

# Student Learning Outcome (SLO) Assessment Results

**Course:** ESL 800 ESL for Healthcare Careers

**Semester:** Spring 2026

**Instructor Name:** \_\_\_\_\_

**Section Number:** \_\_\_\_\_

**Date:** \_\_\_\_\_

**Instructions:** For each SLO, report the assessment results in the third column. If you have any suggestions for improvement regarding the SLOs, write them in the box on the next page. Return these results to Rita Van Dyke-Kao by the last day of instruction.

SLO	Assessment Criteria	Assessment Results
<p>SLO #1: Identify and explain the roles, responsibilities, and educational requirements of specific allied health careers.</p>	<p>Student work should be evaluated using appropriate course assessments (e.g., tests, projects, assignments, etc.). A score of 70% or higher indicates that the student meets expectations for the SLO. A score below 70% indicates that the student does not meet expectations.</p>	<p># of students assessed: _____                      # of students who meet expectations: _____                      # of students who do not meet expectations: _____</p>
<p>SLO #2: Align personal career aspirations with the appropriate vocational pathway by completing a 5-step action plan.</p>	<p>Student work should be evaluated using appropriate course assessments (e.g., tests, projects, assignments, etc.). A score of 70% or higher indicates that the student meets expectations for the SLO. A score below 70% indicates that the student does not meet expectations.</p>	<p># of students assessed: _____                      # of students who meet expectations: _____                      # of students who do not meet expectations: _____</p>
