

Halloween

What is Halloween?

The last night of the month in October is called Halloween night. It is a time of fun for children. They like to dress up in costumes and masks. Sometimes, there is a Halloween party or a parade at school to see the costumes. Some children have a party at home. They invite their friends and play games. They make jack-o'-lanterns from pumpkins, and they light their jack-o'-lanterns with candles. On Halloween night, children go from house to house. They say, "Trick or treat!" People give the children candy. Halloween is fun for everyone!

Answer the questions with complete sentences:

Question	Answer
