2.0 INFORMATIONAL ITEMS AND ORAL REPORTS

2.1 Report from Chancellor

Dr. Raúl Rodriguez, Chancellor, provided a report to the board, which included the following verbatim record as requested by Mr. Hanna during the discussion of Items 3.5 and 3.6 (SAC and SCC Self Evaluation Reports of Educational Quality and Institutional Effectiveness in Support of Reaffirmation of Accreditation).
2.1 Report from Chancellor – (cont.)

Dr. Rodríguez addressed a communication issue relating to the board that was addressed in the 2011 SAC and SCC mid-term reports submitted to the Accrediting Commission for Community and Junior Colleges (ACCJC) and not addressed in the current SAC and SCC Self Evaluation Reports of Educational Quality and Institutional Effectiveness in Support of Reaffirmation of Accreditation.

Dr. Rodríguez referred to and read into the record the following (highlighted in italics) from the 2011 SCC mid-term report:

**Team Recommendation 5:** The team recommends that a set of written policies and regulations be created that establish appropriate communication processes between the trustees and district employees. The team further recommends that board adherence to these regulations and procedures be assessed within a systematic culture of evidence and cycle of continuous improvement.

Dr. Rodríguez read into record the following (highlighted in italics) action taken on team recommendation 5: Action: The chancellor is comfortable with board members seeking information from staff; staff will advise the CEO of these contacts and board queries. It is the intent of the RSCCD board not to micromanage. They do not want to create an additional workload for district employees, staff. Questions and the information sought by an individual trustee will be reported to the trustees as a whole, often asked through the chancellor.

The understanding between the Board of Trustees and the chancellor, which was documented in the summary of the retreat, was that the individual members of the Board of Trustees have a right to seek information from staff. However, the other members of the Board of Trustees and the chancellor have to be informed of such requests for at least four reasons: (1) so as to ensure that staff members are not overburdened with information requests; [Dr. Rodriguez] and we’ve had that problem with the staff continually having to respond to not necessarily trustee requests, but requests from the outside; oftentimes, we get information requests, and so on; (2) so that the information can be shared with all of the trustees; (3) so that the chancellor can ensure that proper responses are provided for the requests, and; (4) so that such requests are openly shared and scrutinized to ensure that they are transparent and appropriate. [Dr. Rodriguez] So, I just wanted to underscore that that’s been our procedure and that when board members speak to folks and then there’s information requests that comes out with that, I typically get those requests and respond to them or we assign them to other folks who its more typical for them to respond to. But I often get communications from trustees telling me they spoke with so-and-so or they tell me or when I see them individually, or email me, or call me, and let me know this. We don’t have a formal policy on this, it’s more of an informal approach, but it does work, and I haven’t seen in my four years here any real problems with folks going to trustees and then me getting a directive from a trustee saying you need to do this or you need to do that – that is not the way it’s really worked with this board - the

previous board or this board. So, I just wanted to make sure that’s part of the record so folks understand that we may not have a formal policy that responds to this. I think it is covered in some of our policies and the board did look at a couple of things in the past. I think it was the Statement of Ethical Conduct and they felt that they addressed it through that and I think they have but just because this may not have been an issue that bubbled to the surface in the report from SCC in particular, so I just wanted to underline this to make sure we don’t sell ourselves short and not include this information even though it was in the mid-term report. So, I just want to make sure we get this covered in our next comprehensive report so there aren’t any questions about that.
