RANCHO SANTIAGO
COMMUNITY COLLEGE DISTRICT

**Chancellor's Message
Adopted Budget 2010-11**

Dear Members of the Board of Trustees:

The Adopted Budget for 2010-11 is presented for your review and consideration.

Proposition 98 funding levels for K-14 education, which includes the community colleges, have been reduced over the last two years. The direct causes of this downslide in funding are reduced collections of state revenues from sales taxes and personnel income taxes as well as reduced property tax collections. Due to this severely reduced level of state funding support, community college districts have been compelled to make severe budget cuts, including reduced services and class offerings for our students in their time of greatest need.

The State Legislature has yet to enact a state budget for the 2010-2011 academic year, setting a new record in budget futility that has now swollen to a delay of over 100 days past the start of the new fiscal year. As a result, community colleges have not received any state apportionment payments since July, 1 and additional delays in apportionment payments are expected. Although annual funding levels are not yet finalized, the schedules of classes for the fall and spring semesters have been put in place. When the state budget is adopted it could well lead to further reductions in class offerings and services for our students in the current academic year. Notwithstanding the uncertainty surrounding the state budget and our share of it, we are still required by regulation to adopt a budget for the Rancho Santiago Community College District (RSCCD) by October 15, 2010.

This adopted budget is essentially the same budget presented for the Tentative Budget approval. An agreed upon modified RSCCD Budget Allocation Model (BAM) was used to balance this budget. With reductions in the past two fiscal years to the fixed costs and discretionary costs in the budgets, due primarily to an imbalance of reductions occurring in the fixed costs, the discretionary cost percentage allocations are not in conformance with the Full Time Equivalent Student (FTES) percentage allocations between the colleges per the BAM. Although acknowledgement and approvals were granted by the Budget Allocation and Planning Review

(BAPR) Committee in the prior budgets for this abnormality, this year the budget allocation model assumptions have been slightly modified to allow for the differential split between the colleges.

The BAPR Committee has discussed and deliberated this proposed adopted budget with the use of the modified BAM assumptions. Campus budget committees have evaluated financial information and deliberated budget priorities. Additional time for review and discussion, in the wake of a delayed state budget, of the proposed adopted budget was requested by campus representatives. This delay was granted. The BAPR Committee, on September 29, 2010, unanimously approved the recommendations of the Adopted Budget Assumptions and the proposed Adopted Budget.

This proposed 2010-2011 Adopted Budget includes state revenue estimates from the Governor's May Revise. A state budget may be approved any day now. Once a final state budget is enacted, adjustments will need to be made to the RSCCD Adopted Budget to reflect authorized state funding entitlements. However, the proposed state budget may include overly optimistic revenue assumptions and expenditures which may lead to mid-year reductions of state funding sometime after the first of the new calendar year. Additional adjustments to the 2010-2011 RSCCD Adopted Budget may be necessary at that time.

The RSCCD Adopted Budget, similar to the Tentative Budget, includes no Cost of Living Allowance (COLA) or FTES growth funding. This Adopted Budget does include the recommended budget assumptions and a 5% contingency reserve approved by the Board of Trustees.

I applaud the efforts of the colleges and the district office in evaluating programs and services and making difficult decisions that needed to be made to balance this budget. More effort may be needed throughout the year to adjust for any further funding variations that result from a final enacted state budget.

This proposed Adopted Budget came to me as a unanimous recommendation from the District's Budget Allocation and Planning Review Committee (BAPR) through the shared governance process. Having reviewed and approved this budget, I pass it forward for your review and adoption.

Sincerely,

A handwritten signature in black ink, appearing to be 'Raúl Rodríguez', written in a cursive style.

Raúl Rodríguez, PhD
Chancellor

Rancho Santiago Community College District
Adopted Budget
2010-11

To ensure compliance with the California Community Colleges Budget and Accounting Manual, Title 5 of the California Code of Regulations and the California Education Code, the financial resources of the District are divided into separate funds for which separate accounts are maintained for recording cash, other resources, and all related liabilities, obligations and equities.

General Fund

The General Fund is maintained to account for the transactions that cover the full scope of operations for the district (instruction, administration, student services, maintenance and operations, capital improvements and other expenditures). All transactions that are not specifically required to be accounted for in other funds are recorded in the General Fund.

All moneys received by or for a community college district from state apportionments or county or local property taxes shall be deposited in the General Fund.

For purposes of flexibility, the district may establish any number of accounts within the General Fund to facilitate reporting, management, and control.

The General Fund is divided into two subfunds: the Unrestricted General Fund and the Restricted General Fund. This reflects the need to differentiate truly discretionary revenue from restricted revenue, while preserving a complete accounting of the financial operation and support of educational programs. Restricted moneys such as those for categorically-funded programs are accounted for separately from other general purpose moneys, but classified as a component of the total general fund that provides instructional and support services.

The unrestricted subfund shall be used to account for resources that are available for the general purposes of each district's operation and support of its educational program. The governing board of the district may elect to set aside unrestricted moneys for specific future operating purposes. The governing board may elect to transfer unrestricted moneys to other funds. Similarly, the governing board may elect to return any balance of designated moneys appearing in other fund groups to the General Fund.

The restricted subfund shall be used to account for resources that are available for the operation and support of the educational programs that are specifically restricted by law, regulations, donors, or other outside agencies as to their expenditure. Such externally imposed restrictions are to be contrasted with internally created designations imposed by the governing board on unrestricted moneys. Restricted moneys are from a specific source that require moneys to be used for specific purposes.

Child Development Fund

The Child Development Fund is a special revenue fund designated to account for all revenues for or from the operation of child care and development services, including federal, state or local grants and student fees for child development services.

Costs incurred in the operation and maintenance of the child care and development services are paid from this fund. However, those segments of child care and development activities that are part of the instructional activity of the district must be accounted for in the General Fund.

The District currently operates five Child Development Centers at Santa Ana College, Santiago Canyon College, Centennial Education Center and Orange Education Center and Santa Ana East Campus.

General Obligation Bond Fund

The General Obligation Bond Fund are used exclusively to account for activity associated with Measure E, an initiative approved by local voters in November 2002. Total bonds issued are \$337,000,000. The first issuance in March 2003 totaling \$96,125,000 has been fully expended.

Activities in this fund reflect the expenditures from the second issuance in March 2005 totaling \$119,999,867, the bond refunding in August 2005 totaling \$5,024,517 and the October 2006 issuance totaling \$120,875,132.75.

These bond funds are used for property acquisitions, planning, infrastructure creation and enhancements, new capital construction projects, equipment acquisitions, and remodeling projects.

Under the requirements of the bond, an oversight committee has been established to ensure the District meets all requirements set forth in the bond.

Bond Interest and Redemption Funds - Combined

The Bond Interest and Redemption Funds are the designated funds referred to as the interest and sinking funds. These funds are to be used only for transactions related to the receipt and expenditure of local revenues derived from the property tax levied for the payment of the principal and interest on outstanding bonds of the district. Each separate issuance will be accounted for in its own fund at the County Treasury with responsibility of each fund vested with the County Auditor.

For budgeting and reporting purposes, we have combined all three issuances into one fund for presentation only.

This budget reflects expected activity for the years presented.

Capital Outlay Projects Fund

The Capital Outlay Projects Fund is used to account for the accumulation of moneys for the acquisition or construction of capital outlay items including scheduled maintenance projects exceeding \$5,000, sites, site improvements, buildings, and initial building contents such as library books, furniture, fixtures, equipment, etc.

This fund may provide for the accumulation of monies over a period of years for specific capital outlay purposes (including district match for Scheduled Maintenance and Special Repairs (SMSR) projects as defined in EC 84660 through interfund transfers of general purpose monies to the Capital Outlay Projects Fund. State monies for SMSR projects are recorded directly into this fund. SMSR is defined in EC 84660 as "unusual, nonrecurring work to restore a facility to a safe and continually usable condition for which it was intended." These items are divided into five funding categories: roofs, utilities, mechanical, exterior, and other.

Self-Insurance Funds

The internal Self-Insurance Funds are used to account for the financing of goods or services provided by one department or organizational unit to other units. The Self-Insurance Funds are the funds designated to account for income and expenditures of self-insurance programs.

The fund shall account for all activities of the self-insurance program and shall be operated as an internal service fund. In accordance with Internal Service Fund accounting, the Self-Insurance Funds shall charge other funds for their proportionate share of the estimated claims and expenses incurred plus contingencies, and reflect the receipt of monies as revenue.

The District has established separate Self-Insurance Funds for two types of self-insurance activity: worker's compensation and property and liability insurance. All losses or claims covered by the Self-Insurance Funds are paid directly from the respective Self-Insurance Fund. If all funds of a district are combined to reflect total district revenues and expenditures, the Self-Insurance Funds revenues and expenditures are excluded since inclusion would overstate the totals. However, aggregate balance sheets would include the Self-Insurance Funds.

Retiree Benefits Fund

As part of the collective bargaining agreements and Board policies, the District offers benefits to eligible employees for their post-employment healthcare benefits. Every two years, the District is required to calculate this cost (i.e. perform an actuarial assessment) associated with current employees and retired employees in order to properly record this liability within the District's annual financial statements and to determine the annual funding requirement.

It is the District's intent to recognize the importance and necessity of setting aside monies towards this liability. In doing so, the District will strive to:

1. Charge one percent (1%) of salaries for covered employees and transfer this amount into the Retiree Benefits Fund.
2. Transfer an equal amount of the premiums paid out for retiree healthcare benefits into the Retiree Benefits Fund.
3. Contribute a maximum amount to the Retiree Benefits Fund from the 1% of salaries and matching of premiums so as not exceed the actuarially determined annual required contribution (ARC) as presented in the most recent actuarial assessment in any fiscal year.
4. Invest the monies transferred into the Retiree Benefits Fund in accordance with the District's investment policy.

This fund is used to account for the monies transferred in and invested to pay the district's future obligation for retirees' benefits as determined by the actuarial assessments performed. The District has been accruing the ARC for several years now without fully contributing funds; therefore, the fund has a deficit fund balance. This practice is consistent with Governmental Accounting Standards Board Statement No. 45.

Associated Students Fund

The Associated Students Fund is designated to account for the moneys held in trust by the district for organized student body associations. In a multi-college district, such a fund may be established for each college's student body. This fund is used for raising and expending money to promote the general welfare, morale, and educational experience of the student body.

Compliance with the 50% Law

Education Code Section 84362 requires community college districts to expend 50% of the district’s Current Expense of Education (CEE) on the salaries and fringe benefits of classroom instructors.

The “Current Expense of Education” (CEE) includes the General Fund operating expenditures excluding expenditures for food services, community services, capital (except equipment replacement), auxiliary services and other costs specifically excluded by law.

The “Salaries for Classroom Instructors” includes the salaries and fringe benefits for classroom instructors and instructional aides (full-time and part-time).

This table recaps the district’s 50% computation for the fiscal years 1991-92 through 2009-10 (expressed as a percentage).

<u>Fiscal Year</u>	<u>50% Computation</u>
1991-92	51.57
1992-93	52.08
1993-94	54.69
1994-95	55.58
1995-96	53.95

Cost-of-Living Adjustment

The Cost-of-Living Adjustment (COLA) is a reflection of the percentage change of the Implicit Price Deflator for state and local government purchases of goods and services for the United States, as published by the United States Department of Commerce. Although a COLA is specified in statute for the system, the recent history of the community colleges clearly demonstrates that during the recession of the early 1990's no COLA was received for three consecutive years.

California Community Colleges COLA History Since 1992-93

<u>Fiscal Year</u>	<u>CCC COLA</u>	<u>Statutory</u>
1992-93	0.00	2.18
1993-94	0.00	2.05
