performance and measure success.

## RSCCD Integrated Planning Framework

Following completion of all the goal-setting sessions for the Integrated Planning Project, the DSO Leadership Team, and a team of eight from each college’s EMP Task Force met in a five-hour joint session. Participants shared their respective plans to ensure the Goals and Objectives of the three, as a collective, effectively and efficiently operationalize the four broad Strategic Directions adopted by the Board of Trustees, and support the State’s Vision 2030 over the next eight years. The following chart displays the alignment of college mission statements, DSO roles and functions and all four plans’ goals with the Board-adopted RSCCD Mission Statement and Strategic Directions 2024 – 2032.

An important outcome of the Integrated Planning Project, and the above RSCCD Integrated Planning Framework, was the dialogue and collaborative work done among representatives from the DSO Leadership team and the two College EMP Task Forces. All agreed to continue to work together to maximize opportunities to best serve students, employees, and community partners across the Orange County region as a whole. Together, the Board-adopted RSCCD Strategic Directions, and the aligned Goals and Objectives outlined in the DSO Plan and two College EMPs, provide a Blueprint for Action for RSCCD in fulfilling its mission in serving the Orange County region and beyond.

## Summary and Next Steps

This inaugural DSO Plan is one of four plans developed in the Integrated Planning Project to provide a framework and blueprint for action for RSCCD to realize its mission in serving the District, the Orange County region, and beyond. Several next steps, as described in the sections that follow, will be important to complete this process.

### Delineation of Functions Map

The Delineation of Functions (DoF) map is required by ACCJC in the accreditation of RSCCD's two colleges. Of even greater importance is that the DoF map is a useful tool for orienting new employees and providing a written documentation of those functions carried out primarily by the DSO, primarily by the Colleges, or by both as a shared responsibility. All employees must be aware of the delineation of functions and the respective responsibilities and accountabilities that accompany this map. It should be reviewed both on a regular basis throughout the accreditation cycle, and at any time there is administrative turnover in the District and/or one of its colleges. It should be noted that a review and update of RSCCD's Board Policies and Administrative Regulations, and revision of position descriptions should accompany the process.

During the Integrated Planning Project, it was discovered that the Delineation of Functions map is not well-known and is inconsistent with practice in some areas across the District and its colleges. With the new state Vision 2030, the many changes in RSCCD organizational structure and function, and the turnover in administration, faculty, and staff in recent years, this is to be expected. Additionally, the DoF map is lengthy and not user-friendly. At this time, a conscientious review and discussion by the Chancellor's Cabinet, with input from faculty and staff, is needed to update and simplify the DoF map.

### DSO Plan Implementation

Another important next step is the development of a detailed DSO Implementation Plan. The plan should provide a timeline for activities and tasks over the next four years, outline accountable and responsible parties, identify measurable outcomes and targets, serve as an administrative "program review" process, and be tied to employee job descriptions and evaluation processes. Job descriptions will need to be updated consistent with the direction of the District, changes in the Delineation of Functions map, advances in technology, and practices across DSO divisions and departments related to their overarching four areas of roles and functions: Services; Operations; Board Support; and Regional, State, and External Roles.

### Accountability and Monitoring Process

An accountability and monitoring process is needed to oversee progress on the plan. It is recommended that the following actions be considered for this process:

- Explore a technology solution to support this process for efficiency, transparency, and reporting purposes
- Develop the process holistically in order to monitor all four plans concurrently and consistently toward accomplishment of the Board's Strategic Directions and Vision 2030
- Establish benchmarks and a regular review cycle (at least twice annually)
- Establish a process for revision of Goals and Objectives as needed across the plan(s) based on plan review, current environmental scans, and changing socio-economic factors

## Districtwide Considerations

During the Integrated Planning project, several districtwide considerations were recommended to be addressed as the eight-year Comprehensive Master Plan is initiated. These include the following:

- Review and revise the Budget Allocation Model (BAM); the current model, while being implemented with fidelity, allows for neither the alignment of resources with industry standards for effectiveness and efficiency, nor with the Goals and Objectives of the new College EMPs and DSO Plan. An exploration of alternative allocation models that ensures equitable and predictable resources is critical for aligning resources with districtwide planning efforts.
- Update Board Policies, Administrative Regulations, organizational structures, job descriptions, websites, and the RSCCD Planning Design Manual consistent with the new eight-year Comprehensive Master Plan, DSO Plan, and College Educational Master Plans.
- Review and revise the Delineation of Functions map collaboratively among DSO, SAC, and SCC leadership to clarify primary, secondary and shared areas of responsibility and to streamline the document to be more concise and user-friendly.
- Collaboratively develop a set of RSCCD Core Values within which all employees work and to which all new employees are oriented.
- Implement formal onboarding for all new employees, a comprehensive districtwide professional development and training plan for existing employees, and a process for regulatory updates and training for the Management Council.
- Develop a long-range staffing plan and data-informed prioritization process, utilizing industry standards, that gives DSO accountable managers authority over the staffing of their respective areas of responsibility for existing functions, emerging needs, and new initiatives consistent with the new plans.
- Collaboratively streamline systems and processes among DSO, SAC, and SCC leadership to eliminate duplicative systems and establish shared timelines that meet regulatory requirements. Consider convening small project-specific work groups, with DSO and College representatives, to resolve issues and proactively address local, regional, and state initiatives.
- Update the recently developed Facilities Plan as needed to support the four new plans.
