

## Rancho Santiago Community College District Impact of Retesting on Test of English Language Development (TELD) November 2009

- Of the 6055 TELD test administered during the study period of four years (January 2005 through June 2009) district-wide, only 136 (2%) students were retested—and 35% (n=48) of those experienced no change in course placement advisory.
- RSCCD policy is that English/ESL test scores expire after two years; nearly half of those students (43%) who retested did so two years, or more, after they were first tested.
- 88 (64%) of all students who retested placed into a *DIFFERENT* level ESL course—the vast majority of those (77%) one or two levels higher.

Rancho Santiago Community College District							
Impact of TELD Test/Retest Scores on Course Placement (1/1/05 thru 6/1/09)							
Course Level Change	Time Between Test/Retest (count)						Total
