ESL270 : Seminar for Advanced ESL Students

General Information

Author:	• Rita Van Dyke-Kao
Course Code (CB01) :	ESL270
Course Title (CB02) :	Seminar for Advanced ESL Students
Program:	ESL Integrated*
Proposal Start:	Spring 2024 -Cont Ed.(pending)
TOP Code (CB03) :	(4930.87) English as a Second Language–Integrated
CIP Code:	(32.0108) Developmental/Remedial English
SAM Code (CB09) :	E - Non-Occupational
Distance Education Approved:	Yes
Is Distance Education Course:	Yes
Course Control Number (CB00) :	CCC000596198
Curriculum Committee Approval Date:	10/16/2023
Board of Trustees Approval Date:	12/11/2023
External Review Approval Date:	12/13/2023
Course Description:	Provides instruction in advanced English language skills (reading, writing, listening, speaking) and related digital literacy skills, on topics of value and importance to Advanced English as a Second Language students. Students will use teamwork, communication, critical thinking and creative thinking skills to enhance learning. Open Entry/Open Exit.
Submission Rationale:	Mandatory Revision Quin Changed SAM code from Possible Occupational to Non-Occupational Changed course description
Author:	No value

Course Development Options

Basic Skill Status (CB08)

Course is a basic skills course.

Course Special Class Status (CB13)

Course is not a special class.

Grading Criteria

- Pass/No Pass
- Satisfactory Progress
- Other: (P) PASS: The student has demonstrated proficiency in the learning outcomes of the course as evidenced by an average score of 70% or higher using various methods of evaluation/multiple measures. (SP) SATISFACTORY PROGRESS: The student has demonstrated proficiency in some of the learning outcomes of the course as evidenced by an average score of 60-69% using various methods of evaluation/multiple measures. (NP) NO

<input type="checkbox"/> Allow Students to Gain Credit by Exam/Challenge	Allowed Number of Retakes 99	PASS: The student has not demonstrated proficiency in the learning outcomes of the course as evidenced by an average score of 0-59% using various methods of evaluation/multiple measures. Course Prior To College Level (CB21) Three levels below transfer.
Rationale For Credit By Exam/Challenge No value	Retake Policy Description CE - Continuing Education	<input type="checkbox"/> Allow Students To Audit Course
Course Support Course Status (CB26) Course is not a support course	Course Capacity 999

Outside-of-Class Assignments Only

To accelerate the learning of the required course competencies, students are encouraged to dedicate time outside of class to:

- speak English with family, friends, neighbors, co-workers, and classmates, and to practice voice recordings and public speaking.
- listen to information in English in TV shows, movies, news, videos, podcasts, and other media.
- read labels, statements, articles, newspapers, stories, books, and other materials.
- write lists, emails, messages, notes, journals, and letters in personal, vocational and/or academic settings.
- review course materials (e.g., grammar, pronunciation, spelling, vocabulary) to prepare for quizzes, tests, presentations, and projects.

Learning Outcomes
Course Objectives
Participate in conversations and discussions about a range of topics, texts, and issues.
Interpret reduced and natural speech.
Participate in conversations and discussions about a range of topics, texts, and issues for a variety of purposes.
Express own opinions and ideas and expand on the ideas of others.
Ask questions to clarify ideas and conclusions.
Read authentic materials and answer comprehension questions.
Identify author's point of view, audience, and purpose.
Differentiate fact from opinion in authentic text.

Produce an informational composition with facts, details, and evidence.

Adopt and maintain, as appropriate, a formal and informal style and tone.

CSLOs

Demonstrate an understanding of various forms of communication at an advanced level of proficiency.

Expected SLO Performance: 70.0

*ESL Integrated**

Enhanced Advanced ESL Skills, COM

Demonstrate advanced reading, writing, listening, and speaking skills with a focus on writing in English.

Communicate in writing at an advanced level of proficiency.

Expected SLO Performance: 70.0

*ESL Integrated**

Enhanced Advanced ESL Skills, COM

Demonstrate advanced reading, writing, listening, and speaking skills with a focus on writing in English.

Outline

Course Outline

The ESL Program recognizes that our students' race, ethnicity, linguistic background, national origin, and socio-economic status can provide a rich source of background knowledge and foundational strengths from which to tap into as they build mastery of their English language skills.

Listening (18 Hours)

- Long passages about a range of topics
- Multiple details
- Reduced and natural speech
- New vocabulary

Speaking (18 Hours)

- Range of topics
- Opinions
- Clarification questions
- Reduced speech

Reading (18 Hours)

- Authentic materials
- Author's point of view, audience, and purpose
- Fact and opinion

Writing (18 Hours)

- Composition of informational texts
- Formal and informal style and tone

Distance Education Addendum

1. Select the distance education modality. A Distance Education Addendum (DEA) that is 100% online includes hybrid modality. For EDEA - In consultation with the department, the instructor of record determines emergency status, which can apply to any teaching environment that the instructor deems potentially unsafe. This section was revised in 2022, to view prior DEAs then select "Show History" in the Curriculum Library.

- 100% Online

2. Title 5 (55204) states that "Any portion of a course conducted through distance education includes regular effective contact between instructor and students, through group or individual meetings, orientation and review sessions, supplemental seminar or study sessions, field trips, library workshops, telephone contact, correspondence, voicemail, email, or other activities." Describe the methods of instruction applied in this course and include any strategies that will ensure regular and substantive contact between students and the instructor in the online modality.

This class is online. The textbook and lab assignments will be delivered through an online Learning Management System (LMS), such as Canvas. Instructors may also deliver online content to replicate ongoing traditional classroom interaction (i.e., instructor-student, student-student, student-instructor) in multiple formats (e.g., a combination of discussion boards, blogs, wikis; instructor-developed web lectures, converted PowerPoint presentations, digital video clips; graphics, digital animations; online reference resources; chats, e-mail, webinars; publisher-prepared online materials including CD/DVD support materials and textbook supplements; instructor blog/website; online libraries; and OER resources).

This distance education course will include regular effective contact. Instructors will regularly initiate interaction with students to determine that they are accessing and comprehending course material and that they are participating regularly in the activities in the course. This distance education course is considered a "virtual equivalent" of a face-to-face course. Therefore, the frequency of the contact will be at least the same as would be established in a regular, face-to-face course. At the very least, the number of instructor contact hours per week that would be available for face-to-face students will also be available, in asynchronous and/or synchronous mode, with students in the distance education format. Contact shall be distributed in a manner that will ensure that regular contact is maintained, given the nature of asynchronous instructional methodologies, over the course of a week and should occur as often as is appropriate for the course. A response time of 24-48 hours, Monday through Friday, is desirable but may vary based on course requirements and extenuating circumstances (such as holidays and weekends).

Instructors will maintain regular effective contact related to the course through an LMS such as Canvas; hold group and individual meetings; coordinate orientations, review sessions, supplemental seminars, or study lessons; and clearly establish contact policies via text, e-mail, or other media options (e.g., video conferencing). Instructors may use announcements, discussion boards, wikis, blogs, or similar technology available at the time the course is offered. Instructors trained in the teaching of English as a Second Language will design this interaction to be effective by being relevant to recent or upcoming content, to current events, or to information that students can use to relate the course content to other experiences. Using a wide variety of strategies will allow for student differences in contacting the instructor and/or other students. Instructors will ensure the lines of communication remain open between the instructor and the students. Instructors will provide regular feedback on assignments, which may be held during a 30-minute virtual meeting with each individual student. Also, each student will have the opportunity to ask questions and have those questions addressed through class discussion boards.

3. Describe the ways regular and substantive student-to-student contact will be monitored and promoted.

This course will include online student group discussion boards in order to foster interaction in the target language. Instructors will use discussion boards to facilitate class discussion, along with the possibility of using blogs, wikis, journals, etc., allowing student-to-student posts, which will provide further opportunities for students to interact in a virtual environment. Instructors will view these interactions regularly, making constructive comments to assure the effectiveness of student-to-student contact.

4. Describe ways student learning will be evaluated and provide examples.

Student learning will be evaluated by a combination of formative and summative assessments (e.g., homework assignments, quizzes, tests, online activities, and evaluations consistent with the Course Outline of Record). Opportunities for student self-assessment will be provided at the end of each learning module, as formative assessments. Examinations and assignments will be given and submitted online. Students are expected to conduct two hours of outside study time for every one lecture hour as stated in the Course Outline of Record.

5. List any special texts, equipment, or supplies needed for this course or sections of this course being offered through distance education.

Access to an up-to-date computer with Office Applications (MS Word, PowerPoint, Excel, OR Pages, Keynote, Numbers, OR Open Office equivalents), webcam, speakers and microphone, and reliable high-speed internet connection that is capable of supporting streaming video. Internet speed of 4Mbps download and 512kbps upload or faster is recommended. Students should have access to at least two Internet browsers (e.g., Mozilla Firefox, Safari, Google Chrome). Instructors might require the use of a particular browser. Students should

have a "back-up" computer/plan in the event that their main computer experiences technological difficulties. Students may be required to use a webcam for quizzes, tests, and exams.

6. Describe the college resources required for this course, e.g., facilities, technology, student support services, etc.

Technology: Computers, tablets, the Internet, and an LMS (such as Canvas).

Student Support Services: Students are not required to use any college resources, but should have access, as needed, to available online library services, counseling, tutoring, DSPS, and computer lab/learning center.

7. Section 55200 of title 5 states "In addition, instruction provided as distance education is subject to the requirements that may be imposed by the Americans with Disabilities Act (42 U.S.C. §12100 et seq.) and section 508 of the Rehabilitation Act of 1973, as amended, (29 U.S.C. §794d)." What technologies will be used for instruction, e.g., videos, images, etc.? Explain the ways that will ensure that these technologies will be accessible to students with disabilities.

Online classes at Santiago Canyon College are designed to be welcoming, accessible, and usable by everyone, including students who are English language learners, have a variety of learning styles, have disabilities, or are new to online learning. The instructor of this online class will work with DSPS to ensure that all course materials are ADA accessible before being offered to the public, such as documents being correctly formatted, images having alternate text descriptions, audio is transcribed, video is closed captioned, and third-party materials, such as publisher materials, websites, or shared student materials, are evaluated for accessibility and inaccessible elements are appropriately accommodated when needed.
