Peter Hardash, Vice Chancellor, Business Operations and Fiscal Services
Enrique Perez, J.D., Vice Chancellor Educational Services
Tracie Green, Vice Chancellor, Human Resources
Linda Rose, Ed.D., SAC President
John Hernandez, Ph.D., SCC President

In the heart of Orange County lies Rancho Santiago Community College District, home of one of the state’s oldest community colleges, Santa Ana College, and also one of its newest, Santiago Canyon College.

Both colleges provide education for academic transfer and careers, courses for personal and professional development, and customized training for business and industry.

In addition to Santa Ana College and Santiago Canyon College campuses, the district’s facilities include the Centennial and Orange Continuing Education Centers, the Digital Media Center, Joint Powers Fire Training Center, the Orange County Sheriff’s Regional Training Academy, the College and Workforce Preparation Center, and the District Operations Center.
The college district serves a population of more than 700,000 residents and encompasses 24 percent of Orange County’s total area (193 square miles).

- The district offers educational programs in seven locations accounting for 1,130,456 square feet (not including any leased instructional space).
- The district serves 39,269 students in our college credit program.
- Continuing education courses are a substantial part of the college district’s commitment to the community. In fall 2018, 14,419 students enrolled in these college preparation and career enhancing courses.
- RSCCD has become a regional leader in Career Technical Education enabling the district to develop stronger relationships with industry.

Solutions for Business

The RSCCD district is an active partner with Orange County businesses and industries to expand the knowledge base for increased competitiveness and an improved quality of life for all residents.

Through its economic and workforce development programs, the college district delivers proven instructional services that yield workforce improvements.

Investing in Economic Growth and Global Competitiveness

To compete in today’s economy, a company’s workforce must be dynamic, efficient, and flexible. Technology has raised the skill level required for nearly all occupations. Employers are finding significant skill gaps that hinder the performance of their workforce.

Sometimes the solutions are simple and straightforward. Other times, the causes of the problems are less clear. Before spending unnecessary funds on training that may or may not cure the problem, some employers choose to utilize a performance consultant to ensure that the proper training is being sought and that the training is transferred to improved on-the-job performance.

Workforce Development

Our mission is to develop an employee’s skills and knowledge that can help a company achieve the full potential of its human resources to reach its goals.

One of RSCCD’s missions is to help local businesses meet their goals by providing convenient, affordable employee training solutions.

We create tailored programs that fit our business clients’ needs. Whether your company needs employee training, employee skills assessments, outplacement assistance, or other human resources management assistance, we can help your company in attaining the highest levels of employee performance and productivity.
Students and society as a whole enjoy a range of benefits due to their educational investment in RSCCD. A portion of these benefits accrues to state and local taxpayers in the form of higher tax receipts and a reduced demand for government-supported social services.

**RSCCD INCREASES TAX REVENUE**
- Approximately **99%** of RSCCD’s students remain in California upon completing their educational goals. As students earn more, they pay higher taxes. Employers also pay higher taxes through their increased output and spending.
- Over the students’ working lives, state and local government in California will collect a present value of **$592 million** in the form of higher tax receipts.

**RSCCD REDUCES GOVERNMENT COSTS**
- RSCCD students who achieve higher levels of education are statistically less likely to have poor health habits, commit crimes, or claim welfare or unemployment benefits.
- The improved lifestyles of students result in a reduced demand for government-supported services. Better health leads to reduced health care costs. Reduced crime leads to a reduced burden on the criminal justice system. Further, increased employability leads to fewer claims for welfare and unemployment benefits.
- As a result, taxpayers in the state of California will see a present value of **$78.5 million** in savings to government over the students’ working careers.

**RSCCD IS A SOLID INVESTMENT FOR STATE AND LOCAL TAXPAYERS**
- In FY 2016-17, state and local taxpayers in California paid **$205 million** to support the operations of RSCCD.
- For every $1 of public money spent on RSCCD, taxpayers receive a cumulative return of **$3.30** over the course of students’ working lives in the form of higher tax receipts and public sector savings.
- Taxpayers see an average annual internal rate of return of **10.0%** on their investment in RSCCD. This return compares favorably with the 0.6% discount rate used by the federal government to appraise long-term investments.

**SUMMARY OF THE TAXPAYER INVESTMENT**
- **3.3** Benefit-cost ratio
- **10.0%** Rate of return
Your Constituents, Our Students

California’s 69th State Assembly District • Rancho Santiago CCD

460,000+ Individuals living within your district.

Constituents enrolled in college credit programs at RSCCD: 58,131

30,722 Constituents enroll in the FREE RSCCD Adult Basic Education Programs, such as ESL, Citizenship and Career Education.

8,185 Constituents earned 4,613 associate degrees and 8,728 certificates last year.

3,041 Constituents transferred to four-year institutions; local universities CSUF, CSULB and UCI were among the most popular destinations in 2017-18.

448 Constituents with verified disabilities attend RSCCD and have equal access to educational opportunities.

460 Veteran constituents attend RSCCD and receive help to transition from soldiers to scholars.

4,432 High school graduates attended RSCCD in their first semester after graduation.

Constituents enrolled at RSCCD receive federal and state financial aid to pay for their education: 33%

Constituents attend RSCCD on a part-time basis: 49%

Average age of constituents at RSCCD: 30

California State Assembly, 69th District
Rancho Santiago Community College District
In 1915, Santa Ana Junior College opened its doors to 26 students as a department of Santa Ana High School. It was the second junior college founded in Orange County, behind Fullerton College, and the fourth oldest in all of California.

Santa Ana College (SAC) is known for its academic programs as well as top-ranked student services. Students can enroll for full semester, mini-semester (GR8 Weeks), weekend and online classes. A wide variety of courses are available in business, math and sciences, arts and humanities, and career and vocational education. SAC offers over 300 subjects leading to the associate degree in science or arts or vocational certificate of competency.

For the past six consecutive years, Santa Ana College has been recognized by Community College Week as one of the top associate degree producers nationally for minority students. The college is ranked 20th among the top 100 associate degree producers for “total minority” students in the nation.
A C A D E M I C P R O G R A M S

Santa Ana College is the only college in the area that offers a bachelor’s degree in Occupational Studies. Designed for busy professionals, this program builds upon your associate’s degree in Occupational Therapy Assistant with online, evening and weekend classes.

RSVCCD Office of Research, Planning and Institutional Effectiveness
In 1985, Santiago Canyon College (then called the Rancho Santiago Orange campus) opened its doors to about 2,500 students on its 82 acre campus. The college became independently accredited by the ACCJC in January of 2000.

Santiago Canyon College recent facilities improvement and expansion include a new humanities building, athletics and aquatics center, science center, library building, student services/classroom building, maintenance and operations center, parking lots and soccer and softball fields thanks to bond Measure E, passed by voters in 2002.
• SCC engages students through a vibrant Honors Program across multiple disciplines, whose students transfer to top universities.

• Offers the most comprehensive water utility sciences program in Orange County. Graduates work at water districts and agencies throughout Southern California.

• Offers through the Community Services Program a year round educational and recreational schedule of classes to suit all ages.

• Directs the state’s largest trade’s apprenticeship program providing skilled workers in the fields of carpentry, cosmetology, electricity, maintenance mechanic, operating engineer, power lineman, and surveying.

• Offers a comprehensive STEM program with dedicated counselors and a series of supplemental instruction resources including Math Study Hall (MaSH), Science Teaching and Resource (STAR) Center and a comprehensive Supplemental Instruction (SI) program.
