Santiago Canyon College Celebrates Grand Opening of Student Services and Instruction Building

August 30--Santiago Canyon College in Orange invites the community to celebrate the grand opening of the recently constructed Student Services and Instruction building on Thursday, September 16 at 12:30 p.m. The 30,000 square foot facility is the first permanent new building on the college campus in over a decade. The festive event will feature entertainment by the El Modena High School marching band (including some potential future members of the college student body), drawings for cash and prizes, displays, refreshments and building tours.

In addition to ten classrooms and a number of faculty offices, the building also houses admissions and records, financial aid, the cashier's office, disabled students programs and services (DSPS), and more.

"The modern, state-of-the-art student services and instruction building will help meet the increasing facility needs of our rapidly growing college population," said Juan Vázquez, Santiago Canyon College president. "Centralizing many offices in a single area provides a "one-stop shop" that simplifies services for students. We are absolutely thrilled at the possibilities this beautiful building presents to our community of learners."

Following outdoor entertainment and a brief program, guests will be invited inside the building for refreshments, prize drawings, and self-guided tours. Many offices housed within the new facility are planning open houses and demonstrations to showcase the services that they provide to students and the college community.
