**BP 3502 Networked Video Cameras (NEW)**

**Reference(s):**

Education Code 32280

The Board authorizes the use of a public safety camera system for the purpose of creating a safer environment for all those who work at or visit the District. These cameras can be used to detect and deter crime, help safeguard against potential threats to the public, help manage emergency response situations during natural and man-made disasters, promote the safety of students and staff where cash is collected or at other public service counters.

The District Safety & Security Chief is responsible for the use of this system in accordance with existing agreements, laws and policies.
