

Santa Ana College Traditional Courses with Highest Enrollment, 2005-2009

March 2010

People often wonder with the many courses offered at Santa Ana College, which has the highest enrollment? The RSCCD Research Department analyzed course enrollments for the last four school years (defined in order of fall, summer and spring). Annual course offerings range from 1000 to 1100; the 20 courses that consistently have high enrollment are listed below. Though this list contains courses in almost every major department, especially math and English; however, labs, seminars and academies are NOT included in this analysis.

Course Title	2005-06	2006-07	2007-08	2008-09
