

Award Type Certificate of Competency (Noncredit)

Description

Description

This combination of two advanced-level courses is designed to help students communicate in most of the everyday life situations they will encounter at home, at school, at work and in the community. The courses emphasize reading and writing.

Program Learning Outcomes

1. **Outcome**

Students will acquire advanced level competency and skills to be prepared to take noncredit or credit courses in other subject areas, academic and vocational training programs as well as at other institutions.
